FORT WILLIAM,
28th June, 1841.

ACT No. I. OF 1841.

Passed by the Right Hon'ble the Governor General of India in Council on the 12th of April, 1841.

An Act for facilitating the collection of the Revenue of Government and defining the interest intended to be conveyed by public sales for the realization of arrears of the Public Revenue in Putteedarree Estates.

Preamble. I. The Regulations in force authorize the application of duress for enforcing the payment of arrears of the public revenue, only against the person and property of the Contracting Lumberdar, leaving him to proceed against the Putteedars by suit or distraint. But with reference to the peculiar nature of these Coparcenaries the existing enactments appear to be insufficient on the one hand for the protection of the rights of the Putteedars, and on the other hand for the punctual realization of the dues of Government. The Regulations are also deficient in not authorizing with sufficient distinctness the sale or transfer of the Puttees of defaulting Putteedars in Putteedarree Estates, and in not defining the interest intended to be conveyed by public sales of such Estates.

II. A Putteedarree Estate in this Act is held to be an Estate which consists of two or more separate portions or Puttees, or of which there may be proprietors, possessed of separate properties and holding direct of the Government, but not parties in their own names to the contract with the Government for payment of the public revenue. The proprietor who is a party in his own name is called a Lumberdar, and the proprietor who is not a party in his own name is called a Putteedar.

III. It is hereby enacted, that the following modes of duress may be enforced against all Putteedars whose tenure and interest may have been defined by a Settlement formed according to Regulation VII. of 1822 as modified by Regulation IX. of 1833, whether every such Putteedar be in sole occupation of his Puttee, or hold it in common with others.

1st. Issue of Dustucks in the same manner, and under the same limitation, as authorized by the rules in force for Lumberdars.

2d. Arrest, detention, imprisonment, distraint and sale of personal property as now authorized to be enforced against Lumberdars.

3d. Transfer of the defaulting Puttee in perpetuity to the members of any other Puttee which may not be in arrear.

4th. Annulment of the Settlement as regards the defaulting Puttee, and lease thereof to the members of any other Puttee which may not be in arrear or to a stranger for any term not exceeding fifteen years.

5th. Sale of the defaulting Puttee by public auction in which case the members of the remaining Puttees who may not be in arrear are authorized to bid.

IV. And it is hereby enacted, that on occasion of the sale by public auction of any Puttee, if the lot shall have been knocked down to a stranger, any Putteedar or other member of the coparcenary not being himself in arrear may claim to take the said Puttee at the sum last bid, provided that the said demand of pre-emption be made on the day of sale and before the Collector shall have left the office, and provided that the claimant fulfil all the other conditions of the sale.

V. And it is hereby enacted, that the above methods be employed by the Collector or other Officer vested with the powers of Collector, under such limitation and control as Government or other superior revenue authorities shall see fit to prescribe or enforce.

VI. And it is hereby enacted, that the sale of any Puttee by public auction, shall be effected in respect to the notice to be issued, the authority to be obtained, and the mode of conducting the sale according to the rules prescribed by Law from time to time for the sale of an entire Mehal, and the Puttee after the sale shall have been duly confirmed shall be the absolute property of the purchaser, save and except the rights of those Ryots whose right to the permanent occupancy of their lands may have been recognized, and the rates of rent payable by whom may have been adjusted and recorded at the last settlement.

VII. And it is hereby enacted, that in case of the lease or other temporary transfer of any Puttee as above said no member of that Puttee shall be entitled to cultivate any land therein during the term of such transfer, or in case of absolute sale no member of the Puttee shall be entitled to hold or cultivate any land therein from and after the month of Bysack next succeeding such sale unless the said member of such sold or transferred Puttee shall first execute a written engagement to pay rent to the purchaser or transferree at the rate demanded by the purchaser or transferree. Provided that it shall be competent to the Collector, subject to the orders of the Commissioner and the Sudder Board of Revenue, if the rate cannot be fixed by private bargain between the parties to cause the same to be fixed by a jury of the vicinage in the mode directed by Sections V to X. Regulation IX. of 1833.

VIII. And it is hereby enacted, that a copy of the Jumma Wasil Bakee and detailed Kuteonee of the Tehsildar signed and sealed by him, and countersigned by the Canoongoes and Putwarry, exhibiting in detail the amount paid by and arrear due from each Puttee shall be taken to be sufficient evidence of the arrear due from that Puttee, and these papers shall invariably be filed with the Collector's proceedings.

IX. And be it enacted, that the Collector be empowered to give possession to all purchasers and transferrees under this Act in the mode authorized by Clause III. Section XXIII. of Regulation VII. of 1822.

X. And it is hereby enacted, that nothing contained in this Act shall bar the indefeasible right of Government to hold the entire body of proprietors and the entire estate responsible for the amount of the whole Jumma, and to enforce the existing regulations for the transfer or sale of the whole estate whenever it shall appear to them just and expedient. In every such case it is hereby declared in modification of Regulation XI of 1822, that the entire proprietary rights of every member of the Coparcenary shall be annulled and forfeited, and the provision of Section VII. of this Act shall be applicable to every member of the Coparcenary.

XI. And it is hereby enacted, that the Governor General in Council may extend the provisions of this Act to any district to which with reference to the nature of the tenures prevalent therein its extension may be expedient, although no Settlement of such district may have been made under Regulations VII. of 1822. and IX. of 1833, and the Order of Government shall be sufficient authority for such extension.

Sey. to the Govt. of India.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
The 21st June, 1841.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 21st of June, 1841, is hereby promulgated for general information.

Act No. VIII. of 1841.

An Act to enable Her Majesty's Supreme Courts within the Territories of the East India Company to give relief against adverse claims made upon persons having no interest in the subject of such claims.

I. Whereas it often happens that a person sued at Law for the recovery of Money or Goods wherein he has no interest, and which are also claimed of him by some third party, has no means of relieving himself from such adverse claims but by a suit in Equity against the Plaintiff and such third party, usually called a Bill of Interpleader, which is attended with expence and delay;

It is hereby enacted, that upon application made by or on the behalf of any Defendant sued in any of Her Majesty's Supreme Courts in any action of Assumpsit, Debt, Detinue, or Trover, such application being made after declaration and before plea by Affidavit or otherwise, showing that such Defendant does not claim any interest in the subject matter of the suit, but that the right thereto is claimed or supposed to belong to some third party who has sued or is expected to sue for the same, and that such Defendant does not in any manner collude with such third party, but is ready to bring into Court or to pay or dispose of the subject matter of the action in such manner as the Court (or any Judge thereof) may order or direct, it shall be lawful for the Court, or any Judge thereof, to make rules and orders calling upon such third party to appear and to state the nature and particulars of his claim, and maintain or relinquish his claim, and upon such rule or order to hear the allegations as well of such third party as of the Plaintiff, and in the mean time to stay the proceedings in such action, and finally to order such third party to make himself Defendant in the same or some other action, or to proceed to trial on one or more feigned issue or issues, and also to direct which of the parties shall be Plaintiff or Defendant on such trial, or with the consent of the Plaintiff and such third party, their Counsel or Attornies to dispose of the merits of their claims, and determine the same in a summary manner, and to make such other rules and orders therein as to costs, and all other matters as may appear to be just and reasonable.

II. And it is hereby enacted, that the judgment in any such action or issue as may be directed by the Court or Judge, and the decision of the Court or Judge in a summary manner, shall be final and conclusive against the parties and all persons claiming by, from, or under them.

III. And it is hereby enacted, that if such third party shall not appear upon such rule or order to maintain or relinquish his claim, being duly served therewith, or shall neglect or refuse to comply with any rule or order to be made after appearance, it shall be lawful for the Court or Judge to declare such third party, and all persons claiming by, from, or under him to be for ever barred from prosecuting his claim against the original Defendant, his Executors or Administrators; saving nevertheless the right or claim of such third party against the Plaintiff; and thereupon to make such order between such Defendant and the Plaintiff, as to costs or other matters, as may appear just and reasonable.

IV. And it is hereby provided, that every order to be made in pursuance of this Act by a single Judge not sitting in open Court, shall be liable to be rescinded or altered by the Court in like manner as other orders made by a single Judge.

V. And it is hereby enacted, that if upon application to a Judge, in the first instance or in any later stage of the proceedings, he shall think the matter more fit for the decision of the Court, it shall be lawful for him to refer the matter to the Court, and thereupon the Court shall and may hear and dispose of the same in the same manner as if the proceeding had generally commenced by the Rule of Court instead of the order of a Judge.

VI. And whereas difficulties sometimes arise in the execution of process against Goods and Chattels issued by or under the authority of the said Courts, by reason of claims made to such Goods and Chattels by Assignees of Bankrupts and other persons not being the parties against whom such process has issued, whereby Sheriffs and other Officers are exposed to the hazard and expence of actions; and it is reasonable to afford relief and protection in such cases as such Sheriffs and other Officers, it is therefore hereby furtner enacted, that when any such claim shall be made to any Goods or Chattels taken or intended to be taken in the execution under any such process or to the proceeds or value thereof, it shall and may be lawful to and for the Court from which such process, issued upon application of such Sheriff or other Officers made before or after the return of such process, and as well before as after any action brought against such Sheriff or other Officer, to call before them by Rule of Court as well the party issuing such process as the party making such claim, and thereupon to exercise for the adjustment of such claims and the relief and protection of the Sheriff or other Officer, all or any of the powers and authorities hereinbefore contained, and make rules and decisions as shall appear to be just, according to the circumstances of the case, and the costs of all such proceedings shall be in the discretion of the Court.

VII. And it is hereby enacted, that all Rules, Orders, Matters and Decisions to be made and done in pursuance of this Act except only the Affidavits to be filed, may together with the declaration in the cause if any, be entered of record with a note in the margin, expressing the true date of such entry, to the end that the same may be evidence in future times if required, and to secure and enforce the payment of costs directed by any such Rule or Order, and every such Rule or Order so entered shall have the force and effect of a judgment except only as to becoming a charge on any Lands, Tenements or Hereditaments; and in case any costs shall not be paid within fifteen days after notice of the taxation and amount thereof given to the party ordered to pay the same, his Agent or Attorney, execution may issue for the same by Fieri Facias, or Capias ed satisfaciendum, adapted to the case, together with the costs of such entry, and of the execution if by Fieri Facias, and such Writ or Writs may bear Teste on the day of issuing the same, whether in term or vacation, and the Sheriff or other Officer executing any such Writ shall be entitled to the same fees, and no more as upon any similar Writ grounded upon a judgment of the Court.

T. H. MADDOCK,
Secy. to Govt. of India.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
The 28th June, 1841.

The following Draft of a proposed Act was read in Council for the first time on the 28th of June, 1841.

Act No. —— of 1841.

An Act for declaring and amending Section XII. Regulation III of 1803, *of the Bengal Code, concerning the dismissal of Suits for neglecting to proceed in the same.*

I. It is hereby enacted, that if a Plaintiff in any Court shall, at any time, neglect to proceed in *his* suit for six weeks, the Suit shall be dismissed; and it shall not be necessary to give the Plaintiff any notice previous to dismissing his Suit. The Suit shall be dismissed as of course after the expiration of six weeks without any proceeding on the part of the Court, or of the Defendant, or otherwise, or assignment of any reasons, unless the Plaintiff, upon special application, shall have previously satisfied the Court of the propriety of allowing further time. The Court shall record upon the proceedings the reasons at large for allowing further time in all cases in which further time may be allowed, but it shall not be necessary to specify the reasons for refusing any application for further time.

II. And it is hereby enacted, that in all cases in which a Suit is dismissed under the preceding Section the Court shall award to the Defendant the costs he may have incurred in the Suit. But such dismissal of a Suit shall be no impediment to the institution of a new Suit, where the party is not precluded by lapse of time, or otherwise than by the mere circumstances of having instituted the Suit dismissed and of such dismissal.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 28th day of September next.

T. H. MADDOCK,
Secy. to the Govt. of India.

On the discontinuance of Extra Batta, compensation in lieu of Grain will be granted agreeably to the Madras Regulations applicable to the case of Troops on Garrison Allowances; and the further advantage of receiving their pay at a rate of exchange more favorable than the present one, will be secured to the Native Troops, by the following arrangement, which His Lordship in Council takes this opportunity of announcing for general information.

3. From calculations made by order of the Supreme Government, it appears that the Madras Troops of every description, serving in the Deccan, sustain a serious loss from being paid in the local currency, at the existing rates of exchange, viz., in Hyderabad Rupees at the rate of (111) One Hundred and Eleven for (100) One Hundred Madras Rupees, and in Nagpore Rupees at (107) One Hundred and Seven for (100) One Hundred Sonaut or Company's Rupees; the average intrinsic par of the Coin at present issued to them, being, as compared with Company's Rupees, (121) One Hundred and Twenty-one of the former, and (117) One Hundred and Seventeen of the latter, to the hundred.

4. In such a case the obvious mode, as well as measure of relief, is, an equitable adjustment of the rate of Exchange at which the local currency shall be issued to the Troops; and, as the loss sustained by each of the Deccan Subsidiary Forces appears to be the same, viz. 10 per Cent., the Right Hon'ble the Governor General of India in Council is pleased to authorize an addition to that extent, in both cases, to the present rate of exchange, subject, however, to such future modification as any change of the local currency, or in the intrinsic value of the currency now used for issue, may render necessary.

5. The whole of the European Officers and Soldiers serving with the Hyderabad and Nagpore Subsidiary Forces, the Commissioned and Non-Commissioned Officers attached to Native Corps included, are to be admitted from the 1st of August next, to the benefits of this arrangement, which will be extended to the Native Troops on the discontinuance of Extra Batta, that is to say, to each of the Regiments, on its arrival, that may relieve one of those now serving at Hyderabad, Jaulna, or Nagpore.

SIR,—My letter, No. 325, of the 27th instant, will have informed Major General Elphinstone, C. B., Commanding in Affghanistan, of my having detached Lieutenant Colonel Wymer, of the 38th Regiment of Native Infantry, in charge of a Convoy to the Fort of Kelat-i-Gilzie.

I have now the honor to forward a despatch from the Colonel, by which it appears that when within two marches of the Fort his Escort was attacked by a large body of the Rebels under Sultan Mahomed Khan and the Gooroo, two well known Gilzie Chiefs—after a smart affair the Rebels were defeated with great loss.

The Bengal Sepoys appear to have behaved with their usual steady discipline and bravery and deserve every praise.

SIR,—I have the honor to report for the information of Major General Nott, Commanding at Candahar, that shortly after the arrival of the Detachment under my command as noted per margin, at Eelmee on the 29th instant, information was brought me that a large body of Gilzie Rebels were in motion with the supposed intention of attacking my Detachment, and capturing the Convoy under my charge, and a few hours after the report, stated that they had dispersed; at 5 P. M, my scout again returned with intelligence, that the whole of the Rebel Force, headed by the Gooroo and Sultan Khan, Gilzie Chiefs, were in full march for the purpose of attacking my Detachment, which was also confirmed by the return of Captain Leeson, who had gone out with a large reconnoitring party. Orders were immediately given for the Troops to get under arms, and I proceeded to select the most favorable spot for a position to receive the enemy; a short time prior to which some low hills in the distance were observed through Telescopes to be covered with Troops, both Horse and Foot, distant about three miles, I immediately placed the Detachment in the chosen position, and then awaited the arrival of the enemy, it being quite out of my power, from the party of Troops and magnitude of the Convoy, for me to act otherwise than on thed efensive.

About half-past 5 P. M the enemy were observed to form and advance to the attack in one dense mass—when about nine hundred yards distant the two six-pounders opened upon them with beautiful precision and effect, on which the enemy separated into three distinct columns and advanced in the most cool and deliberate manner, with the evident intention of making a simultaneous attack upon both my flanks and centre, which was met with the greatest coolness and gallantry by the small Detachment, in which they were assisted by a small party of Horse under Gudoo Khan, who had taken up a position on a slight eminence for the protection of my left. The enemy were permitted to approach to within a very short distance when a cool and destructive fire was poured into them from the Infantry line, which after some continuance caused their Troops from the right and centre to unite with those on their left, resting upon and lining the steep banks of the Turnuck River. This caused a corresponding change in my position necessary, which although under a galling fire was effected with the greatest steadiness, in proof of which I may state that during the execution of the movement, the left of the 38th was attacked in the most determined manner by a large body of Infantry armed with drawn swords, who seeing our men in motion must have thought they were retreating, and uttering a loud shout rushed in upon them, and the rapidity with which the men reformed and repulsed the attack, elicited my warmest approbation.

From this time the combined efforts of the Enemy were directed to all points until about 10 P. M. without their gaining one single advantage (to which time, from the commencement of the attack, an incessant fire was thrown in upon my Detachment) when they were finally and completely dispersed.

On the commencement of the attack the Enemy were said to number 2,500 Horse and Foot, and during the engagement they were joined by two strong reinforcements, when, from the information I subsequently gained, the numbers cannot be estimated at less than five thousand men.

The loss on the part of the Enemy must have been very considerable, as sixty-four bodies and six or seven Horses were left dead on the field ; and I have every reason to suppose that from the time of their retreat, till a little before daybreak they were employed in removing their killed and wounded who did not fall in the immediate vicinity of my position.—I am led to this conclusion from the circumstance of numerous moving lights having been seen throughout the night, and also from the reports of the inhabitants of the country. On being repulsed, the Enemy withdrew to the left bank of the Turnuck and moved off about daybreak on the morning of the 30th, since which I have been unable to gain any information relative to their movements, except that it is currently reported that they have all dispersed.

I cannot omit to mention the ready obedience yielded by the Wing of the 38th when ordered to cease firing at a time when they were exposed to a heavy fire, a measure which was rendered temporarily necessary ; after the order was given not a shot was heard until again ordered to commence, thus affording the most convincing proof of their steadiness and attention to the commands of their Officers.

I have much pleasure in expressing my entire approbation of the conduct of the European and Native Commissioned, Non-Commissioned Officers and men of the Detachment, and in order that you may be in full possession of my sentiments on this point, I beg to subjoin an Extract of an Order which I deemed it proper to issue on the subject.

" It now becomes the most agreeable and gratifying part of Lieutenant Colonel Wymer's duty to express in Detachment Orders the very high sense he entertains of the gallantry of the different European Officers he had the honor to command in the unequal contest of yesterday—and to request their acceptance of his best and most cordial thanks for the support they so willingly yielded him on the occasion above referred to. Too much cannot be said of the scientific and destructive manner in which the Artillery practice was conducted by Lieutenant Hawkins Commanding, which created awful havock in the ranks of the Enemy to the admiration of all present.

The broken nature of the ground on which the action took place was too unfavorable to admit of any extensive display of Cavalry movements ; they had however one opportunity of charging the Enemy, which charge was perfectly successful and prevented any renewal of the attack in that quarter. One hundred and fifty of the Cavalry also were distributed about the Camp, and their good conduct drew forth the praise of the Officers under whose command they were placed, and all that could be done by that branch of the service was most ably executed by Captain Leeson in Command, assisted by Lieutenant Moorcroft of the Madras Army, who volunteered his services. To Captain Leeson great praise is due for the expert manner in which the arduous duty of patrolling the Hills, right and left of the road, from the period the Convoys marching from Candahar was conducted.

To Captain Scott, in immediate Command of the Wing of the 38th Regiment, Lieutenant Colonel Wymer feels much indebted for the valuable assistance he received from him, and for which he thus publicly tenders his unfeigned thanks, and the same are not less due to Lieutenants Pocklington, Tytler and Farquharson, for the very attentive manner in which they conducted the duties of the posts assigned to their charge, each of which had its due effect in repelling the furious and repeated charges of the Enemy for a period of nearly four hours.

To Lieutenant Waterfield, Acting Adjutant to the Regiment, Lieutenant Colonel Wymer also feels himself much indebted for the various aids afforded by him, and the expeditious manner in which the sudden calls for re-inforcements were so readily obeyed.

Lieutenant Jeremie, Staff Officer to the Detachment, has, during this affair, proved of the greatest use to the Lieutenant Colonel from his knowledge of the Persian language and the duties pertaining to his office. Doctor Jacob's professional skill and attention to the wounded in Hospital on both sides, needs no encomiums from the Commanding Officer's pen, they have been all that he could wish.

To the whole of the Commissioned, Non-Commissioned European and Native Officers and Soldiers, Lieutenant Colonel Wymer offers his most sincere praise and thanks for the great exertions manifested by them in this trying contest."

Enclosed I have the honor to forward a Return of killed, wounded, and missing of the Detachment under my Command on the night of the 29th instant.

I have, &c.,

EXTRACT OF DETACHMENT ORDERS BY LIEUTENANT COLONEL WYMER, COMMANDING.

Camp Asseea Huzzarah, 30th May, 1841.

Lieutenant Colonel Wymer has the greatest satisfaction in giving publicity in Detachment Orders, of the very high sense he entertains of the steady and soldierlike conduct of the Detachment under his Command, in the affair of last evening at the Asseea Ilmee, who by their gallantry and good conduct repulsed the repeated attacks on the Convoy made by the united forces of the Gilzies, amounting, it is said, to near 5000 men, headed by their two most celebrated Chiefs Sultan Khan and the Goroo.

After 3½ hours of hard fighting, the desperate and continued attack of the Enemy, favored by the nature of ground, was repulsed on all points by the small party of Troops appointed for the Convoy's protection, consisting of 2 Horse Artillery Guns under Lieutenant Hawkins, a Wing of the Shah's 1st Cavalry under the Command of Captain Leeson, a Detachment of 21 men of the Bengal Sappers, and 4 Companies of the 38th Regiment Bengal Native Infantry. The very scientific manner in which this small Detachment was simultaneously assailed on both flanks and on the centre by three dense columns, consisting of Horse and Foot, called forth the most determined steady resistance from the mere handful of men opposed to them, and which was most conspicuously display in the complete discomfiture of the Enemy, compelling them to withdraw their forces to a still more favorable point, from whence they poured forth a galling fire upon their opponents under the cover of ravines.

They renewed the attack as circumstances seemed to favor their designs, till at length they finally withdrew on the frustration of all their well-concerted plans for the extermination of the little band opposed to them, which was employed in the very arduous duty of defending itself, and the extensive Convoy committed to its charge

It now becomes the most agreeable and gratifying part of Lieutenant Colonel Wymer's duty to express in Detachment Orders, the very high sense he entertains of the gallantry of the different European Officers he had the honor to command in the unequal contest of yesterday, and to request their acceptance of his best and most cordial thanks for the support they so willingly yielded on the occasion above referred to.

FORT WILLIAM,
28*th June,* 1841.

ACT No. I. OF 1841.

Passed by the Right Hon'ble the Governor General of India in Council on the 12th of April, 1841.

An Act for facilitating the collection of the Revenue of Government and defining the interest intended to be conveyed by public sales for the realization of arrears of the Public Revenue in Putteedarree Estates.

Preamble. I. The Regulations in force authorize the application of duress for enforcing the payment of arrears of the public revenue, only against the person and property of the Contracting Lumberdar, leaving him to proceed against the Putteedars by suit or distraint. But with reference to the peculiar nature of these Coparcenaries the existing enactments appear to be insufficient on the one hand for the protection of the rights of the Putteedars, and on the other hand for the punctual realization of the dues of Government. The Regulations are also deficient in not authorizing with sufficient distinctness the sale or transfer of the Puttees of defaulting Putteedars in Putteedarree Estates, and in not defining the interest intended to be conveyed by public sales of such Estates.

II A Putteedarree Estate in this Act is held to be an Estate which consists of two or more separate portions or Pattees, or of which there may be proprietors, possessed of separate properties and holding direct of the Government, but not parties in their own names to the contract with the Government for payment of the public revenue The proprietor who is a party in his own name is called a Lumberdar, and the proprietor who is not a party in his own name is called a Putteedar.

III. It is hereby enacted, that the following modes of duress may be enforced against all Putteedars whose tenure and interest may have been defined by a Settlement formed according to Regulation VII. of 1822 as modified by Regulation IX. of 1833, whether every such Putteedar be in sole occupation of his Puttee, or hold it in common with others.

1st. Issue of Dustucks in the same manner, and under the same limitation, as authorized by the rules in force for Lumberdars.

2d. Arrest, detention, imprisonment, distraint and sale of personal property as now authorized to be enforced against Lumberdars.

3d. Transfer of the defaulting Puttee in perpetuity to the members of any other Puttee which may not be in arrear.

4th. Annulment of the Settlement as regards the defaulting Puttee, and lease thereof to the members of any other Puttee which may not be in arrear or to a stranger for any term not exceeding fifteen years.

5th. Sale of the defaulting Puttee by public auction in which case the members of the remaining Puttees who may not be in arrear are authorized to bid.

IV. And it is hereby enacted, that on occasion of the sale by public auction of any Puttee, if the lot shall have been knocked down to a stranger, any Putteedar or other member of the coparcenary not being himself in arrear may claim to take the said Puttee at the sum last bid, provided that the said demand of pre-emption be made on the day of sale and before the Collector shall have left the office, and provided that the claimant fulfil all the other conditions of the sale.

V. And it is hereby enacted, that the above methods be employed by the Collector or other Officer vested with the powers of Collector, under such limitation and control as Government or other superior revenue authorities shall see fit to prescribe or enforce.

VI. And it is hereby enacted, that the sale of any Puttee by public auction, shall be effected in respect to the notice to be issued, the authority to be obtained, and the mode of conducting the sale according to the rules prescribed by Law from time to time for the sale of an entire Mehal, and the Puttee after the sale shall have been duly confirmed shall be the absolute property of the purchaser, save and except the rights of those Ryots whose right to the permanent occupancy of their lands may have been recognized, and the rates of rent payable by whom may have been adjusted and recorded at the last settlement.

VII. And it is hereby enacted, that in case of the lease or other temporary transfer of any Puttee as above said no member of that Puttee shall be entitled to cultivate any land therein during the term of such transfer, or in case of absolute sale no member of the Puttee shall be entitled to hold or cultivate any land therein from and after the month of Bysack next succeeding such sale unless the said member of such sold or transferred Puttee shall first execute a written engagement to pay rent to the purchaser or transferree at the rate demanded by the purchaser or transferree. Provided that it shall be competent to the Collector, subject to the orders of the Commissioner and the Sudder Board of Revenue, if the rate cannot be fixed by private bargain between the parties to cause the same to be fixed by a jury of the vicinage in the mode directed by Sections V. to X. Regulation IX. of 1833.

VIII. FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

THE 21ST JUNE, 1841.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 21st of June, 1841, is hereby promulgated for general information.

ACT NO. VIII. OF 1841.

An Act to enable Her Majesty's Supreme Courts within the Territories of the East India Company to give relief against adverse claims made upon persons having no interest in the subject of such claims.

I. Whereas it often happens that a person sued at Law for the recovery of Money or Goods wherein he has no interest, and which are also claimed of him by some third party, has no means of relieving himself from such adverse claims but by a suit in Equity against the Plaintiff and such third party, usually called a Bill of Interpleader, which is attended with expence and delay;

It is hereby enacted, that upon application made by or on the behalf of any Defendant sued in any of Her Majesty's Supreme Courts in any action of Assumpsit, Debt, Detinue, or Trover, such application being made after declaration and before plea by Affidavit or otherwise, showing that such Defendant does not claim any interest in the subject matter of the suit, but that the right thereto is claimed or supposed to belong to some third party who has sued or is expected to sue for the same, and that such Defendant does not in any manner collude with such third party, but is ready to bring into Court or to pay or dispose of the subject matter of the action in such manner as the Court (or any Judge thereof) may order or direct, it shall be lawful for the Court, or any Judge thereof, to make rules and orders calling upon such third party to appear and to state the nature and particulars of his claim, and maintain or relinquish his claim, and upon such rule or order to hear the allegations as well of such third party as of the Plaintiff, and in the mean time to stay the proceedings in such action, and finally to order such third party to make himself Defendant in the same or some other action, or to proceed to trial on one or more feigned issue or issues, and also to direct which of the parties shall be Plaintiff or Defendant on such trial, or with the consent of the Plaintiff and such third party, their Counsel or Attornies to dispose of the merits of their claims, and determine the same in a summary manner, and to make such other rules and orders therein as to costs, and all other matters as may appear to be just and reasonable.

II. And it is hereby enacted, that the judgment in any such action or issue as may be directed by the Court or Judge, and the decision of the Court or Judge in a summary manner, shall be final and conclusive against the parties and all persons claiming by, from, or under them.

III. And it is hereby enacted, that if such third party shall not appear upon such rule or order to maintain or relinquish his claim, being duly served therewith, or shall neglect or refuse to comply with any rule or order to be made after appearance, it shall be lawful for the Court or Judge to declare such third party, and all persons claiming by, from, or under him to be for ever barred from prosecuting his claim against the original Defendant, his Executors or Administrators; saving nevertheless the right or claim of such third party against the Plaintiff; and thereupon to make such order between such Defendant and the Plaintiff, as to costs or other matters, as may appear just and reasonable.

IV. And it is hereby provided, that every order to be made in pursuance of this Act by a single Judge not sitting in open Court, shall be liable to be rescinded or altered by the Court in like manner as other orders made by a single Judge.

V. And it is hereby enacted, that if upon application to a Judge, in the first instance or in any later stage of the proceedings, he shall think the matter more fit for the decision of the Court, it shall be lawful for him to refer the matter to the Court, and thereupon the Court shall and may hear and dispose of the same in the same manner as if the proceeding had generally commenced by the Rule of Court instead of the order of a Judge.

VI. And whereas difficulties sometimes arise in the execution of process against Goods and Chattels issued by or under the authority of the said Courts, by reason of claims made to such Goods and Chattels by Assignees of Bankrupts and other persons not being the parties against whom such process has issued, whereby Sheriffs and other Officers are exposed to the hazard and expence of actions; and it is reasonable to afford relief and protection in such cases as such Sheriffs and other Officers, it is therefore hereby further enacted, that when any such claim shall be made to any Goods or Chattels taken or intended to be taken in the execution under any such process or to the proceeds or value thereof, it shall and may be lawful to and for the Court from which such process, issued upon application of such Sheriff or other Officers made before or after the return of such process, and as well before as after any action brought against such Sheriff or other Officer, to call before them by Rule of Court as well the party issuing such process as the party making such claim, and thereupon to exercise for the adjustment of such claims and the relief and protection of the Sheriff or other Officer, all or any of the powers and authorities heroinbefore contained, and make rules and decisions as shall appear to be just, according to the circumstances of the case, and the costs of all such proceedings shall be in the discretion of the Court.

VII. And it is hereby enacted, that all Rules, Orders, Matters and Decisions to be made and done in pursuance of this Act except only the Affidavits to be filed, may together with the declaration in the cause if any, be entered of record with a note in the margin, expressing the true date of such entry, to the end that the same may be evidence in future times if required, and to secure and enforce the payment of costs directed by any such Rule or Order, and every such Rule or Order so entered shall have the force and effect of a judgment except only as to becoming a charge on any Lands, Tenements or Hereditaments; and in case any costs shall not be paid within fifteen days after notice of the taxation and amount thereof given to the party ordered to pay the same, his Agent or Attorney, execution may issue for the same by Fieri Facias, or Capias ad satisfaciendum, adapted to the case, together with the costs of such entry, and of the execution if by Fieri Facias, and such Writ or Writs may bear Teste on the day of issuing the same, whether in term or vacation, and the Sheriff or other Officer executing any such Writ shall be entitled to the same fees, and no more as upon any similar Writ grounded upon a judgment of the Court.

T. H. MADDOCK,

Secy. to Govt. of India.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

The 28th June, 1841.

The following Draft of a proposed Act was read in Council for the first time on the 28th of June, 1841.

Act No. —— of 1841.

An Act for declaring and amending Section XII. Regulation III of 1803, *of the Bengal Code, concerning the dismissal of Suits for neglecting to proceed in the same.*

I. It is hereby enacted, that if a Plaintiff in any Court shall, at any time, neglect to proceed in his suit for six weeks, the Suit shall be dismissed; and it shall not be necessary to give the Plaintiff any notice previous to dismissing his Suit. The Suit shall be dismissed as of course after the expiration of six weeks without any proceeding on the part of the Court, or of the Defendant, or otherwise, or assignment of any reasons, unless the Plaintiff, upon special application, shall have previously satisfied the Court of the propriety of allowing further time. The Court shall record upon the proceedings the reasons at large for allowing further time in all cases in which further time may be allowed, but it shall not be necessary to specify the reasons for refusing any application for further time.

II. And it is hereby enacted, that in all cases in which a Suit is dismissed under the preceding Section the Court shall award to the Defendant the costs he may have incurred in the Suit. But such dismissal of a Suit shall be no impediment to the institution of a new Suit, where the party is not precluded by lapse of time, or otherwise than by the mere circumstances of having instituted the Suit dismissed and of such dismissal.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 28th day of September next.

1. It shall rest with the Board of Customs, Salt and Opium to determine what portion of the Rules contained in Sections IV, V, VI, VII, VIII, IX. X, XI, XII, XIII, and XIV, Regulation II. of 1802, shall continue to be enforced in respect to Distilleries Licensed to be worked as above, and in which, up to the present date, the said Rules have been in force.

2. Parties Licensed to establish Distilleries worked as above, shall deposit five thousand Rupees in cash, or in Government Securities, with the Board of Customs, Salt and Opium, the same or such portion of the amount as Government shall determine on the recommendation of the Board of Customs, Salt and Opium, together with the Distillery License, to be forfeited in the event of any breach of the Abkarry Regulations of the Bengal Presidency, proved before the Officer vested by Law with the decision of Abkarry suits ; on the License ceasing without such forfeiture, the sum deposited shall be returned by the Board of Customs, Salt and Opium.

9. The Board of Customs, Salt and Opium have been empowered by Government to require, as a condition of the License, that the parties establishing a Distillery shall pay the expense of the Officer or Officers who may be employed on the part of Government at such Distillery, the payment to be secured in a manner satisfactory to the Board of Customs, Salt and Opium, and a failure therein to render the License forfeitable at the discretion of the Board.

ADVERTISEMENT.

It being understood that Public Officers, in ignorance of the existence and nature of the Orphan Press Contract with Government, occasionally employ other Presses to the prejudice of the Orphan Institution, the General Management deem it expedient to publish, for general information, the following extract of a Letter from Mr. Secretary Prinsep, shewing that the Orphan Press has the exclusive privilege of Printing for Government

On the contrary, the Vice President in Council has declared his readiness to enquire into every case in which other Establishments may be employed to the prejudice of the interests of the Orphan School, whenever such may fall under his notice or be made the subject of representation.

MESSRS. GRINDLAY, CHRISTIAN & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay, from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance,—Its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, triedand vouched for by a large proportion of those whose engagements led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness

In conclusion, Messrs. GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to *transact every description of business connected with India and the Colonies.*

ACT No. I. OF 1841.

Passed by the Right Hon'ble the Governor General of India in Council on the 12th of April, 1841.

An Act for facilitating the collection of the Revenue of Government and defining the interest intended to be conveyed by public sales for the realization of arrears of the Public Revenue in Putteedarree Estates.

Preamble. I. The Regulations in force authorize the application of duress for enforcing the payment of arrears of the public revenue, only against the person and property of the Contracting Lumberdar, leaving him to proceed against the Putteedars by suit or distraint. But with reference to the peculiar nature of these Coparcenaries the existing enactments appear to be insufficient on the one hand for the protection of the rights of the Putteedars, and on the other hand for the punctual realization of the dues of Government. The Regulations are also deficient in not authorizing with sufficient distinctness the sale or transfer of the Puttees of defaulting Putteedars in Putteedarree Estates, and in not defining the interest intended to be conveyed by public sales of such Estates.

II A Putteedarree Estate in this Act is held to be an Estate which consists of two or more separate portions or Puttees, or of which there may be proprietors, possessed of separate properties and holding direct of the Government, but not parties in their own names to the contract with the Government for payment of the public revenue The proprietor who is a party in his own name is called a Lumberdar, and the proprietor who is not a party in his own name is called a Putteedar.

III. It is hereby enacted, that the following modes of duress may be enforced against all Putteedars whose tenure and interest may have been defined by a Settlement formed according to Regulation VII. of 1822 as modified by Regulation IX. of 1833, whether every such Putteedar be in sole occupation of his Puttee, or hold it in common with others.

1st. Issue of Dustucks in the same manner, and under the same limitation, as authorized by the rules in force for Lumberdars.

2d. Arrest, detention, imprisonment, distraint and sale of personal property as now authorized to be enforced against Lumberdars.

3d. Transfer of the defaulting Puttee in perpetuity to the members of any other Puttee which may not be in arrear.

4th. Annulment of the Settlement as regards the defaulting Puttee, and lease thereof to the members of any other Puttee which may not be in arrear or to a stranger for any term not exceeding fifteen years.

5th. Sale of the defaulting Puttee by public auction in which case the members of the remaining Puttees who may not be in arrear are authorized to bid.

IV. And it is hereby enacted, that on occasion of the sale by public auction of any Puttee, if the lot shall have been knocked down to a stranger, any Putteedar or other member of the coparcenary not being himself in arrear may claim to take the said Puttee at the sum last bid, provided that the said demand of pre-emption be made on the day of sale and before the Collector shall have left the office, and provided that the claimant fulfil all the other conditions of the sale.

V. And it is hereby enacted, that the above methods be employed by the Collector or other Officer vested with the powers of Collector, under such limitation and control as Government or other superior revenue authorities shall see fit to prescribe or enforce.

VI. And it is hereby enacted, that the sale of any Puttee by public auction, shall be effected in respect to the notice to be issued, the authority to be obtained, and the mode of conducting the sale according to the rules prescribed by Law from time to time for the sale of an entire Mehal, and the Puttee after the sale shall have been duly confirmed shall be the absolute property of the purchaser, save and except the rights of those Ryots whose right to the permanent occupancy of their lands may have been recognized, and the rates of rent payable by whom may have been adjusted and recorded at the last settlement.

VII. And it is hereby enacted, that in case of the lease or other temporary transfer of any Puttee as above said no member of that Puttee shall be entitled to cultivate any land therein during the term of such transfer, or in case of absolute sale no member of the Puttee shall be entitled to hold or cultivate any land therein from and after the month of Bysack next succeeding such sale unless the said member of such sold or transferred Puttee shall first execute a written engagement to pay rent to the purchaser or transferree at the rate demanded by the purchaser or transferree. Provided that it shall be competent to the Collector, subject to the orders of the Commissioner and the Sudder Board of Revenue, if the rate cannot be fixed by private bargain between the parties to cause the same to be fixed by a jury of the vicinage in the mode directed by Sections V to X. Regulation IX of 1833.

VIII. And it is hereby enacted, that a copy of the Jumma Wasil Bakee and detailed Kuteonee of the Tehsildar signed and sealed by him, and countersigned by the Canoongoes and Putwarry, exhibiting in detail the amount paid by and arrear due from each Puttee shall be taken to be sufficient evidence of the arrear due from that Puttee, and these papers shall invariably be filed with the Collector's proceedings.

IX. And be it enacted, that the Collector be empowered to give possession to all purchasers and transferrees under this Act in the mode authorized by Clause III. Section XXIII. of Regulation VII of 1822.

X. And it is hereby enacted, that nothing contained in this Act shall bar the indefeasible right of Government to hold the entire body of proprietors and the entire estate responsible for the amount of the whole Jumma, and to enforce the existing regulations for the transfer or sale of the whole estate whenever it shall appear to them just and expedient. In every such case it is hereby declared in modification of Regulation XI of 1822, that the entire proprietary rights of every member of the Coparcenary shall be annulled and forfeited, and the provision of Section VII. of this Act shall be applicable to every member of the Coparcenary.

XI. And it is hereby enacted, that the Governor General in Council may extend the provisions of this Act to any district to which with reference to the nature of the tenures prevalent therein its extension may be expedient, although no Settlement of such district may have been made under Regulations VII of 1822, and IX. of 1833, and the Order of Government shall be sufficient authority for such extension.

Sey. to the Govt. of India.

THE practice of shipping small quantities of Rum, with claim to export drawback, being found to be injurious to the Abkarry Revenue,—Notice is hereby given, that the Right Hon'ble the Governor of Bengal has been pleased to cancel the Order of Government, dated 14th June 1830, published in the *Government Gazette* of 24th idem, and to direct that the privilege of drawback, or the remission of Abkarry duty, whether actually levied or secured by bond, will, from the 1st proximo, be only claimable by shippers of one thousand gallons and upwards.

By Order of the Board of Customs, Salt and Opium, the 29th June 1841,

H. TORRENS, *Secretary.*

NOTIFICATION.

NOTICE is hereby given, that under the Provisions of Section II. Regulation VII. of 1824, of the Bengal Code, and in modification of the Notices and Rules published under dates 2d March 1835 and 26th December 1839, the following Rules have been prescribed by Government to take effect in regard to all Distilleries constructed and worked after the European method beyond the limits of the jurisdiction of the Supreme Court of Calcutta.

1. It shall rest with the Board of Customs, Salt and Opium to determine what portion of the Rules contained in Sections IV, V, VI, VII, VIII, IX, X, XI, XII, XIII, and XIV, Regulation II. of 1802, shall continue to be enforced in respect to Distilleries Licensed to be worked as above, and in which, up to the present date, the said Rules have been in force.

2. Parties Licensed to establish Distilleries worked as above, shall deposit five thousand Rupees in cash, or in Government Securities, with the Board of Customs, Salt and Opium, the same or such portion of the amount as Government shall determine on the recommendation of the Board of Customs, Salt and Opium, together with the Distillery License, to be forfeited in the event of any breach of the Abkarry Regulations of the Bengal Presidency, proved before the Officer vested by Law with the decision of Abkarry suits; on the License ceasing without such forfeiture, the sum deposited shall be returned by the Board of Customs, Salt and Opium.

3. Not more than *one* cautionary deposit of 5,000 Rupees in cash or in Public Securities will be required on account of any number of Distilleries [worked in the European method] that may be established by one and the same individual or firm.

4. No Distillery worked after the above method shall be Licensed until the parties applying for the License shall have satisfied the Board of Customs, Salt and Opium, that the works are capable of producing not less than 300 gallons of Spirit per diem.

5. No Distillery proposed to be worked after the above method, shall be Licensed until the parties applying for the License shall have satisfied the Board of Customs, Salt and Opium, that the premises are so constructed as to afford full security for the realization of the Government Revenue. And in all cases, parties applying for a License for Distilleries already erected shall engage to adopt such measures for the security of the Public Revenue, and within such time as may be prescribed by the Board of Customs, Salt and Opium.

6. Parties having a License to establish Distilleries worked as above, shall provide a residence for the Native Officer of the Abkarry Department stationed on the premises, which residence shall be so situated as to command the ingress and egress to and from the premises.

7. Parties working Distilleries constructed and worked in the European method as above, are required to apply to the Board of Customs, Salt and Opium, in December each year for the renewal of their Licenses for the year following, and Licenses not so renewed, will be considered null and void, and as not protecting from seizure and confiscation, the Spirits produced in the said Distilleries, or the parties working the said Distilleries, from the Penalties provided by Law for the illicit manufacture of Spirits.

8. The Board of Customs, Salt and Opium are empowered to refuse Licenses for Distilleries worked as above, without assigning any reason for the same, except to Government, in the event of parties appealing from their decision.

9. The Board of Customs, Salt and Opium have been empowered by Government to require, as a condition of the License, that the parties establishing a Distillery shall pay the expense of the Officer or Officers who may be employed on the part of Government at such Distillery, the payment to be secured in a manner satisfactory to the Board of Customs, Salt and Opium, and a failure therein to render the License forfeitable at the discretion of the Board.

Rules of Measurement.

VIII. And it is hereby enacted, that from and after the commencement of this Act the tonnage of every ship or vessel required by law to be registered, shall, previous to her being registered, be measured and ascertained while her hold is clear, and according to the following rule; (that is to say) divide the length of the upper deck between the afterpart of the stem and the forepart of the stern post into six equal parts. Depths: at the foremost, the middle, and the aftermost of those points of division, measure in feet and decimal parts of a foot the depths from the underside of the upper deck to the ceiling at the limber strake. In the case of a break in the upper deck, the depths are to be measured from a line stretched in a continuation of the deck. Breadths: divide each of those three depths into five equal parts and measure the inside breadths at the following points, videlicet, at one-fifth and at four-fifths from the upper deck of the foremost and aftermost depths, and at two-fifths and four-fifths from the upper deck of the midship depth. Length: at half the midship depth measure the length of the vessel from the afterpart of the stem to the forepart of the stern-post, then to twice the midship depth add the foremost and the aftermost depths for the sum of the depths; add together the upper and lower breadths at the foremost division, three times the upper breadth, and the lower breadth at the midship division, and the upper and twice the lower breadth at the after division, for the sum of the breadths; then multiply the sum of the depths by the sum of the breadths, and this product by the length, and divide the final product by three thousand five hundred, which will give the number of tons for register. If the vessel have a poop or half deck, or a break in the upper deck, measure the inside mean length, breadth and height of such part thereof as may be included within the bulk head; multiply these three measurements together, and dividing the product by 92.4 the quotient will be the number of tons to be added to the result as above found. In order to ascertain the tonnage of open vessels, the depths are to be measured from the upper edge of the upper strake.

Measurement of Steam-vessels.

IX. And it is hereby provided, that in each of the several rules hereinbefore prescribed, when applied for the purpose of ascertaining the tonnage of any ship or vessel propelled by steam, the tonnage due to the cubical contents of the engine room shall be deducted from the total tonnage of the vessel as determined by either of the rules aforesaid, and the remainder shall be deemed the true register tonnage of the said ship or vessel. The tonnage due to the cubical contents of the engine room shall be determined in the following manner; that is to say, measure the inside length of the engine room in feet and decimal parts of a foot from the foremost to the aftermost bulk-head, then multiply the said length by the depth of the ship or vessel at the midship division as aforesaid, and the product by the inside breadth at the same division at two-fifths of the depth from the deck taken as aforesaid, and divide the last product by 92.4, and the quotient shall be deemed the tonnage due to the cubical contents of the engine room.

Alterations in Steam-vessels requiring new Registry.

X. And it is hereby provided, that the tonnage due to the cubical contents of the engine room and also the length of the engine room shall be set forth in the certificate of registry as part of the description of the ship or vessel, and that any alteration of such tonnage due to the cubical contents of the engine room, or of such length of the engine room, after registry, shall be deemed to be an alteration requiring registry de novo within the meaning of the said Act for the registering of ships or vessels.

Measurement of laden vessels.

XI. And it is hereby enacted, that for the purpose of ascertaining the tonnage of all such ships whether belonging to the United Kingdom or otherwise, as there shall be occasion to measure while their cargoes are on board, the following rule shall be observed and is hereby established; (that is to say,) measure, first the length on the upper deck between the afterpart of the stem and the forepart of the stern-post; secondly, the inside breadth on the underside of the upper deck at the middle point of the length; and, thirdly, the depth from the underside of the upper deck down the pump-well to the skin, multiply these three dimensions together, and divide the product by one hundred and thirty, and the quotient will be the amount of the register tonnage of such ships.

Registered tonnage to be marked.

XII. And it is hereby enacted, that the true amount of the register tonnage of every merchant ship or vessel belonging to the United Kingdom, to be ascertained according to the rule by this Act established in respect of such ships, shall be deeply carved or cut in figures of at least three inches in length on the main beam of every such ship or vessel, prior to her being registered.

Country Craft not exceeding 200 tons.

XIII. And it is hereby provided that Country Craft employed in Coasting voyages not exceeding the burden of 200 tons, may be registered and the tonnage marked according to rules to be prescribed from time to time by the respective local Governments.

Registered tonnage to be repeated in every subsequent register.

XIV. And it is hereby enacted, that whenever the tonnage of any ship or vessel shall have been ascertained according to the rules herein prescribed such account of tonnage shall ever after be deemed the tonnage of such ship or vessel, and shall be repeated in every subsequent registry of such ship or vessel, unless it shall happen that any alteration has been made in the form of burthen of such ship or vessel, or it shall be discovered that the tonnage of such ship or vessel had been erroneously taken and computed.

XV. And it is hereby enacted, that if such certificate as aforesaid shall be sold, lent, or otherwise disposed of to any person or persons whatever than those for whose use it is granted, or shall be made use of for the service of any other ship or vessel than the ship or vessel for which it is granted, such certificate shall thenceforth be utterly void, and the master or any owner of the ship or vessel who shall be proved to have sold, lent, or disposed of such certificate or made use of the same as aforesaid, or shall have concurred in or been privy to the committing any such offence, shall be liable upon conviction by information as aforesaid to a penalty not exceeding 10,000 rupees. And in case such ship or vessel shall be lost or taken by the enemy, burnt, or broken up, or otherwise prevented from returning to the port at which she is registered, or shall on any account have lost and forfeited the privileges of a British ship, or shall have been seized and legally condemned for illicit trading, or shall have been taken in execution for debt and sold by due process of law, or shall have been sold to the Crown or the East India Company, or shall under any circumstances have been registered de novo, the certificate, if preserved, shall be delivered up, within one month after the arrival of the master in any port or place in the territories of the East India Company to the Registering Officer at such port, in default whereof the master or any of the owners shall be liable on conviction by information as aforesaid in a penalty not exceeding 5,000 rupees. And if any person not being such subject as aforesaid shall purchase or otherwise become entitled to the whole or to any part or share of or any interest in such ship or vessel, and the same shall be within the limits of any port of the territories of the East India Company, then and in such case the certificate of registry shall within seven days after such purchase or transfer of property in such ship or vessel, be delivered up to the Registering Officer at such port, and if such ship or vessel shall be in any place not within the territories of the East India Company when such purchase or transfer of property shall take place, then the certificate shall be delivered up within fourteen days after the arrival of such ship or vessel, or of the master thereof in any port of the territories of the East India Company to the Registering Officer at such port in default whereof the master or any of the owners shall be liable on conviction before any Justice of the Peace in a penalty not exceeding 5,000 rupees recoverable in manner provided by Act No. 2 of 1839.

And it is hereby enacted, that when and so often as the master of any ship or vessel registered in manner herein before directed shall be changed, the master or owner of such ship or vessel shall deliver to the person or persons hereinbefore authorized to make such registry and grant such certificates of registry at the port where such change shall take place, if it be a port within the territories of the East India Company, the certificate of registry belonging to such ship or vessel, who shall thereupon indorse and subscribe a memorandum of such change, and shall forthwith give notice of the same to the proper officer of the port or place where such ship or vessel was last registered pursuant to this Act, who shall likewise make a memorandum of the same in the book of registers which is hereby directed and required to be kept, and shall forthwith give notice thereof in like manner as of the original entry. Name of Ship.

XVII. And it is hereby enacted, that it shall not be lawful for any owner or owners of any ship or vessel, to give any name to such ship or vessel other than that by which she was first registered in pursuance of this Act, and that the owner or owners of all and every ship or vessel which shall be so registered, shall, before such ship or vessel after such registry, shall begin to take in any cargo, paint or cause to be painted, in white or yellow letters of a length of not less than four inches, upon a black ground on some conspicuous part of the stern, the name by which such ship or vessel shall have been registered pursuant to this Act, and the port to which she belongs in a distinct and legible manner, and shall so keep and preserve the same, and that if such owner or owners, or master or other person having or taking the charge or command of such ship or vessel, shall permit such ship or vessel to begin to take in cargo before the name of such ship or vessel has been so painted as aforesaid, or shall wilfully alter, erase, obliterate, or in any wise hide or conceal, or cause or procure or permit the same to be done or shall in any written or printed paper, or other document describe such ship or vessel by any name other than that by which she was first registered pursuant to this Act, or shall verbally describe, or cause or procure or permit such ship or vessel to be described by any other name to any Officer or Officers of Revenue in the due execution of his or their duty, then and in every such case the certificate of registry shall thenceforth become utterly void, and such owner or owners, or master or other person having or taking the charge or command of such ship or vessel shall be liable on information as aforesaid to a penalty not exceeding 10,000 rupees.

Detention of Certificate.

XX. And whereas it is not proper that any person under any pretence whatever should detain the certificate of registry of any ship or vessel, or hold the same for any purpose other than the lawful use and navigation of the ship or vessel for which it was granted, it is therefore hereby enacted, that in case any person who shall have received or obtained by any means or for any purpose whatever the certificate of the registry of any such ship or vessel (whether such person shall claim to be the master or to be the owner or one of the owners of such ship or vessel, or not,) shall wilfully detain and refuse to deliver up the same to the proper Officers of Customs, for the purposes of such ship or vessel, as occasion shall require, or to the person or persons having the actual command, possession, and management of such ship or vessel as the ostensible and reputed master, or as the ostensible and reputed owner or owners thereof, it may and shall be lawful to and for any such last mentioned person to make complaint on oath of such detainer and refusal to any Justice of the Peace residing near to the place where such detainer and refusal shall be, and on such complaint the said Justice shall and is hereby required by warrant under his hand and seal, to cause the person so complained against to be brought before him to be examined touching such detainer and refusal, and if it shall appear to the said Justice on examination of such person or otherwise that the said certificate of registry is not lost or mislaid, but is wilfully detained by the said person, such person shall be subject on conviction before such Justice to a penalty not exceeding 1.000 rupees, recoverable as aforesaid and the said Justice shall, and he is hereby required to certify the aforesaid detainer, refusal, and conviction to the person or persons who granted such certificate of registry for such ship or vessel who shall, on the terms and conditions of law being complied with make registry of such ship or vessel de novo, and grant a certificate thereof conformably to law, notifying on the back of such certificate the ground upon which the ship or vessel was so registered de novo; and if the person who shall have detained and refused to deliver up such certificate of registry as aforesaid, or shall be verily believed to have detained the same, shall have absconded so that the said warrant of the Justice cannot be executed upon him, and proof thereof shall be made to the satisfaction of the Registering Officer of the port at which the ship or vessel was registered, it shall be lawful for the said Officer to permt such ship or vessel to be registered de novo, or otherwise, in his discretion, to grant a license for the present use of such ship or vessel in like manner as is hereinbefore provided in the case wherein the certificate of registry is lost or mislaid.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 5th of July 1841, is hereby promulgated for general information.

Act No. XI. of 1841.

An Act for consolidating and amending the Regulations concerning Military Courts of Requests for Native Officers and Soldiers in the Service of the East India Company

I. It is hereby enacted, that all Regulations and parts of Regulations concerning Military Courts of Requests are repealed; provided always that nothing in this Act contained shall be held to alter or affect the jurisdiction of a single Officer duly authorized and appointed under the Rules in force in the Madras and Bombay Presidencies for the trial of small suits in Military Bazars at Cantonments and Stations occupied by the troops of those Presidencies respectively, or the trial by Punchayet of suits against Military persons according to the Rules in force under the Madras Presidency.

II. And it is hereby enacted, subject to the aforesaid proviso, that within the territories of the East India Company actions of debt and other personal actions against Native Officers, Soldiers and other persons amenable to Articles of War for the Native Forces in the Military Service of the East India Company, or residing within any Station or Cantonment, and carrying on any trade or business in a Military Bazar, shall be cognizable before a Military Court and not elsewhere, provided the value in question shall not exceed 200 Rupees, and the defendant was a person of the description above mentioned, when the cause of action arose, and when the suit was instituted. Provided that no suit shall be brought before any Military Court under this Act to determine any dispute of caste or concerning any right to real property.

III. And it is hereby enacted, that the Commanding Officer of any Station or Cantonment, or Officer commanding any portion of Troops in the field, is authorized to convene such Military Courts. And such Courts shall be composed, according to the orders of the Commander in Chief for the time being of the Presidency within which the Station or Cantonment is situate, or, in the absence of such orders, according to the discretion of the Convening Officer, either of not less than three European Commissioned Officers, or of not less than three Native Commissioned Officers, and, in the latter case, with an European Officer of not less than five years' standing, to superintend and record the proceedings. Provided that if there be not a sufficient number of Officers to constitute a Court at the Station or Cantonment where any cause of action may arise, or where the defendant may be residing, the suit shall be determined at the nearest Station or Cantonment where a Military Court can be duly constituted as aforesaid.

IV. And it is hereby enacted, that such Military Courts shall be convened monthly, and shall be holden on some convenient day before the issue of the pay for each month.

V. And it is hereby enacted, that the forms of proceeding in every such Court shall be conformable to the usages observed on trials before Courts Martial held for the Native Troops in the service of the East India Company as far as the same are applicable. And any such Court shall have the like power of summoning witnesses as is possessed by Courts Martial. Provided always, that every such Court shall have the power of examining the parties to any suit and of requiring or dispensing with their attendance at its discretion. And every such Court shall have the like power of taking the examinations of absent parties and witnesses as is possessed by the Civil Courts of the East India Company, under Act No. VII of 1841, provided that the depositions taken under a Commission issued by any Military Court of Requests shall be receivable in evidence before any such Court subsequently held; Provided also that Commissions may be issued by Military Courts of Requests under this Act pursuant to the provision sof No VII. of 1841, notwithstanding the Courts to which the Commissions may be directed are not situate beyond the jurisdiction of such Military Courts.

VI. And it is hereby enacted, that witnesses omitting to attend, refusing to give evidence, or committing perjury, and persons suborning witnesses to commit perjury, shall be tried and punished, if amenable to Articles of War, by a Court Martial, subject to all the Rules contained in such Articles of War for the punishment of such offences in regard to trials for Military offences; and if not amenable to Articles of War, they may be tried and punished in the nearest of the Courts of the East India Company for the administration of Criminal Justice (whether such Court have ordinarily jurisdiction over such person in Criminal matters not) in like manner as if such offences had been committed in regard to any trial before such nearest Court.

VII. And it is hereby enacted, that any person, Civil or Military, European or Native, using menacing words, signs, or gestures, or otherwise interrupting (whether being personally present or not,) the proceedings of any Military Court of Requests shall be punishable, if amenable to Articles of War by a Court Martial, or if not amenable to Articles of War, in the nearest of the Courts of the East India Company for the administration of Criminal justice (whether such Court have ordinarily jurisdiction over such person in Criminal matters or not,) in like manner as if the offence had been committed in regard to any proceeding of the Court to which it is so referred.

VIII. And it is hereby enacted, that a record shall be kept of proceedings in every case tried before any Military Court of Request And such record shall contain the substance of the evidence given and the nature of such evidence as may have been rejected on the ground of its not being legally admissible, or relevant, or on other grounds, and the same shall be signed by the Members of the said Court. And such record or a copy thereof shall, with as little delay as is practicable, after the conclusion of the proceedings, be transmitted by the European President, or Superintending Officer of every such Court to the Officer Commanding the Station or Cantonment.

IX. And it is hereby enacted, that where a demand shall exceed the amount of 200 Rupees, or where several separate demands shall exceed such amount, no more shall be recoverable from any one defendant by the same plaintiff or plaintiffs than the sum of 200 Rupees only—and the judgment in respect of any demand in a Court of Requests shall be a bar to the recovery of the same demand or of any other or further demand for the same cause of action in any other Court whatever, provided that the liability accrued before the time of instituting the suit in the Military Court—and it shall be competent for every such Military Court to investigate any counterclaim alleged by any defendant. And it shall be competent for every such Military Court to allow the interest for money agreed on between the parties, provided the same does not exceed the usage of the country in ordinary money transactions. And every contract made after the passing of this Act upon which a demand for debt exceeding 20 Rupees is founded, not being money due for goods bought and delivered, shall be in writing and expressed in the language of the defendant and signed by him, or on his behalf by some other person than the plaintiff. Provided that it shall not be competent to any Court of Requests to admit any suit for a debt which has accrued upwards of six years, unless a direct promise to pay made within six years of the commencement of the suit be proved.

X. And it is hereby enacted, that on failure of either of the parties to a suit to attend either personally or by representative, or to produce his witnesses according as he shall be required by any Military Court of Requests, such Court on being satisfied that the party has been duly apprized of what is required of him, may proceed to the termination of the suit in his absence. And if the decree in any such case shall be against the plaintiff, it shall not be competent for him to commence a new suit for the same cause of action.

XI. And it is hereby enacted, that it shall be lawful for the Commanding Officer to whom the proceedings have been transmitted as aforesaid to return the same for revision either by the same or another Military Court of Requests. And in every such case the second decree shall be final, unless for error in points of law, when the same shall be transmitted to the Commander in Chief, who shall have power to annul the proceedings without prejudice to any future suit. Provided always that in the case of any new trial the Court may receive evidence which was not adduced at the first trial.

XII. And it is hereby enacted, that every plaintiff shall prefer his claim in writing and shall deliver the same to the Station Staff-Officer. The claims shall be entered in a Schedule by the Station Staff-Officer, which Schedule is to be sent to Adjutants of Corps or Heads of Departments two days at least before the assembly of the Court, and the Adjutants or Heads of Departments shall be responsible that the defendants belonging to their respective Corps or Establishments have been duly summoned.

XIII. And it is hereby enacted, that every decree of any Military Court of Requests shall be published in the Station Orders before the same is executed.

XIV. And it is hereby enacted, that the execution of decrees of Military Courts of Requests may be either general or special, according to the sentence of the Court. Provided always that the Commanding Officer may, notwithstanding the direction of the Court, order that the execution shall be general or special at his discretion.

XV. And it is hereby enacted, that in cases in which the execution is to be general, the debt if not paid forthwith, shall, under the authority of the Commanding Officer in writing to be signed by him, be levied by seizure and public sale of such of the Debtor's Goods (under which term are included houses or other erections within the limits of Stations and Cantonments) as may be found within the limits of the Station or Cantonment, or elsewhere; and if sufficient Goods are not to be found, the debtor, if not a Soldier, shall be arrested and imprisoned in any Civil Gaol near to the Station or Cantonment, (for which purpose the provisions of Act No. 2 of 1840 shall be applicable) or in any other convenient place of confinement situate within the limits of the Station or Cantonment, for the space of two months, unless the debt be sooner paid, and his Goods, if found within the limits of the Station or Cantonments or elsewhere at any subsequent time, shall be liable to be seized and sold in satisfaction of the debt. And if the debtor be a Soldier and the debt be not liquidated by sale of his Effects, Accoutrements and Necessaries excepted, an order may be issued for payment of the residue by monthly deduction from the pay issued to the debtor under the Rules which follow.

XVI. And it is hereby enacted, that where the execution is to be special, the debt shall be satisfied out of the pay and allowances of the debtor and not otherwise. And a certificate of the decree and direction or order thereon certified under the hand of the Commanding Officer and signed by him, shall be a sufficient authority for making such stoppages. Provided always that no more than one half of the pay and allowances of any Commissioned Officer, or than one-fourth of the pay and allowances of any non-Commissioned Officer or Soldier shall be stopped in any one month

XVII. And it is hereby enacted, that in places beyond the Frontier of the Territories of the East India Company, actions of debt and other personal actions may be brought before such Military Courts as aforesaid against persons so amenable as aforesaid for any amount of demand: Provided that such Military Courts beyond the Frontier shall be composed of European Officers—and provided, that if the amount of claim shall exceed 200 Rupees an appeal shall lie to the Court of Suddor Adawlut of the nearest Presidency according to the rules in force with regard to appeals from subordinate Civil Courts.

XVIII. And it is hereby enacted, that this Act shall not affect the proceedings upon any suit heretofore commenced or which shall be commenced before the tenth day of August next.

And it is hereby enacted, that at every port where registry shall be made in pursuance of this Act a book shall be kept by the Registering Officer in which all the particulars contained in the form of the certificate of the registry hereinbefore directed to be used shall be duly entered; and every registry shall be numbered in progression beginning such progressive numeration at the commencement of each and every year. And such Registering Officer shall forthwith, or within one month at the furthest, send to the Government of the Presidency to which he is subordinate a true and exact copy, together with the number of every certificate which shall be by him so granted.

Declaration.

B) and the other owners (names and occupations if any and where they respectively reside) am (or are) sole owner (or owners) of the said vessel, and that no other person or persons whatever hath or have any right, title, interest, share, or property therein or thereto; and that I the said (A. B.) and the said other owners (if any) am (or are) truly and bona fide a subject (or subjects) of Her Majesty for whom the Governor General of India in Council has power to legislate, and that no person not being subject as aforesaid, directly or indirectly, hath any share or part interest in the said ship or vessel. Provided that if the Registering Officer shall see occasion to doubt the truth of any of the facts contained in the above declaration he shall not deem such declaration to be conclusive, but may refuse the registry or certificate, and his discretion exercised in this behalf shall be subject only to an appeal to the local Government to which he is subordinate.

VI. And it is hereby enacted, that in case the required number of joint owners of any ship or vessel shall not personally attend to make and subscribe the declaration hereinbefore directed to be made and subscribed, then and in such case such owner or owners as shall personally attend and make and subscribe the declarations aforesaid, shall further declare that the part owner or part owners of such ship or vessel then absent, is or are not resident within twenty miles of such port or place, and hath or have not to the best of his or their knowledge or belief, wilfully absented himself or themselves in order to avoid the making the declaration hereinbefore directed to be made and subscribed, or is or are prevented by illness from attending to make and subscribe the said declaration.

Measurement to be made.

VII. And in order to enable the Registering Officer to grant a certificate truly and accurately describing every ship or vessel to be registered in pursuance of this Act, and also to enable all other Officers of Customs on due examination, to discover whether any such ship or vessel is the same with that for which a certificate is alleged to have been granted, it is hereby enacted, that previous to the registering or granting of any certificate of registry as aforesaid some one or more person or persons appointed by the local Governments respectively, taking to his or their assistance if he or they shall judge it necessary, one or more person or persons skilled in the building and admeasurement of ships, shall go on board of every such ship or vessel that is to be registered, and shall strictly and accurately examine and admeasure every such ship or vessel as to all and every particular contained in the form of the certificate hereinbefore directed in the presence of the master, or of any other person who shall be appointed for that purpose on the part of the owner or owners, or in his or their absence by the said master, and shall deliver a true and just account in writing of all such particulars of the built, description, and admeasurement of every such ship or vessel as are specified in the form of the certificate above recited to the Officer authorized to make such registry and grant such certificate of registry as aforesaid; and the said master or other person attending on the part of the owner or owners is hereby required to sign his name also to the certificate of such Surveying or Examining Officer, in testimony of the truth thereof, provided such master or other person shall consent and agree to the several particulars set forth and described therein.

Rules of Measurement.

VIII. And it is hereby enacted, that from and after the commencement of this Act the tonnage of every ship or vessel required by law to be registered, shall, previous to her being registered, be measured and ascertained while her hold is clear, and according to the following rule; (that is to say) divide the length of the upper deck between the afterpart of the stem and the forepart of the stern post into six equal parts. Depths: at the foremost, the middle, and the aftermost of those points of division, measure in feet and decimal parts of a foot the depths from the underside of the upper deck to the ceiling at the limber strake. In the case of a break in the upper deck, the depths are to be measured from a line stretched in a continuation of the deck. Breadths: divide each of those three depths into five equal parts and measure the inside breadths at the following points, videlicet, at one-fifth and at four-fifths from the upper deck of the foremost and aftermost depths, and at two-fifths and four-fifths from the upper deck of the midship depth. Length: at half the midship depth measure the length of the vessel from the afterpart of the stem to the forepart of the stern-post, then to twice the midship depth add the foremost and the aftermost depths for the sum of the depths; add together the upper and lower breadths at the foremost division, three times the upper breadth, and the lower breadth at the midship division, and the upper and twice the lower breadth at the after division, for the sum of the breadths; then multiply the sum of the depths by the sum of the breadths, and this product by the length, and divide the final product by three thousand five hundred, which will give the number of tons for register. If the vessel have a poop or half deck, or a break in the upper deck, measure the inside mean length, breadth and height of such part thereof as may be included within the bulk head; multiply these three measurements together, and dividing the product by 92.4 the quotient will be the number of tons to be added to the result as above found. In order to ascertain the tonnage of open vessels, the depths are to be measured from the upper edge of the upper strake.

Measurement of Steam-vessels.

IX. And it is hereby provided, that in each of the several rules hereinbefore prescribed, when applied for the purpose of ascertaining the tonnage of any ship or vessel propelled by steam, the tonnage due to the cubical contents of the engine room shall be deducted from the total tonnage of the vessel as determined by either of the rules aforesaid, and the remainder shall be deemed the true register tonnage of the said ship or vessel. The tonnage due to the cubical contents of the engine room shall be determined in the following manner; that is to say, measure the inside length of the engine room in feet and decimal parts of a foot from the foremost to the aftermost bulk-head, then multiply the said length by the depth of the ship or vessel at the midship division as aforesaid, and the product by the inside breadth at the same division at two-fifths of the depth from the deck taken as aforesaid, and divide the last product by 92.4, and the quotient shall be deemed the tonnage due to the cubical contents of the engine room.

Alterations in Steam-vessels requiring new Registry.

X. And it is hereby provided, that the tonnage due to the cubical contents of the engine room and also the length of the engine room shall be set forth in the certificate of registry as part of the description of the ship or vessel, and that any alteration of such tonnage due to the cubical contents of the engine room, or of such length of the engine room, after registry, shall be deemed to be an alteration requiring registry de novo within the meaning of the said Act for the registering of ships or vessels.

XI. And it is hereby enacted, that for the purpose of ascertaining the tonnage of all such ships whether belonging to the United Kingdom or otherwise, as there shall be occasion to measure while their cargoes are on board, the following rule shall be observed and is hereby established; (that is to say,) measure, first the length on the upper deck between the afterpart of the stem and the forepart of the stern-post; secondly, the inside breadth on the underside of the upper deck at the middle point of the length; and, thirdly, the depth from the underside of the upper deck down the pump-well to the skin, multiply these three dimensions together, and divide the product by one hundred and thirty, and the quotient will be the amount of the register tonnage of such ships.

Registered tonnage to be marked.

XII. And it is hereby enacted, that the true amount of the register tonnage of every merchant ship or vessel belonging to the United Kingdom, to be ascertained according to the rule by this Act established in respect of such ships, shall be deeply carved or cut in figures of at least three inches in length on the main beam of every such ship or vessel, prior to her being registered.

Country Craft not exceeding 200 tons.

XIII. And it is hereby provided that Country Craft employed in Coasting voyages not exceeding the burden of 200 tons, may be registered and the tonnage marked according to rules to be prescribed from time to time by the respective local Governments.

Registered tonnage to be repeated in every subsequent register.

XIV. And it is hereby enacted, that whenever the tonnage of any ship or vessel shall have been ascertained according to the rules herein prescribed such account of tonnage shall ever after be deemed the tonnage of such ship or vessel, and shall be repeated in every subsequent registry of such ship or vessel, unless it shall happen that any alteration has been made in the form of burthen of such ship or vessel, or it shall be discovered that the tonnage of such ship or vessel had been erroneously taken and computed.

And it is hereby enacted, that if such certificate as aforesaid shall be sold, lent, or otherwise disposed of to any person or persons whatever than those for whose use it is granted, or shall be made use of for the service of any other ship or vessel than the ship or vessel for which it is granted, such certificate shall thenceforth be utterly void, and the master or any owner of the ship or vessel who shall be proved to have sold, lent, or disposed of such certificate or made use of the same as aforesaid, or shall have concurred in or been privy to the committing any such offence, shall be liable upon conviction by information as aforesaid to a penalty not exceeding 10,000 rupees. And in case such ship or vessel shall be lost or taken by the enemy, burnt, or broken up, or otherwise prevented from returning to the port at which she is registered, or shall on any account have lost and forfeited the privileges of a British ship, or shall have been seized and legally condemned for illicit trading, or shall have been taken in execution for debt and sold by due process of law, or shall have been sold to the Crown or the East India Company, or shall under any circumstances have been registered de novo, the certificate, if preserved, shall be delivered up, within one month after the arrival of the master in any port or place in the territories of the East India Company to the Registering Officer at such port, in default whereof the master or any of the owners shall be liable on conviction by information as aforesaid in a penalty not exceeding 5,000 rupees. And if any person not being such subject as aforesaid shall purchase or otherwise become entitled to the whole or to any part or share of or any interest in such ship or vessel, and the same shall be within the limits of any port of the territories of the East India Company, then and in such case the certificate of registry shall within seven days after such purchase or transfer of property in such ship or vessel, be delivered up to the Registering Officer at such port, and if such ship or vessel shall be in any place not within the territories of the East India Company when such purchase or transfer of property shall take place, then the certificate shall be delivered up within fourteen days after the arrival of such ship or vessel, or of the master thereof in any port of the territories of the East India Company to the Registering Officer at such port in default whereof the master or any of the owners shall be liable on conviction before any Justice of the Peace in a penalty not exceeding 5,000 rupees recoverable in manner provided by Act No. 2 of 1839.

XVI. And it is hereby enacted, that when and so often as the master of any ship or vessel registered in manner herein before directed shall be changed, the master or owner of such ship or vessel shall deliver to the person or persons hereinbefore authorized to make such registry and grant such certificates of registry at the port where such change shall take place, if it be a port within the territories of the East India Company, the certificate of registry belonging to such ship or vessel, who shall thereupon indorse and subscribe a memorandum of such change, and shall forthwith give notice of the same to the proper officer of the port or place where such ship or vessel was last registered pursuant to this Act, who shall likewise make a memorandum of the same in the book of registers which is hereby directed and required to be kept, and shall forthwith give notice thereof in like manner as of the original entry. XVII. And it is hereby enacted, that it shall not be lawful for any owner or owners of any ship or vessel, to give any name to such ship or vessel other than that by which she was first registered in pursuance of this Act, and that the owner or owners of all and every ship or vessel which shall be so registered, shall, before such ship or vessel after such registry, shall begin to take in any cargo, paint or cause to be painted, in white or yellow letters of a length of not less than four inches, upon a black ground on some conspicuous part of the stern, the name by which such ship or vessel shall have been registered pursuant to this Act, and the port to which she belongs in a distinct and legible manner, and shall so keep and preserve the same, and that if such owner or owners, or master or other person having or taking the charge or command of such ship or vessel, shall permit such ship or vessel to begin to take in cargo before the name of such ship or vessel has been so painted as aforesaid, or shall wilfully alter, erase, obliterate, or in any wise hide or conceal, or cause or procure or permit the same to be done or shall in any written or printed paper, or other document describe such ship or vessel by any name other than that by which she was first registered pursuant to this Act, or shall verbally describe, or cause or procure or permit such ship or vessel to be described by any other name to any Officer or Officers of Revenue in the due execution of his or their duty, then and in every such case the certificate of registry shall thenceforth become utterly void, and such owner or owners, or master or other person having or taking the charge or command of such ship or vessel shall be liable on information as aforesaid to a penalty not exceeding 10,000 rupees.

Provided always that if the certificate of registry shall at any time afterwards be found, the same shall be forthwith delivered to the proper Officers of Customs to be cancelled, and that no illegal use be made of the same, in default whereof the original certificate and the renewed certificate and license shall thenceforth become utterly void, and any person wilfully detaining the certificate so required to be cancelled, or making any illegal use thereof, shall be liable on conviction before any Justice in a penalty not exceeding 5000 rupees recoverable as aforesaid.

Detention of Certificate.

XX. And whereas it is not proper that any person under any pretence whatever should detain the certificate of registry of any ship or vessel, or hold the same for any purpose other than the lawful use and navigation of the ship or vessel for which it was granted, it is therefore hereby enacted, that in case any person who shall have received or obtained by any means or for any purpose whatever the certificate of the registry of any such ship or vessel (whether such person shall claim to be the master or to be the owner or one of the owners of such ship or vessel, or not,) shall wilfully detain and refuse to deliver up the same to the proper Officers of Customs, for the purposes of such ship or vessel, as occasion shall require, or to the person or persons having the actual command, possession, and management of such ship or vessel as the ostensible and reputed master, or as the ostensible and reputed owner or owners thereof, it may and shall be lawful to and for any such last mentioned person to make complaint on oath of such detainer and refusal to any Justice of the Peace residing near to the place where such detainer and refusal shall be, and on such complaint the said Justice shall and is hereby required by warrant under his hand and seal, to cause the person so complained against to be brought before him to be examined touching such detainer and refusal, and if it shall appear to the said Justice on examination of such person or otherwise that the said certificate of registry is not lost or mislaid, but is wilfully detained by the said person, such person shall be subject on conviction before such Justice to a penalty not exceeding 1.000 rupees, recoverable as aforesaid and the said Justice shall, and he is hereby required to certify the aforesaid detainer, refusal, and conviction to the person or persons who granted such certificate of registry for such ship or vessel who shall, on the terms and conditions of law being complied with make registry of such ship or vessel de novo, and grant a certificate thereof conformably to law, notifying on the back of such certificate the ground upon which the ship or vessel was so registered de novo; and if the person who shall have detained and refused to deliver up such certificate of registry as aforesaid, or shall be verily believed to have detained the same, shall have absconded so that the said warrant of the Justice cannot be executed upon him, and proof thereof shall be made to the satisfaction of the Registering Officer of the port at which the ship or vessel was registered, it shall be lawful for the said Officer to permit such ship or vessel to be registered de novo, or otherwise, in his discretion, to grant a license for the present use of such ship or vessel in like manner as is hereinbefore provided in the case wherein the certificate of registry is lost or mislaid.

And whereas it would tend much to the dispatch of business if the attendance of such Registering Officers with the same upon such trials were dispensed with, it is therefore hereby enacted, that the Registering Officer at any port or place, and the person or persons acting for them respectively, shall, upon every reasonable request by any person or persons whomsoever. produce and exhibit for his, her or their inspection and examination any declaration made by any such owner or owners, and also any register or entry in any book or books of registry required, and shall upon every reasonable request by any person or persons whomsoever, permit him, her, or them to take a copy or copies, or an extract or extracts thereof respectively, and that the copy and copies of any such oath or declaration, registry or entry, shall upon being proved to be true copy or copies thereof respectively, be allowed and received as evidence upon every trial at law, without the production of the original or originals, and without the testimony or attendance of any Registering Officer, or other person or persons acting for them respectively, in all cases, as fully and to all intents and purposes as such original or originals if produced by any Registering Officer, or other person or persons acting for them, could or might legally be admitted or received in evidence.

False declaration.

Falsifying documents.

XXIII. And it is hereby enacted, that if any person or persons shall falsely make declaration to any of the matters hereinbefore required to be verified by declaration, or if any person or persons shall counterfeit, erase, alter, or falsify any certificate or other instrument in writing required or directed to be obtained, granted, or produced by this Act, or shall knowingly or wilfully make use of any certificate or other instrument so counterfeited; erased, altered, falsified, or shall wilfully grant such certificate or other instrument in writing, knowing it to be false, such person or persons shall for every such offence be liable on conviction upon information as aforesaid to a penalty not exceeding 10,000 rupees. And if any such offence be committed by the owner of any ship or vessel, the certificate of such ship or vessel shall thenceforth be wholly void.

Ships of Native States.

XXIV. And it is hereby enacted, that when any ship or vessel duly registered under this Act, or sailing under the British Navigation Law, shall come to be owned by a Native Prince or State, or by any subject of such Native Prince or State as aforesaid, it shall be lawful for the Governor of Fort William in Bengal, or for the Governor in Council of any Presidency, to continue to such ship or vessel the privileges and advantages of a British ship for the purposes aforesaid by a pass to be issued under the Company's Seal and subscribed by a Secretary to Government, stating the voyage or voyages for which the same is to have effect, and the period for which it is to last; and it shall be lawful for the Governor of Fort William in Bengal, or the Governor in Council of any Presidency, to issue a similar pass conferring the privileges and advantages of a British ship for the purposes aforesaid under this Act to any ship or vessel built within the dominions of such Native Prince or State, and owned by such Prince or State, or by any of their subjects, provided always, that the ships belonging to Native Princes or States, or their subjects, in respect of which passes may be granted under this Act shall, during the voyage or voyages, or the period for which any such pass shall be granted be commanded by a subject of Her Majesty for whom the Governor General in Council has power to legislate.

Fees.

XXV. And it is hereby enacted, that the fees demandable in respect of the granting any certificate or pass under this Act shall be fixed from time to time according to the directions of the Governor General in Council, but so that the same shall not exceed the amount of fees now payable for registering or granting passes to ships or vessels at the different Presidencies.

Ports to which ships belong.

XXVI. And it is hereby declared and enacted, that all ships or vessels registered under this Act, shall be deemed to belong to the ports at which they shall be respectively registered. And all ships or vessels being registered or in respect of which passes may have been granted which are unexpired at the time of passing this Act, shall for the purpose of being deemed British ships be deemed to belong to the ports at which they may have been registered or when passes shall have been granted which are unexpired, at which such passes may have been respectively granted. And such ships or vessels built and owned as required by the Statute 3 and 4 Vict. Ch. 56, shall continue subject to all the rules in force at the respective Presidencies before the passing of this Act, touching the registering, measurement granting passes or other requisitions in respect of the same, and shall not be subject to the provisions of this Act, or any provisions of the Statute law, a compliance with which may heretofore have been necessary in order that ships or vessels built and owned as aforesaid might be deemed British ships for the purposes of trade.

T. H. MADDOCK,

Secy. to the Govt. of India.

IV. And be it further enacted, that in all cases of contempt, where any person or persons are, or is, or shall, at any time hereafter be in prison under or by reason of any commitment or attachment in Equity directed by or issued out of Her Majesty's Supreme Courts, such Court shall (upon the application of the person or persons against whom such commitment or attachment hath been directed or issued,) have the power if it shall so think fit, to discharge such person or persons from their, his, or her contempt, except as to the costs thereof, for which costs they, he, or she shall remain in custody, and such costs shall be deemed within the provisions of the last preceding Section of this Act—and they, he, or she shall be discharged therefrom, and from the process of contempts in like manner as in the last preceding Section of this Act provided for in cases of process of contempt for non-payment of money or costs. RULES RELATIVE TO THE BONDING OF RUM,

Produced at Licensed Distilleries worked in the European method. Such Rum being removed under Bond for exportation by Sea.

First.—Parties working under License, Distilleries constructed and worked in the European method, will be allowed to remove Rum there produced direct to Calcutta, without the previous payment of the Still Head Duty after executing a Bond to the Hon'ble the East India Company, binding themselves to pay Eight Annas per Wine Gallon being the consolidated Abkarry Tax,* and Still Head Duty for any portion of the Spirits so bonded, which may not be exported by Sea as Merchandize within four Calendar months from the date of the Bond.

* Leviable under Section 4, Clause 1st, Regulation VII. of 1824.

Second.—A Member of some established House of business in Calcutta to be one of the parties bound, and the parties bound to be jointly and severally answerable for any amount which may ultimately fall due under the Bond.

Third.—The Distillery and Apparatus will be considered as pledged* for any amount which may become due under the Bond.

* Under Section 10, Regulation II. of 1802.

Fourth.—The Board of Customs, Salt and Opium, may refuse the security tendered without assigning any cause.

Fifth.—Bonds will not be received for a less quantity of Rum than 1000 Wine Gallons, and no quantity of less than 1000 Wine Gallons will be allowed to be removed from the Distillery under Bond. No Spirits to be removed of a strength below London proof *

* The strength to be determined by Sykes's Hydrometer, the Instrument used by the Excise in England.

Sixth.—On the Bond being duly executed, an order with corresponding marks and numbers, will be issued to the Collector of Land Revenue or other Officer duly authorized, under whose supervision the Distillery is worked, directing him to permit the quantity bonded to pass from the Distillery without payment of the Still Head Duty, at the same time a true copy of the Bond will be forwarded to the Collector of Calcutta Customs.

Seventh.—The Darogah or other Officer in charge of the Distillery, will not allow any Cask of Rum to leave the Distillery without the following marks cut or legibly painted on the Cask:

1. The name of the Distillery and known mark of the Proprietor.
2. The quantity of Rum contained in the Cask.
3. The strength of the Rum *over* London proof, as for instance the marks for Dhobah will stand thus—

Rum
Wine Gallons.
B. & Co.
Dhobah.
* O. P. 5°.

* Meaning 5 degrees over or above London proof.

Eighth—The above marks must be put at each end of the Cask, the strength above London Proof must be declared and marked by the Proprietors themselves or their Agents, at the Distillery.

Ninth.—On the Rum being removed from the Distillery, the Collector of the District, or other Officer duly authorized will grant a Pass for its protection to Calcutta, (as is now done when Spirits pay the Still Head Duty) and then immediately make his return to the Board that they have been so removed.

Tenth.—The Calcutta Custom House to have no cognizance of the Rum until it is brought for exportation. If the Proprietors of Rum Distilleries or their Agents should rent a Godown on the Custom House Premises, the Rum as brought from the Distillery may of course be lodged in that Godown. But all Rum so lodged on the Custom House Premises must be considered as intended exclusively for export by Sea. In other words, no Rum lodged in Godowns on the Custom House Premises, can be passed into town subsequently, nor be passed otherwise on any account except for direct Sea Export.

Eleventh.—On Bengal Rum being brought to the Custom House for exportation, the exporting Parties shall declare in writing by what Bond it is protected, and shall produce the Pass of the Collector of Land Revenue, or other Officer duly authorized to grant Passes, and the Factory Invoice, it shall then be guaged for quantity, and proved to ascertain strength by a Custom House Officer. If the strength be not less than that shewn by the mark on the Cask, which Cask must be the same in which it was removed from the Distillery, the Rum shall be allowed to pass for Sea Export, and the quantity be written off on the copy of the Bond, which will previously have been furnished to the Collector of Sea Customs from the Office of the Board of Customs, Salt, and Opium. If the strength be less than the mark on the Cask, the Cask and Spirits in question shall be liable to confiscation and forfeiture to Government. No Rum shall be allowed to be exported below London Proof, and any brought to the Custom House below London Proof shall be confiscable to the Government.

Twelfth.—When the entire bonded quantity is written off upon the copy of the Bond, the Collector of Sea Customs shall return the said copy of the Bond (or otherwise certify the full exportation of the Rum covered by that Bond) to the Board of Customs, Salt and Opium, and the Bond in the Board's keeping shall then be cancelled.

Thirteenth.—If at the expiration of four months the entire quantity of Rum covered by any Bond shall not have been exported and written off as provided in the preceding Clause, the Board of Customs, Salt and Opium, on the same being certified to them by the Collector of Calcutta Customs, will proceed to recover the duty at the rate of 8 Annas per Wine Gallon, conditioned to be paid upon such quantity of Rum as may not have been exported under the said Bond.

Fourteenth.—It shall be the province of exporters to see that the exports made from time to time under Bond are properly written off or certified on the copy of such Bond which is in possession of the Collector of Calcutta Customs, and they the exporters shall testify that it was correctly so written off by their signature to the entry.

Fifteenth.—Time-expired Bonds shall be renewable under the authority of the Board of Customs, Salt and Opium, in the event of its being shewn to the satisfaction of the Board that the parties executing the Bond have been unable, from the occurrence of some unforeseen obstacle or accident, to export the entire bonded quantity within the period of the currency of the Bond. It is to be fully understood however, that the Board reserve to themselves the power of declining to renew time-expired Bonds without assigning any reason for so doing, in which case the duty of 8 Annas per Gallon on the unexported quantity shall be levied.

Sixteenth.—A Shipment of Rum, being 1,000 Wine Gallons or upwards, is entitled to drawback of the consolidated Still Head or Abkarry Duty of 8 Annas per Gallon, whether paid in cash or secured by Bond, being subject to the prescribed Export Customs Duty.

Seventeenth.—A shipment of Rum being less than 1,000 Wine Gallons will not be entitled to drawback of Still Head or Abkarry Duty whether paid in cash or secured by Bond; the Customs Duty will not be leviable on such Shipments.

Eighteenth.—A maximum allowance, as per following scale, will be made on account of ullage and leakage on Rum brought to Calcutta from the Mofussil for exportation by Sea:

For a distance not exceeding	100	Miles	5 per Cent.
Ditto, ditto.	200	Do.	7½ ditto.
For all distances in excess of	200	Do.	10 ditto.

The Collector has no objection to pass Packages, which are intended for private use, and not for Sale, unopened—provided that at the time they are applied for, satisfactory proof of their contents in the shape of Invoices, Bills, or Letters of Advice are produced. In the absence of these documents, owners should depute a person to be present at the opening of their Packages.

The Collector has nothing to do with the landing of Packages from Ships, nor with forwarding them to their owners or destinations.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN and MATTHEWS, he begs to assure his numerous friends and well wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

Rules of Measurement.

VIII. And it is hereby enacted, that from and after the commencement of this Act the tonnage of every ship or vessel required by law to be registered, shall, previous to her being registered, be measured and ascertained while her hold is clear, and according to the following rule; (that is to say) divide the length of the upper deck between the afterpart of the stem and the forepart of the stern post into six equal parts. Depths: at the foremost, the middle, and the aftermost of those points of division, measure in feet and decimal parts of a foot the depths from the underside of the upper deck to the ceiling at the limber strake. In the case of a break in the upper deck, the depths are to be measured from a line stretched in a continuation of the deck. Breadths: divide each of those three depths into five equal parts and measure the inside breadths at the following points, videlicet, at one-fifth and at four-fifths from the upper deck of the foremost and aftermost depths, and at two-fifths and four-fifths from the upper deck of the midship depth. Length: at half the midship depth measure the length of the vessel from the afterpart of the stem to the forepart of the stern-post, then to twice the midship depth add the foremost and the aftermost depths for the sum of the depths; add together the upper and lower breadths at the foremost division, three times the upper breadth, and the lower breadth at the midship division, and the upper and twice the lower breadth at the after division, for the sum of the breadths; then multiply the sum of the depths by the sum of the breadths, and this product by the length, and divide the final product by three thousand five hundred, which will give the number of tons for register. If the vessel have a poop or half deck, or a break in the upper deck, measure the inside mean length, breadth and height of such part thereof as may be included within the bulk head; multiply these three measurements together, and dividing the product by 92.4 the quotient will be the number of tons to be added to the result as above found. In order to ascertain the tonnage of open vessels, the depths are to be measured from the upper edge of the upper strake.

Measurement of Steam-vessels.

IX. And it is hereby provided, that in each of the several rules hereinbefore prescribed, when applied for the purpose of ascertaining the tonnage of any ship or vessel propelled by steam, the tonnage due to the cubical contents of the engine room shall be deducted from the total tonnage of the vessel as determined by either of the rules aforesaid, and the remainder shall be deemed the true register tonnage of the said ship or vessel. The tonnage due to the cubical contents of the engine room shall be determined in the following manner; that is to say, measure the inside length of the engine room in feet and decimal parts of a foot from the foremost to the aftermost bulk-head, then multiply the said length by the depth of the ship or vessel at the midship division as aforesaid, and the product by the inside breadth at the same division at two-fifths of the depth from the deck taken as aforesaid, and divide the last product by 92.4, and the quotient shall be deemed the tonnage due to the cubical contents of the engine room.

Alterations in Steam-vessels requiring new Registry.

X. And it is hereby provided, that the tonnage due to the cubical contents of the engine room and also the length of the engine room shall be set forth in the certificate of registry as part of the description of the ship or vessel, and that any alteration of such tonnage due to the cubical contents of the engine room, or of such length of the engine room, after registry, shall be deemed to be an alteration requiring registry de novo within the meaning of the said Act for the registering of ships or vessels.

Measurement of laden vessels.

XI. And it is hereby enacted, that for the purpose of ascertaining the tonnage of all such ships whether belonging to the United Kingdom or otherwise, as there shall be occasion to measure while their cargoes are on board, the following rule shall be observed and is hereby established; (that is to say,) measure, first the length on the upper deck between the afterpart of the stem and the forepart of the stern-post; secondly, the inside breadth on the underside of the upper deck at the middle point of the length; and, thirdly, the depth from the underside of the upper deck down the pump-well to the skin, multiply these three dimensions together, and divide the product by one hundred and thirty, and the quotient will be the amount of the register tonnage of such ships.

Registered tonnage to be marked.

XII. And it is hereby enacted, that the true amount of the register tonnage of every merchant ship or vessel belonging to the United Kingdom, to be ascertained according to the rule by this Act established in respect of such ships, shall be deeply carved or cut in figures of at least three inches in length on the main beam of every such ship or vessel, prior to her being registered.

Country Craft not exceeding 200 tons.

XIII. And it is hereby provided that Country Craft employed in Coasting voyages not exceeding the burden of 200 tons, may be registered and the tonnage marked according to rules to be prescribed from time to time by the respective local Governments.

Registered tonnage to be repeated in every subsequent register.

XIV. And it is hereby enacted, that whenever the tonnage of any ship or vessel shall have been ascertained according to the rules herein prescribed such account of tonnage shall ever after be deemed the tonnage of such ship or vessel, and shall be repeated in every subsequent registry of such ship or vessel, unless it shall happen that any alteration has been made in the form of burthen of such ship or vessel, or it shall be discovered that the tonnage of such ship or vessel had been erroneously taken and computed.

Fraudulent use of Certificate.

XV. And it is hereby enacted, that if such certificate as aforesaid shall be sold, lent, or otherwise disposed of to any person or persons whatever than those for whose use it is granted, or shall be made use of for the service of any other ship or vessel than the ship or vessel for which it is granted, such certificate shall thenceforth be utterly void, and the master or any owner of the ship or vessel who shall be proved to have sold, lent, or disposed of such certificate or made use of the same as aforesaid, or shall have concurred in or been privy to the committing any such offence, shall be liable upon conviction by information as aforesaid to a penalty not exceeding 10,000 rupees. And in case such ship or vessel shall be lost or taken by the enemy, burnt, or broken up, or otherwise prevented from returning to the port at which she is registered, or shall on any account have lost and forfeited the privileges of a British ship, or shall have been seized and legally condemned for illicit trading, or shall have been taken in execution for debt and sold by due process of law, or shall have been sold to the Crown or the East India Company, or shall under any circumstances have been registered de novo, the certificate, if preserved, shall be delivered up, within one month after the arrival of the master in any port or place in the territories of the East India Company to the Registering Officer at such port, in default whereof the master or any of the owners shall be liable on conviction by information as aforesaid in a penalty not exceeding 5,000 rupees And if any person not being such subject as aforesaid shall purchase or otherwise become entitled to the whole or to any part or share of or any interest in such ship or vessel, and the same shall be within the limits of any port of the territories of the East India Company, then and in such case the certificate of registry shall within seven days after such purchase or transfer of property in such ship or vessel, be delivered up to the Registering Officer at such port, and if such ship or vessel shall be in any place not within the territories of the East India Company when such purchase or transfer of property shall take place, then the certificate shall be delivered up within fourteen days after the arrival of such ship or vessel, or of the master thereof in any port of the territories of the East India Company to the Registering Officer at such port in default whereof the master or any of the owners shall be liable on conviction before any Justice of the Peace in a penalty not exceeding 5,000 rupees recoverable in manner provided by Act No. 2 of 1839.

Change of Master.

XVI. And it is hereby enacted, that when and so often as the master of any ship or vessel registered in manner herein before directed shall be changed, the master or owner of such ship or vessel shall deliver to the person or persons hereinbefore authorized to make such registry and grant such certificates of registry at the port where such change shall take place, if it be a port within the territories of the East India Company, the certificate of registry belonging to such ship or vessel, who shall thereupon indorse and subscribe a memorandum of such change, and shall forthwith give notice of the same to the proper officer of the port or place where such ship or vessel was last registered pursuant to this Act, who shall likewise make a memorandum of the same in the book of registers which is hereby directed and required to be kept, and shall forthwith give notice thereof in like manner as of the original entry. But if the change do not take place in any port within the territories of the East India Company, then such delivery, memorandum and indorsement shall be made and notice given at the first port within the territories of the East India Company at which the new master shall arrive after such change. In default of which delivery of the certificate such new master or any of the owners shall be liable on conviction before a Justice of the Peace, to a penalty not exceeding 5,000 rupees recoverable as aforesaid.

Name of Ship.

XVII. And it is hereby enacted, that it shall not be lawful for any owner or owners of any ship or vessel, to give any name to such ship or vessel other than that by which she was first registered in pursuance of this Act, and that the owner or owners of all and every ship or vessel which shall be so registered, shall, before such ship or vessel after such registry, shall begin to take in any cargo, paint or cause to be painted, in white or yellow letters of a length of not less than four inches, upon a black ground on some conspicuous part of the stern, the name by which such ship or vessel shall have been registered pursuant to this Act, and the port to which she belongs in a distinct and legible manner, and shall so keep and preserve the same, and that if such owner or owners, or master or other person having or taking the charge or command of such ship or vessel, shall permit such ship or vessel to begin to take in cargo before the name of such ship or vessel has been so painted as aforesaid, or shall wilfully alter, erase, obliterate, or in any wise hide or conceal, or cause or procure or permit the same to be done or shall in any written or printed paper, or other document describe such ship or vessel by any name other than that by which she was first registered pursuant to this Act, or shall verbally describe, or cause or procure or permit such ship or vessel to be described by any other name to any Officer or Officers of Revenue in the due execution of his or their duty, then and in every such case the certificate of registry shall thenceforth become utterly void, and such owner or owners, or master or other person having or taking the charge or command of such ship or vessel shall be liable on information as aforesaid to a penalty not exceeding 10,000 rupees.

XVIII. And it is hereby enacted, that all and every person and persons who shall apply for a certificate of the registry of any ship or vessel shall, and they are hereby required to produce to the person or persons authorized to grant such certificate, a true and full particular under the hand of the builder of such ship or vessel, or in case the want of such certificate can be satisfactorily accounted for, then to produce other sufficient evidence of the proper denomination, and of the time when and the place where such ship or vessel was built, and also an exact account of the tonnage of such ship or vessel, and shall also make and subscribe a declaration before the person or persons hereinbefore authorized to grant such certificate that the ship or vessel for which such certificate is required is the same with that which is so described by the builder as aforesaid.

Certificate lost or mislaid.

XIX. And it is hereby enacted, that if the certificate of registry of any ship or vessel shall be lost or mislaid, so that the same cannot be found or obtained for the use of such ship or vessel when needful, and proof thereof shall be made to the satisfaction of the Registering Officer of the port at which the ship is registered, such Officer shall and may, where the certificcate shall have been lost or mislaid, permit such ship or vessel to be registered de novo, and a certificate thereof to be granted. Provided always that if such ship or vessel be absent and far distant from the port to which she belongs, or by reason of the absence of the owner or owners, or of any other impediment, registry of the same cannot then be made in sufficient time, such Registering Officer shall and may grant a license for the present use of such ship or vessel, which license shall for the time and to the extent specified therein, and no longer, be of the same force and virtue as a certificate of registry granted under this Act. Provided always that if the certificate of registry shall at any time afterwards be found, the same shall be forthwith delivered to the proper Officers of Customs to be cancelled, and that no illegal use be made of the same, in default whereof the original certificate and the renewed certificate and license shall thenceforth become utterly void, and any person wilfully detaining the certificate so required to be cancelled, or making any illegal use thereof, shall be liable on conviction before any Justice in a penalty not exceeding 5000 rupees recoverable as aforesaid.

Detention of Certificate.

XX. And whereas it is not proper that any person under any pretence whatever should detain the certificate of registry of any ship or vessel, or hold the same for any purpose other than the lawful use and navigation of the ship or vessel for which it was granted, it is therefore hereby enacted, that in case any person who shall have received or obtained by any means or for any purpose whatever the certificate of the registry of any such ship or vessel (whether such person shall claim to be the master or to be the owner or one of the owners of such ship or vessel, or not,) shall wilfully detain and refuse to deliver up the same to the proper Officers of Customs, for the purposes of such ship or vessel, as occasion shall require, or to the person or persons having the actual command, possession, and management of such ship or vessel as the ostensible and reputed master, or as the ostensible and reputed owner or owners thereof, it may and shall be lawful to and for any such last mentioned person to make complaint on oath of such detainer and refusal to any Justice of the Peace residing near to the place where such detainer and refusal shall be, and on such complaint the said Justice shall and is hereby required by warrant under his hand and seal, to cause the person so complained against to be brought before him to be examined touching such detainer and refusal, and if it shall appear to the said Justice on examination of such person or otherwise that the said certificate of registry is not lost or mislaid, but is wilfully detained by the said person, such person shall be subject on conviction before such Justice to a penalty not exceeding 1,000 rupees, recoverable as aforesaid and the said Justice shall, and he is hereby required to certify the aforesaid detainer, refusal, and conviction to the person or persons who granted such certificate of registry for such ship or vessel who shall, on the terms and conditions of law being complied with make registry of such ship or vessel de novo, and grant a certificate thereof conformably to law, notifying on the back of such certificate the ground upon which the ship or vessel was so registered de novo; and if the person who shall have detained and refused to deliver up such certificate of registry as aforesaid, or shall be verily believed to have detained the same, shall have absconded so that the said warrant of the Justice cannot be executed upon him, and proof thereof shall be made to the satisfaction of the Registering Officer of the port at which the ship or vessel was registered, it shall be lawful for the said Officer to permt such ship or vessel to be registered de novo, or otherwise, in his discretion, to grant a license for the present use of such ship or vessel in like manner as is hereinbefore provided in the case wherein the certificate of registry is lost or mislaid.

Registration de novo.

XXI. And it is hereby enacted, that if any ship or vessel after she shall have been registered pursuant to the directions of this Act, shall in any manner whatever be altered so as not to correspond with all the particulars contained in the certificate of her registry, or if any alteration shall take place in the ownership of any ship or vessel, or of any share or shares thereof, in such cases such ship or vessel shall be registered de novo in manner hereinbefore required as soon as she returns to the port to which she belongs, or to any other port within the territories of the East India Company, on failure whereof such ship or vessel shall be deemed to be a ship or vessel not duly registered, and any person making use of a certificate for the purposes of any ship or vessel which has been granted in respect of the same, after the same ought to have been registered, de novo, shall be liable on conviction before any Justice to a penalty not exceeding 5,000 rupees recoverable as aforesaid.

Testimony of Registering Officers.

XXII. And whereas great inconvenience may arise from the Registering Officers being served with subpœnas requiring them to bring with them and produce, on trials in Courts of Law relative to the ownership of vessels, or otherwise the declarations required to be taken by the owners thereof prior to the registering thereof, and the books of registry, or copies or extracts therefrom. And whereas it would tend much to the dispatch of business if the attendance of such Registering Officers with the same upon such trials were dispensed with, it is therefore hereby enacted, that the Registering Officer at any port or place, and the person or persons acting for them respectively, shall, upon every reasonable request by any person or persons whomsoever, produce and exhibit for his, her or their inspection and examination any declaration made by any such owner or owners, and also any register or entry in any book or books of registry required, and shall upon every reasonable request by any person or persons whomsoever, permit him, her, or them to take a copy or copies, or an extract or extracts thereof respectively, and that the copy and copies of any such oath or declaration, registry or entry, shall upon being proved to be true copy or copies thereof respectively, be allowed and received as evidence upon every trial at law, without the production of the original or originals, and without the testimony or attendance of any Registering Officer, or other person or persons acting for them respectively, in all cases, as fully and to all intents and purposes as such original or originals if produced by any Registering Officer, or other person or persons acting for them, could or might legally be admitted or received in evidence.

False declaration.

Falsifying documents.

XXIII. And it is hereby enacted, that if any person or persons shall falsely make declaration to any of the matters hereinbefore required to be verified by declaration, or if any person or persons shall counterfeit, erase, alter, or falsify any certificate or other instrument in writing required or directed to be obtained, granted, or produced by this Act, or shall knowingly or wilfully make use of any certificate or other instrument so counterfeited, erased, altered, falsified, or shall wilfully grant such certificate or other instrument in writing, knowing it to be false, such person or persons shall for every such offence be liable on conviction upon information as aforesaid to a penalty not exceeding 10,000 rupees. And if any such offence be committed by the owner of any ship or vessel, the certificate of such ship or vessel shall thenceforth be wholly void.

Ships of Native States.

XXIV. And it is hereby enacted, that when any ship or vessel duly registered under this Act, or sailing under the British Navigation Law, shall come to be owned by a Native Prince or State, or by any subject of such Native Prince or State as aforesaid, it shall be lawful for the Governor of Fort William in Bengal, or for the Governor in Council of any Presidency, to continue to such ship or vessel the privileges and advantages of a British ship for the purposes aforesaid by a pass to be issued under the Company's Seal and subscribed by a Secretary to Government, stating the voyage or voyages for which the same is to have effect, and the period for which it is to last; and it shall be lawful for the Governor of Fort William in Bengal, or the Governor in Council of any Presidency, to issue a similar pass conferring the privileges and advantages of a British ship for the purposes aforesaid under this Act to any ship or vessel built within the dominions of such Native Prince or State, and owned by such Prince or State, or by any of their subjects, provided always, that the ships belonging to Native Princes or States, or their subjects, in respect of which passes may be granted under this Act shall, during the voyage or voyages, or the period for which any such pass shall be granted be commanded by a subject of Her Majesty for whom the Governor General in Council has power to legislate.

Fees.

XXV. And it is hereby enacted, that the fees demandable in respect of the granting any certificate or pass under this Act shall be fixed from time to time according to the directions of the Governor General in Council, but so that the same shall not exceed the amount of fees now payable for registering or granting passes to ships or vessels at the different Presidencies.

Ports to which ships belong.

XXVI. And it is hereby declared and enacted, that all ships or vessels registered under this Act, shall be deemed to belong to the ports at which they shall be respectively registered. And all ships or vessels being registered or in respect of which passes may have been granted which are unexpired at the time of passing this Act, shall for the purpose of being deemed British ships be deemed to belong to the ports at which they may have been registered or when passes shall have been granted which are unexpired, at which such passes may have been respectively granted. And such ships or vessels built and owned as required by the Statute 3 and 4 Vict. Ch. 56, shall continue subject to all the rules in force at the respective Presidencies before the passing of this Act, touching the registering, measurement granting passes or other requisitions in respect of the same, and shall not be subject to the provisions of this Act, or any provisions of the Statute law, a compliance with which may heretofore have been necessary in order that ships or vessels built and owned as aforesaid might be deemed British ships for the purposes of trade.

T. H. MADDOCK,

Secy. to the Govt. of India.

PROCLAMATION.

The Governor General of India in Council hereby declares that all ships and vessels built or to be built within the limits of the Charter of the East India Company (as those limits are defined by the Statute 3d and 4th of Queen Victoria Cap. 56 entitled "An Act further to regulate the trade of ships built and trading within the limits of the East India Company's Charter,") being owned by Her Majesty's subjects for whom the said Governor General in Council has power to legislate and belonging under the provisions of the Act passed by the Governor General in Council No. X. of 1841, to any ports in the territories under the Government of the East India Company shall be deemed to be British ships for all purposes of trade within the said limits, including the Cape of Good Hope and the territories and dependencies thereof.

RULES RELATIVE TO THE BONDING OF RUM,

Produced at Licensed Distilleries worked in the European method. Such Rum being removed under Bond for exportation by Sea.

First.—Parties working under License, Distilleries constructed and worked in the European method, will be allowed to remove Rum there produced direct to Calcutta, without the previous payment of the Still Head Duty after executing a Bond to the Hon'ble the East India Company, binding themselves to pay Eight Annas per Wine Gallon being the consolidated Abkarry Tax,* and Still Head Duty for any portion of the Spirits so bonded, which may not be exported by Sea as Merchandize within four Calendar months from the date of the Bond.

Second.—A Member of some established House of business in Calcutta to be one of the parties bound, and the parties bound to be jointly and severally answerable for any amount which may ultimately fall due under the Bond.

Third.—The Distillery and Apparatus will be considered as pledged* for any amount which may become due under the Bond.

Fourth.—The Board of Customs, Salt and Opium, may refuse the security tendered without assigning any cause.

Fifth.—Bonds will not be received for a less quantity of Rum than 1000 Wine Gallons, and no quantity of less than 1000 Wine Gallons will be allowed to be removed from the Distillery under Bond. No Spirits to be removed of a strength below London proof.*

Sixth.—On the Bond being duly executed, an order with corresponding marks and numbers, will be issued to the Collector of Land Revenue or other Officer duly authorized, under whose supervision the Distillery is worked, directing him to permit the quantity bonded to pass from the Distillery without payment of the Still Head Duty, at the same time a true copy of the Bond will be forwarded to the Collector of Calcutta Customs.

Seventh.—The Darogah or other Officer in charge of the Distillery, will not allow any Cask of Rum to leave the Distillery without the following marks cut or legibly painted on the Cask:

1. The name of the Distillery and known mark of the Proprietor.
2. The quantity of Rum contained in the Cask.
3. The strength of the Rum *over* London proof, as for instance the marks for Dhobah will stand thus—

Rum
Wine Gallons.
B. & Co.
Dhobah.
* O. P. 5°.

Eighth.—The above marks must be put at each end of the Cask, the strength above London Proof must be declared and marked by the Proprietors themselves or their Agents, at the Distillery.

Ninth—On the Rum being removed from the Distillery, the Collector of the District, or other Officer duly authorized will grant a Pass for its protection to Calcutta, (as is now done when Spirits pay the Still Head Duty) and then immediately make his return to the Board that they have been so removed.

Tenth.—The Calcutta Custom House to have no cognizance of the Rum until it is brought for exportation. If the Proprietors of Rum Distilleries or their Agents should rent a Godown on the Custom House Premises, the Rum as brought from the Distillery may of course be lodged in that Godown. But all Rum so lodged on the Custom House Premises must be considered as intended exclusively for export by Sea. In other words, no Rum lodged in Godowns on the Custom House Premises, can be passed into town subsequently, nor be passed otherwise on any account except for direct Sea Export.

Eleventh.—On Bengal Rum being brought to the Custom House for exportation, the exporting Parties shall declare in writing by what Bond it is protected, and shall produce the Pass of the Collector of Land Revenue, or other Officer duly authorized to grant Passes, and the Factory Invoice, it shall then be guaged for quantity, and proved tó ascertain strength by a Custom House Officer. If the strength be not less than that shewn by the mark on the Cask, which Cask must be the same in which it was removed from the Distillery, the Rum shall be allowed to pass for Sea Export, and the quantity be written off on the copy of the Bond, which will previously have been furnished to the Collector of Sea Customs from the Office of the Board of Customs, Salt, and Opium. If the strength be less than the mark on the Cask, the Cask and Spirits in question shall be liable to confiscation and forfeiture to Government. No Rum shall be allowed to be exported below London Proof, and any brought to the Custom House below London Proof shall be confiscable to the Government.

---

* Leviable under Section 4, Clause 1st, Regulation VII. of 1824.

* Under Section 10, Regulation II. of 1802.

* The strength to be determined by Sykes's Hydrometer, the Instrument used by the Excise in England.

* Meaning 5 degrees over or above London proof.

Twelfth.—When the entire bonded quantity is written off upon the copy of the Bond, the Collector of Sea Customs shall return the said copy of the Bond (or otherwise certify the full exportation of the Rum covered by that Bond) to the Board of Customs, Salt and Opium, and the Bond in the Board's keeping shall then be cancelled.

Thirteenth.—If at the expiration of four months the entire quantity of Rum covered by any Bond shall not have been exported and written off as provided in the preceding Clause, the Board of Customs, Salt and Opium, on the same being certified to them by the Collector of Calcutta Customs, will proceed to recover the duty at the rate of 8 Annas per Wine Gallon, conditioned to be paid upon such quantity of Rum as may not have been exported under the said Bond.

Fourteenth.—It shall be the province of exporters to see that the exports made from time to time under Bond are properly written off or certified on the copy of such Bond which is in possession of the Collector of Calcutta Customs, and they the exporters shall testify that it was correctly so written off by their signature to the entry.

Fifteenth.—Time-expired Bonds shall be renewable under the authority of the Board of Customs, Salt and Opium, in the event of its being shewn to the satisfaction of the Board that the parties executing the Bond have been unable, from the occurrence of some unforeseen obstacle or accident, to export the entire bonded quantity within the period of the currency of the Bond. It is to be fully understood however, that the Board reserve to themselves the power of declining to renew time-expired Bonds without assigning any reason for so doing, in which case the duty of 8 Annas per Gallon on the unexported quantity shall be levied.

Sixteenth.—A Shipment of Rum, being 1,000 Wine Gallons or upwards, is entitled to drawback of the consolidated Still Head or Abkarry Duty of 8 Annas per Gallon, whether paid in cash or secured by Bond, being subject to the prescribed Export Customs Duty.

Seventeenth.—A shipment of Rum being less than 1,000 Wine Gallons will not be entitled to drawback of Still Head or Abkarry Duty whether paid in cash or secured by Bond; the Customs Duty will not be leviable on such Shipments.

Eighteenth.—A maximum allowance, as per following scale, will be made on account of ullage and leakage on Rum brought to Calcutta from the Mofussil for exportation by Sea:

For a distance not exceeding	100	Miles	5	per Cent.
Ditto, ditto.	200	Do.	7½	ditto.
For all distances in excess of	200	Do.	10	ditto.

By Order of the Board of Customs, Salt and Opium, the 15th July, 1841,

H. TORRENS, *Secretary.*

ABKARRY.—Notice is hereby given, that from and after the 15th instant, Rum brought into Calcutta from Distilleries in the Suburbs will be subject to payment of Abkarry Tax at the ordinary consolidated rate of Eight Annas (Company's) per Gallon, instead of the Still-head Duty of Six Annas (Sicca) hitherto levied.

Parties desirous of bringing Rum into Calcutta under Bond, can be furnished with instructions for so doing by application at this Office.

By Order of the Board of Customs, Salt and Opium, the 10th July, 1841,

H. TORRENS, *Secy.*

Messrs. GRINDLAY, CHRISTIAN, & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN and MATTHEWS, he begs to assure his numerous friends and well wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance,—its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, tried and vouched for by a large proportion of those whose engagements led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness

In conclusion, Messrs. GRINDLAY, CHRISTIAN and MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to *transact every description of business connected with India and the Colonies.*

Order of sale.

XIV. And it is hereby enacted, that on the day of sale fixed according to Section III. of this Act, sales shall proceed in regular order; the estate to be sold bearing the lowest number on the Towjee or registers in use in the Collector's Office of the District being put up first, and so on, in regular sequence; and it shall not be lawful for the Collector or other Officer as aforesaid to put up any estate out of its regular order by number.

XVI. And it is hereby enacted, that the full amount of purchase money shall be made good by the purchaser before sun set of the thirtieth day from that on which the sale of the estate bought by him took place, reckoning that day as one of the thirty: or if the thirtieth day be a Sunday or other close holiday, then on the first office day after the thirtieth: and in default of payment within the prescribed period as aforesaid, then and afterwards as often as such default shall occur, the deposit shall be forfeited to Government, the estate shall be resold, and the defaulting purchaser shall forfeit all claim to the estate, or to any part of the sum for which it may subsequently be sold, and in the event of the proceeds of the sale which may be eventually consummated being less than the price bid by the defaulting bidder aforesaid, the difference shall be leviable from him by any process authorized for realizing an arrear of public Revenue, and it shall be so levied and credited to the defaulting proprietor of the estate sold, and if default of payment of purchase money shall have occurred more than once, the defaulting bidders shall be held jointly and severally responsible for such difference to the extent of the amount of their respective bids. Provided always, that every such re-sale shall be made after notification and in the forms prescribed by Section VIII. of this Act.

Rents stopped after notice for sale.

XVII. And it is hereby enacted, that whenever an estate shall have been sold as aforesaid, the Collector, or other Officer as aforesaid, shall affix a proclamation in the language of the District in his Cutcherry; and as soon thereafter as may be in the Cutcherries of the Moonsiffs and of the Darogahs of Police, within whose jurisdiction or jurisdictions any part of such estate may be situated; and also at the Cutcherry of the Malgoozar of such estate; or on some conspicuous place on such estate, forbidding the ryots and under-tenants of such estate to pay rent falling due subsequent to the date therein specified and up to the date of the subsequent notice hereinafter prescribed by Section XXI. of this Act, on pain of not being entitled to credit in their accounts with the purchaser for any sums paid within the period aforesaid.

XVIII. And it is hereby enacted, that it shall be lawful for the Commissioner of Revenue to receive an appeal against any sale made under this Act if preferred to him on or before the fifteenth day from the date of sale, reckoning as in Section XVI., or if preferred to the Collector for transmission to the Commissioner on or before the tenth day from the day of sale, and not other-

wise: and the Commissioner shall be competent in every case of appeal so preferred, to annul any sale of an estate made under this Act, which shall appear to him not to have been conducted according to the provisions of this Act, awarding at the same time to the purchaser a payment from the proprietor of any moderate compensation, for his loss, if the sale shall have been occasioned by neglect of the proprietor, such compensation not to exceed interest, at the current rate of Government Securities, on the amount of deposit or balance of purchase money during the period of its being retained in the Collector's Office, and the order of the Commissioner shall, in such cases, be final.

Government may restore Estate.

XIX. And it is hereby enacted, that it shall be competent to the Commissioner of Revenue on the ground of hardship or injustice to suspend the passing of final orders in any case of appeal from a sale and to represent the case to the Sudder Board of Revenue, who, if they see cause, may recommend to the Local Government to annul the sale; and the Local Government in any such case, may annul the sale and cause the estate to be restored to the proprietor on such conditions as may appear equitable and proper.

Sale when to be final.

XX. And it is hereby enacted, that all sales of which the purchase money has been paid up as prescribed in Section XVI. of this Act, and against which no appeal shall have been preferred, shall be final and conclusive at noon of the thirtieth day from the day of sale, reckoning the said day of sale, as the first of the said thirty days. And sales against which an appeal may have been preferred, and the appeal dismissed by the Commissioner, shall be final and conclusive from the date of such dismissal, if more than thirty days from the day of sale, or if less, then at noon of the thirtieth day as above provided.

Certificate of Title.

XXI. And it is hereby enacted, that immediately upon a sale becoming final and conclusive, the Collector or other Officer as aforesaid, shall give to the purchaser a Certificate of title in the following form:

Provided that an appeal from any order passed under this Section shall lie to the Revenue Commissioner, whose decision shall be final.

Default.

XXXIII. And it is hereby enacted, that a default to make good a bid by making the deposit required by Section XV. of this Act shall be held to be a contempt.

Regulation V. 1812, to enhance at discretion, (any thing in the existing Regulations to the contrary notwithstanding) the rents of all under-tenures in the said estate, and to eject all tenants thereof, with the following exceptions:

First. Tenures which were held as Istemraree or Mocurreree at a fixed rent, more than 12 years before the permanent Settlement.

Secondly. Tenures existing at the time of the Decennial Settlement, which have not been, or may not be, proved to be liable to encrease of assessment, on the grounds stated in Section LI. Regulation VIII. of 1793.

Thirdly. Lands held by Khood Kasht or Kudeemee Ryots having rights of occupancy at fixed rents or at rents assessable according to fixed rules under the Regulations in force.

Fourthly. Lands held under bonâ fide leases, at fair rents, temporary or perpetual, for the erection of dwelling houses, or manufactories, or for mines, gardens, tanks, canals, places of worship, burying grounds, clearing of jungle, or like beneficial purposes, such lands continuing to be used for the purposes specified in the leases.

Fifthly. Farms granted in good faith at fair rents and for specified areas by a former proprietor, for terms not exceeding twenty years, under written leases, registered within a month from their date. Provided that a written notice, specifying full particulars of the position, rent and area of the lands, the terms of the lease and the names of the parties shall at the same time be given by the latter to the Collector in every case and the Collector shall be at liberty to object to the same in the event of his

seeing reason to believe that the security of the Public Revenue will be materially affected thereby. The exception declared in this Clause shall not extend to leases objected to by the Collector, by a notification to be fixed up in his Office, with the sanction of the Commissioner, within three months of the date of the notice so made to him by the parties. Provided also, that a purchaser of an estate at a sale for arrears of Revenue shall be at liberty by suit in Court to set aside all such farms although the same be under written and duly registered leases and although such notice may have been given as aforesaid, if the same shall not have been granted in good faith at fair rents.

Under-tenures elsewhere.

XXVIII. And it is hereby enacted, that the purchaser of an estate sold under this Act for the recovery of arrears due on account of the same in Districts other than those mentioned in Section XXVII. shall acquire the estate free from all encumbrances which may have been imposed upon it after the time of settlement, and shall be competent to avoid and annul all tenures which may have originated with the defaulter or his predecessors, being representatives or assignees of the original engager, as well as all agreements with ryots or the like settled or credited by the first engager or his representatives, subsequently to the last Settlement, as well as all tenures which the first engager may, under the conditions of his settlement, have been competent to set aside, alter, or renew, saving always and except bonâ fide leases of ground for the erection of dwelling houses, or buildings, or for offices thereunto belonging, or for gardens, tanks, canals, water-courses, or the like purposes, which leases or engagements shall, so long as the land is duly appropriated to such purposes, and the stipulated rent paid, continue in force and effect. Provided that nothing in this Act contained shall be construed to entitle any purchaser of land at a public sale to demand a higher rate of rent from any persons whose tenure or agreement may be annulled as aforesaid than was demandable by the former Malgoozar, except in cases in which such persons may have held their lands under engagements, stipulating for a lower rate of rent than would have been justly demandable for the land, in consequence of abatements having been granted by the former Malgoozars from the old established rates by special favour, or for a consideration, or the like, or in cases in which it may be proved that according to the custom of the Pergunnah, Mouzah, or other local division such persons are liable to be called upon for any new assessment, or other demand not interdicted by the Regulations of Government.

Local Government may reserve all under tenures.

XXIX. And it is hereby enacted, that it shall be competent to the Local Government when it shall seem proper at any time before a sale for arrear shall have been actually made, to direct it to be made, subject to the leases, assignments, or other incumbrances, with which a proprietor in possession, his ancestors, or predecessors may have burthened his assessed Estate, or to such of them as shall appear proper. In all such cases, notice of the condition imposed by the Local Government shall be given by the Collector at the time of calling up the lot for sale, and such further notification shall be made as the Local Government may direct: provided, however, that in case the sale so restricted shall not realize an amount equal to the arrear due at the time of sale, or there shall appear ground to apprehend, that by reason of the restriction the future realization of the Revenue will be endangered, it shall be competent to the Local Government at any time before such restricted sale shall have become final and conclusive in the manner laid down in Section XX of this Act, to direct the sale to be cancelled, and a new sale of the estate to be made without other restrictions than those contained in the exceptions specified in Clauses 1 to 5 of Sec. XXVII. of this Act. If after the Sale has become final and conclusive, occasion should again arise to bring to sale for arrears an estate purchased with a restriction of the above description, it shall at all times be competent to the Local Government to direct that the *Muhal* shall be sold without any other restriction than those contained in the exceptions specified in Clauses 1 to 5 of Sec. XXVII. of this Act, or with the reservation before reserved. In the former event, should the purchase money realized by the unrestricted sale exceed in a large amount the sum obtained at the restricted sale, it shall further be competent to the Local Government to direct a portion, or the whole of the excess to be paid to persons whose interests having been reserved at the first, shall become void at the second sale.

Purchase by a recorded or unrecorded proprietor or co-partner, &c.

XXX. And it is hereby enacted, that excepting copartners of estates under Butwarrah who may have saved their shares from sale under Sections 33 and 34, Regulation XIX. 1814, any recorded or unrecorded proprietor or copartner who may purchase in his own name or in the name of another the estate of which he is proprietor or copartner; or who by re-purchase or otherwise, may recover possession of the said estate after it has been sold for arrears under this Act; and likewise any purchaser of an estate sold for other arrears or demands than those accruing upon itself, shall by such purchase acquire the estate subject to all its encumbrances existing at the time of sale and shall not acquire any rights in respect to ryots and under-tenants which were not possessed by the previous proprietor at the time of the sale of the said estate.

Arrears of rent.

XXXI. And it is hereby enacted, that arrears of rent which at the date of sale may be due to the defaulter from his tenants, shall be recoverable by him after a sale by any process except distraint which might have been used by him for that purpose before the sale was made.

Contempt.

XXXII. And it is hereby enacted, that any Collector or Officer exercising the powers of Collector, in respect to Sales, shall be competent to punish any contempt committed in his presence in open Cutcherry or Office for the time being, by fine, to an extent not exceeding Co.'s Rs. 200, commutable, if not paid, to imprisonment in the civil jail for a period not exceeding one month; and the Magistrate to whom such an offender may be sent by a Collector as aforesaid, shall carry his sentence into effect. Provided that an appeal from any order passed under this Section shall lie to the Revenue Commissioner, whose decision shall be final.

Default.

XXXIII. And it is hereby enacted, that a default to make good a bid by making the deposit required by Section XV. of this Act shall be held to be a contempt.

Operation of Act.

XXXIV. And it is hereby enacted, that the operation of this Act shall be confined to the Provinces of Bengal, Behar, Orissa and Benares, now subject to the General Regulations and to the Ceded and Conquered Provinces similarly subject to the General Regulations under the Government of the Presidencies of Fort William in Bengal, and nothing in this Act contained shall affect land in the Town of Calcutta or the Settlements of Singapore, Penang or Malacca.

Date of effect.

XXXV. And it is hereby enacted, that this Act shall have effect on and after the First day of January 1842.

Act No. XI. of 1841.

An Act for consolidating and amending the Regulations concerning Military Courts of Requests for Native Officers and Soldiers in the Service of the East India Company.

I. It is hereby enacted, that all Regulations and parts of Regulations concerning Military Courts of Requests are repealed ; provided always that nothing in this Act contained shall be held to alter or affect the jurisdiction of a single Officer duly authorized and appointed under the Rules in force in the Madras and Bombay Presidencies for the trial of small suits in Military Bazars at Cantonments and Stations occupied by the Troops of those Presidencies respectively, or the trial by Punchayet of suits against Military persons according to the Rules in force under the Madras Presidency.

II. And it is hereby enacted, subject to the aforesaid proviso, that within the territories of the East India Company actions of debt and other personal actions against Native Officers, Soldiers and other persons amenable to the Articles of War for the Native Forces in the Military Service of the East India Company, or residing within any Station or Cantonment, and carrying on any trade or business in a Military Bazar, shall be cognizable before a Military Court and not elsewhere, provided the value in question shall not exceed (200) two hundred Rupees, and the defendant was a person of the description abovementioned, when the cause of action arose, and when the suit was instituted. Provided that no suit shall be brought before any Military Court under this Act to determine any dispute of caste or concerning any right to real property.

III And it is hereby enacted, that the Commanding Officer of any Station or Cantonment, or Officer Commanding any portion of Troops in the field, is authorized to convene such Military Courts. And such Courts shall be composed, according to the orders of the Commander in Chief for the time being of the Presidency within which the Station or Cantonment is situate, or in the absence of such orders according to the discretion of the Convening Officer, either of not less than three European Commissioned Officers, or of not less than three Native Commissioned Officers, and in the latter case, with an European Officer of not less than five years' standing, to superintend and record the proceedings. Provided that if there be not a sufficient number of Officers to constitute a Court at the Station or Cantonment where any cause of action may arise, or where the defendant may be residing, the suit shall be determined at the nearest Station or Cantonment where a Military Court can be duly constituted as aforesaid.

IV. And it is hereby enacted, that such Military Courts shall be convened monthly, and shall be holden on some convenient day before the issue of the pay for each month.

V. Proviso.

XI. And it is hereby enacted, that it shall be competent to the Collector at any time before the sale of an estate shall have commenced to exempt such estate from sale; and in like manner it shall be competent to the Commissioner of Revenue at any time before the sale of an estate shall have commenced, to exempt such estate from sale, by a special order to the Collector to that effect in each case; and no sale of an estate shall be legal if held after the receipt of an order of exemption in respect to such estate. Provided, however, and it is hereby enacted, that the Collector or Commissioner shall duly record in a proceeding the reason for granting such exemption; and provided also, that an order for exemption so issued by the Commissioner shall not affect the legality of a sale which may have taken place before the receipt by the Collector of the order for exempting it from sale.

And it is hereby enacted, that in case the Collector, or other Officer as aforesaid, shall be unable from sickness, from the occurrence of a holiday, or from any other cause to commence the sale on the day of sale fixed as aforesaid, or if, having commenced it, he be unable, from any cause, to complete it, he shall be competent to adjourn it to the next day following, not being Sunday or other close holiday, recording his reasons for such adjournment, forwarding a copy of such record to the Commissioner of Revenue, and announcing the adjournment by a written proclamation stuck up in his Cutcherry; and so on, from day to day, until he shall be able to commence upon, or to complete the sale, but with the exception of adjournments so made, recorded, and reported, each sale shall invariably be made on the day of sale fixed in the manner aforesaid.

Order of sale.

XIV. And it is hereby enacted, that on the day of sale fixed according to Section III. of this Act, sales shall proceed in regular order; the estate to be sold bearing the lowest number on the Towjee or registers in use in the Collector's Office of the District being put up first, and so on, in regular sequence; and it shall not be lawful for the Collector or other Officer as aforesaid to put up any estate out of its regular order by number.

XV. And it is hereby enacted, that the party who shall be declared the purchaser of an estate at any such public sale as aforesaid, shall be required to deposit immediately, or as soon after the conclusion of the sale as the Collector may think necessary, either in Cash, Bank of Bengal Notes or Post Bills, or Government Securities duly indorsed, 25 per cent. on the amount of his bid, and in default of such deposit, the estate shall, forthwith, be put up again and sold.

Balance of purchase money.

XVI. And it is hereby enacted, that the full amount of purchase money shall be made good by the purchaser before sun set of the thirtieth day from that on which the sale of the estate bought by him took place, reckoning that day as one of the thirty: or if the thirtieth day be a Sunday or other close holiday, then on the first office day after the thirtieth: and in default of payment within the prescribed period as aforesaid, then and afterwards as often as such default shall occur, the deposit shall be forfeited to Government, the estate shall be resold, and the defaulting purchaser shall forfeit all claim to the estate, or to any part of the sum for which it may subsequently be sold, and in the event of the proceeds of the sale which may be eventually consummated being less than the price bid by the defaulting bidder aforesaid, the difference shall be leviable from him by any process authorized for realizing an arrear of public Revenue, and it shall be so levied and credited to the defaulting proprietor of the estate sold, and if default of payment of purchase money shall have occurred more than once, the defaulting bidders shall be held jointly and severally responsible for such difference to the extent of the amount of their respective bids. Provided always, that every such re-sale shall be made after notification and in the forms prescribed by Section VIII. of this Act.

Rents stopped after notice for sale.

XVII. And it is hereby enacted, that whenever an estate shall have been sold as aforesaid, the Collector, or other Officer as aforesaid, shall affix a proclamation in the language of the District in his Cutcherry; and as soon thereafter as may be in the Cutcherries of the Moonsiffs and of the Darogahs of Police, within whose jurisdiction or jurisdictions any part of such estate may be situated; and also at the Cutcherry of the Malgoozar of such estate; or on some conspicuous place on such estate, forbidding the ryots and under-tenants of such estate to pay rent falling due subsequent to the date therein specified and up to the date of the subsequent notice hereinafter prescribed by Section XXI. of this Act, on pain of not being entitled to credit in their accounts with the purchaser for any sums paid within the period aforesaid.

Appeal.

XVIII. And it is hereby enacted, that it shall be lawful for the Commissioner of Revenue to receive an appeal against any sale made under this Act if preferred to him on or before the fifteenth day from the date of sale, reckoning as in Section XVI, or if preferred to the Collector for transmission to the Commissioner on or before the tenth day from the day of sale, and not other-

wise: and the Commissioner shall be competent in every case of appeal so preferred, to annul any sale of an estate made under this Act, which shall appear to him not to have been conducted according to the provisions of this Act, awarding at the same time to the purchaser a payment from the proprietor of any moderate compensation, for his loss, if the sale shall have been occasioned by neglect of the proprietor, such compensation not to exceed interest, at the current rate of Government Securities, on the amount of deposit or balance of purchase money during the period of its being retained in the Collector's Office, and the order of the Commissioner shall, in such cases, be final.

Government may restore Estate.

XIX. And it is hereby enacted, that it shall be competent to the Commissioner of Revenue on the ground of hardship or injustice to suspend the passing of final orders in any case of appeal from a sale and to represent the case to the Sudder Board of Revenue, who, if they see cause, may recommend to the Local Government to annul the sale; and the Local Government in any such case, may annul the sale and cause the estate to be restored to the proprietor on such conditions as may appear equitable and proper.

Sale when to be final.

XX. And it is hereby enacted, that all sales of which the purchase money has been paid up as prescribed in Section XVI. of this Act, and against which no appeal shall have been preferred, shall be final and conclusive at noon of the thirtieth day from the day of sale, reckoning the said day of sale, as the first of the said thirty days. And sales against which an appeal may have been preferred, and the appeal dismissed by the Commissioner, shall be final and conclusive from the date of such dismissal, if more than thirty days from the day of sale, or if less, then at noon of the thirtieth day as above provided.

Certificate of Title.

XXI. And it is hereby enacted, that immediately upon a sale becoming final and conclusive, the Collector or other Officer as aforesaid, shall give to the purchaser a Certificate of title in the following form:

I certify that A. B. has purchased at Public Auction under Act XII. of 1841, Mehal C, and that his purchase has taken effect on and since the —— day of ——— (being the date of sale.)

(Signed) D. E., *Collector.*

And the said certificate shall be deemed in any Court of Justice sufficient evidence of the title to the estate sold being vested in the person or persons named from the date specified: and the Collector shall also notify such transfer by written proclamation in his own Cutcherry, and in those of the Moonsiff and Darogah of the jurisdictions within which any part of the estate sold shall be situated, and also at the Cutcherry of the Malgoozar of the estate or on some conspicuous place on the Estate; and shall apply the purchase money first to the liquidation of all arrears due upon the day of sale, or upon the day of the original sale, if the sale finally consummated be a resale; and secondly, to the liquidation of all outstanding demands debited to the Muhal in the Public accounts of the district, holding the residue, if any, in deposit on account of the late recorded proprietor or proprietors of the estate sold, to be paid to their receipt on demand in the manner following; to wit, in shares proportioned to their recorded interest in the estate sold, if such distinction of shares were recorded, or if not, then as an aggregate sum to the whole body of proprietors upon their joint receipt. Provided that, if prior to payment of any surplus that may remain of the purchase money after liquidation of all Government arrears and dues to the proprietor of the estate sold, or his representative, the same be claimed by creditors in satisfaction of debts due by him to them, or by any one creditor, such surplus shall not be payable to any such claimant, nor shall it be withheld from the proprietor by attachment, except under precept, and in satisfaction of Decrees of Court for such debts. And if the balance of purchase money have in any such case been paid away in liquidation of the proprietor's just debts by order of any Court, and a Decree shall afterwards pass for annulling the sale, the proprietor shall not be restored to possession until the amount so paid away be returned by him with interest.

Benamee purchase.

XXII. And it is hereby enacted, that any suit brought to oust the certified purchaser as aforesaid, on the ground that the purchase was made on behalf of another person, not the certified purchaser, though by agreement the name of the certified purchaser was used, shall be dismissed with costs.

Notice of annulment.

XXIII. And it is hereby enacted, that the annulment of a sale by a Commissioner shall be publicly notified by the Collector or other Officer as aforesaid in the same manner as the becoming final and conclusive of sales is required to be notified by Section XXI. of this Act, and the amount of deposit and balance of purchase money shall be forthwith returned to the purchaser, with interest thereon, at the highest rate of the current public securities, from the dates on which they were respectively paid in, to the date on which the refund is actually made.

Purchase liable for Mesne Revenue.

XXIV. And it is hereby enacted, that the party certified as the proprietor of an estate by purchase at public sale for the recovery of arrears of Revenue shall be answerable for all instalments of the Revenue of Government which may fall due subsequently to the day of sale: provided, however, that in the case of re-sales the purchaser shall be answerable for all instalments of Revenue which fell due subsequently to the day of the first sale.

Grounds and conditions of reversal by a Civil Court.

XXV. And it is hereby enacted, that no sale for arrears of Revenue or other demands realizable in the same manner, made after the taking effect of this Act, shall be set aside by a Court of Justice except upon the ground of its having been made contrary to the provisions of this Act: And except the contravention thereto shall have been declared and specified in an appeal made to the Commissioner, under Section XVIII of this Act, and except the action in the Civil Court be instituted within one year, from the date of the sale becoming final and conclusive, as provided in Section XX of this Act: And no person shall be entitled to contest the legality of a sale after having received any portion of the purchase money:

Proviso.

Provided, however, and it is hereby enacted, that nothing in this Act contained shall be construed to debar any person considering himself wronged by any act or circumstance connected with a sale under this Act, from his remedy in a personal action for damages against the individual by whose act or omission he considers himself to have been wronged.

Refund on Reversal of Sale.

XXVI. And it is hereby enacted, that in the event of a sale being reversed by a final decree of a Court of Justice, the purchase money shall be refunded to the purchaser by Government, together with interest at the highest rate of the current public securities.

Enhancement of rents in Bengal, &c.

XXVII. And it is hereby enacted, that the purchaser of an estate sold under this Act, for the recovery of arrears due on account of the same, in the permanently settled districts of Bengal, Behar, Orissa and Benares, shall acquire the estate free from all encumbrances which may have been imposed upon it after the time of settlement, and shall be entitled after notice given under Section X. Regulation V. 1812, to enhance at discretion, (any thing in the existing Regulations to the contrary notwithstanding) the rents of all undertenures in the said estate, and to eject all tenants thereof, with the following exceptions:

First. Tenures which were held as Istemraree or Mocurreree at a fixed rent, more than 12 years before the permanent Settlement.

Secondly. Tenures existing at the time of the Decennial Settlement, which have not been, or may not be, proved to be liable to encrease of assessment, on the grounds stated in Section LI. Regulation VIII. of 1793.

Thirdly. Lands held by Khood Kasht or Kudeemee Ryots having rights of occupancy at fixed rents or at rents assessable according to fixed rules under the Regulations in force.

Fourthly. Lands held under bonâ fide leases, at fair rents, temporary or perpetual, for the erection of dwelling houses, or manufactories, or for mines, gardens, tanks, canals, places of worship, burying grounds, clearing of jungle, or like beneficial purposes, such lands continuing to be used for the purposes specified in the leases.

Fifthly. Farms granted in good faith at fair rents and for specified areas by a former proprietor, for terms not exceeding twenty years, under written leases, registered within a month from their date. Provided that a written notice, specifying full particulars of the position, rent and area of the lands, the terms of the lease and the names of the parties shall at the same time be given by the latter to the Collector in every case and the Collector shall be at liberty to object to the same in the event of his

seeing reason to believe that the security of the Public Revenue will be materially affected thereby. The exception declared in this Clause shall not extend to leases objected to by the Collector, by a notification to be fixed up in his Office, with the sanction of the Commissioner, within three months of the date of the notice so made to him by the parties Provided also, that a purchaser of an estate at a sale for arrears of Revenue shall be at liberty by suit in Court to set aside all such farms although the same be under written and duly registered leases and although such notice may have been given as aforesaid, if the same shall not have been granted in good faith at fair rents.

Under-tenures elsewhere.

XXVIII. And it is hereby enacted, that the purchaser of an estate sold under this Act for the recovery of arrears due on account of the same in Districts other than those mentioned in Section XXVII. shall acquire the estate free from all encumbrances which may have been imposed upon it after the time of settlement, and shall be competent to avoid and annul all tenures which may have originated with the defaulter or his predecessors, being representatives or assignees of the original engager, as well as all agreements with ryots or the like settled or credited by the first engager or his representatives, subsequently to the last Settlement, as well as all tenures which the first engager may, under the conditions of his settlement, have been competent to set aside, alter, or renew, saving always and except bonâ fide leases of ground for the erection of dwelling houses, or buildings, or for offices thereunto belonging, or for gardens, tanks, canals, water-courses, or the like purposes, which leases or engagements shall, so long as the land is duly appropriated to such purposes, and the stipulated rent paid, continue in force and effect. Provided that nothing in this Act contained shall be construed to entitle any purchaser of land at a public sale to demand a higher rate of rent from any persons whose tenure or agreement may be annulled as aforesaid than was demandable by the former Malgoozar, except in cases in which such persons may have held their lands under engagements, stipulating for a lower rate of rent than would have been justly demandable for the land, in consequence of abatements having been granted by the former Malgoozars from the old established rates by special favour, or for a consideration, or the like, or in cases in which it may be proved that according to the custom of the Pergunnah, Mouzah, or other local division such persons are liable to be called upon for any new assessment, or other demand not interdicted by the Regulations of Government.

Local Government may reserve all under tenures.

XXIX. And it is hereby enacted, that it shall be competent to the Local Government when it shall seem proper at any time before a sale for arrear shall have been actually made, to direct it to be made, subject to the leases, assignments, or other incumbrances, with which a proprietor in possession, his ancestors, or predecessors may have burthened his assessed Estate, or to such of them as shall appear proper. In all such cases, notice of the condition imposed by the Local Government shall be given by the Collector at the time of calling up the lot for sale, and such further notification shall be made as the Local Government may direct: provided, however, that in case the sale so restricted shall not realize an amount equal to the arrear due at the time of sale, or there shall appear ground to apprehend, that by reason of the restriction the future realization of the Revenue will be endangered, it shall be competent to the Local Government at any time before such restricted sale shall have become final and conclusive in the manner laid down in Section XX of this Act, to direct the sale to be cancelled, and a new sale of the estate to be made without other restrictions than those contained in the exceptions specified in Clauses 1 to 5 of Sec. XXVII. of this Act. If after the Sale has become final and conclusive, occasion should again arise to bring to sale for arrears an estate purchased with a restriction of the above description, it shall at all times be competent to the Local Government to direct that the *Muhal* shall be sold without any other restriction than those contained in the exceptions specified in Clauses 1 to 5 of Sec. XXVII. of this Act, or with the reservation before reserved. In the former event, should the purchase money realized by the unrestricted sale exceed in a large amount the sum obtained at the restricted sale, it shall further be competent to the Local Government to direct a portion, or the whole of the excess to be paid to persons whose interests having been reserved at the first, shall become void at the second sale.

Purchase by a recorded or unrecorded proprietor or co-partner, &c.

XXX. And it is hereby enacted, that excepting copartners of estates under Butwarrah who may have saved their shares from sale under Sections 33 and 34, Regulation XIX. 1814, any recorded or unrecorded proprietor or copartner who may purchase in his own name or in the name of another the estate of which he is proprietor or copartner; or who by re-purchase or otherwise, may recover possession of the said estate after it has been sold for arrears under this Act; and likewise any purchaser of an estate sold for other arrears or demands than those accruing upon itself, shall by such purchase acquire the estate subject to all its encumbrances existing at the time of sale and shall not acquire any rights in respect to ryots and under-tenants which were not possessed by the previous proprietor at the time of the sale of the said estate.

Arrears of rent.

XXXI. And it is hereby enacted, that arrears of rent which at the date of sale may be due to the defaulter from his tenants, shall be recoverable by him after a sale by any process except distraint which might have been used by him for that purpose before the sale was made.

Contempt.

XXXII. And it is hereby enacted, that any Collector or Officer exercising the powers of Collector, in respect to Sales, shall be competent to punish any contempt committed in his presence in open Cutcherry or Office for the time being, by fine, to an extent not exceeding Co.'s Rs. 200, commutable, if not paid, to imprisonment in the civil jail for a period not exceeding one month; and the Magistrate to whom such an offender may be sent by a Collector as aforesaid, shall carry his sentence into effect. Provided that an appeal from any order passed under this Section shall lie to the Revenue Commissioner, whose decision shall be final.

Default.

XXXIII. And it is hereby enacted, that a default to make good a bid by making the deposit required by Section XV. of this Act shall be held to be a contempt.

Operation of Act.

XXXIV. And it is hereby enacted, that the operation of this Act shall be confined to the Provinces of Bengal, Behar, Orissa and Benares, now subject to the General Regulations and to the Ceded and Conquered Provinces similarly subject to the General Regulations under the Government of the Presidencies of Fort William in Bengal, and nothing in this Act contained shall affect land in the Town of Calcutta or the Settlements of Singapore, Penang or Malacca.

Date of effect.

XXXV. And it is hereby enacted, that this Act shall have effect on and after the First day of January 1842.

Fifth.—Bonds will not be received for a less quantity of Rum than 1000 Wine Gallons, and no quantity of less than 1000 Wine Gallons will be allowed to be removed from the Distillery under Bond. No Spirits to be removed of a strength below London proof.*

* The strength to be determined by Sykes's Hydrometer, the Instrument used by the Excise in England.

Sixth.—On the Bond being duly executed, an order with corresponding marks and numbers, will be issued to the Collector of Land Revenue or other Officer duly authorized, under whose supervision the Distillery is worked, directing him to permit the quantity bonded to pass from the Distillery without payment of the Still Head Duty, at the same time a true copy of the Bond will be forwarded to the Collector of Calcutta Customs.

Seventh.—The Darogah or other Officer in charge of the Distillery, will not allow any Cask of Rum to leave the Distillery without the following marks cut or legibly painted on the Cask:

1. The name of the Distillery and known mark of the Proprietor.
2. The quantity of Rum contained in the Cask.
3. The strength of the Rum *over* London proof, as for instance the marks for Dhobah will stand thus—

Rum
Wine Gallons.
B. & Co.
Dhobah.
O. P. 5°.

* Meaning 5 degrees over or above Loudon proof.

Eighth.—The above marks must be put at each end of the Cask, the strength above London Proof must be declared and marked by the Proprietors themselves or their Agents, at the Distillery.

Ninth.—On the Rum being removed from the Distillery, the Collector of the District, or other Officer duly authorized will grant a Pass for its protection to Calcutta, (as is now done when Spirits pay the Still Head Duty) and then immediately make his return to the Board that they have been so removed.

Tenth.—The Calcutta Custom House to have no cognizance of the Rum until it is brought for exportation. If the Proprietors of Rum Distilleries or their Agents should rent a Godown on the Custom House Premises, the Rum as brought from the Distillery may of course be lodged in that Godown. But all Rum so lodged on the Custom House Premises must be considered as intended exclusively for export by Sea. In other words, no Rum lodged in Godowns on the Custom House Premises, can be passed into town subsequently, nor be passed otherwise on any account except for direct Sea Export.

Eleventh.—On Bengal Rum being brought to the Custom House for exportation, the exporting Parties shall declare in writing by what Bond it is protected, and shall produce the Pass of the Collector of Land Revenue, or other Officer duly authorized to grant Passes, and the Factory Invoice, it shall then be guaged for quantity, and proved to ascertain strength by a Custom House Officer. If the strength be not less than that shewn by the mark on the Cask, which Cask must be the same in which it was removed from the Distillery, the Rum shall be allowed to pass for Sea Export, and the quantity be written off on the copy of the Bond, which will previously have been furnished to the Collector of Sea Customs from the Office of the Board of Customs, Salt, and Opium. If the strength be less than the mark on the Cask, the Cask and Spirits in question shall be liable to confiscation and forfeiture to Government. No Rum shall be allowed to be exported below London Proof, and any brought to the Custom House below London Proof shall be confiscable to the Government.

Twelfth.—When the entire bonded quantity is written off upon the copy of the Bond, the Collector of Sea Customs shall return the said copy of the Bond (or otherwise certify the full exportation of the Rum covered by that Bond) to the Board of Customs, Salt and Opium, and the Bond in the Board's keeping shall then be cancelled.

Thirteenth.—If at the expiration of four months the entire quantity of Rum covered by any Bond shall not have been exported and written off as provided in the preceding Clause, the Board of Customs, Salt and Opium, on the same being certified to them by the Collector of Calcutta Customs, will proceed to recover the duty at the rate of 8 Annas per Wine Gallon, conditioned to be paid upon such quantity of Rum as may not have been exported under the said Bond.

Fourteenth.—It shall be the province of exporters to see that the exports made from time to time under Bond are properly written off or certified on the copy of such Bond which is in possession of the Collector of Calcutta Customs, and they the exporters shall testify that it was correctly so written off by their signature to the entry.

Fifteenth.—Time-expired Bonds shall be renewable under the authority of the Board of Customs, Salt and Opium, in the event of its being shewn to the satisfaction of the Board that the parties executing the Bond have been unable, from the occurrence of some unforeseen obstacle or accident, to export the entire bonded quantity within the period of the currency of the Bond. It is to be fully understood however, that the Board reserve to themselves the power of declining to renew time-expired Bonds without assigning any reason for so doing, in which case the duty of 8 Annas per Gallon on the unexported quantity shall be levied

Sixteenth—A Shipment of Rum, being 1,000 Wine Gallons or upwards, is entitled to drawback of the consolidated Still Head or Abkarry Duty of 8 Annas per Gallon, whether paid in cash or secured by Bond, being subject to the prescribed Export Customs Duty.

Seventeenth.—A shipment of Rum being less than 1,000 Wine Gallons will not be entitled to drawback of Still Head or Abkarry Duty whether paid in cash or secured by Bond; the Customs Duty will not be leviable on such Shipments.

Eighteenth—A maximum allowance, as per following scale, will be made on account of ullage and leakage on Rum brought to Calcutta from the Mofussil for exportation by Sea:

For a distance not exceeding	100	Miles	5	per Cent.
Ditto, ditto.	200	Do.	7½	ditto.
For all distances in excess of	200	Do.	10	ditto.

By Order of the Board of Customs, Salt and Opium, the 15th July, 1841,

H. TORRENS, *Secretary.*

ABKARRY.—Notice is hereby given, that from and after the 15th instant, Rum brought into Calcutta from Distilleries in the Suburbs will be subject to payment of Abkarry Tax at the ordinary consolidated rate of Eight Annas (Company's) per Gallon, instead of the Still-head Duty of Six Annas (Sicca) hitherto levied.

Parties desirous of bringing Rum into Calcutta under Bond, can be furnished with instructions for so doing by application at this Office.

By Order of the Board of Customs, Salt and Opium, the 10th July, 1841,

H. TORRENS, *Secy.*

The Goods and Merchandize of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve : and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

	Per Spanish Dollar Ditto……	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order ; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued ; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor ; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England ; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

Bengal Civil Fund.

AT a Half-Yearly General Meeting of Subscribers to the Bengal Civil Fund, held on Saturday, the 31st July 1841, at 11 o'clock A. M.

PRESENT.

J. CURTIS, Esq., in the Chair.

J. Lowis, Esq.; F. J. Halliday, Esq.; H. Moore, Esq.; J. F. M. Reid, Esq; Edward Stirling, Esq.; J. Dunbar, Esq.; J. J. Harvey, Esq. and H. V. Bayley, Esq.

The accounts for the past year 1840-41, showing a balance on the 30th April last, of Co.'s Rs. 14,81,803-0-6, was approved and passed. The Receipts of the year were shown to be in excess of the year's charges by Rs. 51,705-2-9 :—this includes, however, besides the extraordinary Annual Subscription realized by the cess of half per Cent. up to January last and ¼ per Cent. since the 1st of January, sums of old unpaid subscriptions recovered, arrears, and Furlough Subscription advances paid up—while the amount of London Bills for Pensions paid in England is less than usual.

The Secretary reported to the Meeting that early in 1840-41 the Managers had represented to the Government the loss of Interest the Fund sustained, and the trouble accruing to the Officers of Government, from the existing system of the contributions to the Fund which are paid into the Treasuries of Collectors and other Officers in the interior being remitted to the Treasurer by Drafts:—And the Committee submitted a proposition that, in lieu of the old plan, the Fund might be allowed to receive credit upon monthly audited statements of deductions of subscription made from Salary and Allowance Bills by the Civil Auditor. The proposed plan had had the concurrence of the heads of the Offices of Account and Audit. But the Government deemed it fit to forward the proposition for the orders of the Hon'ble the Court of Directors. No intimation has yet been received by the Managers of the result of the reference.

[Here follow the details of two admissions to the benefits of the Fund]

No. 189 of 1841 —The Right Hon'ble the Governor General of India in Council is pleased to publish, for general information, the following paragraphs of a Military Letter, No. 41, dated 19th May 1841, from the Hon'ble the Court of Directors, to the Governor of Bengal, which was received on the 22d July, 1841.

"Para. 1. We have had under our consideration Memorials addressed to us by or on behalf of Mr. A. P. C. Elliot, late a Cornet on your Establishment, representing the circumstances under which he was led to resign his Commission on the 2nd of December last, and praying restoration to the Service.

2. Upon a review of the circumstances set forth in these Memorials, we are satisfied that Cornet Elliot would have received the benefit of the Regulations authorizing the grant of one year's Furlough without pay, if circumstances had allowed him to wait the result of a proper application to that effect, after the issue of the Orders of 25th November, by which the restriction upon the grant of Furloughs was removed. We have therefore resolved that he be permitted to return to the Service at your Presidency, ranking next below the last Cavalry Cadet admitted by your Government prior to your receipt of this Despatch, and not retaining any Army or Regimental rank in virtue of his former standing."

NOTIFICATION.
FORT WILLIAM,
SECRET DEPARTMENT,

THE 7TH AUGUST, 1841.

The Right Honorable the Governor General of India in Council having this-day received intelligence of the happy result of the joint operations of Her Majesty's and the Honorable Company's Naval and Military Forces in an attack upon the Chinese Forces in front of the City of Canton on the 25th and 30th of May last, is pleased to direct the publication for general information of the following Despatch from Major General Sir Hugh Gough, K. C. B, Commanding the land forces, and extracts from a Despatch addressed by Captain Sir Henry Le Fleming Senhouse, K. C. H., the Senior Naval Officer of the Fleet at Canton, to His Excellency the Naval Commander in Chief in India, which has been communicated to the Supreme Government.

These accounts of the brilliant successes of the British Arms have been received with the highest gratification by the Governor General in Council, who, in expressing his admiration of the gallant conduct of every portion of the forces employed in this Service, has deeply to lament the loss which has been sustained by the death of Captain Sir H. Le Fleming Senhouse, who is reported to have subsequently sunk under the fatigue and exhaustion caused by his exertions in the actions with the Chinese.

The Governor General in Council is pleased to direct that in honor of this Victory of the British Arms a Royal Salute be fired from the ramparts of Fort William, and at the principal Military Stations of the Army of India.

By Order of the Right Honorable the Governor General of India in Council.

T. H. MADDOCK.

Secretary to Govt. of India.

THE RIGHT HONORABLE THE EARL OF AUCKLAND,
G. C. B.,
Governor General, &c. &c. &c.

HEAD QUARTERS, SHIP MARION,
Canton River, proceeding to Hongkong,
June 3d, 1841.

MY LORD,

My letter of the 18th from Hongkong will have made your Lordship aware of the temporary abandonment of the movement on Amoy, in order to resume active operations against Canton, consequent upon the constant arrival and concentration of a large force from the several provinces, and other demonstrations indicative of an interruption to our friendly intercourse with the Provincial Government.

2. From the judicious and unwearied exertions of Sir Le Fleming Senhouse, the Senior Naval Officer, the Fleet of Men-of-War and Transports was prepared to sail on the 18th, but in consequence of light and variable winds, the whole did not get under weigh until the 19th. H. M. S. *Blenheim* took up her position within six miles of Canton in the Macao passage on the 21st ultimo, but the whole of the force was not assembled until the morning of the 23d, when I proceeded with Sir Le Fleming Senhouse to the vicinity of the suburbs of the City, for the double object of meeting H. M. Plenipotentiary and ascertaining, as far as possible, the extent of the enemy's preparations.

3. It being the anxious wish both of Sir Le Fleming Senhouse and myself to commence active operations on so auspicious an epoch, as the anniversary of the birth of our Sovereign, every exertion was made and the Troops were placed by 2 P. M. on that day in various craft, procured during the previous day and night by the great exertions of the Royal Navy.

4. From all the sources, from which I had been enabled to collect information, or rather from the conjectures of persons who have long resided in China, (for no European had been permitted to see the country above the Factories, and the Chinese would give no information) I was induced to decide on making my principal point of debarkation to the North West of the City, while another column was to take possession of the Factories, drawing the attention of the enemy to that quarter, and at the same time to co-operate with the Naval Force which was to attack the river defences, in order to silence numerous new works recently erected by the Chinese along the whole southern face of the City. A most spirited and judicious reconnoissance made by Captain Belcher, of H. M. S. Sulphur, the previous evening, established the practicability of effecting a landing at the point I had selected.

5. Every arrangement havingbeen completed by two o'clock, and the boats and other craft placed in tow of the Steamers, the force moved to the point of attack as follows:—

Officers.	Other ranks.
15	294.

Right column, to attack and hold the Factories, in tow of the *Atalanta*, consisting of Her Majesty's 26th Regiment, as per margin, an Officer and 20 rank and file of the Madras Artillery, with one 6-pounder and one 5½-inch mortar, and 30 Sappers, with an Officer of Engineers, under Major Pratt, of H. M. 26th.

Left column—towed by the *Nemesis*, in four Brigades, to move left in front.

1st (Right) Brigade, (Reserve) Under Major Genl. Burrell.	Royal Marines, Capt. Ellis,..................	9	372
	18th Royal Irish, Lt. Col. Adams, ...	25	494

6. The right column reached its point of attack before 5 P. M. and took possession of the Factories, when Major Pratt made the necessary arrangements for strengthening his post, holding his men ready for offensive or defensive operations.

7. The left column, towed by the *Nemesis*, from the difficulties of the passage, with such a fleet of craft as she had in tow, did not reach the Sulphur until dusk, which vessel Captain Belcher had judiciously anchored close to the village of Tsing-hae, the point of debarkation about five miles by the river line above the Factories. I could therefore only land the 49th Regiment, with which corps I made a reconnoissance to some distance, meeting a few straggling parties of the enemy. After placing the picquets, the Corps fell back on the village of Tsing-hae to protect and cover the landing of the guns, which was effected during the night by the zealous efforts of the Artillery. The following morning, the remainder of the column landed, and the whole proceeded soon after daylight.

8. The heights to the North of Canton, crowned by four strong Forts, and the City walls, which run over the southern extremity of these heights, including one elevated point, appeared to be about three miles and a half distant; the intermediate ground, undulating much, and intersected by hollows under wet paddy cultivation, enabled me to take up successive positions, until we approached within range of the Forts on the heights and the Northern face of the City walls. I had to wait here some time, placing the men under cover, to bring up the Rocket Battery and Artillery.

9. I have already informed your Lordship that I was totally unacquainted with the country which I had to pass over, the amount of the Enemy's force, or the difficulties that might present themselves at every step; but I had the proud consciousness of feeling that your Lordship had placed under me a band, whom no disparity of numbers could dishearten, and no difficulty could check. They nobly realized, by their steadiness under fire, their disciplined advance and their animated rush, my warmest anticipations.

10. Having at 8 o'clock got up the Rocket Battery, with two 5½-inch mortars, two 12-pounder howitzers and two 9-pounder guns, a well-directed fire was kept up on the two Western forts, which had much annoyed us by a heavy fire. I now made the disposition for attack in Echellon of columns from the left, and directed the 49th Regiment to carry a hill on the left of the nearest Eastern Fort, supported by the 37th Madras Native Infantry and Bengal Volunteers, under Lieut. Col. Morris of the 49th Regt. The 18th Royal Irish, supported by the Royal Marines, under Major General Burrell, I directed to carry a hill to their front, which was strongly occupied and flanked the approach to the Fort just mentioned. This movement was to cut off the communication between the two Eastern Forts, and cover the advance of the 49th in their attack and storm of the nearest. Major General Burrell had directions to push on and take the principal square Fort, when the 49th made their rush. Simultaneous with these attacks, the Brigade of Seamen was to carry the two Western Forts, covered by a concentrated fire from the whole of the guns and rockets.

11. During the whole of the advance, my right had been threatened by a large body of the enemy, which debouched from the Western suburbs, and just as I was about to commence the attack, a report was made that heavy columns were advancing on the right, I was therefore compelled to detach the Marines under Captain Ellis, to support the Brigade of Seamen, and to cover my right and rear.

12. At about ½ past 9 o'clock, the advance was sounded, and it has seldom fallen to my lot to witness a more soldier-like and steady advance or a more animated attack. Every individual, Native as well as European, steadily and gallantly did his duty. The 18th and 49th were emulous which should first reach their appointed goals; but, under the impulse of this feeling, they did not lose sight of that discipline which could alone insure success. The advance of the 37th M. N. I. and Bengal Volunteers, in support, was equally praiseworthy.

13. The result of this combined movement was that the two Forts were captured with comparatively small loss, and that, in little more than half an hour after the order to advance was given, the British Troops looked down on Canton within 100 paces of its walls.

14. The well-directed fire of the Artillery in the centre was highly creditable, and did great execution.

15. In co-operation with these attacks, I witnessed with no ordinary gratification, the noble rush of the Brigade of Seamen under their gallant leader, Captain Bourchier, exposed to a heavy fire from the whole of the north-western rampart. This right attack was equally successful, and here also the British Standard proudly waved on the two western Forts, while the British Tars looked down upon the north-western face of the city and its suburb.

16. During the greater part of the day, a very spirited fire from heavy pieces of Ordnance, Ginjals and Matchlocks, was kept up on the different columns, occupying the heights and forts.

17. A strongly entrenched camp of considerable extent, occupied apparently by about four thousand men, lay to the N. East of the City upon rising ground, separated by a tract of paddy land from the base of the heights. Frequent attacks were made upon my left by bodies sent from this encampment, but were as frequently repulsed by the 49th. This, however, exposed the men to a heavy fire from the walls of the City.

18. About 2 o'clock, perceiving that Mandarins of consequence were joining this force from the city, and had occupied a village in rear of my left, I directed the 49th to dislodge them. This was instantly effected in the same spirited manner that had marked every movement of this gallant corps. About 3 o'clock, it was evident that some Mandarin of high rank had reached the encampment, (I have since understood that it was

Yang, the Tartar General) and that preparations were making for a fresh attack. I ordered down the 18th, therefore with one Company of the Royal Marines to reinforce the 49th, and directed Major General Burrell to assume the command, to repel the projected attack and instantly to follow up the enemy across a narrow causeway, the only approach, and take and destroy the encampment. This duty was well and gallantly performed, but I regret to say with rather severe loss from the difficulty of approach, exposed to a heavy fire from the guns and ginjals on the N. E. face of the City wall. The enemy were driven at all points and fled across the country ; the encampment was burnt, the Magazines, of which there were several, blown up, and the permanent buildings of considerable extent set on fire. I had as much pleasure in witnessing, as I have in recording, my approval of the spirited conduct of Captain Grattan, who commanded the two leading Companies of the 18th, across the causeway. These Companies were closely followed by the 49th, the remainder of the 18th and Company of Royal Marines, who passed along a bank of the paddy fields to their left. The enemy not appearing inclined to move out of the Town to support this point, I directed the force to return to the heights.

19. Having reconnoitred the walls and gates, I decided on taking the City by assault, or rather upon taking a strong fortified height of considerable extent within the City wall, before the panic ceased, but the hill in our rear being peculiarly rugged, and its base difficult of approach on account of the narrowness of the path between wet paddy fields, I had only been enabled to get up a very few of the lightest pieces of Ordnance, and a small proportion of ammunition. I therefore deemed it right to await the arrival of this necessary arm to make the assault.

20. The following morning, the 26th, at 10 o'clock, a Flag of Truce was hoisted on the walls, when I deputed Mr. Thom (whom Captain Elliot had sent to me as Interpreter,) to ascertain the cause. A Mandarin stated that they wished for peace. I had it explained that, as General Commanding the British, I would treat with none but the General Commanding the Chinese troops—that we came before Canton much against the wishes of the British nation, but that repeated insults and breaches of faith had compelled us to make the present movement, and that I would cease from hostilities for two hours to enable their General to meet me and Sir Le Fleming Senhouse, who kindly accompanied me throughout the whole operation, and to whose judicious arrangements and unceasing exertions for the furtherance of the united services (and I am proud to say they are united in hand and heart,) I cannot too strongly express my sense of obligation. I further explained that Captain Elliot, Her Majesty's Plenipotentiary, was with the advanced Squadron to the South of the City, and that if I did not receive a communication from him, or had not a satisfactory interview with the General, I should, at the termination of the two hours, order the white flag to be struck.

21. As the General did not make his appearance, although numerous messages were received between this time (about noon) and 4 p. m., I hauled down the white flag. The enemy however did not, which was rather convenient, as it enabled me to get up my guns and ammunition, without exposing my men to fire.

22. During the night of the 26th every thing was prepared on our side, with the exception of one 12-pounder howitzer, the carriage of which had been disabled, the guns, by the indefatigable exertion of the Officers and men of the Royal Artillery and Madras Artillery and Sappers, were placed in position. All was ready, and the necessary orders were given for opening the batteries at 7 o'clock on the morning of the 27th, and for the assault at 8, in 4 columns.

23. The right column, composed of the Royal Marines under Captain Ellis, had directions to pass through a deserted village to the right of the north gate, to blow the gate open with powder bags if possible, and if not, to escalade a circular work thrown up as a second defence to that gate.

24. The second column on the right, consisting of the Brigade of Seamen, under Captain Bourchier, was directed to make the assault by escalade on the opposite side of the circular defence, where the wall appeared comparatively low, covered by a heavy fire of musketry from the hill within pistol shot of the walls. This column would have been exposed only to the fire of a few flanking guns, which I calculated would have been kept under by the fire of the covering party.

25. The 18th Royal Irish, under Lieutenant Colonel Adams, were ordered to advance from the rear of a hill close to the five storied Pagoda, and to escalade the walls behind this Pagoda, (which was not flanked except by one gun) although they were very high, from 28 to 30 feet, but I hoped by the concentrated fire of the guns to have reduced an exceedingly high and apparently slight parapet. The escalade of this Corps was to be covered by the Bengal Volunteers and a Company of the 37th M. N. I.

26. The left assault was to be made by the 49th, under Lieut.-Colonel Morris. This corps was directed to escalade by a bastion directly in front of and commanded by the principal fort in our possession, called by the Chinese Yung-Kang-Tai, the fire of musketry from which would have prevented the enemy from making use of their guns. To strengthen this attack, two Companies of the 37th M. N. I. were to occupy the heights and keep up a repid fire upon the wall.

27. The ground was peculiarly favorable for these several attacks, and for the effective fire of the covering parties without a chance of injuring the assailants. The heights which we occupied are from 90 to 250 paces from the city wall, with a precipitous glen intervening. On making a lodgement on the walls, each column was to communicate with and support that on its inner flank, and when united, to make a rush for the fortified hill within the walls, on which the Artillery was directed to play from the moment the advance was sounded. I directed Captain Knowles to ascertain, as far as practicable, by the fire of heavy rockets and shells, whether it was mined, which alone I apprehended—the Chinese usually forming their mines so as to make them liable to explosion by such means.

28. The flags of Truce still appeared upon the walls at day-light on the 27th, and at quarter past six o'clock I was on the point of sending the Interpreter to explain that I could not respect such a display, after my flag had been taken down, and should at once resume hostilities. At this moment, an Officer of the Royal Navy, who had been travelling all night, having missed his way, handed me the accompaning letter from H. M.'s Plenipotentiary. Whatever might be my sentiments, my duty was to acquiesce—the attack, which was to have commenced in 45 minutes, was countermanded, and the feelings of the Chinese were spared. Of the policy of the measure, I do not consider myself a competent judge: but I say feelings, as I would have been responsible that Canton should be equally spared, with exception of its defences, and that not a soldier should have entered the Town further than the fortified heights within its walls.

29. At 10 o'clock, Yang, the Tartar General, requested a conference, when Sir Le Fleming Senhouse accompanied me, and a long and uninteresting parley ensued, in which I explained that H. M. Plenipotentiary having resumed negotiations with the local authorities, I should await a further communication from him. At 12, Capt. Elliot arrived in camp, and all further active operations ceased.

30. The following day at 12, in a conference with the Kwang-chow-Foo, under the walls, every arrangement was made for the evacuation of the city by as large a portion of the Tartar troops as could be got ready, and I permitted a Mandarin of rank to pass

through my lines to procure quarters for them. I was now given to understand that the force amounted to 45,000 men from other Provinces, exclusive of the Troops belonging to the Quang-tung Province. At the request of Captain Elliot, I acquiesced in the former passing out of the N. E. gate to the left of my position, and permitted them to carry away their arms and baggage, on condition that no banner should be displayed or music sounded.

31. About 12, the following day, I perceived numbers of men, apparently irregulars, and armed for the most part with long spears, shields and swords, collecting upon the heights, 3 or 4 miles to my rear. As they continued rapidly to increase, detaching bodies to their front, I directed General Burrell to take charge of our position, and hold every man ready in case a sortie or other act of treachery under cover of a flag of Truce should be intended; and I advanced with a wing of the 26th, (which Corps I had withdrawn two days previously from the Factories,) 3 Companies of the 49th, the 37th Madars N. I., and the Company of Bengal Volunteers, supported by the Royal Marines. The two latter Corps I kept in reserve, ready to return, and act on the flank, should an attack be made on our position from the Town. When I descended the heights, about 4,000 men appeared in my front. I directed the wing of the 26th, under Major Pratt, supported by the 37th M. N. I. to advance and drive them from rather a strong position they had taken up behind an embankment along the bed of a stream. This duty the 26th and 37th, performed most creditably, and as the Chinese made a rally at what appeared to be a Military post in my front, I directed that it should be destroyed, which was instantly effected by the 26th, and a magazine, unexpectedly found in the village, blown up. These duties having been performed without the loss of a man, the Chinese throwing away their spears, and flying the moment a fire was opened upon them, I directed the 49th Royal Marines and Bengal Volunteers to fall back on our position, and remain with the wing of the 26th and 37th M. N. I, (about 280 men) to watch the movements of the Chinese, who had retreated to a range of heights in my front, having no banners, and apparently but few matchlocks amongst them. Within two hours however, from 7 to 8,000 men had collected and displayed numerous banners. When I first moved, I had ordered Captain Knowles, of the Royal Artillery, to bring out a few rockets, but our advance was so rapid that he did not get them up, until after the repulse of the first body.

32. At this moment, the heat of the sun was hardly supportable, and both Officers and men were greatly exhausted. I must here state, and with sincere sorrow, that Major Becher, Deputy Quarter Master General, a most estimable and willing Officer, whose services throughout the previous operations were as creditable to him, as they were satisfactory to me, fell by my side from over-exertion, and expired within a few minutes. My Aide-de-Camp, Captain Gough, was also alarmingly unwell from the same cause, and I ordered him back to camp, when the enemy were repulsed, but hearing that the Chinese were again assembling, he returned, and meeting the Bengal Volunteers, very judiciously brought them back.

33. The Chinese having advanced in great force, some rockets were fired at them, but, although thrown with great precision, appeared to have little effect, and as the approach of a thunder storm was evident, I became anxious, before it broke, to disperse this assemblage, whose approach bespoke more determination than I had previously witnessed. I ordered Major Pratt to attack a large body who were advancing through the paddy fields on his left, and to clear the hills to his front. Captain Duff, with the 37th M. N. I., supported by the Bengal Volunteers under Captain Mee, I ordered to advance direct to his front, and dislodge a body, which had re-occupied the post, that we had previously burned, and then push forward and clear the hills to his front. I witnessed with much satisfaction the spirited manner in which these Officers executed my orders, and the enemy were driven in at all points. The right of the 37th being threatened by a military post at the foot of the hills to our right, the Bengal Volunteers dispersed the occupants. This however separated them from the 37th M. N. I., and perceiving that this latter corps was advancing further than I intended, I requested Captain Ommaney, of the 3d Madras Light Cavalry, who with Lieutenant Mackenzie of H. M. 90th Regiment, accompanied me as amateurs,—and both were most zealous and useful in conveying my orders) to direct the Bengal Volunteers to move up to its support. Captain Duff meanwhile, to open his communication with the 26th on his left, had detached a Company under Lieut. Hadfield for that purpose.

34. The thunder storm was now most awful, and finding that as our men advanced, the Chinese retired, I considered that it would be injudicious to follow them further, and directed the whole to fall back. The rain continued to fall in torrents, and most of the fire locks had got wet; at one time the 26th had been unable to fire a single musket, this emboldened the Chinese who, in many instances, attacked our men hand to hand, and the 26th had frequently to charge bodies that advanced close to them.

35. As the Chinese, even in this mode of warfare, could make no impression, they retreated, and the 26th and 37th M. N. I. and Bengal Volunteers fell back. Understanding from Capt. Duff that his detached company was with the 26th, I directed the whole, after a short halt, to return to our position, and was exceedingly annoyed, on the force concentrating, to find that the detached Company, under Lieut. Hadfield, had never joined the 26th. I immediately ordered two Companies of Marines with the percussion locks to return with Capt. Duff to the scene of this day's contest. It gives me no ordinary gratification to say that a little after dusk, they found Lieut. Hadfield with his gallant company in square surrounded by some thousand Chinese, who, as the 37th firelocks would not go off, had approached close to them. The Sepoys, I am proud to say, in this critical situation, nobly upheld the high character of the Native Army, by unshrinking discipline and cheerful obedience, and I feel that the expression of my best thanks is due to Lieut. Hadfield and to Lieutenant Devereux, and Ensign Berkeley, who zealously supported him during this trying scene. The last named Officer, I regret to say, was severely wounded. The Marines with Captain Duff, fired a couple of vollies into this crowd, which instantly dispersed them with great loss.

36. At daylight the next morning I felt myself called upon to send into the city and inform the Kwang-chow-Foo, that if, under existing circumstances, a similar insult was offered, or any demonstration made, indicative of hostile interruption to the negotiations pending under a flag of truce for the evacuation of the City by the Chinese Troops and a ransom for its deliverance, I would at once haul down the white flag and resume hostilities. At 12, Captain Elliot joined me, and a communication was received that the Kwang-chow-Foo would meet us under the walls. Previous to his arrival, vast numbers of Chinese appeared on the hills from which we had driven them the night before, and which during the early part of the morning had been clear. Guns and Ginjalls were fired in all directions, various banners displayed, and large parties thrown out in advance. About 7,500 Tartar Troops had marched out of the City that morning and were still moving, with their arms, but, as stipulated, without music or banners. I felt some doubt whether treachery was not contemplated, and I therefore made such a disposition of our Troops, as to ensure its defeat. By 2 o'clock from 12 to 15,000 men, evidently the same description of force, that we had met the preceding day, had assembled on the same heights.

37. The Kwang-chow-Foo now arrived, and it became evident, as he was perfectly in my power, that no combination existed between the troops in the Town or those marching out, and the assemblage in my rear. I therefore ordered the wing of the 26th, the other wing had been left at (—sing-hae) to keep up the communication with the rear, and a wing of the 49th with the 37th M. N. I. and the Royal Marines to be prepared to disperse the assailants. On joining the Kwang-chow-Foo, and explaining my determination to put my threat in force if the enemy advanced, he assured me that this hostile movement was without the knowledge, and against the wishes, of the Chinese authorities; that there were no Mandarins with this militia in our rear, that it had assembled to protect the villages in the plain, and that he would instantly send off a Mandarin of rank (his own Assistant) with orders for its immediate dispersion, if I would depute an Officer to accompany him.

38. Captain Moore, of the 34th Bengal N. I. Dy. Judge Advocate General, volunteered this hazardous duty. This Officer had accompanied me as one of my personal Staff throughout all the operations, and he and Major Wilson, Pay Master to the Expedition, who kindly volunteered to act in the same capacity, had by their zealous service been most useful to me in a country, where all my orders were to be conveyed by Officers on foot through an intricate line of communication. Captain Moore was quite successful, as the whole body instantly retreated and entirely dispersed, as soon as he and the Mandarin had made known to the leaders the object of their coming.

39. Finding that five millions of Dollars had been paid, and that H. M. Plenipotentiary was perfectly satisfied with the security for payment of the remaining million for the ransom of Canton, that upwards of 14,500 Tartar troops had marched out of the Town under the terms of the Treaty without colors or banners flying, or music beating, that 3,000 had gone by water, and that the remainder were prepared to follow, when carriage was provided, I acceded to the wish of H. M. Plenipotentiary to embark the Troops, the Chinese furnishing me with 800 coolies to convey my guns and ammunition. These coolies being furnished soon after day light on the 1st instant, I sent all the guns and stores to the rear covered by the 26th Royal Marines, 37th M. N. I., and Bengal Volunteers, and at 12 o'clock the British flag was lowered in the four Forts, and the troops and Brigade of Seamen marched out and returned to Tsing-hae.

40. By the excellent arrangements and under the active superintendence of Captain Bourchier of H. M. S. Blonde, and Captain Maitland of H. M. S. Wellesley, the whole were re-embarked by 3 o'clock, without leaving a man of the Army or Navy or a Camp-follower behind, and, under tow of the *Nemesis*, reached their respective Transports that night.

41. I have now, my Lord, detailed, I fear at too great length, the occurrences of eight days before Canton. I might have been very brief, perfect success attending every operation—but by a mere statement of the leading facts, I should not have done justice to the discipline of the small but gallant band, whom it was my good fortune to command, and whose devotedness was worthy of a better foe.

42. I have not touched upon the brilliant conduct of the Royal Navy in their attacks and various operations to the South of the City, as these will be detailed by their own Chief, to whom, as I have said, I cannot too strongly express my obligations.

43. In a body, where all have done their duty nobly and zealously, it would be invidious to particularize: I will however entreat your Lordship's favorable notice of the Commanding Officers of Brigades and Corps, from whom I have received the most able assistance, and to whom my best thanks are due. To Major General Burrell, commanding the Right Brigade, who was zealously supported by Lieut. Coll. Adams, commanding 18th Royal Irish, and Capt. Ellis, commanding the Marine Battalion, to Captain Bourchier of H. M. S. Blonde, commanding the Brigade of Seamen, supported most ably by Captain Maitland of H. M. S. Wellesley, and Captain Barlow, H. M. S. Nimrod to Lt. Colonel Morris, commanding the Left Brigade, whose good fortune it was first to carry the heights and place the colors of the 49th in the first Fort taken, gallantly seconded by Major Stephens, who commanded the 49th in the first operation, and Major Blyth, who commanded that Corps during the latter part of the day—to Captain Duff, commanding 37th M. N. I. and Captain Mee, commanding the Bengal Volunteers.

To Major Pratt, commanding H. M. 26th Regiment. This Corps, though not at first much engaged from the nature of its position at the Factories, proved on the 30th, by its spirited and steady conduct, which nothing could exceed, how valuable its services would have been throughout.

To Captain Knowles of the Royal Artillery, Senior Officer of that arm, my best thanks are due for his valuable services. Lieut. the Honble R. C. Spenser, with the detachment of Royal Artillery, well supported the high character of that distinguished Corps. The zeal of Capt. Anstruther, commanding the Madras Artillery, was indefatigable, as were the efforts of every individual of that valuable body in bringing up the guns and ammunition.

To Captain Cotton, Field Engineer, I feel under the greatest obligations, and I experienced the most ready support from every Officer under him. Of one of them, Lieut. Rundall, I regret to say, that I shall probably lose the services for some time, in consequence of a severe wound. The useful labours of the Sappers called for my best thanks, they were cheerfully prepared to place the ladders for the escalade.

I feel greatly obliged to all the General Staff—all accompanied me on shore, and to their indefatigable attention in conveying orders on foot, at times to a considerable distance, I was much indebted. To Lieutenant Colonel Mountain, Deputy Adjutant General, my best thanks are due for his unwearied exertions and valuable services not only upon the present, but upon every occasion. The exertions of Major Hawkins, Deputy Commissary General, were unceasing, and by his judicious arrangements, [and those of his Assistant,] the troops were amply supplied. The excellent arrangements made by Dr. Grant, the Officiating Superintending Surgeon, and Medical Staff of Corps, call also for my acknowledgement. I beg to bring to your Lordship's particular notice my Aide-de-Camp, Captain Gough, of the 3d Light Dragoons, from whom I have upon this, as upon every occasion, received the most active and unremitting assistance.

44. Having now conveyed my approval of the conduct of the Commanding Officers of Brigades and Corps, and the Heads of Departments, permit me to draw your Lordship's special attention to the praiseworthy conduct of the Sailors and Soldiers under my command, which in my mind does them the highest credit. During the eight days this force was on shore, [and many of the Corps were unavoidably placed in situations where Sham-shu was abundant,] but two instances of drunkenness occurred; and I deem it but justice here to mention a strong fact. The soldiers of the 49th finding a quantity of Sham-shu in the village they had so gallantly taken, without order or previous knowledge of their Officers, brought the jars containing this pernicious liquor, and broke them in front of their Corps, without the occurrence of a single case of intoxication.

45. This dispatch will be presented by Captain Grattan, whose conduct I have already mentioned to your Lordship, and whom I have selected for this duty alone on account of that conduct. He is a

most intelligent Officer, and will be able to give your Lordship any further information.

I have the honor to be, &c.

H. GOUGH, *Maj. Genl.*

Commanding Expeditionary Force.

P. S. It is with deep regret that I have to mention the loss of Lieutenant Fox, of H. M. S. *Nimrod*, a most promising young Officer attached to Captain Barlow's Battalion of Seamen, who fell at the storm of the western Forts. Mr. Walter Kendall, Mate of the same ship, a very deserving Officer, lost his leg, I am sorry to add, at the same time.

I have the honor to forward a Return of the Killed and Wounded, and a list of Ordnance captured. Of the killed and wounded on the enemy's side, it is difficult to form a correct estimate; but the Kwang-chow-Foo acknowledged to me that of the Tartar troops, 500 had been killed, and 1,500 wounded on the 25th May—and I conceive that the killed and wounded on the Chinese side, upon the 30th, and in the different attacks made upon my flanks and line of communication, must have been double those numbers.

To His Excellency Major General Sir Hugh Gough, K. C. B. and Captain Sir H. Le Fleming Senhouse, K. C. H. &c. &c. &c.

Extracts from a Despatch from Captain Sir H. Le Fleming Senhouse, K. C. H. &c. to Commodore Sir J. J. Gordon Bremer, C. B. and K. C. H., Commander in Chief, &c. &c. &c.

Dated Heights above Canton, May 29th 1841. *continued on board H. M. Ship Blenheim, French River, June 2d,* 1841.

I closed my former letter with the details of our proceedings up to the moment the Expedition was about to leave Hong Kong for Canton. I have now the gratification to enter upon the details of a succession of operations, highly honorable I trust to Her Majesty's Arms, and by which the large and populous City of Canton has been laid in complete submission at the feet of the Queen's Forces.

No overt act of hostility had taken place up to the 21st May, except remounting the guns in the Shamien battery, but the Chinese appear to have been perfectly ready for attack. All remained quiet in the river until about 11 o'clock P. M., when an attempt was made with fire rafts to burn the advanced vessels. This attack not only totally failed but was followed up by a gallant attack on the Shamien battery, and the silencing of it by the vessels of the squadron, under the immediate superintendence of Captain Herbert of the "*Calliope,*" and the destruction of a large flotilla of fire vessels, which the Chinese had been preparing and had brought out of the branch of the river which leads north of the town. About the same time, though later in the night, the "*Alligator*" was attacked off Howqua's Fort, and to show how necessary it was to have been always on our guard, the fire junks came up with the flood tide in a direction with the Merchant vessels at Whampoa, where all seemed to sleep in security. Captain Kuper's account of his
No. 1. prompt and decisive conduct in repelling the attack, I have also the honor to forward.

Opinions were uncertain as to the feasibility of entering the northward branch of the river, and of floating at low water. To determine this I availed myself once more of the zeal and great ability of Commander Belcher, who most handsomely volunteered to explore it with his own boats, assisted with 3 others from the "Pylades," and "Modeste," and "Algerine," all placed under the command of that gallant and judicious Officer Lieutenant Goldsmith of the "Druid," who was attached to the "Blenheim," in that Ship's launch, and who had orders to protect Commander Belcher in his surveying operations.

The Major General and myself went to Canton to make a reconnoissance and a personal inspection on the same day, the 23d. In our progress we observed a firing and explosions in the direction of Captain Belcher's party; and Commander Belcher's letter, a copy of which I enclose, gives the detail of
No. 2. a gallant and spirited affair which took place in the creek. At 11 at night, Commander Belcher returned with the gratifying intelligence that he had discovered an excellent landingplace on a pier, with water enough for the "Sulphur" close to it at low water. The ground directly around it rose in low hills, and a line of hills appeared to continue to the height near the city, although there might be swampy ground in the small vallies dividing them.

Our united force consisted of the Ships and Vessels named in the margin, comprising in their Crews, Officers, Seamen and Marines inclusive about 3200 men, out of which about 1000 Officers, Seamen and Marines were landed to serve with the Army. The Military force under that gallant, distinguished, and experienced Officer Major General Sir Hugh Gough, comprised Her Majesty's 49th Regiment, 311 in number,—37th Madras Native Infantry 240, Bengal Volunteers 79, Royal Artillery 38, Madras Artillery 232, Sappers and Miners 171, Her Majesty's 18th Royal Irish 535, and Her Majesty's 26th Cameronians 317, making about 2223.

Wellesley,		At Wantong in the Bocca Tigris, sent up her Marines and 160 Seamen.

Captain Herbert was stationed at Whampoa with the Calliope, Conway, Herald and Alligator, and was directed on the 24th to take the Command of the force, afforded by the four vessels under his orders, and pushing up with the flood-tide with such vessels as could proceed, or with the boats of the ships endeavour to take possession of and secure the Arsenal. I informed him that the ships near the Factory would drop down and secure the Dutch Fort, and to keep up an enfilading fire on the face of the works thrown up in front of the City where I understood many guns were mounted. I left it to his own judgment to act according to circumstances, in endeavouring to drive the enemy from the French Fort and to endeavour to open the communication with the Ships of War to the Westward and with the Commanding Officer of the left column stationed at the Factories. I beg to enclose a letter I have received from Cap-
No. 3. tain Herbert, detailing the part he took in the affair that followed, where the usual gallantry and zeal were displayed by Her Majesty's Seamen and Royal Marines. Commander Warren, with his Gig's crew, placing his colours first on the walls of the French Fort. Commander Warren was also ordered, with the Ships under his command, to take up his anchorage in line along the town from the Western Fort as far as the Factory, and to cannonade the exterior to prevent the enemy from firing on the right column as it passed. After the enemy's fire had been silenced he was to leave the *Nimrod* and another vessel to keep the enemy in check at that quarter, and to detach the rest of his force to secure the Dutch Fort, and to place them with the *Atalanta* so as to enfilade the line of batteries in front of the City, but he was not to expose his ships to the front fire of the heavy guns said to be placed there until the enemy were shaken in their position.

The landing of the left column was placed under his particular charge, and it was not to land until he had made the signal.

So effectually and vigorously did Commander Warren execute these instructions, that when the

right column passed his station every thing had been completed and all was still, the detail
No. 4. of this gallant affair is annexed in a copy of his letter, where I regret to observe the loss of men was more than had been ordinary.

A return of the killed and wounded is
No. 5. here added, and although it may appear strange to see the wounded of the Army in the Naval report, yet the two Corps had been so entirely mingled together, their services so blended, and such intimate harmony has existed, that it would be difficult to make any separation between the acts of either or the circumstances that concerned them. The two Officers who had fallen, Major Becher of the Indian Army, Deputy Quarter Master General, a very old Officer who had served ably in the Burmese War, and Lieutenant Fox, first of the Nimrod, have united the regret of all by their characters and services. The same shot took off the legs of Lieutenant Fox and of Mr. Kendal his shipmate, the Gunnery Mate of the Nimrod, the former fell a victim to his wound, the latter has survived amputation. I thought it would gratify Mr. Kendal to give him an acting Commission as Lieut. of the Nimrod in Lt. Fox's vacancy, on the field of battle until your pleasure is known—though his wound will disable him from doing his duty perhaps for some time, and may oblige him to go home.

I have the honor to enclose lists of the Officers who have been personally engaged in the operations on shore and afloat in boats, but it must be remembered that the duties and the fatigues of Commander Pritchard of the Blenheim and of those who remained on board their respective ships, were increased in the same ratio as their numbers were diminished, and that the ultimate success is the attainment of the whole body, each working in his particular sphere. The names of many will be seen who have already distinguished themselves at Chuenpee, Anunghoy, Wantong, and the many affairs in the Canton River, and no doubt have already, like their brother officers at Acre, been so fortunate as to secure their country's notice. Never was there a finer set of zealous able Commanders. Commanders Belcher and Warren have only continued in that path of able and judicious service on which they have so long travelled—their own services will always attract attention,—of the Lieutenants, Lt. Joseph Pearce, Lt. Goldsmith, Lt. Watson, Sir Fredrick Nicholson, Lt. Morshead, first of their respective vessels, may, perhaps, be named without injury to all others who well played their parts,—to Lt. Kellett, of the "Starling," I am much obliged; and Lt. Mason, of the "Algerine," has won his promotion by a long series of gallant and brave services. I beg to acknowledge the zeal and the assistance I have had from every Captain and Officer of the Squadron whom I have had the happiness to command.

Her Majesty's Ship Alligator,
off Howqua's Folly, May 22d, 1841.

Sir,—I have the honor to acquaint you that last night, shortly after 12 o'clock, an attack was made by the Chinese upon Her Majesty's Ship *Alligator*, under my command, by fire rafts.

They were chained in pairs, and brought down in a direct line for the ships on a flood tide: owing to the confined position I was in, and the sunken junks and line of stakes astern, I could not slip but by steering the ship, and the activity of Lieutenant Stewart, first of this Ship, and Messrs. Woolcombe and Baker, Mates, in command of the boats, they were towed clear, although they passed within ten yards of the bows: as I had reason to believe that a considerable force was assembled in the vicinity, to take advantage of any accident that might occur, I fired several shot on both sides to clear the banks. No damage has been sustained.

I have the honor to be, &c.,

Her Majesty's Ship Sulphur,
Off Canton, May 23d, 1841.

Sir,—In pursuance of your directions I proceeded up the Creek on the Western side of Canton in order to examine the nature of the country, our force consisting of the Druid's Launch, Lieutenant Goldsmith (1st Lieutenant of that ship) Sulphur's Pinnace, and two Cutters, Modeste, Pylades and Algerine's Cutters, Starling's Cutter, and my Gig, the two first-named boats carrying guns.

On approaching Neishang, where the boats of the Squadron were yesterday engaged, I observed the "fast boats" of the enemy collected in great numbers, part retreated by a creek to the left, but shortly after returned and manifested a disposition to impede our progress, by firing guns and drawing up across the creek. Our advance, and notice of our determination by a round from each of the boats carrying guns, put them to flight, and in a very short period 13 fast boats, 5 War Junks and small craft collected, amounting to 28 in all, were in flames. Fire rafts were in readiness, on the banks of the creek, but too well secured by chains, and therefore beyond our ability to destroy during our short stay.

The whole force behaved with their usual gallantry, and the Commander of the Division under my direction (Lieutenant Goldsmith) afforded me that steady determined support, which so particularly distinguishes him, and which caused me to ask you for his co-operation.

The enemy being posted in force on a hill above us, prevented me, in obedience to your orders, from exposing my small party by an attempt to dislodge them. But I fully succeeded in effecting my reconnoitre by being hoisted to the mast head of the largest junk from whence I was able to survey the whole surrounding country.

From that examination I am happy to acquaint you that landing on solid ground is perfectly practicable. That the advance to the batteries situated on the hills North of Canton is apparently easy, and I have every reason to believe that our Artillery will not meet with an extraordinary difficulty.

On my return I landed at the Mandarin temple at Tsingpoo, where I found sand bags and 5 small guns which were spiked and thrown into the sea. This temple, with other large commodious buildings, will afford ample quarters for the troops which may first be landed.

No casualties whatever occurred. I brought out with me one large fast boat of 60 oars, the boat from which the Madarin escaped; and in pursuance of your separate orders collected vessels for the conveyance of 2000 soldiers.

I have the honor to enclose a list of boats and officers engaged, and am Sir,

Your most obedient Servant,

(Signed) Ed. Belcher, *Commander.*

To Captain Sir H. Le Fleming Senhouse, Kt. K.C.H. &c. &c. &c. Canton River.

Her Majesty's Sloop Modeste, off Canton,
26th May, 1841.

Sir,—I received your orders of the 24th instant a little before noon on that day, and immediately proceeded with the Boats and Marines of Calliope and Conway to the Alligator off Howqua's Fort, making the signal to Herald to close and send her boats.

I ordered Captain Kuper to move the Alligator up the right bank of the river past Napier's Fort, where he anchored her in her own draught, and the boats were pushed up as far as possible without exposing them to the enemy's fire. A little before sunset I observed the Algerine moving down past the Dutch Fort, and she shortly anchored and engaged a battery on the Canton side which she silenced. Anxious to cooperate with her I went ahead with Captain Bethune to reconnoitre, but was stopped by a shot through my boat from the French Fort.

I remained under cover of the Point until dark, when I sent Captain Bethune with a division of boats to support her, and a concerted signal having been made, I joined her with the whole force at 2 A. M.

The arsenal being secured, I reconnoitred the line of defence, and perceived that it could not be attacked with advantage without having heavier guns in position than those of the Algerine. I therefore lost no time in ordering the other sloops down, and at the same time put myself in communication with Major Pratt, commanding H. M. 26th in the Factory.

Finding that Modeste was the only vessel likely to be got across the bar, and there appearing even some doubt of her accomplishing the passage, I fitted shell guns in three of the captured War Junks.

Captain Eyres having succeeded by great exertion in getting his Vessel over the bar, I this morning moved her, Algerine, and the Gun Junks on the French Fort, the enemy deserted the upper defences, and about 9 A. M. opened their fire from the Fort, which was speedily silenced; I then cleared the Beach by a few well directed broadsides, and made the signal to advance. Captain Bethune immediately landed on shore with the storming party and the Fort was carried in the most gallant style; the whole line of defence extended about 2 miles from the Factory, which, with the exception of the French Fort, had been lately constructed in the strongest manner, has been destroyed, and communication is opened with the Ships at Napier's Fort. The guns destroyed are 64 in number, including four 10½ inch calibre—the Dutch Fort was not armed.

To that excellent and able Officer Captain Bethune, I feel particularly indebted, and my best thanks are also due to Commanders Warren and Gifford, who assisted in the attack. This is the 6th time I have had occasion to mention the gallant conduct of Commander Eyres; Lieutenant Mason, commanding the Algerine, acquitted himself entirely to my satisfaction, and both Captain Eyres and himself speak in the highest terms of the assistance they received from Lieutenant Shute, and Mr. Dolling, Mate, their seconds in command, and all the other officers and men.

Lieutenants Haskell and Hay, Senior of Cruizer and Pylades, directed the Guns in the Junks with great ability—Captain Bethune speaks in the highest terms of Lieutenants Watson, Beadon, Coryton, Colinson, Morshead, Hayes, Hamilton, and Mr. Brown, Master, as also Lieutenant Hayes of the Bombay Marine, and of all the other Officers and men employed more immediately under his orders, a list of whom is annexed. The party of Marines was commanded by Lieutenant Urquhart, assisted by Lieut. Marriott, Lieutenant Somerville, Agent of Transports, aided with some boats of the Transports. Lieutenant Gabbott, of the Madras Artillery, threw shells with great effect from one of the Junks, and Major Pratt offered in the handsomest manner to co-operate in the attack, if required.

I enclose a list of vessels captured, afloat, and building.

I have the honor, &c.

Her Majesty's Sloop Hyacinth, off Canton,

May 26th, 1841.

SIR,

I have the honor to acquaint you that immediately on the receipt of your letter of the 24th instant, I weighed with the advanced Squadron and ordered Her Majesty's Sloop "*Nimrod*" to attack the Samien Fort on the West end of the suburbs, supported by Her Majesty's Sloop "*Pylades*". Her Majesty's Sloop under my command being placed abreast of the English Factory to silence and dislodge any troops that might be there, and also with a view of covering the landing of Her Majesty's 26th Regiment. Her Majesty's Sloops "*Modeste*," "*Cruizer*" and "*Columbine*" taking up a position to attack the Dutch Folly Fort and to enfilade the line of batteries, lately thrown up in front of the City to the Eastward of that Fort. On the Ships taking up their position three fire vessels were sent adrift, and although the tide was running very strong by timely despatch of boats they were enabled to clear the ships and tow three on shore and set fire to the suburbs.

In the performance of this service they opened their fire on the boats and shipping. In half an hour the enemy were completely silenced to the Eastward of the Dutch Folly Fort. After reconnoitring the Factory and finding it quite deserted, I immediately ordered the preconcerted signal for Her Majesty's Brig "*Algerine*," and "*Atalanta*" Steamer to approach with Her Majesty's 26th Regiment, when they landed and took possession of the Factory without the slightest casualty. This service being completed, I ordered Lieutenant Mason, commanding Her Majesty's Brig *Algerine*, to proceed to attack a fort to the Eastward which I feel much pleasure in reporting to you was done in a particularly spirited and gallant style by that Officer, but perceiving the firing to be so heavy from the Forts, I ordered the Boats of Her Majesty's Ships to her support.—Her Majesty's Sloop "*Hyacinth's*," under Lieutenant Stewart, and Mr. Peter Barclay Mate; "Modeste's," Mr. Fitzgerald Mate; "Cruizer's;" Lieutenant Haskoll, and Mr. Thomas J. Drake, Mate, "Pylade's;" Lieutenant Hay, and "Columbine's, Lieutenants Hamilton, Helpman, and Mr. Miller, Mate. It is gratifying to me to inform you, by half-past seven the Fort of eleven guns were silenced and the Guns spiked, under a heavy fire of Gingalls and Musketry from the houses, at the same time I regret to add, it was not done without considerable loss. It would be impossible to particularize upon an occasion where every officer and man engaged against an enemy defending themselves with much vigour at all points, but in addition to my best thanks and acknowledgements to Commanders Barlow, Eyres, Giffard, Anson and Clarke, and Lieutenant Mason, I hope you will give me leave to recommend to your particular notice my own 1st Lieutenant W. H. Morshead, who was wounded in the hand in a personal engagement with a Mandarin. Lieutenant Mason of the "*Algerine*" speaks in the highest terms of the conduct of Mr. Dolling, Mate, and Mr. Higgs, Second Master of that vessel. I cannot conclude without expressions of my approbation of the steadiness of Commander Rogers, of the Indian Navy, in conducting the *Atalanta* to her station.

I beg leave to attach a statement of the killed and wounded, and damage sustained by the ships engaged.

I have the honor to be, &c.,

(Signed) WM. WARREN,

Commander.

The 9th August, 1841.

The following Extract from the proceedings of the Right Hon'ble the Governor General of India in Council, in the Legislative Department, under date the 9th August 1841, is published for general information:

Read a second time the Draft of a proposed Act, dated the 15th of February 1841, and published in the Calcutta Gazette of the 17th of the same month, for amending the Law with respect to rates for Municipal purposes within the Town of Madras.

Resolution.—The Right Hon'ble the Governor General in Council resolves that the following Amended Draft on the subject be re-published for general information:

Act No. — of 1841.

For amending the Law with respect to rates for Municipal purposes within the Town of Madras.

I. Whereas it is expedient to specify the particular purposes to which rates assessed on houses, buildings and grounds in Madras shall be applied; and to abolish the practice which has hitherto prevailed, of levying five per cent on the annual value of all houses, buildings and grounds, without reference to the amount necessary for accomplishing the purposes of the rates; such per centage being inadequate for the purposes to which the rates have hitherto been deemed applicable. And whereas it is expedient to make the per centage leviable by quarterly or other convenient rates on the annual value of property to depend entirely on the expenditure necessary for accomplishing, in an efficient manner, the purposes to which the rates shall henceforth be applicable, and providing for all incidental expences and casual deficiencies or defaults. And whereas it is expedient to subject the collection and administration of the funds raised for Municipal purposes in the various districts of the Town to the management of the rate-payers themselves within such districts respectively, whenever they are desirous of undertaking the same, and are willing to enter into proper arrangements for the purpose. And whereas it is expedient to modify the provisions of the Statute 33, Geo. 3, Cap. 52, in regard to assessments for the Town of Madras in order for the better collection of the same, reserving all the authority of such Statute in matters not inconsistent with this Act;

It is hereby enacted, that the assessments which by the Statute 33, Geo 3, Chap. 52, are authorized to be made for the Town of Madras, shall be applicable to the following purposes only, viz lighting, and watering the roads and streets, and cleansing and repairing the same and the drains of the said Town.

II. And it is hereby enacted, that the assessment, and rates made under the authority of the said Statute shall be sufficient for accomplishing, in an efficient manner, the purposes mentioned in the last Section, for discharging all incidental expences, and for making up deficiencies and defaults of every kind whatsoever. Provided always, that no rate shall be made exceeding the amount of five per cent on the assessed value of property without the sanction in the Governor in Council of Fort Saint George of Madras.

III. And it is hereby enacted, for the encouragement of the control and supervision of the assessment and collection of the rates and the management thereof within particular divisions being undertaken by the rate-payers themselves, the Justices at their Quarter Sessions shall publish quarterly or as required by the Local Government the particulars of all sums laid out, and of all the expences of collection and deficiencies during the preceding quarter within three or more divisions of the Town to be indicated by the Governor in Council of Fort Saint George in Madras before this Act shall be allowed to come into operation or such other divisions as the Governor in Council of Fort Saint George in Madras may from time to time direct, so long as the assessment, collection or management of the rates for such divisions shall remain under the jurisdiction of the Justices.

IV. And it is hereby enacted, whenever two-thirds in number and value of the rate payers of any of such respective divisions shall apply to the Governor in Council of Fort St. George in Madras, to undertake themselves the assessment, collection and management of the rates of such division, or any or either of these trusts, it shall be lawful for the Governor of Fort St. George in Madras to authorise the same accordingly, at his discretion; provided always that such majority of rate payers shall present a scheme which shall obtain his full approbation for the safe and efficient execution of the trusts, the transfer of which from the present authorities is sought for. Provided always that in any such arrangement, the amount to be levied in any particular division shall not be considered as necessarily limited by the amount expended within such division, but shall be adjusted by the Governor in Council of Fort St. George in Madras upon reference to all local circumstances.

V. And it is hereby enacted, that for the better assessment and collection of rates under this Act, it shall be lawful for the Governor in Council of Fort St. George in Madras, to appoint such Assessor or Assessors, Collector or Collectors, and to make such union of the offices of Assessor and Collector, and to prescribe such rules and take such securities for the due execution of this Act by the person or persons employed in assessments and collections and in the management of the rates collected as he shall deem expedient.

VI. And it is hereby enacted, that it shall not be necessary in any assessment rate or warrant of distress under this Act to specify the names of the owners or occupiers of houses, buildings and grounds; but it shall be sufficient if every property rated be identified, and in the case of houses numbered in any street, that the name of the street and number of the house rated be particularly specified.

VII. And it is hereby enacted, that the Goods and Chattles of the owner of any property rated shall be seizable any where (except where property is concealed as hereinafter mentioned) for deficiency in the payment of rates. And that all property which shall be found upon any premises rated, shall be seizable for any arrears which may be due for a period of one year immediately preceding such seizure. And in the case of the seizure of the property of a tenant under such circumstances, he may deduct the amount of the levy from the next payment of his rent.

VIII. And it is hereby enacted, that where there is ground to suspect that property liable to distress under this Act is concealed in any zenana, the Officer charged with the execution of the warrant shall make a special report to the Justice granting the same, who shall thereupon follow, as closely as is practicable, the rules for the seizure of property in like cases adopted by Her Majesty's Supreme Court of the Presidency.

IX. And it is hereby enacted, that it shall be lawful for any one Justice of the Peace for the Town of Madras to issue a Warrant of Distress for the recovery of the arrears of Assessment under this Act, or under the Statute 33, Geo. 3, Ch. 52, and every such Warrant shall have the same force and effect as if it were under the hands and seals of two such Justices.

No. 134.

CAMP GIRISHK, 5TH JULY, 1841.

SIR,—Conformably with the instructions conveyed in Captain Ripley's (Fort Adjutant) letter to my address under date the 27th ultimo, I have the honor to report for the information of Major General Nott, Commanding, the operations of the Detachment under my command since leaving Candahar.

On reaching Kaash-kce-na-kood on the morning of the 1st instant, the Assistant Political Agent with my detachment (Lieutenant Pattenson) intimated to me that he had received information of Akhtar Khan being still before Girishk with a body of 3000 men, but thought it probable he would move in the direction of Sharuck on learning the near approach of my detachment. I therefore determined to march next morning to Sungboor instead of proceeding by the usual route to Girishk, in order that I might be nearer the Enemy in case they should move up the river, and still be able to reach the Ford opposite Girishk by the same number of marches.

On arrival at Sungboor, on the morning of the 2d instant, I was informed by Lieutenant Pattenson that Akhtar Khan had not left Girishk, and that from every account received he was determined to meet my detachment before the place and oppose my crossing the Helmund. I consequently marched at 8 o'clock in the evening, and reached the Ford opposite Girishk a little before day break on the 3d instant, when Lieutenant Pattenson (who preceded the detachment) acquainted me that all the Fords were in possession of the Enemy, and that the one at which I had halted was not practicable for either Cavalry or Infantry, but that at Simboolee, about three miles further up the River, Cavalry could cross, and that the Infantry Ford was a mile further down. I accordingly directed Captain Hart to ford at Sumboolee with the 2nd Regt. of Janbaz, and to move down upon the Enemy while I was crossing the remainder of the detachment at the Ford described, by the Assistant Political Agent, as "only knee deep." In July 1839, I had frequently crossed the river at this Ford, and had therefore no reason to doubt the accuracy of Lieut. Pattenson's information, but on reaching the place was greatly disappointed to find that, owing to the depth and rapidity of the current, the Ford was totally impracticable.

From the high grounds at this place I could distinctly see the Rebel Force drawn upon the opposite bank about half a mile from the river; the Infantry were formed on the open plain and appeared to number 3000, but the gardens near the Fort were swarming with men, who commenced moving out on my detachment coming in sight. I now discovered that Captain Hart had crossed the river, and was moving down the right bank in excellent order, agreeably to the instructions I had given him; and finding that it was impossible for me to cross the river at any of the Fords below, I was apprehensive that he might be surprised by the Enemy, and be hard pressed before he could regain the Ford at which he had crossed. Fortunately however he observed that I had not been able to effect a passage, and immediately returned to the left bank of the river at Sunboolee, where I joined him at 8 A. M. and found that the Rebels had moved up to the Ford, and taken up their position on the opposite bank, but as my men were suffering from extreme heat and the long march during the night, I contented myself by giving them a few rounds of round shot which caused them to move off to some gardens and villages two miles further up, when I immediately pitched my Camp close to and fronting the Ford, determining to suspend further operations till the afternoon as the Ford was not practicable for Infantry, and at the same time I crowned the hills which ran in my rear (from the village of Sunboolee for about a mile up the river) with horsemen, to watch the Rebels and bring instant intelligence of any movement that might take place.

About 4½ P. M. a stir was perceptible in the Rebel camp and they seemed preparing for a move. I accordingly struck mine, and detached Lieut. Golding with his Janbaz Regiment to watch their movements, and oppose their crossing the river, should such prove to be their object. About 6 o'clock I received intelligence from this officer that the enemy had succeeded in crossing the Ford (some 3 miles distant from my position) before he could reach it, and were moving down in large bodies. I immediately changed my front and took ground a little to the left which I considered the best position attainable under all circumstances. The Guns were placed between the 4th and 5th Companies of the 5th Infantry and the two Janbaz Regiments were formed on either flank, and 200 Suwars were posted in rear to protect the baggage and watch the neighbouring ford, in case any portion of the Enemy should attempt a passage by it also. In this order I remained until I could discover their point of attack which was soon unmasked by a large body of Infantry moving towards my left, when I forthwith changed position on the Light Company of the 5th Infantry, throwing back Lieut. Golding's Janbaz Regiment, and forward the guns and remaining Companies of the 5th Regiment, with Captain Hart's Janbaz corps thrown back at a right angle with the Grenadier Company of the 5th Regiment to protect the right of the position.

The attack on the left was made with great boldness, but was repulsed by the welldirected fire from the Guns and the three Companies on their left. Failing in this the Enemy moved off towards the right but were again met by a most destructive fire from the Guns and the five Companies of Infantry on their right.

Large bodies of Horse and Foot were now seen crowding along the heights to the right of the Infantry, and shortly after they moved down on Captain Hart's Janbaz Corps, forcing it back on the baggage in the rear, and a portion of them even succeeded in getting close up to the rear of the three Companies of the 5th Infantry on the left of the Guns, but were driven back by Lieutenant Clark's* facing the rear rank of these Companies to the right about and firing a volley. The Janbaz Regiments having now got into confusion, notwithstanding the utmost exertions of their Officers, and the rear being still threatened, I moved back one of the Guns with the Grenadier Company of the 5th Regiment to protect it, which was scarcely effected before they were beset by large bodies of Horse and Foot crowding in on the rear, and who were not driven back and dispersed until three rounds of grape and a volley from the Grenadiers had been delivered, at less than 50 paces distant.

I then ordered Captain Hart and Lieutenant Golding to move out with their Janbaz Corps and scour the country to the right which they most ably performed, though in justice to these Officers I am compelled to add, but feebly supported by a large portion of their men, who lagged behind, crowded in upon the baggage and rear of the Infantry, and could not be induced by any means to behave as soldiers, in following their Officers.

Under these circumstances I determined to occupy the whole of a Melon Bed enclosure in which a portion of the 5th Infantry was posted, and to get as much of the baggage within it as possible. This arrangement was soon perfected and the Infantry being secured behind a low wall, which ran round this enclosure, were able in comparative safety, to repel any fresh attack that might be made, of which there were several, but in every instance, steadily repulsed by the fire from the Artillery and Infantry.

At 11 o'clock the heights were again crowded with bodies of Horse and Foot, and it was now obvious that the Rebels were moving off, though they kept up a desultory and useless fire upon the position for hours after, apparently with the object of distracting our attention, and enabling them to carry off their dead, which they did until nearly daybreak on the morning of the 4th instant.

At sunrise on the 4th instant I detached Lieutenant Golding to ascertain the direction in which the Enemy had gone, and he reported on his return that they were posted in considerable strength about two miles up the river, but it was soon ascertained that they had reforded it, and in a few hours after, information was received of their having reached Hydrabad *en route* to Zemindawur, when I made immediate arrangements for crossing the Grain (carried upon Asses) upon Camels, and at 3 o'clock P. M. commenced fording the detachment and baggage, an operation which lasted nearly seven hours, notwithstanding the aid received from the Janbaz Regiments by carrying the Infantry across on their horses. The Detachment reached Girishk this morning at 2 o'clock, and encamped on the high ground to the west of the Fort.

In both a Military and Political point of view, it would be of the greatest importance to follow up, and disperse the Rebels, but with reference to their numbers, and the notoriously disaffected state of the country, I do not consider that I should be justified in moving after them, with a weak Regiment of Infantry, 2 Guns and with Cavalry, in which every confidence cannot be placed. However, if the Major General is of opinion that a small increase of Cavalry and Infantry to my Detachment will suffice, no time shall be lost by me in pursuing the Rebels, and engaging them in Zemindawur.

All accounts agree in computing the force of the Enemy to have amounted to 6,000, of which two-thirds were Infantry, and from information yesterday received, they had upwards of 300 killed, and the villages up the river are stated to be filled with wounded men.

It is a pleasing duty for me to bring to the Major General's notice, the excellent conduct of the European Officers of the Detachment, as I am much indebted to them for the coolness and energy they displayed in executing my orders and wishes.

Captain Hart and Lieutenant Golding repeatedly charged the Enemy successfully during the night, with such portion of their men as could be induced to follow them; and I only regret that their noble example should have been so partially seconded—the former Officer was wounded slightly on the head and right wrist, but will, I trust, be incovenienced therefrom, only for a few days.

Lieutenant Cooper deserves my best acknowledgments for the rapidity and admirable manner in which he brought his Guns to play upon the Enemy; and I had frequent opportunity of noticing the precision of his practice. His Guns are never in difficulty, and he manages to move with less assistance from Infantry than most Officers I have met with.

Lieutenant Ross commanded the 5th Infantry on the night of the 3d instant, and displayed both courage and ability in the trying situations in which he was frequently placed, and the order in which he kept the men was extremely creditable to him.

Lieutenant Clark commanded the three left Companies of the 5th Regiment, and exhibited much coolness in repulsing the frequent attacks made both on front and rear of his position.

From Mr. Assistant Surgeon Colquhoun I also derived much assistance during the action, in a variety of ways, and his activity and zeal could not have been exceeded.

Lieutenant Patenson, Assistant Political Agent, volunteered his services, and throughout the night was most active in conveying such orders as circumstances required, and was consequently of much assistance to me. I regret to state that this Officer, while walking over the field towards morning, was suddenly attacked by one of the wounded of the Enemy, and severely stabbed in the right side. At first the wound was considered mortal, but I am happy to say that he has since been declared out of danger.

It is also my duty to bring most prominently to the Major Genera'ls notice, the admirable conduct of the Artillery and 5th Infantry throughout the night of the 3d instant, and to state my conviction, that no Troops could have displayed greater coolness and bravery than they did on every occasion. They moved from one position to another, not only without confusion, but with nearly as much precision and regularity, as if they had been going through an ordinary parade.

Three Standards were captured from the Enemy, one by Captain Hart's men, another by Lieut. Golding's, and the third by the three Companies of the 5th Infantry under Lieut. Clark.

I have the honor to annex hereto a list of killed and wounded, and in conclusion to state, that I shall be careful to keep the Major General fully acquainted with all my operations.

I have, &c.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

THE 9TH AUGUST, 1841.

The following Extract from the proceedings of the Right Hon'ble the Governor General of India in Council, in the Legislative Department, under date the 9th August 1841, is published for general information:

Read a second time the Draft of a proposed Act, dated the 15th of February 1841, and published in the Calcutta Gazette of the 17th of the same month, for amending the Law with respect to rates for Municipal purposes within the Town of Madras.

Resolution.—The Right Hon'ble the Governor General in Council resolves that the following Amended Draft on the subject be re-published for general information:

ACT No. — OF 1841.

For amending the Law with respect to rates for Municipal purposes within the Town of Madras.

I. Whereas it is expedient to specify the particular purposes to which rates assessed on houses, buildings and grounds in Madras shall be applied; and to abolish the practice which has hitherto prevailed, of levying five per cent. on the annual value of all houses, buildings and grounds, without reference to the amount necessary for accomplishing the purposes of the rates; such per centage being inadequate for the purposes to which the rates have hitherto been deemed applicable. And whereas it is expedient to make the per centage leviable by quarterly or other convenient rates on the annual value of property to depend entirely on the expenditure necessary for accomplishing, in an efficient manner, the purposes to which the rates shall henceforth be applicable, and providing for all incidental expences and casual deficiencies or defaults. And whereas it is expedient to subject the collection and administration of the funds raised for Municipal purposes in the various districts of the Town to the management of the rate-payers themselves within such districts respectively, whenever they are desirous of undertaking the same, and are willing to enter into proper arrangements for the purpose. And whereas it is expedient to modify the provisions of the Statute 33, Geo. 3, Cap. 52, in regard to assessments for the Town of Madras in order for the better collection of the same, reserving all the authority of such Statute in matters not inconsistent with this Act;

It is hereby enacted, that the assessments which by the Statute 33, Geo. 3, Chap. 52, are authorized to be made for the Town of Madras, shall be applicable to the following purposes only, viz lighting, and watering the roads and streets, and cleansing and repairing the same and the drains of the said Town.

II. And it is hereby enacted, that the assessment, and rates made under the authority of the said Statute shall be sufficient for accomplishing, in an efficient manner, the purposes mentioned in the last Section, for discharging all incidental expences, and for making up deficiencies and defaults of every kind whatsoever. Provided always, that no rate shall be made exceeding the amount of five per cent on the assessed value of property without the sanction in the Governor in Council of Fort Saint George of Madras.

III. And it is hereby enacted, for the encouragement of the control and supervision of the assessment and collection of the rates and the management thereof within particular divisions being undertaken by the rate-payers themselves, the Justices at their Quarter Sessions shall publish quarterly or as required by the Local Government the particulars of all sums laid out, and of all the expences of collection and deficiencies during the preceding quarter within three or more divisions of the Town to be indicated by the Governor in Council of Fort Saint George in Madras before this Act shall be allowed to come into operation or such other divisions as the Governor in Council of Fort Saint George in Madras may from time to time direct, so long as the assessment, collection or management of the rates for such divisions shall remain under the jurisdiction of the Justices.

IV. And it is hereby enacted, whenever two-thirds in number and value of the rate payers of any of such respective divisions shall apply to the Governor in Council of Fort St. George in Madras, to undertake themselves the assessment, collection and management of the rates of such division, or any or either of these trusts, it shall be lawful for the Governor of Fort St. George in Madras to authorise the same accordingly, at his discretion; provided always that such majority of rate payers shall present a scheme which shall obtain his full approbation for the safe and efficient execution of the trusts, the transfer of which from the present authorities is sought for. Provided always that in any such arrangement, the amount to be levied in any particular division shall not be considered as necessarily limited by the amount expended within such division, but shall be adjusted by the Governor in Council of Fort St. George in Madras upon reference to all local circumstances.

V. And it is hereby enacted, that for the better assessment and collection of rates under this Act, it shall be lawful for the Governor in Council of Fort St. George in Madras, to appoint such Assessor or Assessors, Collector or Collectors, and to make such union of the offices of Assessor and Collector, and to prescribe such rules and take such securities for the due execution of this Act by the person or persons employed in assessments and collections and in the management of the rates collected as he shall deem expedient.

VI. And it is hereby enacted, that it shall not be necessary in any assessment rate or warrant of distress under this Act to specify the names of the owners or occupiers of houses, buildings and grounds; but it shall be sufficient if every property rated be identified, and in the case of houses numbered in any street, that the name of the street and number of the house rated be particularly specified.

VII. And it is hereby enacted, that the Goods and Chattles of the owner of any property rated shall be seizable any where (except where property is concealed as hereinafter mentioned) for deficiency in the payment of rates. And that all property which shall be found upon any premises rated, shall be seizable for any arrears which may be due for a period of one year immediately preceding such seizure. And in the case of the seizure of the property of a tenant under such circumstances, he may deduct the amount of the levy from the next payment of his rent.

VIII. And it is hereby enacted, that where there is ground to suspect that property liable to distress under this Act is concealed in any zenana, the Officer charged with the execution of the warrant shall make a special report to the Justice granting the same, who shall thereupon follow, as closely as is practicable, the rules for the seizure of property in like cases adopted by Her Majesty's Supreme Court of the Presidency.

IX. And it is hereby enacted, that it shall be lawful for any one Justice of the Peace for the Town of Madras to issue a Warrant of Distress for the recovery of the arrears of Assessment under this Act, or under the Statute 33, Geo. 3, Ch. 52, and every such Warrant shall have the same force and effect as if it were under the hands and seals of two such Justices.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India after the 9th day of October next.

T. H. MADDOCK,

Secy. to the Govt. of India.

The Goods and Merchandize of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.		
	Per Company's Rupee for Advances made at....................	Bengal.
	Ditto............ Ditto............	Madras.
	Ditto .... Ditto	Bombay.
	Per Spanish Dollar Ditto......	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

---

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 9TH AUGUST, 1841.

The following Extract from the proceedings of the Right Hon'ble the Governor General of India in Council, in the Legislative Department, under date the 9th August 1841, is published for general information:

Read a second time the Draft of a proposed Act, dated the 15th of February 1841, and published in the Calcutta Gazette of the 17th of the same month, for amending the Law with respect to rates for Municipal purposes within the Town of Madras.

Resolution.—The Right Hon'ble the Governor General in Council resolves that the following Amended Draft on the subject be re-published for general information:

ACT NO. — OF 1841.

For amending the Law with respect to rates for Municipal purposes within the Town of Madras.

I. Whereas it is expedient to specify the particular purposes to which rates assessed on houses, buildings and grounds in Madras shall be applied; and to abolish the practice which has hitherto prevailed, of levying five per cent. on the annual value of all houses, buildings and grounds, without reference to the amount necessary for accomplishing the purposes of the rates; such per centage being inadequate for the purposes to which the rates have hitherto been deemed applicable. And whereas it is expedient to make the per centage leviable by quarterly or other convenient rates on the annual value of property to depend entirely on the expenditure necessary for accomplishing, in an efficient manner, the purposes to which the rates shall henceforth be applicable, and providing for all incidental expences and casual deficiencies or defaults. And whereas it is expedient to subject the collection and administration of the funds raised for Municipal purposes in the various districts of the Town to the management of the rate-payers themselves within such districts respectively, whenever they are desirous of undertaking the same, and are willing to enter into proper arrangements for the purpose. And whereas it is expedient to modify the provisions of the Statute 33, Geo. 3, Cap. 52, in regard to assessments for the Town of Madras in order for the better collection of the same, reserving all the authority of such Statute in matters not inconsistent with this Act;

It is hereby enacted, that the assessments which by the Statute 33, Geo. 3, Chap. 52, are authorized to be made for the Town of Madras, shall be applicable to the following purposes only, viz lighting, and watering the roads and streets, and cleansing and repairing the same and the drains of the said Town.

II. And it is hereby enacted, that the assessment, and rates made under the authority of the said Statute shall be sufficient for accomplishing, in an efficient manner, the purposes mentioned in the last Section, for discharging all incidental expences, and for making up deficiencies and defaults of every kind whatsoever. Provided always, that no rate shall be made exceeding the amount of five per cent on the assessed value of property without the sanction in the Governor in Council of Fort Saint George of Madras.

III. And it is hereby enacted, for the encouragement of the control and supervision of the assessment and collection of the rates and the management thereof within particular divisions being undertaken by the rate-payers themselves, the Justices at their Quarter Sessions shall publish quarterly or as required by the Local Government the particulars of all sums laid out, and of all the expences of collection and deficiencies during the preceding quarter within three or more divisions of the Town to be indicated by the Governor in Council of Fort Saint George in Madras before this Act shall be allowed to come into operation or such other divisions as the Governor in Council of Fort Saint George in Madras may from time to time direct, so long as the assessment, collection or management of the rates for such divisions shall remain under the jurisdiction of the Justices.

IV. And it is hereby enacted, whenever two-thirds in number and value of the rate payers of any of such respective divisions shall apply to the Governor in Council of Fort St. George in Madras, to undertake themselves the assessment, collection and management of the rates of such division, or any or either of these trusts, it shall be lawful for the Governor of Fort St. George in Madras to authorise the same accordingly, at his discretion; provided always that such majority of rate payers shall present a scheme which shall obtain his full approbation for the safe and efficient execution of the trusts, the transfer of which from the present authorities is sought for. Provided always that in any such arrangement, the amount to be levied in any particular division shall not be considered as necessarily limited by the amount expended within such division, but shall be adjusted by the Governor in Council of Fort St. George in Madras upon reference to all local circumstances.

V. And it is hereby enacted, that for the better assessment and collection of rates under this Act, it shall be lawful for the Governor in Council of Fort St. George in Madras, to appoint such Assessor or Assessors, Collector or Collectors, and to make such union of the offices of Assessor and Collector, and to prescribe such rules and take such securities for the due execution of this Act by the person or persons employed in assessments and collections and in the management of the rates collected as he shall deem expedient.

VI. And it is hereby enacted, that it shall not be necessary in any assessment rate or warrant of distress under this Act to specify the names of the owners or occupiers of houses, buildings and grounds; but it shall be sufficient if every property rated be identified, and in the case of houses numbered in any street, that the name of the street and number of the house rated be particularly specified.

VII. And it is hereby enacted, that the Goods and Chattles of the owner of any property rated shall be seizable any where (except where property is concealed as hereinafter mentioned) for deficiency in the payment of rates. And that all property which shall be found upon any premises rated, shall be seizable for any arrears which may be due for a period of one year immediately preceding such seizure. And in the case of the seizure of the property of a tenant under such circumstances, he may deduct the amount of the levy from the next payment of his rent.

VIII. And it is hereby enacted, that where there is ground to suspect that property liable to distress under this Act is concealed in any zenana, the Officer charged with the execution of the warrant shall make a special report to the Justice granting the same, who shall thereupon follow, as closely as is practicable, the rules for the seizure of property in like cases adopted by Her Majesty's Supreme Court of the Presidency.

IX. And it is hereby enacted, that it shall be lawful for any one Justice of the Peace for the Town of Madras to issue a Warrant of Distress for the recovery of the arrears of Assessment under this Act, or under the Statute 33, Geo. 3, Ch 52, and every such Warrant shall have the same force and effect as if it were under the hands and seals of two such Justices.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freigh and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

---

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freigh and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

---

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets or England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

The following revised Terms and Conditions for making Advances in India and China upon Goods and Merchandize consigned to England are published for general information, also the following paragraphs 5 and 6 of the despatch of the Hon'ble Court of Directors, dated 17th August, prescribing the same for future observance:

TERMS AND CONDITIONS

FOR

MAKING ADVANCES IN INDIA AND CHINA,

UPON

The Goods and Merchandize of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.		
	Per Company's Rupee for Advances made at....................	Bengal.
	Ditto............ Ditto............	Madras.
	Ditto............ Ditto............	Bombay.
	Per Spanish Dollar Ditto......	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with Interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

THE 6TH SEPTEMBER, 1841.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 6th of September 1841, is hereby promulgated for general information.

ACT NO. XIX. OF 1841.

Act for the protection of moveable and immoveable property against wrongful possession in cases of successions.

I. Whereas much inconvenience has been experienced, where persons have died possessed of moveable and immoveable property, and the same has been taken upon pretended claims of right by gift or succession; the difficulty of ascertaining the precise nature of the moveable property in such cases, the opportunities for misappropriating such property and also the profits of real property, the delays of a regular suit when vexatiously protracted, and the inability of heirs when out of possession to prosecute their rights, affording strong temptations for the employment of force or fraud in order to obtain possession. And whereas, from the above causes, the circumstance of actual possession, when taken upon a succession, does not afford an indication of rightful title equal to that of a decision by a Judge after hearing all parties in a summary suit, though such summary suit may not be sufficient to prevent a party removed from possession thereby from instituting a regular suit. And whereas such summary suit, though it will take away many of the temptations which exist for assuming wrongful possession upon a succession will be too tardy a remedy for obviating them all, especially as regards moveable property. And whereas it may be expedient, prior to the determination of the summary suit, to appoint a Curator to take charge of property upon a succession, where there is reason to apprehend danger of misappropriation, waste or neglect, and where such appointment will, in the opinion of the authority making the same, be beneficial under all the circumstances of the case. And whereas it will be very inconvenient to interfere with successions to estates by the appointment of Curators, or by summary suits, unless satisfactory grounds for such proceedings shall appear, and unless such proceedings shall be required by or on the behalf of parties giving satisfactory proof that they are likely to be materially prejudiced if left to the ordinary remedy of a regular suit;—

It is hereby enacted, that whenever a person dies leaving property, moveable or immoveable, it shall be lawful for any person claiming a right by succession thereto, or to any portion thereof, to make application to the Judge of the Court of the District where any part of the property is found or situate for relief, either after actual possession has been taken by another person, or when forcible means of seizing possession are apprehended.

II. And it is hereby enacted, that it shall be lawful for any agent, relative, or near friend, or for the Court of Wards in cases within their cognizance, in the event of any minor, disqualified, or absent person being entitled by succession to such property as aforesaid, to make the like application for relief.

III. And it is hereby enacted, that the Judge to whom such application shall be made shall, in the first place enquire by the solemn declaration of the complainant, and by witnesses and documents at his discretion, whether there be strong reasons for believing that the party in possession or taking forcible means for seizing possession has no lawful title, and that the applicant, or the person on whose behalf he applies is really entitled, and is likely to be materially prejudiced if left to the ordinary remedy of a regular suit, and that the application is made bonâ fide.

IV. And it is hereby enacted, that in case the Judge shall be satisfied of the existence of such strong ground of belief but not otherwise, he shall cite the party complained of, and give notice of vacant or disturbed possession by publication, and after the expiration of a reasonable time shall determine summarily the right to possession (subject to regular suit as hereinafter mentioned) and shall deliver possession accordingly—provided always that the Judge shall have the power to appoint an officer who shall take an inventory of effects, and seal or otherwise secure the same, upon being applied to for the purpose, without delay, whether he shall have concluded the enquiry necessary for citing the party complained of or not.

V. And it is hereby enacted, that in case it shall further appear upon such application and examination as aforesaid that danger is to be apprehended of the misappropriation or waste of the property before the summary suit can be determined, and that the delay in obtaining security from the party in possession, or the insufficiency thereof is likely to expose the party out of possession to considerable risk, provided he be the lawful owner; it shall be lawful for the Judge to appoint one or more Curators with the powers hereinafter next mentioned, whose authority shall continue according to the terms of his or their respective appointments, and in no case beyond the determination of the summary suit and the confirmation or delivery of possession in consequence thereof. Provided always that, in the case of land, the Judge may delegate to the Collector or to his officer the powers of a Curator, and also that every appointment of a Curator in respect of any property be duly published.

VI. And it is hereby enacted, that the Judge shall have power to authorize such Curator, either to take possession of the property generally, or until security be given by the party in possession, or until inventories of the property shall have been made, or for any other purpose necessary for securing the property from misappropriation or waste by the party in possession. Provided always, that it shall be entirely discretionary with the Judge, whether he shall allow the party in possession to continue in such possession, on giving security, or not, and any continuance in possession shall be subject to such orders as the Judge may issue touching inventories, or the securing of deeds or other effects.

VII. And it is hereby enacted, that the Judge shall exact from the Curator security for the faithful discharge of his trust, and for rendering satisfactory accounts of the same as hereinafter mentioned, and may authorize him to receive out of the property such remuneration as shall appear reasonable, but in no case exceeding 5 per centum on the personal property and on the annual profits of the real property All surplus monies realized by the Curator shall be paid into Court, and invested in public Securities for the benefit of the persons entitled thereto upon adjudication of the summary suit. Provided always, that although security shall be required from the Curator with all reasonable despatch, and, where it is practicable, shall be taken generally to answer all cases for which the person may be afterwards appointed Curator, yet no delay in the taking of security shall prevent the Judge from immediately investing the Curator with the powers of his office.

VIII. And it is hereby enacted, that, where the estate of the deceased person shall consist wholly or in part of land paying revenue to Government, in all matters regarding the propriety of citing the party in possession, of appointing a Curator, and of nominating individuals to that [illegible]tment, the Judge shall demand a report from [illegible]llector, and the Collector is hereby required to [illegible]sh the same. In cases of urgency the Judge may proceed, in the first instance, without such report, and he shall not be obliged to act in conformity thereto, but, in case of his acting otherwise than according to such report, he shall immediately forward a statement of his reasons to the Court of Sudder Dewany Adawlut, and the Court of Sudder Dewany Adawlut, if they shall be dissatisfied with such reasons, shall direct the Judge to proceed conformably to the report of the Collector.

IX. And it is hereby enacted, that the Curator shall be subject to all orders of the Judge regarding the institution or the defence of suits, and that all suits may be instituted or defended in the name of the Curator on behalf of the estate. Provided that an express authority shall be requisite in the sunnud of the Curator's appointment for the collection of debts or rents; but such express authority shall enable the Curator to give a full acquittance for any sums of money received by virtue thereof.

X. And it is hereby enacted, that pending the custody of the property by the Curator, it shall be lawful for the Judge to make such allowances to parties having a primâ facie right thereto as upon a summary investigation of the rights and circumstances of the parties interested, he shall consider that necessity may require, taking, at his discretion, security for the repayment thereof with interest, in case the party shall, upon the adjudication of the summary suit, appear not to be entitled thereto.

XI. And it is hereby enacted, that the Curator shall file monthly accounts in abstract, and at the period of every three months, if his administration last so long, and upon giving up the possession of the property file a detailed account of his administration to the satisfaction of the Judge.

XII. And it is hereby enacted, that the accounts of any such Curator as is above described shall be open to the inspection of all parties interested ; and it shall be competent for any such interested party to appoint a separate person to keep a duplicate account of all receipts and payments by such Curator. And if it be found that the accounts of any such Curator are in arrear, or if they shall be erroneous or incomplete, or if the Curator shall not produce them whenever he shall be ordered to do so by the Judge, he shall be liable to a fine not exceeding one thousand Rupees for every such default.

XIII. And it is hereby enacted, that after the Judge of any district shall have appointed any Curator, such appointment shall preclude the Judge of any other district within the same Presidency from appointing any other Curator, provided the first appointment be in respect of the whole of the property of the deceased. But if the appointment be only in respect of a portion of the property of the deceased, this shall not preclude the appointment within the same Presidency of another Curator in respect of the residue or any portion thereof; provided always that no Judge shall appoint a Curator or entertain a summary suit in respect of property which is the subject of a summary suit previously instituted under this Act before another Judge—and provided further, that if two or more Curators be appointed by different Judges for several parts of an estate, it shall be lawful for the Sudder Dewany Adawlut to make such order as it shall think fit for the appointment of one Curator of the whole property.

XIV. And it is hereby provided, that this Act shall not be put in force, unless the aforesaid application to the Judge be made within six months of the decease of the proprietor, whose property is claimed by right in succession.

XV. And it is hereby enacted, that this Act shall not be put in force to contravene any public act of Settlement. Neither in cases in which the deceased proprietor shall have given legal directions for the possession of his property after his decease in the event of minority or otherwise, in opposition to such directions, but, in every such case, so soon as the Judge having jurisdiction over the property of a deceased person, shall be satisfied of the existence of such directions, he shall give effect thereto.

XVI. And it is hereby provided, that this Act shall not be put in force, for the purpose of disturbing the possession of the Court of Wards of any Presidency; and in case a minor, or other disqualified person whose property shall be subject to the Court of Wards, shall be the party on whose behalf application is made under this Act, the Judge if he determines to cite the party in possession and also to appoint a Curator, shall invest the Court of Wards with the Curatorship of the estate pending the suit without t[illegible] such security as aforesaid, and in case the mi[illegible]ther disqualified person shall, upon the adjudic[illegible] of the summary suit appear to be entitled to the property, possession shall be delivered to the Court of Wards.

XVII. And it is hereby provided, that nothing in this Act contained shall be any impediment to the bringing of a regular suit either by the party whose application may have been rejected, before or after citing the party in possession, or by the party who may have been evicted from the possession under this Act.

XVIII. And it is hereby enacted, that the decision of the Judge upon the summary suit under this Act shall have no other effect than that of settling the actual possession ; but that for this purpose it shall be final, not subject to any appeal or order for review.

XIX. And it is hereby enacted, that it shall be lawful for the Governments of the respective Presidencies to appoint public Curators for any district or number of districts. And the Judge having jurisdiction shall nominate such public Curator or Curators in all cases where the choice of a Curator is left discretionary with him under the preceding provisions of this Act.

XX. And it is hereby enacted, that whenever a person dies leaving moveable or immoveable property within the local limits of the jurisdiction of any of Her Majesty's Supreme Courts, and such Court shall be satisfied that danger is to be apprehended of the misappropriation and waste of the property before it can be ascertained who may be legally entitled to the succession to such property, it shall be lawful for the said Court to authorize and enjoin the Ecclesiastical Registrar, or one or more Curators to collect such effects and hold or deposit or invest the same in such manner and place and upon such security and subject to such orders and directions as the Court may deem expedient.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

THE 6TH SEPTEMBER, 1841.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 6th of September 1841, is hereby promulgated for general information :

ACT No. XX. OF 1841.

Act for facilitating the collection of debts on successions, and for the security of parties paying debts to the representatives of deceased persons.

I. Whereas it is expedient to provide greater security for persons paying to the Representatives of deceased Hindoos, Mahomedans, and others not usually designated as British Subjects, debts which are payable in respect of the estates of such deceased persons, and to facilitate the collection of such debts by removing all doubts as to the legal title to demand and receive the same :—

No debt recoverable without a certificate.

It is hereby enacted, that no debtor of any deceased person shall be compelled in any Court of Law to pay his debt to any person claiming to be entitled to the effects of any deceased person or any part thereof, except on the production of a certificate to be obtained in manner hereinafter mentioned, or of a Probate or Letters of Administration, unless the Court shall be of opinion that payment of the debt is withheld from fraudulent or vexatious motives, and not from any reasonable doubt as to the party entitled.

Manner of obtaining certificate.

II. And it is hereby enacted, that the Zillah or District Court within the jurisdiction of which any part of the property of the deceased may be found shall have authority to grant a certificate under this Act. The applicant in his petition shall set forth his title. The Judge shall issue notice of application, inviting claimants, and fixing a day for hearing the petition, and upon the appointed day, or as soon after as may be convenient shall determine the right to the certificate, and grant the same accordingly.

Effect of certificate.

III. And it is hereby enacted, that the certificate of the District or Zillah Judge shall be conclusive of the representative title against all debtors to the deceased, and shall afford full indemnity to all debtors paying their debts to the person in whose favor the certificate has been granted.

Security taken from grantee of certificate.

IV. And it is hereby enacted, that the District or Zillah Judge may take such security as he shall think necessary from any person to whom he shall grant a certificate for rendering an account of debts received by him, and for indemnity of persons who may be entitled to the whole or any part of the monies received by virtue of such certificate, whose right to recover the same by regular suit against the holder of the certificate is not affected by this Act.

Decision of Judge how far final.

V. And it is hereby enacted, that the granting of such certificate may be suspended by an appeal to the Court of Sudder Dewanny Adawlut, which Court may declare the party to whom the certificate should be granted, or may direct such further proceedings for the investigation of the title as it shall think fit. The Court may also upon petition, after a certificate shall have been granted by the District or Zillah Judge, grant a fresh certificate in supersession of the certificate granted by the District or Zillah Judge, and such fresh certificate shall not affect any payments made to the person to whom any former certificate may have been granted without notice that the same has been superseded, but shall entitle the person named therein to receive all monies that may have been recovered under the first certificate from the person to whom the same may have been granted.

Local extent of power given by certificate.

VI. And it is hereby enacted, that every certificate shall give authority to the person to whom the same is granted throughout the Presidency within which the same is granted, and no certificate subsequently granted in respect of the same property shall be valid or effectual, except as hereinafter mentioned.

Government Notes and Dividends.

VII. And it is hereby enacted, that a person certified as aforesaid, may be empowered to receive interest on Government Notes and Dividends, or on Shares of any Bank or parts thereof and to negotiate such Securities. He may be also empowered to receive a share of such interest or dividends or to negotiate a share of such Securities. But these powers shall only arise by express words in the certificate.

Payments under certificate void by reason of previous certificate.

VIII. And it is hereby enacted, that where a certificate shall have been granted in cases in which such certificate would be valid, but for the previous grant of a certificate, all payments made to the person holding the later certificate in ignorance of the grant of the previous certificate shall be held good against claims under such previous certificate.

Certificate after previous grant of Probate or Letters void.

IX. And it is hereby enacted, with regard to the property of deceased Hindoos, Mahometans and other persons not usually designated by the term British Subjects, that no certificate in respect of any such property shall be valid, if made after a Probate or Letters of Administration granted in respect of the same, provided assets belonging to the deceased were at the time of his death within the local jurisdiction of the Court granting the Probate or Letters of Administration.

Bonâ fide payments protected.

X. And it is hereby provided, that where a certificate shall have been granted in cases in which such certificate would be valid, but for a Probate or Letters of Administration previously granted, all payments made to the person holding the certificate in ignorance of the previous granting of the Probate or Letters of Administration, shall be held good against claims under the Probate or Letters of Administration so previously granted.

Probate or Letters after previous grant of Certificate.

XI. And it is hereby enacted, that no Probate or Letters of Administration shall be valid for the purpose of the recovery of debts or for the security of debtors, after a certificate granted in respect of the same property for which such Probate or Letters of Administration shall have been granted, provided assets belonging to the deceased were at the time of his death within the jurisdiction of the Court granting such certificate.

Bonâ fide payments protected.

XII. And it is hereby provided, that where Probate or Letters of Administration may have been granted, in cases in which such Probate or Letters of Administration would be valid, but for the previous grant of a certificate, all payments made in ignorance of the previous grant of the certificate shall be held good against claims under such previous certificate.

XIII. And whereas under Act No. XIX of 1841, Curators may be invested with certain powers which are conferred on persons obtaining certificates under this Act, and which belong to Executors and Administrators, it is hereby enacted that curators appointed under the said Act shall not exercise any powers which, but for that Act, would lawfully belong to such persons obtaining certificates, Executors or Administrators, where a certificate, Probate or Letters of Administration has been actually obtained; but all persons who may have paid debts or rents to a Curator authorized by a Judge to receive the same shall be indemnified, and the Curator shall be responsible for the payment of the same to the person who has obtained a certificate, the Executor, or Administrator, as the case may be.

Effect of Probates and Letters granted to Representatives of Hindoos and others.

XIV. And it is hereby declared and enacted, that all Probates and Letters of Administration granted by any of Her Majesty's Courts in cases in which any assets belonging to deceased persons were, at the time of their deaths, within the local jurisdiction of the Court granting the Probate or Letters of Administration, shall have the effect of Probate and Letters of Administration granted in respect of the property of British Subjects but for the purpose of the recovery of debts only, and the security of debtors paying the same; except so far as is in this Act provided.

XV. And it is hereby provided that nothing in this Act contained shall be held to extend to the property of any person usually designated as a British Subject.

T. H. MADDOCK,

Secy. to the Govt. of India.

FORT WILLIAM,
LEGISLATIVE DEPARTMMENT,

The 6th September, 1841.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 6th of September 1841, is hereby promulgated for general information:

Act No XXI. of 1841.

An Act for the better Prevention of Local Nuisances.

I. It is hereby enacted, that it shall be lawful for any Magistrate, when the public benefit and comfort are in question, to cause unlawful obstructions and nuisances to be removed from thoroughfares and public places, and to suppress or cause to be removed to a different place, trades or occupations injurious to the health or comfort of the community, and to prevent such construction of buildings and such disposal of combustible substances as may appear to him likely to occasion conflagration, and to cause the removal of buildings in such state of weakness, as, by the probability of their falling, may appear to him to expose individuals to danger.

II. And it is hereby enacted, that, in exercising the authority conferred by the above section, the Magistrate shall after holding such enquiry as may satisfy him of the necessity of proceeding under this Act, issue an injunction, which, if practicable, shall be served personally on the parties concerned; but if such service shall be impracticable or very inconvenient, the injunction shall be notified by oral proclamation and a written notice thereof shall be set up at such place or places as may be best adapted for conveying information to the parties concerned. And in case such injunction be not obeyed, the Magistrate may compel observance thereof by force, and punish disobedience by fine not exceeding 200 Rupees or by imprisonment without labor for any period not exceeding one month, and if the Magistrate finds it necessary to incur expence in removing noxious or dangerous articles or buildings, it shall be lawful for him to sell the same or their materials by public auction in order to defray the charge, delivering any surplus that may remain to the owner. And it shall be lawful for the Magistrate to compel, under the like penalty, the owners of tanks or wells adjacent to any public thoroughfare to fence the same in such manner as to prevent danger to the public arising therefrom.

III. And it is hereby provided and declared, that it shall be lawful for any person affected by such injunction or written notice as is above described, if he shall object thereto, to claim, by written petition to be presented to the Magistrate within the period of ten days if reasonably practicable, if not, within the shortest reasonable further time from the receipt of such injunction or the publication of such notice, that a Jury or Punchayet may be appointed to try and decide the question; and the Magistrate shall, on receiving such petition, pass order thereupon for the appointment of a Jury or Punchayet, which shall consist of not less than five persons, whereof the President and one-half of the other Members shall be nominated by the Magistrate from the residents in the vicinity, and the remaining Members shall be nominated by the party petitioning. And the Magistrate shall suspend the further execution of the injunction or order pending such enquiry, and be guided by the decision of the said Jury which shall be according to the opinion of the majority. Provided however that if the petitioner shall by neglect or in any other way prevent the appointment of such Jury or Punchayet, or if, from any cause the Jury so appointed shall not decide and report within a reasonable time to be fixed in the order for their appointment, their functions shall cease from the date of the expiration of such period, unless they be continued by special order of the Magistrate, and if from any of the above causes no decision be made by a Jury or Punchayet, the Magistrate's order shall take effect as if not opposed.

IV. And it is hereby provided, that all the proceedings of Magistrates under the authority of this Act shall be subject to the like appeal as other orders of Magistrates according to the Regulations of the respective Presidencies.

V. And it is herby enacted, that this Act shall not be applicable within the local limits of Her Majesty's Courts of Justice.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

THE 6TH SEPTEMBER, 1841.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 6th of September 1841, is hereby promulgated for general information.

ACT NO. XIX. OF 1841.

Act for the protection of moveable and immoveable property against wrongful possession in cases of successions.

I. Whereas much inconvenience has been experienced, where persons have died possessed of moveable and immoveable property, and the same has been taken upon pretended claims of right by gift or succession; the difficulty of ascertaining the precise nature of the moveable property in such cases, the opportunities for misappropriating such property and also the profits of real property, the delays of a regular suit when vexatiously protracted, and the inability of heirs when out of possession to prosecute their rights, affording strong temptations for the employment of force or fraud in order to obtain possession. And whereas, from the above causes, the circumstance of actual possession, when taken upon a succession, does not afford an indication of rightful title equal to that of a decision by a Judge after hearing all parties in a summary suit, though such summary suit may not be sufficient to prevent a party removed from possession thereby from instituting a regular suit. And whereas such summary suit, though it will take away many of the temptations which exist for assuming wrongful possession upon a succession will be too tardy a remedy for obviating them all, especially as regards moveable property. And whereas it may be expedient, prior to the determination of the summary suit, to appoint a Curator to take charge of property upon a succession, where there is reason to apprehend danger of misappropriation, waste or neglect, and where such appointment will, in the opinion of the authority making the same, be beneficial under all the circumstances of the case. And whereas it will be very inconvenient to interfere with successions to estates by the appointment of Curators, or by summary suits, unless satisfactory grounds for such proceedings shall appear, and unless such proceedings shall be required by or on the behalf of parties giving satisfactory proof that they are likely to be materially prejudiced if left to the ordinary remedy of a regular suit;—

It is hereby enacted, that whenever a person dies leaving property, moveable or immoveable, it shall be lawful for any person claiming a right by succession thereto, or to any portion thereof, to make application to the Judge of the Court of the District where any part of the property is found or situate for relief, either after actual possession has been taken by another person, or when forcible means of seizing possession are apprehended.

II. And it is hereby enacted, that it shall be lawful for any agent, relative, or near friend, or for the Court of Wards in cases within their cognizance, in the event of any minor, disqualified, or absent person being entitled by succession to such property as aforesaid, to make the like application for relief.

III. And it is hereby enacted, that the Judge to whom such application shall be made shall, in the first place enquire by the solemn declaration of the complainant, and by witnesses and documents at his discretion, whether there be strong reasons for believing that the party in possession or taking forcible means for seizing possession has no lawful title, and that the applicant, or the person on whose behalf he applies is really entitled, and is likely to be materially prejudiced if left to the ordinary remedy of a regular suit, and that the application is made bonâ fide.

IV. And it is hereby enacted, that in case the Judge shall be satisfied of the existence of such strong ground of belief but not otherwise, he shall cite the party complained of, and give notice of vacant or disturbed possession by publication, and after the expiration of a reasonable time shall determine summarily the right to possession (subject to regular suit as hereinafter mentioned) and shall deliver possession accordingly—provided always that the Judge shall have the power to appoint an officer who shall take an inventory of effects, and seal or otherwise secure the same, upon being applied to for the purpose, without delay, whether he shall have concluded the enquiry necessary for citing the party complained of or not.

V. And it is hereby enacted, that in case it shall further appear upon such application and examination as aforesaid that danger is to be apprehended of the misappropriation or waste of the property before the summary suit can be determined, and that the delay in obtaining security from the party in possession, or the insufficiency thereof is likely to expose the party out of possession to considerable risk, provided he be the lawful owner; it shall be lawful for the Judge to appoint one or more Curators with the powers hereinafter next mentioned, whose authority shall continue according to the terms of his or their respective appointments, and in no case beyond the determination of the summary suit and the confirmation or delivery of possession in consequence thereof. Provided always that, in the case of land, the Judge may delegate to the Collector or to his officer the powers of a Curator, and also that every appointment of a Curator in respect of any property be duly published.

VI. And it is hereby enacted, that the Judge shall have power to authorize such Curator, either to take possession of the property generally, or until security be given by the party in possession, or until inventories of the property shall have been made, or for any other purpose necessary for securing the property from misappropriation or waste by the party in possession. Provided always, that it shall be entirely discretionary with the Judge, whether he shall allow the party in possession to continue in such possession, on giving security, or not, and any continuance in possession shall be subject to such orders as the Judge may issue touching inventories, or the securing of deeds or other effects.

VII. And it is hereby enacted, that the Judge shall exact from the Curator security for the faithful discharge of his trust, and for rendering satisfactory accounts of the same as hereinafter mentioned, and may authorize him to receive out of the property such remuneration as shall appear reasonable, but in no case exceeding 5 per centum on the personal property and on the annual profits of the real property. All surplus monies realized by the Curator shall be paid into Court, and invested in public Securities for the benefit of the persons entitled thereto upon adjudication of the summary suit. Provided always, that although security shall be required from the Curator with all reasonable despatch, and, where it is practicable, shall be taken generally to answer all cases for which the person may be afterwards appointed Curator, yet no delay in the taking of security shall prevent the Judge from immediately investing the Curator with the powers of his office.

VIII. And it is hereby enacted, that, where the estate of the deceased person shall consist wholly or in part of land paying revenue to Government, in all matters regarding the propriety of citing the party in possession, of appointing a Curator, and of nominating individuals to that appointment, the Judge shall demand a report from the Collector, and the Collector is hereby required to furnish the same. In cases of urgency the Judge may proceed, in the first instance, without such report, and he shall not be obliged to act in conformity thereto, but, in case of his acting otherwise than according to such report, he shall immediately forward a statement of his reasons to the Court of Sudder Dewany Adawlut, and the Court of Sudder Dewany Adawlut, if they shall be dissatisfied with such reasons, shall direct the Judge to proceed conformably to the report of the Collector.

IX. And it is hereby enacted, that the Curator shall be subject to all orders of the Judge regarding the institution or the defence of suits, and that all suits may be instituted or defended in the name of the Curator on behalf of the estate. Provided that an express authority shall be requisite in the sunnud of the Curator's appointment for the collection of debts or rents ; but such express authority shall enable the Curator to give a full acquittance for any sums of money received by virtue thereof.

X. And it is hereby enacted, that pending the custody of the property by the Curator, it shall be lawful for the Judge to make such allowances to parties having a primâ facie right thereto as upon a summary investigation of the rights and circumstances of the parties interested, he shall consider that necessity may require, taking, at his discretion, security for the repayment thereof with interest, in case the party shall, upon the adjndication of the summary suit, appear not to be entitled thereto.

XI. And it is hereby enacted, that the Curator shall file monthly accounts in abstract, and at the period of every three months, if his administration last so long, and upon giving up the possession of the property file a detailed account of his administration to the satisfaction of the Judge.

XII. And it is hereby enacted, that the accounts of any such Curator as is above described shall be open to the inspection of all parties interested ; and it shall be competent for any such interested party to appoint a separate person to keep a duplicate account of all receipts and payments by such Curator. And if it be found that the accounts of any such Curator are in arrear, or if they shall be erroneous or incomplete, or if the Curator shall not produce them whenever he shall be ordered to do so by the Judge, he shall be liable to a fine not exceeding one thousand Rupees for every such default.

XIII. And it is hereby enacted, that after the Judge of any district shall have appointed any Curator, such appointment shall preclude the Judge of any other district within the same Presidency from appointing any other Curator, provided the first appointment be in respect of the whole of the property of the deceased. But if the appointment be only in respect of a portion of the property of the deceased, this shall not preclude the appointment within the same Presidency of another Curator in respect of the residue or any portion thereof ; provided always that no Judge shall appoint a Curator or entertain a summary suit in respect of property which is the subject of a summary suit previously instituted under this Act before another Judge—and provided further, that if two or more Curators be appointed by different Judges for several parts of an estate, it shall be lawful for the Sudder Dewany Adawlut to make such order as it shall think fit for the appointment of one Curator of the whole property.

XIV. And it is hereby provided, that this Act shall not be put in force, unless the aforesaid application to the Judge be made within six months of the decease of the proprietor, whose property is claimed by right in succession.

XV. And it is hereby enacted, that this Act shall not be put in force to contravene any public act of Settlement. Neither in cases in which the deceased proprietor shall have given legal directions for the possession of his property after his decease in the event of minority or otherwise, in opposition to such directions, but, in every such case, so soon as the Judge having jurisdiction over the property of a deceased person, shall be satisfied of the existence of such directions, he shall give effect thereto.

XVI. And it is hereby provided, that this Act shall not be put in force, for the purpose of disturbing the possession of the Court of Wards of any Presidency; and in case a minor, or other disqualified person whose property shall be subject to the Court of Wards, shall be the party on whose behalf application is made under this Act, the Judge if he determines to cite the party in possession and also to appoint a Curator, shall invest the Court of Wards with the Curatorship of the estate pending the suit without taking such security as aforesaid, and in case the minor or other disqualified person shall, upon the adjudication of the summary suit appear to be entitled to the property, possession shall be delivered to the Court of Wards.

XVII. And it is hereby provided, that nothing in this Act contained shall be any impediment to the bringing of a regular suit either by the party whose application may have been rejected, before or after citing the party in possession, or by the party who may have been evicted from the possession under this Act.

XVIII. And it is hereby enacted, that the decision of the Judge upon the summary suit under this Act shall have no other effect than that of settling the actual possession ; but that for this purpose it shall be final, not subject to any appeal or order for review.

XIX. And it is hereby enacted, that it shall be lawful for the Governments of the respective Presidencies to appoint public Curators for any district or number of districts. And the Judge having jurisdiction shall nominate such public Curator or Curators in all cases where the choice of a Curator is left discretionary with him under the preceding provisions of this Act.

XX. And it is hereby enacted, that whenever a person dies leaving moveable or immoveable property within the local limits of the jurisdiction of any of Her Majesty's Supreme Courts, and such Court shall be satisfied that danger is to be apprehended of the misappropriation and waste of the property before it can be ascertained who may be legally entitled to the succession to such property, it shall be lawful for the said Court to authorize and enjoin the Ecclesiastical Registrar, or one or more Curators to collect such effects and hold or deposit or invest the same in such manner and place and upon such security and subject to such orders and directions as the Court may deem expedient.

T. H. MADDOCK,
Secy. to Govt. of India.

FORT WILLIAM,
LEGISLATIVE DEPARTMMENT,
THE 6TH SEPTEMBER, 1841.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 6th of September 1841, is hereby promulgated for general information :

ACT No. XX. OF 1841.

Act for facilitating the collection of debts on successions, and for the security of parties paying debts to the representatives of deceased persons

I Whereas it is expedient to provide greater security for persons paying to the Representatives of deceased Hindoos, Mahomedans, and others not usually designated as British Subjects, debts which are payable in respect of the estates of such deceased persons, and to facilitate the collection of such debts by removing all doubts as to the legal title to demand and receive the same:—

No debt recoverable without a certificate.

It is hereby enacted, that no debtor of any deceased person shall be compelled in any Court of Law to pay his debt to any person claiming to be entitled to the effects of any deceased person or any part thereof, except on the production of a certificate to be obtained in manner hereinafter mentioned, or of a Probate or Letters of Administration, unless the Court shall be of opinion that payment of the debt is withheld from fraudulent or vexatious motives, and not from any reasonable doubt as to the party entitled.

Manner of obtaining certificate.

II. And it is hereby enacted that the Zillah or District Court within the jurisdiction of which any part of the property of the deceased may be found shall have authority to grant a certificate under this Act. The applicant in his petition shall set forth his title. The Judge shall issue notice of application, inviting claimants, and fixing a day for hearing the petition, and upon the appointed day, or as soon after as may be convenient shall determine the right to the certificate, and grant the same accordingly.

Effect of certificate.

III. And it is hereby enacted, that the certificate of the District or Zillah Judge shall be conclusive of the representative title against all debtors to the deceased, and shall afford full indemnity to all debtors paying their debts to the person in whose favor the certificate has been granted.

Security taken from grantee of certificate.

IV. And it is hereby enacted, that the District or Zillah Judge may take such security as he shall think necessary from any person to whom he shall grant a certificate for rendering an account of debts received by him, and for indemnity of persons who may be entitled to the whole or any part of the monies received by virtue of such certificate, whose right to recover the same by regular suit against the holder of the certificate is not affected by this Act.

Decision of Judge how far final.

V. And it is hereby enacted, that the granting of such certificate may be suspended by an appeal to the Court of Sudder Dewanny Adawlut, which Court may declare the party to whom the certificate should be granted, or may direct such further proceedings for the investigation of the title as it shall think fit. The Court may also upon petition, after a certificate shall have been granted by the District or Zillah Judge, grant a fresh certificate in supersession of the certificate granted by the District or Zillah Judge, and such fresh certificate shall not affect any payments made to the person to whom any former certificate may have been granted without notice that the same has been superseded, but shall entitle the person named therein to receive all monies that may have been recovered under the first certificate from the person to whom the same may have been granted.

Local extent of power given by certificate.

VI. And it is hereby enacted, that every certificate shall give authority to the person to whom the same is granted throughout the Presidency within which the same is granted, and no certificate subsequently granted in respect of the same property shall be valid or effectual, except as hereinafter mentioned.

Government Notes and Dividends.

VII. And it is hereby enacted, that a person certified as aforesaid, may be empowered to receive interest on Government Notes and Dividends, or on Shares of any Bank or parts thereof, and to negotiate such Securities. He may be also empowered to receive a share of such interest or dividends or to negotiate a share of such Securities. But these powers shall only arise by express words in the certificate.

Payments under certificate void by reason of previous certificate.

VIII. And it is hereby enacted, that where a certificate shall have been granted in cases in which such certificate would be valid, but for the previous grant of a certificate, all payments made to the person holding the later certificate in ignorance of the grant of the previous certificate shall be held good against claims under such previous certificate.

Certificate after previous grant of Probate or Letters void.

IX. And it is hereby enacted, with regard to the property of deceased Hindoos, Mahometans and other persons not usually designated by the term British Subjects, that no certificate in respect of any such property shall be valid, if made after a Probate or Letters of Administration granted in respect of the same, provided assets belonging to the deceased were at the time of his death within the local jurisdiction of the Court granting the Probate or Letters of Administration.

Bonâ fide payments protected.

X. And it is hereby provided, that where a certificate shall have been granted in cases in which such certificate would be valid, but for a Probate or Letters of Administration previously granted, all payments made to the person holding the certificate in ignorance of the previous granting of the Probate or Letters of Administration, shall be held good against claims under the Probate or Letters of Administration so previously granted.

Probate or Letters after previous grant of Certificate.

XI. And it is hereby enacted, that no Probate or Letters of Administration shall be valid for the purpose of the recovery of debts or for the security of debtors, after a certificate granted in respect of the same property for which such Probate or Letters of Administration shall have been granted, provided assets belonging to the deceased were at the time of his death within the jurisdiction of the Court granting such certificate.

Bonâ fide payments protected.

XII. And it is hereby provided, that where Probate or Letters of Administration may have been granted, in cases in which such Probate or Letters of Administration would be valid, but for the previous grant of a certificate, all payments made in ignorance of the previous grant of the certificate shall be held good against claims under such previous certificate.

XIII. And whereas under Act No. XIX of 1841, Curators may be invested with certain powers which are conferred on persons obtaining certificates under this Act, and which belong to Executors and Administrators, it is hereby enacted that curators appointed under the said Act shall not exercise any powers which, but for that Act, would lawfully belong to such persons obtaining certificates, Executors or Administrators, where a certificate, Probate or Letters of Administration has been actually obtained; but all persons who may have paid debts or rents to a Curator authorized by a Judge to receive the same shall be indemnified, and the Curator shall be responsible for the payment of the same to the person who has obtained a certificate, the Executor, or Administrator, as the case may be.

Effect of Probates and Letters granted to Representatives of Hindoos and others.

XIV. And it is hereby declared and enacted, that all Probates and Letters of Administration granted by any of Her Majesty's Courts in cases in which any assets belonging to deceased persons were, at the time of their deaths, within the local jurisdiction of the Court granting the Probate or Letters of Administration, shall have the effect of Probate and Letters of Administration granted in respect of the property of British Subjects but for the purpose of the recovery of debts only, and the security of debtors paying the same; except so far as is in this Act provided.

XV. And it is hereby provided that nothing in this Act contained shall be held to extend to the property of any person usually designated as a British Subject.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 6TH SEPTEMBER, 1841.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 6th of September 1841, is hereby promulgated for general information:

ACT NO XXI. OF 1841.

An Act for the better Prevention of Local Nuisances.

I. It is hereby enacted, that it shall be lawful for any Magistrate, when the public benefit and comfort are in question, to cause unlawful obstructions and nuisances to be removed from thoroughfares and public places, and to suppress or cause to be removed to a different place, trades or occupations injurious to the health or comfort of the community, and to prevent such construction of buildings and such disposal of combustible substances as may appear to him likely to occasion conflagration, and to cause the removal of buildings in such state of weakness, as, by the probability of their falling, may appear to him to expose individuals to danger.

II. And it is hereby enacted, that, in exercising the authority conferred by the above section, the Magistrate shall after holding such enquiry as may satisfy him of the necessity of proceeding under this Act, issue an injunction, which, if practicable, shall be served personally on the parties concerned; but if such service shall be impracticable or very inconvenient, the injunction shall be notified by oral proclamation and a written notice thereof shall be set up at such place or places as may be best adapted for conveying information to the parties concerned. And in case such injunction be not obeyed, the Magistrate may compel observance thereof by force, and punish disobedience by fine not exceeding 200 Rupees or by imprisonment without labor for any period not exceeding one month, and if the Magistrate finds it necessary to incur expence in removing noxious or dangerous articles or buildings, it shall be lawful for him to sell the same or their materials by public auction in order to defray the charge, delivering any surplus that may remain to the owner. And it shall be lawful for the Magistrate to compel, under the like penalty, the owners of tanks or wells adjacent to any public thoroughfare to fence the same in such manner as to prevent danger to the public arising therefrom.

III. And it is hereby provided and declared, that it shall be lawful for any person affected by such injunction or written notice as is above described, if he shall object thereto, to claim, by written petition to be presented to the Magistrate within the period of ten days if reasonably practicable, if not, within the shortest reasonable further time from the receipt of such injunction or the publication of such notice, that a Jury or Punchayet may be appointed to try and decide the question; and the Magistrate shall, on receiving such petition, pass order thereupon for the appointment of a Jury or Punchayet, which shall consist of not less than five persons, whereof the President and one-half of the other Members shall be nominated by the Magistrate from the residents in the vicinity, and the remaining Members shall be nominated by the party petitioning. And the Magistrate shall suspend the further execution of the injunction or order pending such enquiry, and be guided by the decision of the said Jury which shall be according to the opinion of the majority. Provided however that if the petitioner shall by neglect or in any other way prevent the appointment of such Jury or Punchayet, or if, from any cause the Jury so appointed shall not decide and report within a reasonable time to be fixed in the order for their appointment, their functions shall cease from the date of the expiration of such period, unless they be continued by special order of the Magistrate, and if from any of the above causes no decision be made by a Jury or Punchayet, the Magistrate's order shall take effect as if not opposed.

IV. And it is hereby provided, that all the proceedings of Magistrates under the authority of this Act shall be subject to the like appeal as other orders of Magistrates according to the Regulations of the respective Presidencies.

V. And it is herby enacted, that this Act shall not be applicable within the local limits of Her Majesty's Courts of Justice.

Secy. to the Govt. of India.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 13TH SEPTEMBER, 1841.

The following Extract from the Proceedings of the Right Hon'ble the Governor General in Council, in the Legislative Department, under date the 13th of September 1841, is published for general information:

Read a second time the Draft of a proposed Act, dated the 28th of June 1841, and published in the Calcutta Gazette of the 30th of the same month for amending such parts of the Bengal and Madras Codes as concern the dismissal of Suits and Appeals for neglecting to proceed in the same.

Resolution.—The Right Hon'ble the Governor General in Council resolves that the following Amended Draft on the subject be re-published for general information:

ACT NO. —— OF 1841.

An Act for amending such parts of the Bengal and Madras Codes as concern the dismissal of Suits and Appeals for neglecting to proceed in the same.

I. It is hereby enacted, that if a Plaintiff or Appellant in any Court shall, at any time, neglect to proceed in his Suit or Appeal for six weeks, the Suit or Appeal shall be dismissed; and it shall not be necessary to give the Plaintiff or Appellant any notice previous to dismissing his Suit or Appeal. The Suit or Appeal shall be dismissed as of course after the expiration of six weeks without any proceeding on the part of the Court, or of the Defendant, or otherwise, or assignment of any reasons, unless the Plaintiff or Appellant, upon special application, shall have previously satisfied the Court of the propriety of allowing further time. The Court shall record upon the proceedings the reasons at large for allowing further time in all cases in which further time may be allowed, but it shall not be necessary to specify the reasons for refusing any application for further time.

II. And it is hereby enacted, that in all cases in which a Suit or Appeal is dismissed under the preceding Section the Court shall award to the Defendant or Respondent the costs he may have incurred in the Suit or Appeal. But such dismissal shall be no impediment to the institution of a new Suit or Appeal, where the party is not precluded by lapse of time, or otherwise than by the mere circumstances of having instituted the Suit or Appeal dismissed and of such dismissal, and such dismissed Suit or Appeal shall not prevent lapse of time under the Law of Limitations being incurred.

III. And it is hereby enacted, that Clause 2, Section 27, Regulation XVIII. 1814, of the Bengal Code, is repealed, and no appeal shall lie against the decision passed in accordance with the provisions of the preceding Clauses of this Act, other than a summary appeal on the fact of default.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 13th day of December next.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

THE 6TH SEPTEMBER, 1841.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 6th of September 1841, is hereby promulgated for general information.

ACT NO. XIX. OF 1841.

Act for the protection of moveable and immoveable property against wrongful possession in cases of successions.

I. Whereas much inconvenience has been experienced, where persons have died possessed of moveable and immoveable property, and the same has been taken upon pretended claims of right by gift or succession; the difficulty of ascertaining the precise nature of the moveable property in such cases, the opportunities for misappropriating such property and also the profits of real property, the delays of a regular suit when vexatiously protracted, and the inability of heirs when out of possession to prosecute their rights, affording strong temptations for the employment of force or fraud in order to obtain possession. And whereas, from the above causes, the circumstance of actual possession, when taken upon a succession, does not afford an indication of rightful title equal to that of a decision by a Judge after hearing all parties in a summary suit, though such summary suit may not be sufficient to prevent a party removed from possession thereby from instituting a regular suit. And whereas such summary suit, though it will take away many of the temptations which exist for assuming wrongful possession upon a succession will be too tardy a remedy for obviating them all, especially as regards moveable property. And whereas it may be expedient, prior to the determination of the summary suit, to appoint a Curator to take charge of property upon a succession, where there is reason to apprehend danger of misappropriation, waste or neglect, and where such appointment will, in the opinion of the authority making the same, be beneficial under all the circumstances of the case. And whereas it will be very inconvenient to interfere with successions to estates by the appointment of Curators, or by summary suits, unless satisfactory grounds for such proceedings shall appear, and unless such proceedings shall be required by or on the behalf of parties giving satisfactory proof that they are likely to be materially prejudiced if left to the ordinary remedy of a regular suit;—

It is hereby enacted, that whenever a person dies leaving property, moveable or immoveable, it shall be lawful for any person claiming a right by succession thereto, or to any portion thereof, to make application to the Judge of the Court of the District where any part of the property is found or situate for relief, either after actual possession has been taken by another person, or when forcible means of seizing possession are apprehended.

II. And it is hereby enacted, that it shall be lawful for any agent, relative, or near friend, or for the Court of Wards in cases within their cognizance, in the event of any minor, disqualified, or absent person being entitled by succession to such property as aforesaid, to make the like application for relief.

III. And it is hereby enacted, that the Judge to whom such application shall be made shall, in the first place enquire by the solemn declaration of the complainant, and by witnesses and documents at his discretion, whether there be strong reasons for believing that the party in possession or taking forcible means for seizing possession has no lawful title, and that the applicant, or the person on whose behalf he applies is really entitled, and is likely to be materially prejudiced if left to the ordinary remedy of a regular suit, and that the application is made bonâ fide.

IV. And it is hereby enacted, that in case the Judge shall be satisfied of the existence of such strong ground of belief but not otherwise, he shall cite the party complained of, and give notice of vacant or disturbed possession by publication, and after the expiration of a reasonable time shall determine summarily the right to possession (subject to regular suit as hereinafter mentioned) and shall deliver possession accordingly—provided always that the Judge shall have the power to appoint an officer who shall take an inventory of effects, and seal or otherwise secure the same, upon being applied to for the purpose, without delay, whether he shall have concluded the enquiry necessary for citing the party complained of or not.

V. And it is hereby enacted, that in case it shall further appear upon such application and examination as aforesaid that danger is to be apprehended of the misappropriation or waste of the property before the summary suit can be determined, and that the delay in obtaining security from the party in possession, or the insufficiency thereof is likely to expose the party out of possession to considerable risk, provided he be the lawful owner; it shall be lawful for the Judge to appoint one or more Curators with the powers hereinafter next mentioned, whose authority shall continue according to the terms of his or their respective appointments, and in no case beyond the determination of the summary suit and the confirmation or delivery of possession in consequence thereof. Provided always that, in the case of land, the Judge may delegate to the Collector or to his officer the powers of a Curator, and also that every appointment of a Curator in respect of any property be duly published.

VI. And it is hereby enacted, that the Judge shall have power to authorize such Curator, either to take possession of the property generally, or until security be given by the party in possession, or until inventories of the property shall have been made, or for any other purpose necessary for securing the property from misappropriation or waste by the party in possession. Provided always, that it shall be entirely discretionary with the Judge, whether he shall allow the party in possession to continue in such possession, on giving security, or not, and any continuance in possession shall be subject to such orders as the Judge may issue touching inventories, or the securing of deeds or other effects.

VII. And it is hereby enacted, that the Judge shall exact from the Curator security for the faithful discharge of his trust, and for rendering satisfactory accounts of the same as hereinafter mentioned, and may authorize him to receive out of the property such remuneration as shall appear reasonable, but in no case exceeding 5 per centum on the personal property and on the annual profits of the real property. All surplus monies realized by the Curator shall be paid into Court, and invested in public Securities for the benefit of the persons entitled thereto upon adjudication of the summary suit. Provided always, that although security shall be required from the Curator with all reasonable despatch, and, where it is practicable, shall be taken generally to answer all cases for which the person may be afterwards appointed Curator, yet no delay in the taking of security shall prevent the Judge from immediately investing the Curator with the powers of his office.

VIII. And it is hereby enacted, that, where the estate of the deceased person shall consist wholly or in part of land paying revenue to Government, in all matters regarding the propriety of citing the party in possession, of appointing a Curator, and of nominating individuals to that appointment, the Judge shall demand a report from the Collector, and the Collector is hereby required to furnish the same. In cases of urgency the Judge may proceed, in the first instance, without such report, and he shall not be obliged to act in conformity thereto, but, in case of his acting otherwise than according to such report, he shall immediately forward a statement of his reasons to the Court of Sudder Dewany Adawlut, and the Court of Sudder Dewany Adawlut, if they shall be dissatisfied with such reasons, shall direct the Judge to proceed conformably to the report of the Collector.

IX. And it is hereby enacted, that the Curator shall be subject to all orders of the Judge regarding the institution or the defence of suits, and that all suits may be instituted or defended in the name of the Curator on behalf of the estate. Provided that an express authority shall be requisite in the sunnud of the Curator's appointment for the collection of debts or rents; but such express authority shall enable the Curator to give a full acquittance for any sums of money received by virtue thereof.

X. And it is hereby enacted, that pending the custody of the property by the Curator, it shall be lawful for the Judge to make such allowances to parties having a primâ facie right thereto as upon a summary investigation of the rights and circumstances of the parties interested, he shall consider that necessity may require, taking, at his discretion, security for the repayment thereof with interest, in case the party shall, upon the adjudication of the summary suit, appear not to be entitled thereto.

XI. And it is hereby enacted, that the Curator shall file monthly accounts in abstract, and at the period of every three months, if his administration last so long, and upon giving up the possession of the property file a detailed account of his administration to the satisfaction of the Judge.

XII. And it is hereby enacted, that the accounts of any such Curator as is above described shall be open to the inspection of all parties interested; and it shall be competent for any such interested party to appoint a separate person to keep a duplicate account of all receipts and payments by such Curator. And if it be found that the accounts of any such Curator are in arrear, or if they shall be erroneous or incomplete, or if the Curator shall not produce them whenever he shall be ordered to do so by the Judge, he shall be liable to a fine not exceeding one thousand Rupees for every such default.

XIII. And it is hereby enacted, that after the Judge of any district shall have appointed any Curator, such appointment shall preclude the Judge of any other district within the same Presidency from appointing any other Curator, provided the first appointment be in respect of the whole of the property of the deceased. But if the appointment be only in respect of a portion of the property of the deceased, this shall not preclude the appointment within the same Presidency of another Curator in respect of the residue or any portion thereof; provided always that no Judge shall appoint a Curator or entertain a summary suit in respect of property which is the subject of a summary suit previously instituted under this Act before another Judge—and provided further, that if two or more Curators be appointed by different Judges for several parts of an estate, it shall be lawful for the Sudder Dewany Adawlut to make such order as it shall think fit for the appointment of one Curator of the whole property.

XIV. And it is hereby provided, that this Act shall not be put in force, unless the aforesaid application to the Judge be made within six months of the decease of the proprietor, whose property is claimed by right in succession.

XV. And it is hereby enacted, that this Act shall not be put in force to contravene any public act of Settlement. Neither in cases in which the deceased proprietor shall have given legal directions for the possession of his property after his decease in the event of minority or otherwise, in opposition to such directions, but, in every such case, so soon as the Judge having jurisdiction over the property of a deceased person, shall be satisfied of the existence of such directions, he shall give effect thereto.

XVI. And it is hereby provided, that this Act shall not be put in force, for the purpose of disturbing the possession of the Court of Wards of any Presidency; and in case a minor, or other disqualified person whose property shall be subject to the Court of Wards, shall be the party on whose behalf application is made under this Act, the Judge if he determines to cite the party in possession and also to appoint a Curator, shall invest the Court of Wards with the Curatorship of the estate pending the suit without taking such security as aforesaid, and in case the minor or other disqualified person shall, upon the adjudication of the summary suit appear to be entitled to the property, possession shall be delivered to the Court of Wards.

XVII. And it is hereby provided, that nothing in this Act contained shall be any impediment to the bringing of a regular suit either by the party whose application may have been rejected, before or after citing the party in possession, or by the party who may have been evicted from the possession under this Act.

XVIII. And it is hereby enacted, that the decision of the Judge upon the summary suit under this Act shall have no other effect than that of settling the actual possession; but that for this purpose it shall be final, not subject to any appeal or order for review.

XIX. And it is hereby enacted, that it shall be lawful for the Governments of the respective Presidencies to appoint public Curators for any district or number of districts. And the Judge having jurisdiction shall nominate such public Curator or Curators in all cases where the choice of a Curator is left discretionary with him under the preceding provisions of this Act.

XX. And it is hereby enacted, that whenever a person dies leaving moveable or immoveable property within the local limits of the jurisdiction of any of Her Majesty's Supreme Courts, and such Court shall be satisfied that danger is to be apprehended of the misappropriation and waste of the property before it can be ascertained who may be legally entitled to the succession to such property, it shall be lawful for the said Court to authorize and enjoin the Ecclesiastical Registrar, or one or more Curators to collect such effects and hold or deposit or invest the same in such manner and place and upon such security and subject to such orders and directions as the Court may deem expedient.

T. H. MADDOCK,
Secy. to Govt. of India.

FORT WILLIAM,
LEGISLATIVE DEPARTMMENT,

THE 6TH SEPTEMBER, 1841.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 6th of September 1841, is hereby promulgated for general information:

ACT No. XX. OF 1841.

Act for facilitating the collection of debts, [illegible] successions, and for the security of parties paying debts to the representatives of deceased persons

I. Whereas it is expedient to provide greater security for persons paying to the Representatives of deceased Hindoos, Mahomedans, and others not usually designated as British Subjects, debts which are payable in respect of the estates of such deceased persons, and to facilitate the collection of such debts by removing all doubts as to the legal title to demand and receive the same:—

No debt recoverable without a certificate.

It is hereby enacted, that no debtor of any deceased person shall be compelled in any Court of Law to pay his debt to any person claiming to be entitled to the effects of any deceased person or any part thereof, except on the production of a certificate to be obtained in manner hereinafter mentioned, or of a Probate or Letters of Administration, unless the Court shall be of opinion that payment of the debt is withheld from fraudulent or vexatious motives, and not from any reasonable doubt as to the party entitled.

Manner of obtaining certificate.

II. And it is hereby enacted, that the Zillah or District Court within the jurisdiction of which any part of the property of the deceased may be found shall have authority to grant a certificate under this Act. The applicant in his petition shall set forth his title. The Judge shall issue notice of application, inviting claimants, and fixing a day for hearing the petition, and upon the appointed day, or as soon after as may be convenient shall determine the right to the certificate, and grant the same accordingly.

Effect of certificate.

III. And it is hereby enacted, that the certificate of the District or Zillah Judge shall be conclusive of the representative title against all debtors to the deceased, and shall afford full indemnity to all debtors paying their debts to the person in whose favor the certificate has been granted.

Security taken from grantee of certificate.

IV. And it is hereby enacted, that the District or Zillah Judge may take such security as he shall think necessary from any person to whom he shall grant a certificate for rendering an account of debts received by him, and for indemnity of persons who may be entitled to the whole or any part of the monies received by virtue of such certificate, whose right to recover the same by regular suit against the holder of the certificate is not affected by this Act.

Decision of Judge how far final.

V. And it is hereby enacted, that the granting of such certificate may be suspended by an appeal to the Court of Sudder Dewanny Adawlut, which Court may declare the party to whom the certificate should be granted, or may direct such further proceedings for the investigation of the title as it shall think fit. The Court may also upon petition, after a certificate shall have been granted by the District or Zillah Judge, grant a fresh certificate in supersession of the certificate granted by the District or Zillah Judge, and such fresh certificate shall not affect any payments made to the person to whom any former certificate may have been granted without notice that the same has been superseded, but shall entitle the person named therein to receive all monies that may have been recovered under the first certificate from the person to whom the same may have been granted.

Local extent of power given by certificate.

VI. And it is hereby enacted, that every certificate shall give authority to the person to whom the same is granted throughout the Presidency within which the same is granted, and no certificate subsequently granted in respect of the same property shall be valid or effectual, except as hereinafter mentioned.

Government Notes and Dividends.

VII. And it is hereby enacted, that a person certified as aforesaid, may be empowered to receive interest on Government Notes and Dividends, or on Shares of any Bank or parts thereof, and to negotiate such Securities. He may be also empowered to receive a share of such interest or dividends or to negotiate a share of such Securities. But these powers shall only arise by express words in the certificate.

Payments under certificate void by reason of previous certificate.

VIII. And it is hereby enacted, that where a certificate shall have been granted in cases in which such certificate would be valid, but for the previous grant of a certificate, all payments made to the person holding the later certificate in ignorance of the grant of the previous certificate shall be held good against claims under such previous certificate.

Certificate after previous grant of Probate or Letters void.

IX. And it is hereby enacted, with regard to the property of deceased Hindoos, Mahometans and other persons not usually designated by the term British Subjects, that no certificate in respect of any such property shall be valid, if made after a Probate or Letters of Administration granted in respect of the same, provided assets belonging to the deceased were at the time of his death within the local jurisdiction of the Court granting the Probate or Letters of Administration.

Bonâ fide payments protected.

X. And it is hereby provided, that where a certificate shall have been granted in cases in which such certificate would be valid, but for a Probate or Letters of Administration previously granted, all payments made to the person holding the certificate in ignorance of the previous granting of the Probate or Letters of Administration, shall be held good against claims under the Probate or Letters of Administration so previously granted.

Probate or Letters after previous grant of Certificate.

XI. And it is hereby enacted, that no Probate or Letters of Administration shall be valid for the purpose of the recovery of debts or for the security of debtors, after a certificate granted in respect of the same property for which such Probate or Letters of Administration shall have been granted, provided assets belonging to the deceased were at the time of his death within the jurisdiction of the Court granting such certificate.

Bonâ fide payments protected.

XII. And it is hereby provided, that where Probate or Letters of Administration may have been granted, in cases in which such Probate or Letters of Administration would be valid, but for the previous grant of a certificate, all payments made in ignorance of the previous grant of the certificate shall be held good against claims under such previous certificate.

XIII. And whereas under Act No. XIX. of 1841, Curators may be invested with certain powers which are conferred on persons obtaining certificates under this Act, and which belong to Executors and Administrators, it is hereby enacted that curators appointed under the said Act shall not exercise any powers which, but for that Act, would lawfully belong to such persons obtaining certificates, Executors or Administrators, where a certificate, Probate or Letters of Administration has been actually obtained; but all persons who may have paid debts or rents to a Curator authorized by a Judge to receive the same shall be indemnified, and the Curator shall be responsible for the payment of the same to the person who has obtained a certificate, the Executor, or Administrator, as the case may be.

Effect of Probates and Letters granted to Representatives of Hindoos and others.

XIV. And it is hereby declared and enacted, that all Probates and Letters of Administration granted by any of Her Majesty's Courts in cases in which any assets belonging to deceased persons were, at the time of their deaths, within the local jurisdiction of the Court granting the Probate or Letters of Administration, shall have the effect of Probate and Letters of Administration granted in respect of the property of British Subjects but for the purpose of the recovery of debts only, and the security of debtors paying the same; except so far as is in this Act provided.

XV. And it is hereby provided that nothing in this Act contained shall be held to extend to the property of any person usually designated as a British Subject.

Secy. to the Govt. of India.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 6th of September 1841, is hereby promulgated for general information :

ACT No XXI. OF 1841.

An Act for the better Prevention of Local Nuisances.

I. It is hereby enacted, that it shall be lawful for any Magistrate, when the public benefit and comfort are in question, to cause unlawful obstructions and nuisances to be removed from thoroughfares and public places, and to suppress or cause to be removed to a different place, trades or occupations injurious to the health or comfort of the community, and to prevent such construction of buildings and such disposal of combustible substances as may appear to him likely to occasion conflagration, and to cause the removal of buildings in such state of weakness, as, by the probability of their falling, may appear to him to expose individuals to danger.

II. And it is hereby enacted, that, in exercising the authority conferred by the above section, the Magistrate shall after holding such enquiry as may satisfy him of the necessity of proceeding under this Act, issue an injunction, which, if practicable, shall be served personally on the parties concerned; but if such service shall be impracticable or very inconvenient, the injunction shall be notified by oral proclamation and a written notice thereof shall be set up at such place or places as may be best adapted for conveying information to the parties concerned. And in case such injunction be not obeyed, the Magistrate may compel observance thereof by force, and punish disobedience by fine not exceeding 200 Rupees or by imprisonment without labor for any period not exceeding one month, and if the Magistrate finds it necessary to incur expence in removing noxious or dangerous articles or buildings, it shall be lawful for him to sell the same or their materials by public auction in order to defray the charge, delivering any surplus that may remain to the owner. And it shall be lawful for the Magistrate to compel, under the like penalty, the owners of tanks or wells adjacent to any public thoroughfare to fence the same in such manner as to prevent danger to the public arising therefrom.

III And it is hereby provided and declared, that it shall be lawful for any person affected by such injunction or written notice as is above described, if he shall object thereto, to claim, by written petition to be presented to the Magistrate within the period of ten days if reasonably practicable, if not, within the shortest reasonable further time from the receipt of such injunction or the publication of such notice, that a Jury or Punchayet may be appointed to try and decide the question ; and the Magistrate shall, on receiving such petition, pass order thereupon for the appointment of a Jury or Punchayet, which shall consist of not less than five persons, whereof the President and one-half of the other Members shall be nominated by the Magistrate from the residents in the vicinity, and the remaining Members shall be nominated by the party petitioning. And the Magistrate shall suspend the further execution of the injunction or order pending such enquiry, and be guided by the decision of the said Jury which shall be according to the opinion of the majority. Provided however that if the petitioner shall by neglect or in any other way prevent the appointment of such Jury or Punchayet, or if, from any cause the Jury so appointed shall not decide and report within a reasonable time to be fixed in the order for their appointment, their functions shall cease from the date of the expiration of such period, unless they be continued by special order of the Magistrate, and if from any of the above causes no decision be made by a Jury or Punchayet, the Magistrate's order shall take effect as if not opposed.

IV. And it is hereby provided, that all the proceedings of Magistrates under the authority of this Act shall be subject to the like appeal as other orders of Magistrates according to the Regulations of the respective Presidencies.

V. And it is herby enacted, that this Act shall not be applicable within the local limits of Her Majesty's Courts of Justice.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

THE 13TH SEPTEMBER, 1841.

The following Extract from the Proceedings of the Right Hon'ble the Governor General in Council, in the Legislative Department, under date the 13th of September 1841, is published for general information :

Read a second time the Draft of a proposed Act, dated the 28th of June 1841, and published in the Calcutta Gazette of the 30th of the same month for amending such parts of the Bengal and Madras Codes as concern the dismissal of Suits and Appeals for neglecting to proceed in the same.

Resolution —The Right Hon'ble the Governor General in Council resolves that the following Amended Draft on the subject be re-published for general information :

ACT No. —— OF 1841.

An Act for amending such parts of the Bengal and Madras Codes as concern the dismissal of Suits and Appeals for neglecting to proceed in the same.

I. It is hereby enacted, that if a Plaintiff or Appellant in any Court shall, at any time, neglect to proceed in his Suit or Appeal for six weeks, the Suit or Appeal shall be dismissed ; and it shall not be necessary to give the Plaintiff or Appellant any notice previous to dismissing his Suit or Appeal. The Suit or Appeal shall be dismissed as of course after the expiration of six weeks without any proceeding on the part of the Court, or of the Defendant, or otherwise, or assignment of any reasons, unless the Plaintiff or Appellant, upon special application, shall have previously satisfied the Court of the propriety of allowing further time. The Court shall record upon the proceedings the reasons at large for allowing further time in all cases in which further time may be allowed, but it shall not be necessary to specify the reasons for refusing any application for further time.

II. And it is hereby enacted, that in all cases in which a Suit or Appeal is dismissed under the preceding Section the Court shall award to the Defendant or Respondent the costs he may have incurred in the Suit or Appeal. But such dismissal shall be no impediment to the institution of a new Suit or Appeal, where the party is not precluded by lapse of time, or otherwise than by the mere circumstances of having instituted the Suit or Appeal dismissed and of such dismissal, and such dismissed Suit or Appeal shall not prevent lapse of time under the Law of Limitations being incurred.

III. And it is hereby enacted, that Clause 2, Section 27, Regulation XXIII. 1814, of the Bengal Code, is repealed, and no appeal shall lie against the decision passed in accordance with the provisions of the preceding Clauses of this Act, other than a summary appeal on the fact of default.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 13th day of December next.

GENERAL ORDERS BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

FORT WILLIAM, 15th *September*, 1841.

No 216 of 1841 —The following Notification issued from the Political Department on the 27th of June 1838, is published in General Orders, for the information of the Army :—

FORT WILLIAM,

POLITICAL DEPARTMENT,

27TH JUNE, 1838.

The Hon'ble the President in Council directs, that the following Extract from a Despatch from the Hon'ble the Court of Directors, No. 20, dated the 20th September 1837, and the Resolution of Government of this date, be published for general information :—

Para. 15th. "Some misunderstanding appearing to have arisen on the subject of our Orders, that the Net Pay of Military Officers in Civil Situations shall merge in the Consolidated Allowance, we think it necessary to state, that the Allowance may be drawn for either in one Bill or in two Bills, according to convenience ; but our intention is, that the Net Military Pay shall be debited to the Military, and the remainder of the Allowance to the Political Department."

Resolution.—In order to give effect to the instructions contained in this paragraph, it is hereby notified, that the Officers of the different Military Establishments of the three Presidencies, who may now be holding, or may hereafter be appointed to Civil Situations on account of which they may draw a Consolidated Civil Salary, shall be paid the Monthly Salary that may fall due to them for the month of July, and subsequently upon separate Bills drawn in the Forms annexed. The Bill in the first of the annexed Forms shall be submitted for audit to the Civil Auditor of the Presidency under which the Officer may be serving, who will audit it with the deduction for Military Pay according to rank. In cases of antedated promotion, when there is back Pay of a superior rank to be paid to an Officer, the adjustment between the Civil and Military Departments shall be made in account, without requiring from the Officer fresh Pay Abstracts. The adjustment of Subscriptions to Military Funds, &c., consequently on such promotion will be made in the audit of subsequent Pay Abstracts. The other Bill for Military Pay must be submitted to the Military Auditor of the Presidency to which the Officer may belong, and by that Officer will be audited, subject to deductions for funds and other usual or prescribed retrenchments, according to the Military Rules of the Presidency. The Bill so audited will be payable in part of the Allowances of the Civil Situation at the Treasury of the place, unless otherwise desired by the Officer, and authorized by the Government. The *Military Pay Bill*, if discharged from a Civil Treasury at a different Presidency, will, of course, be credited in account as a remittance to the Presidency to which the Officer may belong.

The Officers of Account at the three Presidencies will adjust in their Accounts the Salaries drawn by Military Officers in Civil employ since the 1st May last, on the same principle as is above prescribed for Salaries drawn after the 1st July.

By Order of the Honorable the President in Council,

FORT WILLIAM,

SECRET DEPARTMENT,

THE 20TH SEPT. 1841.

The Right Hon'ble the Governor General in Council has much satisfaction in publishing, for general information, the annexed copies of Reports from Lieutenant Colonel Chambers and Captain Griffin, Commanding Detachments in Afghanistan, of the Operations of the Troops under their respective Command, on which occasions the conduct of Officers and Men of all arms has been such as to entitle them to the special approbation of the Government.

To CAPTAIN GRANT,

Offg. Asst. Adjt. Genl., Cabool.

SIR,

For the information of Major General Elphinstone, C. B., Commanding the Troops in Afghanistan, I have the honor to report that about 8 o'clock this morning, several shots were heard on the left of the valley where our Grass-cutters were known to have gone, I immediately ordered a Troop to be saddled.

Soon after one of Captain Walker's Sowars of the 4th Irregulars came to me with a message, that the enemy were coming down the Sheea Kotil Pass in force, and that he had only a few men with him.

Lieutt. Bazett's Troop being by this time ready, it went off to his assistance with as many of the 4th Ressallah as could be sent, to hold the enemy in check. I followed immediately with five Companies of the 16th Regt. N. I. under Lieutt. Colonel Maclaren, and another Troop of the 5th Light Cavalry.

On passing the Syeeghan Ghaut I observed a few Horse and Foot in it, and directed Captain Oldfield to halt at a distance merely to watch and hold them in check until our return, but after the column had passed they appear to have increased in numbers and boldness, until they afforded him an opportunity of charging them, of which he appears most ably to have availed himself.

As my column approached the scene of action, we could distinctly see Captain Walker and Lieutt. Bazett with their parties dashing boldly over the hills after the enemy and driving them off in all directions, in short leaving nothing for me to do.

I regret exceedingly to state that Lieutt. Bazett is very severely, though I hope not, dangerously, wounded.

I have, &c.

No. 16.

To Captain Polwhele, *Major of Brigade,*
Candahar.

Camp Khuwind, 17th August, 1841.

Sir,—For the information of Major General Nott, Commanding the District, I have the highest satisfaction in reporting that the combined Rebel Force, headed by Akram Khan and Akhtar Khan, amounting to upwards of five thousand Horse and Foot, was this morning totally routed and dispersed by the Detachment under my command, as noted in the margin.

4 Six Pounders.
800 Sabres.
1350 Bayonets.

2. The loss of the enemy on this occasion is estimated at six hundred killed and wounded, sixty prisoners were brought into Camp, and among them three Chiefs of note, viz. Khyroollah Khan of Teyna, (since dead) a brother of Lalloo Khan of Bhagran, and Moolah Shurreef of Bhagran.

3. The accurate information furnished by the Assistant Political Agent on the afternoon of the 16th, enabled me immediately to comply with his requisition for the dispersion of the Rebels then within ten miles of my Camp.

4. At 4 A. M. I broke ground, and at 7 came up with the enemy, strongly posted in my front, occupying a succession of walled Gardens and small Forts, under cover of which they immediately opened a fire of Juzaels and Matchlocks, on the advancing columns.

5. After a few rounds skilfully delivered by Lieutenant Cooper, Commanding the Guns, parties were detached from the 2d Bengal Native Infantry, and 1st Regiment Shah Shoojah's Force, to clear and take possession of these enclosures; whilst the 5th Regiment Shah Soojah's Force, posted on the extreme left (flanked by a wing of H. M.'s 1st Cavalry,) deployed into Line, advanced at the double, and drove back a body of the enemy's skirmishers who were for the most part concealed behind a range of broken walls and whose fire was becoming destructive.

6. At the same time the enclosures in front of the column to the right were speedily and gallantly carried, under a heavy fire of matchlocks, by two Companies of the 2d Bengal Native Infantry under Lieutenants Coake and Travers, supported by a party of the 1st Infantry S. S. Force under Lieutenant Gardiner, in effecting which numbers of the enemy were shot and bayoneted.

7. This object having been accomplished, the whole advanced with the view of attacking the main body of the enemy who were observed, "en masse," in rear of the gardens; but before this could be effected, they appeared to be getting into confusion; when Captain Hart's Regiment of Jan Baz Cavalry and the wing of H. M.'s 1st Cavalry charged, broke and pursued them with fearful vengeance for several miles, headed, moreover, by His Royal Highness Prince Sufdur Jung in person. I then permitted Lieutenant Golding with his Jan Baz Regiment, who had been on Rear Guard duty (the baggage being well up and in safety) to join in the pursuit at the request of this Officer whose men were most eager to take a part in the action.

8. The Jan Baz Cavalry have, in my opinion, fully established, on this occasion by their behaviour, a reputation for gallantry, and every claim to the confidence of His Majesty.

9. Our loss has been rather severe, I regret to remark, as will be seen by the accompanying Return; particularly in the two Companies of the 2d Bengal Native Infantry who were exposed to a very heavy fire.

10. It affords me much satisfaction to record the gallantry with which the Jan Baz Cavalry were headed by Captain Hart, afterwards ably supported by Lieutenant Golding, and the judgment displayed by the former Officer in seizing the most favorable opportunity to charge and route the enemy.

11. I have a most pleasing duty to perform in bearing testimony to the zeal and ability with which all the Officers under my Command conducted their respective duties; and here I must especially notice that Captain Woodburn, though at the time suffering from the effects of severe illness, and scarcely able, owing to weakness, to set on horse-back, exhibited an instance of zealous and honorable devotion to his Military duties in leaving his Dooley, mounting his Horse and remaining in command of the 5th Regiment S. S. Force till the close of the action.

12. To Captains McDowell and McLean, Lieutenants Cooper and Crawford in Command of Corps and Detachments, I am deeply indebted for the assistance rendered to me; and a similar expression of thanks is due to the other Officers under and associated with them: while I cannot omit to particularize the just tribute of praise due to Lieutenant Ross, 5th Infantry S. S. Force, Detachment Staff, from whom on this, as all other occasions, since assuming Command of this Detachment, I have received much assistance.

13. The Medical Staff, viz. Assistant Surgeons Colquhoun and Rae, have entitled themselves to the highest commendation for their humane and unceasing attention to the wounded men.

14. The steady and excellent conduct of the Native Commissioned, European and Native Non-Commissioned Officers and Privates, entitle them to my highest praise.

15. A casualty Roll herewith accompanies, and

I have, &c.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

The 13th September, 1841.

The following Extract from the Proceedings of the Right Hon'ble the Governor General in Council, in the Legislative Department, under date the 13th of September 1841, is published for general information:

Read a second time the Draft of a proposed Act, dated the 28th of June 1841, and published in the Calcutta Gazette of the 30th of the same month for amending such parts of the Bengal and Madras Codes as concern the dismissal of Suits and Appeals for neglecting to proceed in the same.

Resolution.—The Right Hon'ble the Governor General in Council resolves that the following Amended Draft on the subject be re-published for general information:

Act No. —— of 1841.

An Act for amending such parts of the Bengal and Madras Codes as concern the dismissal of Suits and Appeals for neglecting to proceed in the same.

I. It is hereby enacted, that if a Plaintiff or Appellant in any Court shall, at any time, neglect to proceed in his Suit or Appeal for six weeks, the Suit or Appeal shall be dismissed; and it shall not be necessary to give the Plaintiff or Appellant any notice previous to dismissing his Suit or Appeal. The Suit or Appeal shall be dismissed as of course after the expiration of six weeks without any proceeding on the part of the Court, or of the Defendant, or otherwise, or assignment of any reasons, unless the Plaintiff or Appellant, upon special application, shall have previously satisfied the Court of the propriety of allowing further time. The Court shall record upon the proceedings the reasons at large for allowing further time in all cases in which further time may be allowed, but it shall not be necessary to specify the reasons for refusing any application for further time.

II. And it is hereby enacted, that in all cases in which a Suit or Appeal is dismissed under the preceding Section the Court shall award to the Defendant or Respondent the costs he may have incurred in the Suit or Appeal. But such dismissal shall be no impediment to the institution of a new Suit or Appeal, where the party is not precluded by lapse of time, or otherwise than by the mere circumstances of having instituted the Suit or Appeal dismissed and of such dismissal, and such dismissed Suit or Appeal shall not prevent lapse of time under the Law of Limitations being incurred.

III. And it is hereby enacted, that Clause 2, Section 27, Regulation XXIII. 1814, of the Bengal Code, is repealed, and no appeal shall lie against the decision passed in accordance with the provisions of the preceding Clauses of this Act, other than a summary appeal on the fact of default.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 13th day of December next.

OVERLAND LETTERS AND POSTAGE.

It is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked " via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles ; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage ; but if transmitted by the way of Marseilles, they are charged 2d. each.

FINANCIAL DEPARTMENT,

THE 19TH NOVEMBER, 1838.

The following revised Terms and Conditions for making Advances in India and China upon Goods and Merchandize consigned to England are published for general information, also the following paragraphs 5 and 6 of the despatch of the Hon'ble Court of Directors, dated 17th August, prescribing the same for future observance :

TERMS AND CONDITIONS

FOR

MAKING ADVANCES IN INDIA AND CHINA,

UPON

The Goods and Merchandize of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such [illegible] as the Court of Directors may approve ; and shall [illegible] to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.		
	Per Company's Rupee for Advances made at	Bengal.
	Ditto............ Ditto............	Madras.
	Ditto .... Ditto............	Bombay.
	Per Spanish Dollar Ditto......	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order ; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued ; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor ; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills ; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freigh and any other charges and expenses which the Company have paid or may be subject to on account of the Goods

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England ; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company ; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 *of* 1838.

5.—In future we desire that you will restrict your Advances to the great staple Articles of Indian Produce, Cotton, Silk, Sugar, Coffee, Indigo, Salt Peter and Piece Goods—and further that no Advance be made upon any Consignment the ascertained value of which shall be less than 5,000 Rupees.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets or England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

FORT WILLIAM, 13*th October*, 1841.

No. 235 of 1841.—The Right Hon'ble the Governor General of India in Council is pleased to republish the following General Orders, No. 7, dated 9th January 1837 containing certain Rules relative to the degree of proficiency in the Native Languages, required to be attained by Military Officers of the East India Company's Service, to qualify them for Staff or detached Employ.

GENERAL ORDERS BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, 9th January,. 1837.

No. 7 of 1837.—The Hon'ble the Court of Directors having, in a recent despatch, again expressed their anxious desire, that a competent knowledge of the Native languages should be generally diffused among the Officers of their Army, and having, at the same time, deemed it necessary to prescribe, that a certain degree of proficiency in one or more of those languages be in future considered an indispensable qualification for Staff employ, the Right Honorable the Governor General of India in Council, with the view of giving effect to the wishes of the Honorable Court, without prejudice to the just claims of the many in other respects highly qualified Officers now in the Service, is pleased to publish the following rules for general information :

I. No Military Officer, who is now in the Service, or who may enter it hereafter, will be deemed qualified for, or eligible to, the Commissariat Department, or the appointment of Regimental Interpreter, unless he shall have passed the examination in the Native languages, prescribed for candidates for the latter situation.

II. No Officer, who may enter the Service hereafter, will be deemed eligible to any Staff situation, (except a temporary one during actual service in the field,) or civil employ, until he shall have passed an examination in the Hindoostanee language.

III. Notwithstanding that Officers now in the Service are exempted from the restrictive operation of the immediately preceding rule, it is to be distinctly understood, that a competent knowledge of Hindoostanee, though not in their case an indispensable qualification for the situations open to others—on the condition of passing an examination in that language, will, as hitherto, be always considered to confer a strong additional claim to nomination to the Staff.

FORT WILLIAM,

FINANCIAL DEPARTMENT,

THE 19TH NOVEMBER, 1838.

The following revised Terms and Conditions for making Advances in India and China upon Goods and Merchandize consigned to England are published for general information, also the following paragraphs 5 and 6 of the despatch of the Hon'ble Court of Directors, dated 17th August, prescribing the same for future observance:

The Goods and Merchandize of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.		
	Per Company's Rupee for Advances made at......................	Bengal.
	Ditto............ Ditto............	Madras.
	Ditto............ Ditto............	Bombay.
	Per Spanish Dollar Ditto......	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freigh and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

---

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

5.—In future we desire that you will restrict your Advances to the great staple Articles of Indian Produce, Cotton, Silk, Sugar, Coffee, Indigo, Salt Peter and Piece Goods—and further that no Advance be made upon any Consignment the ascertained value of which shall be less than 5,000 Rupees.

THE 11TH OCTOBER, 1841.

The following Act passed by the Right Hon'ble the Governor General of India in Council, on the 11th October 1841, is hereby promulgated for general information:

ACT No. XXII. OF 1841.

For amending the Law with respect to rates for Municipal purposes within the Town of Madras.

I. Whereas it is expedient to specify the particular purposes to which rates assessed on houses, buildings and grounds in Madras shall be applied; and to abolish the practice which has hitherto prevailed, of levying five per cent. on the annual value of all houses, buildings and grounds, without reference to the amount necessary for accomplishing the purposes of the rates; such per centage being inadequate for the purposes to which the rates have hitherto been deemed applicable. And whereas it is expedient to make the per centage leviable by quarterly or other convenient rates on the annual value of property to depend entirely on the expenditure necessary for accomplishing, in an efficient manner, the purposes to which the rates shall henceforth be applicable, and providing for all incidental expences and casual deficiencies or defaults. And whereas it is expedient to subject the collection and administration of the funds raised for Municipal purposes in the various districts of the Town to the management of the rate-payers themselves within such districts respectively, whenever they are desirous of undertaking the same, and are willing to enter into proper arrangements for the purpose. And whereas it is expedient to modify the provisions of the Statute 33, Geo. 3, Cap. 52, in regard to assessments for the Town of Madras in order for the better collection of the same, reserving all the authority of such Statute in matters not inconsistent with this Act;

It is hereby enacted, that the assessments which by the Statute 33, Geo 3, Chap. 52, are authorized to be made for the Town of Madras, shall be applicable to the following purposes only, viz lighting and watering the roads and streets, and cleansing and repairing the same and the drains of the said Town.

II. And it is hereby enacted, that the assessment and rates made under the authority of the said Statute shall be sufficient for accomplishing, in an efficient manner, the purposes mentioned in the last Section, for discharging all incidental expences, and for making up deficiencies and defaults of every kind whatsoever. Provided always, that no rate shall be made exceeding the amount of five per cent on the assessed value of property without the sanction of the Governor in Council of Fort Saint George in Madras.

III. And it is hereby enacted, for the encouragement of the control and supervision of the assessment and collection of the rates and the management thereof within particular divisions being undertaken by the rate-payers themselves, the Justices at their Quarter Sessions shall publish quarterly or as required by the Local Government the particulars of all sums laid out, and of all the expences of collection and deficiencies during the preceding quarter within three or more divisions of the Town to be indicated by the Governor in Council of Fort Saint George in Madras before this Act shall be allowed to come into operation or such other divisions as the Governor in Council of Fort Saint George in Madras may from time to time direct, so long as the assessment, collection or management of the rates for such divisions shall remain under the jurisdiction of the Justices.

IV. And it is hereby enacted, whenever two-thirds in number and value of the rate payers of any of such respective divisions shall apply to the Governor in Council of Fort St. George in Madras, to undertake themselves the assessment, collection and management of the rates of such division, or any or either of these trusts, it shall be lawful for the Governor of Fort St. George in Madras to authorise the same accordingly, at his discretion; provided always that such majority of rate payers shall present a scheme which shall obtain his full approbation for the safe and efficient execution of the trusts, the transfer of which from the present authorities is sought for. Provided always that in any such arrangement, the amount to be levied in any particular division shall not be considered as necessarily limited by the amount expended within such division, but shall be adjusted by the Governor in Council of Fort St. George in Madras upon reference to all local circumstances.

V. And it is hereby enacted, that for the better assessment and collection of rates under this Act, it shall be lawful for the Governor in Council of Fort St. George in Madras, to appoint such Assessor or Assessors, Collector or Collectors, and to make such union of the offices of Assessor and Collector, and to prescribe such rules and take such securities for the due execution of this Act by the person or persons employed in assessments and collections and in the management of the rates collected as he shall deem expedient.

VI. And it is hereby enacted, that it shall not be necessary in any assessment rate or warrant of distress under this Act to specify the names of the owners or occupiers of houses, buildings and grounds; but it shall be sufficient if every property rated be identified, and in the case of houses numbered in any street, that the name of the street and number of the house rated be particularly specified.

VII. And it is hereby enacted, that the Goods and Chattels of the owner of any property rated shall be seizable any where (except where property is concealed as hereinafter mentioned) for deficiency in the payment of rates. And all property which shall be found upon any premises rated, shall be seizable for any arrears which may be due for a period of one year immediately preceding such seizure. And in the case of the seizure of the property of a tenant under such circumstances, he may deduct the amount of the levy from the next payment of his rent.

VIII. And it is hereby enacted, that where there is ground to suspect that property liable to distress under this Act is concealed in any zenana, the Officer charged with the execution of the warrant shall make a special report to the Justice granting the same, who shall thereupon follow, as closely as is practicable, the rules for the seizure of property in like cases adopted by Her Majesty's Supreme Court of the Presidency.

IX And it is hereby enacted, that it shall be lawful for any one Justice of the Peace for the Town of Madras to issue a Warrant of Distress for the recovery of the arrears of Assessment under this Act, or under the Statute 33, Geo. 3, Ch. 52, and every such Warrant shall have the same force and effect as if it were under the hands and seals of two such Justices.

FORT WILLIAM,

FINANCIAL DEPARTMENT,

THE 19TH NOVEMBER, 1838.

The following revised Terms and Conditions for making Advances in India and China upon Goods and Merchandize consigned to England are published for general information, also the following paragraphs and 6 of the despatch of the Hon'ble Court of Directors, dated 17th August, prescribing the same for future observance :

TERMS AND CONDITIONS

UPON
The Goods and Merchandize of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve : and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

	s. d.	
Per Company's Rupee for Advances made at..................		Bengal.
Ditto............ Ditto............		Madras.
Ditto............ Ditto............		Bombay.
Per Spanish Dollar Ditto......		China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order ; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued ; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor ; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills ; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England ; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

LEGISLATIVE DEPARTMENT,

THE 11TH OCTOBER, 1841.

The following Act passed by the Right Hon'ble the Governor General of India in Council, on the 11th October 1841, is hereby promulgated for general information:

ACT NO. XXII. OF 1841.

For amending the Law with respect to rates for Municipal purposes within the Town of Madras.

I. Whereas it is expedient to specify the particular purposes to which rates assessed on houses, buildings and grounds in Madras shall be applied; and to abolish the practice which has hitherto prevailed, of levying five per cent. on the annual value of all houses, buildings and grounds, without reference to the amount necessary for accomplishing the purposes of the rates; such per centage being inadequate for the purposes to which the rates have hitherto been deemed applicable. And whereas it is expedient to make the per centage leviable by quarterly or other convenient rates on the annual value of property to depend entirely on the expenditure necessary for accomplishing, in an efficient manner, the purposes to which the rates shall henceforth be applicable, and providing for all incidental expences and casual deficiencies or defaults. And whereas it is expedient to subject the collection and administration of the funds raised for Municipal purposes in the various districts of the Town to the management of the rate-payers themselves within such districts respectively, whenever they are desirous of undertaking the same, and are willing to enter into proper arrangements for the purpose. And whereas it is expedient to modify the provisions of the Statute 33, Geo. 3, Cap. 52, in regard to assessments for the Town of Madras in order for the better collection of the same, reserving all the authority of such Statute in matters not inconsistent with this Act;

It is hereby enacted, that the assessments which by the Statute 33, Geo. 3, Chap. 52, are authorized to be made for the Town of Madras, shall be applicable to the following purposes only, viz lighting and watering the roads and streets, and cleansing and repairing the same and the drains of the said Town.

II. And it is hereby enacted, that the assessment and rates made under the authority of the said Statute shall be sufficient for accomplishing, in an efficient manner, the purposes mentioned in the last Section, for discharging all incidental expences, and for making up deficiencies and defaults of every kind whatsoever. Provided always, that no rate shall be made exceeding the amount of five per cent on the assessed value of property without the sanction of the Governor in Council of Fort Saint George in Madras.

III. And it is hereby enacted, for the encouragement of the control and supervision of the assessment and collection of the rates and the management thereof within particular divisions being undertaken by the rate-payers themselves, the Justices at their Quarter Sessions shall publish quarterly or as required by the Local Government the particulars of all sums laid out, and of all the expences of collection and deficiencies during the preceding quarter within three or more divisions of the Town to be indicated by the Governor in Council of Fort Saint George in Madras before this Act shall be allowed to come into operation or such other divisions as the Governor in Council of Fort Saint George in Madras may from time to time direct, so long as the assessment, collection or management of the rates for such divisions shall remain under the jurisdiction of the Justices.

IV. And it is hereby enacted, whenever two-thirds in number and value of the rate payers of any of such respective divisions shall apply to the Governor in Council of Fort St. George in Madras, to undertake themselves the assessment, collection and management of the rates of such division, or any or either of these trusts, it shall be lawful for the Governor of Fort St. George in Madras to authorise the same accordingly, at his discretion; provided always that such majority of rate payers shall present a scheme which shall obtain his full approbation for the safe and efficient execution of the trusts, the transfer of which from the present authorities is sought for. Provided always that in any such arrangement, the amount to be levied in any particular division shall not be considered as necessarily limited by the amount expended within such division, but shall be adjusted by the Governor in Council of Fort St. George in Madras upon reference to all local circumstances.

V. And it is hereby enacted, that for the better assessment and collection of rates under this Act, it shall be lawful for the Governor in Council of Fort St. George in Madras, to appoint such Assessor or Assessors, Collector or Collectors, and to make such union of the offices of Assessor and Collector, and to prescribe such rules and take such securities for the due execution of this Act by the person or persons employed in assessments and collections and in the management of the rates collected as he shall deem expedient.

VI. And it is hereby enacted, that it shall not be necessary in any assessment rate or warrant of distress under this Act to specify the names of the owners or occupiers of houses, buildings and grounds; but it shall be sufficient if every property rated be identified, and in the case of houses numbered in any street, that the name of the street and number of the house rated be particularly specified.

VII. And it is hereby enacted, that the Goods and Chattels of the owner of any property rated shall be seizable any where (except where property is concealed as hereinafter mentioned) for deficiency in the payment of rates. And all property which shall be found upon any premises rated, shall be seizable for any arrears which may be due for a period of one year immediately preceding such seizure. And in the case of the seizure of the property of a tenant under such circumstances, he may deduct the amount of the levy from the next payment of his rent.

VIII. And it is hereby enacted, that where there is ground to suspect that property liable to distress under this Act is concealed in any zenana, the Officer charged with the execution of the warrant shall make a special report to the Justice granting the same, who shall thereupon follow, as closely as is practicable, the rules for the seizure of property in like cases adopted by Her Majesty's Supreme Court of the Presidency.

IX. And it is hereby enacted, that it shall be lawful for any one Justice of the Peace for the Town of Madras to issue a Warrant of Distress for the recovery of the arrears of Assessment under this Act, or under the Statute 33, Geo. 3, Ch 52, and every such Warrant shall have the same force and effect as if it were under the hands and seals of two such Justices.

ACT No. —— OF 1841.

I. Whereas sufficient provision is not made for repressing obstructions to Justice committed in the Courts of the East India Company;—It is hereby enacted that all persons whatsoever, whether generally amenable to the Courts of the East India Company or otherwise, using menacing gestures or expressions, or otherwise obstructing Justice in the presence of any Zillah or City Magistrate, Joint Magistrate, or other Officer under a Magistrate empowered to try Criminal cases, or any Court Civil or Criminal, of the East India Company, shall be liable to be fined by the Authority whose proceedings are obstructed to any amount not exceeding 200 Rupees, or in case such fine be not paid to be imprisoned for any period not exceeding one month. Provided that from the award of punishment in such cases an appeal shall lie, if preferred within one month, to the Authority, Civil or Criminal, appointed by Law to hear appeals in all other cases from the decisions of the Officer by whom the fine was imposed; and provided also that notwithstanding any thing in this Act it shall be lawful to indict any person amenable to Her Majesty's Supreme Courts as for a misdemeanor in any of the cases aforesaid sustainable before this Act, if no proceeding shall have been had against the offender in the Court where the offence was committed, but not otherwise.

II. And it is hereby further enacted, that the Sudder Board of Revenue, the local Commissioners, or other Officers exercising the powers of either of those authorities, the Collectors, or other Officers exercising the powers of Collector, shall be competent to punish any obstruction of the nature aforesaid, by fine to an extent not exceeding 200 Rupees, and in case such fine be not paid by imprisonment in the Civil Jail for a period not exceeding one month. Provided that the orders passed in such cases shall be subject on appeal to the revision and controul of the superior Revenue Authorities, as in all others, and shall, as well as the sentences passed under Section I. of this Act, be carried into effect by the Magistrate, on application being made to that Officer, in the usual mode.

SATURDAY, OCTOBER 23, 1841.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

THE 18TH OCTOBER, 1841.

The following Extract from the proceedings of the Right Hon'ble the Governor General in Council, in the Legislative Department, under date the 18th October 1841, is published for general information.

Read a second time the Draft of proposed Act dated the 15th June 1840, and published in the Supplement to the Calcutta Gazette of the 17th of the same month, for the better management of Boats and Catamarans in the Madras Roads and for the amendment of certain Harbour Regulations.

Resolution.—The Right Hon'ble the Governor General in Council resolves that the following Amended Draft on the subject be re-published for general information :

ACT NO. —— OF 1841.

For the better management of Boats and Catamarans in the Madras Roads and for the amendment of certain Harbour Regulations.

I. Whereas it is expedient to make Regulations for Boats and Catamarans employed in the Madras Roads, with a view to the better preservation of good order, the prevention of smuggling, and the general protection of life and property, and whereas certain Rules now in force for the Harbour of Madras require amendment,—

It is hereby enacted, that from and after the 1st day of January next, no person either as Owner or Servant shall use or employ, or be employed in, any Boat or Catamaran to carry Passengers, Goods or Letters, to or from any Ship or Vessel lying in the Madras Roads and Shore, unless such Owners or Owner of Boats and Catamarans shall have previously received a License, and unless the Boat or Catamaran which such Owners or Owner, Servants or Servant shall so use, has been registered as hereinafter mentioned, and in case any person who has not received such License shall employ or be employed in a Boat or Catamaran for the purposes aforesaid, or such Boat or Catamaran shall not have been so registered, such person shall be liable to a fine not exceeding the sum of 50 Rupees on conviction before a Justice of the Peace, as that Justice shall direct, and the Boat or Catamaran shall be liable to be seized by the orders of any Justice of the Peace and forfeited.

II. And it is hereby enacted, that upon the Master Attendant being satisfied that any such Boat is of the proper dimensions and capacity, and that the same is seaworthy, and of a proper quality for the purposes aforesaid, and upon the application of the Owner of any such Boat or of any Catamaran, and upon such Owner delivering to him a written paper signed by such Owner specifying his name, occupation and place of residence, and the names and places of residence of all such Boatmen or other persons as shall be employed by such Owner in and about the navigation, and management of such Boat as particularly as may be, and also subscribing to a declaration in writing that he fully understands all the provisions of this Act and those contained in the Subsidiary Rules to the same Act, it shall and may be lawful, and the said Master Attendant is hereby required to grant to such Owner a License so to use the same in which License (if of a Boat) shall be expressed the dimensions, the number of Passengers or the quantity of Goods which such Boat shall be permitted to take and carry, and every such License shall also contain a number for such Boat or Catamaran, and the name or names, occupation or occupations, and place or places of residence of the Owner or Owners thereof, and the number of the Servants or Crew who shall be used or employed to row or navigate the same, and their names and places of residence respectively all of which particulars shall be entered in a book or Registry for that purpose to be kept by the Master Attendant, and so often as the property in any such Boat or Catamaran, or any share of the same shall be transferred, every Owner of such Boat or Catamaran shall produce his License before the said Master Attendant, and such new Owner shall also deliver to him a written paper signed by such new Owner specifying his name, occupation and place of residence, and the names and places of residence of all such Boatmen or other persons as he shall employ, or propose to employ in and about the navigation and management of such Boat as particularly as may be, and shall also subscribe to a declaration in writing that he fully understands all the provisions of this Act, and those contained in the subsidiary Rules to this Act, all which said particulars shall be duly entered by the said Master Attendant in a new Registry to be made by him of such Boat or Catamaran, and thereupon a new License to use such Boat or Catamaran expressing and containing the same particulars as are hereinbefore provided to be expressed in the original License shall be granted by the said Master Attendant, and whenever any such Owner or Owners, or any of the Boatmen or other persons employed to manage or navigate any such Boat or Catamaran shall change his or their place of abode notice of such change of abode shall be delivered to the said Master Attendant by the said Owner, in order that such new place of abode may be entered in the Registry and License. In wilful neglect or default of which notice of change of Ownership or of the persons employed to row or navigate any such Boat, or of his or their or any or either of their change of residence, for the space of six days after any such change of residence, the Owner shall forfeit a sum not exceeding 50 Rupees on conviction before a Justice of the Peace, as that Justice shall direct, and for every such new Registration to be made by the said Master Attendant as aforesaid he shall be entitled to charge by way of fee the sum of one Rupee, and for every new License thereof the sum of one Rupee.

III. And it is hereby enacted, that in order to enable the said Master Attendant to grant a correct License of the Registry of every such Boat previous to the Registry of any Boat requiring such License, the said Master Attendant or his Deputy shall in the presence of the Owner of every such Boat or any other person duly appointed by such Owner, cause each such Boat to be surveyed and measured, and in case the same shall not in the judgment of the said Master Attendant or his Deputy be of the proper dimensions and capacity and sea-worthy and of the proper quality for the purposes aforesaid, no Registry shall be made nor License be granted, until every such defect in the admeasurement, sea-worthiness and quality of the said Boat shall have been rectified by the Owner thereof, and for every such survey and admeasurement a fee of three Rupees shall be paid by the Owner of any such Boat to the said Master Attendant.

IV. And it is hereby enacted, that the said Owner or Owners of every such Boat shall forthwith paint in black English figures, not less than six inches in length upon a white ground, such white ground having a margin of at least three inches beyond the outermost part of the figures, on a conspicuous part of the bow on one side and of the quarter on the other, and in a legible and distinct manner from left to right, the number in such Registry and License mentioned, and if any person shall fraudulently paint or counterfeit or cause or permit to be painted or counterfeited upon any Boat, any figure not having been duly registered, every such person shall forfeit the sum of 100 Rupees, and every such Boat shall also be forfeited.

And for the better prevention of fraud or omission in the painting, the figures hereinbefore provided to be painted on all Boats, let out for hire as well as for the better distinguishing and identifying such Boats and Catamarans as have been registered and licensed, it is hereby enacted, that so often as any Registry is made the said Master Attendant shall cause the number in the same to be cut or branded in the most common native characters, in some part or parts of every such Boat and Catamaran, and if the Owner or Owners of any such Boat shall neglect or refuse to keep painted, cut or branded any figure hereinbefore required to be painted, cut or branded, on any such Boat or Catamaran, in a fair and legible condition, or if he shall paint, cut or brand the same in a different manner or on a different part of such Boat than is hereinbefore provided, or shall wilfully erase, obliterate or in any way hide or conceal the same, or if the Owner of any such Boat or Catamaran shall knowingly permit any such act to be done, he shall forfeit a sum not exceeding 100 Rupees on conviction before a Justice of the Peace as that Justice shall direct, and if any person not being such Owner shall be guilty of or shall assist in any such incorrect painting, cutting, branding, erasure or concealment, he shall forfeit one moiety of the penalty in this Article imposed.

LEGISLATIVE DEPARTMENT,

The 11th October, 1841.

The following Act passed by the Right Hon'ble the Governor General of India in Council, on the 11th October 1841, is hereby promulgated for general information:

Act No. XXII. of 1841.

For amending the Law with respect to rates for Municipal purposes within the Town of Madras.

I. Whereas it is expedient to specify the particular purposes to which rates assessed on houses, buildings and grounds in Madras shall be applied; and to abolish the practice which has hitherto prevailed, of levying five per cent. on the annual value of all houses, buildings and grounds, without reference to the amount necessary for accomplishing the purposes of the rates; such per centage being inadequate for the purposes to which the rates have hitherto been deemed applicable. And whereas it is expedient to make the per centage leviable by quarterly or other convenient rates on the annual value of property to depend entirely on the expenditure necessary for accomplishing, in an efficient manner, the purposes to which the rates shall henceforth be applicable, and providing for all incidental expences and casual deficiencies or defaults. And whereas it is expedient to subject the collection and administration of the funds raised for Municipal purposes in the various districts of the Town to the management of the rate-payers themselves within such districts respectively, whenever they are desirous of undertaking the same, and are willing to enter into proper arrangements for the purpose. And whereas it is expedient to modify the provisions of the Statute 33, Geo. 3, Cap. 52, in regard to assessments for the Town of Madras in order for the better collection of the same, reserving all the authority of such Statute in matters not inconsistent with this Act;

It is hereby enacted, that the assessments which by the Statute 33, Geo. 3, Chap. 52, are authorized to be made for the Town of Madras, shall be applicable to the following purposes only, viz lighting and watering the roads and streets, and cleansing and repairing the same and the drains of the said Town.

II. And it is hereby enacted, that the assessment and rates made under the authority of the said Statute shall be sufficient for accomplishing, in an efficient manner, the purposes mentioned in the last Section, for discharging all incidental expences, and for making up deficiencies and defaults of every kind whatsoever. Provided always, that no rate shall be made exceeding the amount of five per cent on the assessed value of property without the sanction of the Governor in Council of Fort Saint George in Madras.

III. And it is hereby enacted, for the encouragement of the control and supervision of the assessment and collection of the rates and the management thereof within particular divisions being undertaken by the rate-payers themselves, the Justices at their Quarter Sessions shall publish quarterly or as required by the Local Government the particulars of all sums laid out, and of all the expences of collection and deficiencies during the preceding quarter within three or more divisions of the Town to be indicated by the Governor in Council of Fort Saint George in Madras before this Act shall be allowed to come into operation or such other divisions as the Governor in Council of Fort Saint George in Madras may from time to time direct, so long as the assessment, collection or management of the rates for such divisions shall remain under the jurisdiction of the Justices.

IV. And it is hereby enacted, whenever two-thirds in number and value of the rate payers of any of such respective divisions shall apply to the Governor in Council of Fort St. George in Madras, to undertake themselves the assessment, collection and management of the rates of such division, or any or either of these trusts, it shall be lawful for the Governor of Fort St. George in Madras to authorise the same accordingly, at his discretion; provided always that such majority of rate payers shall present a scheme which shall obtain his full approbation for the safe and efficient execution of the trusts, the transfer of which from the present authorities is sought for. Provided always that in any such arrangement, the amount to be levied in any particular division shall not be considered as necessarily limited by the amount expended within such division, but shall be adjusted by the Governor in Council of Fort St. George in Madras upon reference to all local circumstances.

V. And it is hereby enacted, that for the better assessment and collection of rates under this Act, it shall be lawful for the Governor in Council of Fort St. George in Madras, to appoint such Assessor or Assessors, Collector or Collectors, and to make such union of the offices of Assessor and Collector, and to prescribe such rules and take such securities for the due execution of this Act by the person or persons employed in assessments and collections and in the management of the rates collected as he shall deem expedient.

VI. And it is hereby enacted, that it shall not be necessary in any assessment rate or warrant of distress under this Act to specify the names of the owners or occupiers of houses, buildings and grounds; but it shall be sufficient if every property rated be identified, and in the case of houses numbered in any street, that the name of the street and number of the house rated be particularly specified.

VII. And it is hereby enacted, that the Goods and Chattels of the owner of any property rated shall be seizable any where (except where property is concealed as hereinafter mentioned) for deficiency in the payment of rates. And all property which shall be found upon any premises rated, shall be seizable for any arrears which may be due for a period of one year immediately preceding such seizure. And in the case of the seizure of the property of a tenant under such circumstances, he may deduct the amount of the levy from the next payment of his rent.

VIII. And it is hereby enacted, that where there is ground to suspect that property liable to distress under this Act is concealed in any zenana, the Officer charged with the execution of the warrant shall make a special report to the Justice granting the same, who shall thereupon follow, as closely as is practicable, the rules for the seizure of property in like cases adopted by Her Majesty's Supreme Court of the Presidency.

IX. And it is hereby enacted, that it shall be lawful for any one Justice of the Peace for the Town of Madras to issue a Warrant of Distress for the recovery of the arrears of Assessment under this Act, or under the Statute 33. Geo. 3, Ch. 52, and every such Warrant shall have the same force and effect as if it were under the hands and seals of two such Justices.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 18th of October 1841, is hereby promulgated for general information:

Act No. XXVII. of 1841.

An Act for appropriating the unclaimed Dividends on Insolvent Estates.

I. Whereas pursuant to the Orders of the Courts for the Relief of Insolvent Debtors at the several Presidencies, divers sums on account of unclaimed Dividends on Insolvent Estates have from time to time been paid over by the Assignees of such Insolvent Estates into the hands of the Accountant General and Sub-Treasurer of the East India Company at such several Presidencies with the privity of the Accountant General of the said Insolvent Courts, to the credit of the persons named in the Schedules as Creditors of such Insolvents respectively;—and whereas it is expedient that in the event of no claim being established to such unclaimed Dividends or any part thereof, within a reasonable time, such Dividends should be distributed among such of the Creditors of such Insolvent Estates as shall have established their claims against such Estates respectively;—

It is therefore enacted, that it shall be lawful for the said Courts of Insolvent Debtors respectively in the event of no claim being established to such Dividends or any part thereof, within six years after any Dividend shall have been so paid over, as aforesaid, to order the same to be repaid to such Assignees, to be by them distributed among such of the Creditors of such Insolvent Estates as shall have established their claims against such Estates respectively, and to order such claims to be expunged from such Schedules. Provided that this Act shall not affect the right of any party to be paid such Dividends out of any future Assets, which may come to the hands of the Assignees, together with any future Dividends which may be declared on such Insolvent Estates respectively in the event of any such claim being afterwards established.

II. And it is hereby enacted, that no such unclaimed Dividend shall at any time be distributed under this Act unless a Statement of such unclaimed Dividends be previously published in manner following: One year at least before making any such division as aforesaid a Statement shall be published three times in the English language, and also in one or more native languages in the Official Gazettes of the respective Presidencies, which Statement shall contain the names and descriptions as contained in the Schedules of all parties in respect of whose claims Dividends are reserved, together with the amount of such claims respectively, and shall specify whether any former Dividend or Dividends have been paid in respect thereof, and whether any proof shall have at any time been made of the debt whereof any Dividend may have accrued. Provided always that this Act shall not authorize the distribution of any such Dividend except where no person shall at any time have substantiated any claim to the debt in respect of which such Dividend may have become due.

III. And it is hereby further enacted, that in case it shall appear that any Insolvent is indebted to any Domestic Servants for Wages, it shall be lawful for such Courts at or before the time of declaring a Dividend to order the amount due for such Wages, but not exceeding in the whole the amount of six months' Wages to be paid to such Servants out of the Estate of such Insolvents.

IV. And be it enacted, that this Act shall not take effect until the first day of January 1843.

NOTICE.

CHANGE OF PILOT STATION FOR THE RIVER HOOGHLY.

NOTICE is hereby given, that referring to the impracticability during the last S. W. Monsoon, owing to the encreasing resort of Shipping to the Port of Calcutta, to supply Pilots at the distant Station off Point Palmyras, the arrangements as noted in the following Memorandum from the Master Attendant, will be adopted for the next S. W. Monsoon.

MEMO.

1st.—A Pilot Vessel will be stationed off False Point during the next South West Monsoon, say from the 15th of March to the 15th of September 1842, bearing, according to circumstances, E. by N. a S. E. by S. from the Light House, and in from 10 to 15 fathoms depth of water.

2d.—This Vessel will exhibit by day when any others are in sight, besides the usual Company's Ensign at her Peak, a *large Danish Jack* (red with white cross) at her Main Top Gallant Mast Head, and at night a GOOD Light in the same situation, besides burning a Blue Light every hour, and beating a Gong frequently in calm thick weather, to warn Vessels coming from the Southward of her near neighbourhood. She will *not* however have any Pilots on board, the main object of her intended Station off False Point being to guard all inward bound Vessels from proceeding to the old Station off Point Palmyras during next season, and directing them to a new one in the South Channel between the Tails of the Eastern and Western Reefs, where Pilot Vessels will then be found in from 16 to 20 fathoms water, and from 6 to 8 Miles South West of the present South Channel Buoy, that Buoy laying in Lat. 20° 58′ 30″ N. Long. 88° 4′ East of Greenwich, and in 12 fathoms water.

3d.—For the purpose of more distinctly marking the new Station, the Commanding Officer's Vessel there will always wear by day, when other Vessels are in sight, a large *St. George's Jack* (white with red cross) at her Main Top Gallant Mast Head, besides the usual Company's Colours at her Peak, and at night be distinguished by a constant *good* Mast Head Light, by Blue Lights and Maroons used alternately every half hour and also by Guns fired every four hours, say at 8 P. M. Midnight, and 4 A. M. with good Rockets discharged at the same time.

4th.—All Vessels are recommended to be most careful in coming over from False Point to the New Station by constant attention to that safe old Guide the Lead, and thereby correcting their Steerage as Tides or Currents may or may not set them out of their proper course, and they are also advised not to come under 16 fathoms, at night especially, till they reach the Pilot's Station and get their proper Pilots on board.

5th.—Lastly—All Vessels are directed not to approach the Pilot's Station at night without giving due warning, and not only by the exhibition of Lights, say 2 *Vertical* where best seen, but also by the discharge of a Gun, if they have any on board, as soon as they descry the first Pilot Vessel near them. They are further recommended to be most careful not to come into collision with any of the Pilot Vessels at the Station on their own accounts no less than that of the Public as they will be held responsible for all Damages, and called upon afterwards to pay for all that may have arisen from bad Look-out, Inattention to Duty, or Carelessness of any kind whatever.

Whereas it is expedient to make Regulations for Boats and Catamarans employed in the Madras Roads, with a view to the better preservation of good order, the prevention of smuggling, and the general protection of life and property, and whereas certain Rules now in force for the Harbour of Madras require amendment,—

It is hereby enacted, that from and after the 1st day of January next, no person either as Owner or Servant shall use or employ, or be employed in, any Boat or Catamaran to carry Passengers, Goods or Letters, to or from any Ship or Vessel lying in the Madras Roads and Shore, unless such Owners or Owner of Boats and Catamarans shall have previously received a License, and unless the Boat or Catamaran which such Owners or Owner, Servants or Servant shall so use, has been registered as hereinafter mentioned, and in case any person who has not received such License shall employ or be employed in a Boat or Catamaran for the purposes aforesaid, or such Boat or Catamaran shall not have been so registered, such person shall be liable to a fine not exceeding the sum of 50 Rupees on conviction before a Justice of the Peace, as that Justice shall direct, and the Boat or Catamaran shall be liable to be seized by the orders of any Justice of the Peace and forfeited.

II. And it is hereby enacted, that upon the Master Attendant being satisfied that any such Boat is of the proper dimensions and capacity, and that the same is seaworthy, and of a proper quality for the purposes aforesaid, and upon the application of the Owner of any such Boat or of any Catamaran, and upon such Owner delivering to him a written paper signed by such Owner specifying his name, occupation and place of residence, and the names and places of residence of all such Boatmen or other persons as shall be employed by such Owner in and about the navigation, and management of such Boat as particularly as may be, and also subscribing to a declaration in writing that he fully understands all the provisions of this Act and those contained in the Subsidiary Rules to the same Act, it shall and may be lawful, and the said Master Attendant is hereby required to grant to such Owner a License so to use the same in which License (if of a Boat) shall be expressed the dimensions, the number of Passengers or the quantity of Goods which such Boat shall be permitted to take and carry, and every such License shall also contain a number for such Boat or Catamaran, and the name or names, occupation or occupations, and place or places of residence of the Owner or Owners thereof, and the number of the Servants or Crew who shall be used or employed to row or navigate the same, and their names and places of residence respectively all of which particulars shall be entered in a book or Registry for that purpose to be kept by the Master Attendant, and so often as the property in any such Boat or Catamaran, or any share of the same shall be transferred, every Owner of such Boat or Catamaran shall produce his License before the said Master Attendant, and such new Owner shall also deliver to him a written paper signed by such new Owner specifying his name, occupation and place of residence, and the names and places of residence of all such Boatmen or other persons as he shall employ, or propose to employ in and about the navigation and management of such Boat as particularly as may be, and shall also subscribe to a declaration in writing that he fully understands all the provisions of this Act, and those contained in the subsidiary Rules to this Act, all which said particulars shall be duly entered by the said Master Attendant in a new Registry to be made by him of such Boat or Catamaran, and thereupon a new License to use such Boat or Catamaran expressing and containing the same particulars as are hereinbefore provided to be expressed in the original License shall be granted by the said Master Attendant, and whenever any such Owner or Owners, or any of the Boatmen or other persons employed to manage or navigate any such Boat or Catamaran shall change his or their place of abode notice of such change of abode shall be delivered to the said Master Attendant by the said Owner, in order that such new place of abode may be entered in the Registry and License. In wilful neglect or default of which notice of change of Ownership or of the persons employed to row or navigate any such Boat, or of his or their or any or either of their change of residence, for the space of six days after any such change of residence, the Owner shall forfeit a sum not exceeding 50 Rupees on conviction before a Justice of the Peace, as that Justice shall direct, and for every each new Registration to be made by the said Master Attendant as aforesaid he shall be entitled to charge by way of fee the sum of one Rupee, and for every new License thereof the sum of one Rupee.

Extract of a Military Letter No. 59, from the Hon'ble the Court of Directors, dated 2d September, 1840.

1. Referring to the correspondence* which has passed on the claim preferred on behalf of the Forces employed in the Burmese War, to compensation for the value of Boats, and other property captured during the War, and destroyed to prevent their again falling into the enemy's power; we have now to acquaint you that the Queen has been pleased, on our application, to issue a Royal Warrant, of which a copy is enclosed, granting the sum of Three Lacs of Company's Rupees in full satisfaction of the said claim, both as to principal and interest. The Grant has been in conformity with this application, and We now call your special and immediate attention to this part of it, in order, that the exact state of the Prize Fund may be ascertained and all sums due to it, realized for distribution.

Two Eighths.

And His said Majesty was in and by the said Warrant graciously pleased to direct that the portion of the said Booty and Plunder so belonging to the said Land Forces employed in the said Expedition should be distributed between the Commander in Chief, Officers and Privates composing the same, according to the rule theretofore used and observed by the Army in India under the aforesaid Scheme or Schedule. And that the portion of the said Booty and Plunder so as aforesaid belonging to the Naval Forces employed in the said Expedition be distributed amongst the Commander in Chief, Flag and other Officers and Men belonging to the said Naval Forces employed in the said Expedition agreeably to His Majesty's Proclamation aforesaid, and to the practice of His Majesty's Navy respecting the Ships or Vessels in the Service of the said United Company of Merchants of England trading to the East Indies sharing with them. And His Majesty was thereby graciously pleased further to order and direct that in case any doubt should arise respecting the claims to share in the distribution of the Moiety thereby granted to the Captors, or respecting any demand upon the said Captured Booty the same should be determined by the said United Company of Merchants of England trading to the East Indies, or by such person or persons to whom they should refer the same, which determination thereupon made should with all convenient speed be notified in writing to the Commissioners of His Majesty's Treasury, and the same should be final and conclusive to all intents and purposes, unless within three months after the receipt thereof at the Office of the Commissioners of His Majesty's Treasury His Majesty should be pleased otherwise to order. And whereas the Commissioners of our Treasury have represented unto us that a Memorial had been addressed to them by the Directors of the East India Company, setting forth, amongst other things, that they had taken every means in their power to gain authentic intelligence of the value of the Boats and other Property which might have been destroyed as asserted in order to prevent their falling again into the Enemy's hands of which no authentic account has been furnished, and that the claim which had been made on behalf of the Captors to the value of such Boats and other Property was unsupported by the requisite proof to shew, first, that the several alleged Captures were in fact made. Secondly, that such property was subsequently destroyed to prevent its again falling into the Enemy's hands—and thirdly, that if not destroyed, it would have been of the value assigned to it by the Claimants. That they the Directors had nevertheless obtained sufficient evidence to satisfy them that a number of War and other Boats were captured and destroyed in the said War, and that quantities of Ammunition and other

Stores were also from time to time destroyed that though possessing no data upon which to fix the sum to be recommended as the computed value of such Property they were disposed to believe that a sum of three Lacs of Company's Rupees would be a liberal equivalent for all the Booty which the Forces engaged in the said War had taken and were obliged to relinquish for the good of the Service. That the Directors had further represented that from the Schedule or Statement hereinafter set forth of which a Copy was laid before the Government of Bengal by the Prize Agents on the first of June, one thousand eight hundred and twenty-six, it appeared that large sums which had been realized by the Prize Agents had been invested in the Company's Loans by private Agents and which the Directors had reason to believe were not included in the sums specified in His late Majesty's Grant of the Seventeenth of September, one thousand eight hundred and thirty-one, and that the sum of Rupees Sixty-nine thousand, three hundred and eighty-four, fourteen Annas, which appeared in the said Schedule as having been deposited in the Company's Treasury could not be traced in the Company's books, but that if recoverable it would be considered as Booty should We be pleased so to order and direct.

That the Directors therefore prayed that we would be graciously pleased to grant to the said Company the aforesaid sum of Three Lacs of Rupees in full satisfaction of the claim as to Principal and Interest on account of the value of the Boats and other Property captured from the Enemy during the said operations, and subsequently destroyed to prevent their falling again into the Enemy's hands, and also the sums specified in the aforesaid Schedule or Statement, with Interest due upon them, provided such Principal and Interest shall not have been already included in the Royal Grant of the Seventeenth of September, one thousand eight hundred and thirty-one as Booty, and provided the same shall be recovered by or on behalf of the Company such Grant as to one half part of all the aforementioned Sums for the proper use of the said Company, and as to the other half part thereof for the use of the Commanders, Officers and Men belonging to the Army, Navy and Marines employed in the said War, and that we would also be pleased to give such directions as to the appropriation and distribution of the said Plunder and Booty amongst such Forces as we should see fit. And whereas our said Commissioners have recommended unto us under the circumstances set forth in the said Memorial and in the Report which has been made to them by our Procurator General, with the concurrence and advice of our Advocate General thereon, to grant the said sum of Three Lacs of Rupees, together with the said several sums specified in the said Schedule or Statement, amounting to Sicca Rupees Two Lacs, Forty-two Thousand, Three Hundred and Sixty-six, Four Annas, and Four Pies, in the manner and under the provisions contained in the said Memorial as hereinbefore mentioned to be appropriated and distributed as directed in and by the said former Royal Warrant. Now know ye that We taking the Premises into our Royal consideration do with the Advice and at the recommendation of our said Commissioners by this Our Royal Warrant under Our Royal Sign Manual give and grant unto the East India Company, or to such person or persons as they shall appoint to receive the same, the said sum of Three Lacs of Rupees in full satisfaction of the claim as to Principal and Interest on account of the value of Boats and other Property captured from the Enemy during the aforesaid operations, and subsequently destroyed to prevent their falling again into the Enemy's hands, and also the several sums specified in such last mentioned Schedule or Statement with Interest due upon them, provided such Principal and Interest shall not have been already included in the said Royal Grant of the Seventeenth of September, one thousand eight hundred and thirty-one as Booty, and provided the same shall be recovered by or on behalf of the said Company. And We are graciously pleased to declare that this Our Royal Grant as to one half part of all the aforementioned sums shall be for the proper use of the said Company, and as to the other part thereof for the use of the Commanders, Officers and Men belonging to the Army, Navy, and Marines employed in the said War, to be appropriated and distributed amongst such Forces in the manner and subject to the provisions directed and contained in the said Warrant of His late Majesty bearing date the Seventeenth day of September, one thousand eight hundred and thirty-one, and as hereinbefore set forth—and We are further pleased to order and direct that in case any doubt shall arise respecting the claims to share in the distribution of the moiety hereby granted to the Captors, or respecting any demand upon the said Captured Booty, the same shall be determined by the said East India Company, or by such person or persons to whom they shall refer the same, which determination thereupon made shall with all convenient speed be notified in writing to the Commissioners of our Treasury, and the same shall be final and conclusive to all intents and purposes unless within three months after the receipt thereof at the Office of the Commissioners of our Treasury, We shall be pleased otherwise to order, hereby reserving to ourselves to make such order herein as to us shall seem fit. Given at our Court at Buckingham Palace, this Seventeenth day of October 1838, in the second year of our Reign.

OVERLAND LETTERS AND POSTAGE.

It is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets or England. Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

RULES

For bonding Salt imported by Sea and deposited in Private Warehouses, to take effect from this date, 28th September 1841.

First.—Parties wishing to store Salt in private Godowns under the Government Orders of 11th August 1841, to give notice of their intentions to the Collector of Customs in writing, pointing out the location of the Godown in which the Salt is to be stored and making a Deposit of the Duty in Government Promissory Notes or in Bills accepted by Government.

Second.—On receipt of this deposit, the Collector of Customs will cause the Salt to be weighed and delivered from on board ship as at present, sending with each boat load of Salt for its protection in transit, between the ship and the Importer's Godown, a Boat Note (as per Form annexed) signed by both the Preventive Officers delivering and the Salt Chowkee Officer superintending the weighment.

Third.—On completion of weighment the Collector to report the outturn, together with the amount of Company's Paper held in deposit on receipt of this information, and the Boat Notes which must be delivered up by the Importer, the Board will supply the Importer with a Rowannah for the full quantity weighed over the vessel's side.

Fourth.—On the expiration of three months from the date of entry of the ship on which the Salt may have been imported, the Collector of Customs will call upon the Importer or Consignee to pay the duty on the full quantity weighed over the vessel's side less 3½ per cent. wastage.

Fifth.—The Importer to write off all Salt sold by him on the back of the Rowannah, giving due intimation of sale within 24 hours to the Board, to enable them to depute a Salt Officer to be present at the weighment and delivery—this Officer will not suffer any Salt to be removed save under a separate Rowannah to be granted from the Board's Office. He will also attest the endorsement on the Rowannah, as above provided, of the quantity delivered.

Sixth.—A Salt Officer will attend during the landing of the Salt in order to put his adul on the Salt imported, and it will be expected that the Stamp so applied shall not be broken save in his presence.

Seventh.—Notice shall in all cases of Rowannahs granted for bonded Salt be given to the Superintendent of Calcutta Salt Chokees.

NOTICE.

CHANGE OF PILOT STATION FOR THE RIVER HOOGHLY.

NOTICE is hereby given, that referring to the impracticability during the last S. W. Monsoon, owing to the encreasing resort of Shipping to the Port of Calcutta, to supply Pilots at the distant Station off Point Palmyras, the arrangements as noted in the following Memorandum from the Master Attendant, will be adopted for the next S. W. Monsoon.

MEMO.

1st.—A Pilot Vessel will be stationed off False Point during the next South West Monsoon, say from the 15th of March to the 15th of September 1842, bearing, according to circumstances, E. by N. a S. E. by S. from the Light House, and in from 10 to 15 fathoms depth of water.

2d.—This Vessel will exhibit by day when any others are in sight, besides the usual Company's Ensign at her Peak, a *large Danish Jack* (red with white cross) at her Main Top Gallant Mast Head, and at night a GOOD Light in the same situation, besides burning a Blue Light every hour, and beating a Gong frequently in calm thick weather, to warn Vessels coming from the Southward of her near neighbourhood. She will *not* however have any Pilots on board, the main object of her intended Station off False Point being to guard all inward bound Vessels from proceeding to the old Station off Point Palmyras during next season, and directing them to a new one in the South Channel between the Tails of the Eastern and Western Reefs, where Pilot Vessels will then be found in from 16 to 20 fathoms water, and from 6 to 8 Miles South West of the present South Channel Buoy, that Buoy laying in Lat. 20° 58′ 30″ N. Long. 88° 4′ East of Greenwich, and in 12 fathoms water.

3d.—For the purpose of more distinctly marking the new Station, the Commanding Officer's Vessel there will always wear by day, when other Vessels are in sight, a large *St. George's Jack* (white with red cross) at her Main Top Gallant Mast Head, besides the usual Company's Colours at her Peak, and at night be distinguished by a constant *good* Mast Head Light, by Blue Lights and Maroons used alternately every half hour and also by Guns fired every four hours, say at 8 P. M., Midnight, and 4 A. M. with good Rockets discharged at the same time.

4th.—All Vessels are recommended to be most careful in coming over from False Point to the New Station by constant attention to that safe old Guide the Lead, and thereby correcting their Steerage as Tides or Currents may or may not set them out of their proper course, and they are also advised not to come under 16 fathoms, at night especially, till they reach the Pilot's Station and get their proper Pilots on board.

5th.—Lastly—All Vessels are directed not to approach the Pilot's Station at night without giving due warning, and not only by the exhibition of Lights, say 2 *Vertical* where best seen, but also by the discharge of a Gun, if they have any on board, as soon as they descry the first Pilot Vessel near them. They are further recommended to be most careful not to come into collision with any of the Pilot Vessels at the Station on their own accounts no less than that of the Public as they will be held responsible for all Damages, and called upon afterwards to pay for all that may have arisen from bad Look-out, Inattention to Duty, or Carelessness of any kind whatever.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

THE 18TH OCTOBER, 1841.

The following Extract from the proceedings of the Right Hon'ble the Governor General in Council, in the Legislative Department, under date the 18th October 1841, is published for general information.

Read a second time the Draft of proposed Act dated the 15th June 1840, and published in the Supplement to the Calcutta Gazette of the 17th of the same month, for the better management of Boats and Catamarans in the Madras Roads and for the amendment of certain Harbour Regulations.

Resolution.—The Right Hon'ble the Governor General in Council resolves that the following Amended Draft on the subject be re-published for general information :

ACT No. —— OF 1841.

For the better management of Boats and Catamarans in the Madras Roads and for the amendment of certain Harbour Regulations.

I. Whereas it is expedient to make Regulations for Boats and Catamarans employed in the Madras Roads, with a view to the better preservation of good order, the prevention of smuggling, and the general protection of life and property, and whereas certain Rules now in force for the Harbour of Madras require amendment,—

It is hereby enacted, that from and after the 1st day of January next, no person either as Owner or Servant shall use or employ, or be employed in, any Boat or Catamaran to carry Passengers, Goods or Letters, to or from any Ship or Vessel lying in the Madras Roads and Shore, unless such Owners or Owner of Boats and Catamarans shall have previously received a License, and unless the Boat or Catamaran which such Owners or Owner, Servants or Servant shall so use, has been registered as hereinafter mentioned, and in case any person who has not received such License shall employ or be employed in a Boat or Catamaran for the purposes aforesaid, or such Boat or Catamaran shall not have been so registered, such person shall be liable to a fine not exceeding the sum of 50 Rupees on conviction before a Justice of the Peace, as that Justice shall direct, and the Boat or Catamaran shall be liable to be seized by the orders of any Justice of the Peace and forfeited.

II. And it is hereby enacted, that upon the Master Attendant being satisfied that any such Boat is of the proper dimensions and capacity, and that the same is seaworthy, and of a proper quality for the purposes aforesaid, and upon the application of the Owner of any such Boat or of any Catamaran, and upon such Owner delivering to him a written paper signed by such Owner specifying his name, occupation and place of residence, and the names and places of residence of all such Boatmen or other persons as shall be employed by such Owner in and about the navigation, and management of such Boat as particularly as may be, and also subscribing to a declaration in writing that he fully understands all the provisions of this Act and those contained in the Subsidiary Rules to the same Act, it shall and may be lawful, and the said Master Attendant is hereby required to grant to such Owner a License so to use the same in which License (if of a Boat) shall be expressed the dimensions, the number of Passengers or the quantity of Goods which such Boat shall be permitted to take and carry, and every such License shall also contain a number for such Boat or Catamaran, and the name or names, occupation or occupations, and place or places of residence of the Owner or Owners thereof, and the number of the Servants or Crew who shall be used or employed to row or navigate the same, and their names and places of residence respectively all of which particulars shall be entered in a book or Registry for that purpose to be kept by the Master Attendant, and so often as the property in any such Boat or Catamaran, or any share of the same shall be transferred, every Owner of such Boat or Catamaran shall produce his License before the said Master Attendant, and such new Owner shall also deliver to him a written paper signed by such new Owner specifying his name, occupation and place of residence, and the names and places of residence of all such Boatmen or other persons as he shall employ, or propose to employ in and about the navigation and management of such Boat as particularly as may be, and shall also subscribe to a declaration in writing that he fully understands all the provisions of this Act, and those contained in the subsidiary Rules to this Act, all which said particulars shall be duly entered by the said Master Attendant in a new Registry to be made by him of such Boat or Catamaran, and thereupon a new License to use such Boat or Catamaran expressing and containing the same particulars as are hereinbefore provided to be expressed in the original License shall be granted by the said Master Attendant, and whenever any such Owner or Owners, or any of the Boatmen or other persons employed to manage or navigate any such Boat or Catamaran shall change his or their place of abode notice of such change of abode shall be delivered to the said Master Attendant by the said Owner, in order that such new place of abode may be entered in the Registry and License. In wilful neglect or default of which notice of change of Ownership or of the persons employed to row or navigate any such Boat, or of his or their or any or either of their change of residence, for the space of six days after any such change of residence, the Owner shall forfeit a sum not exceeding 50 Rupees on conviction before a Justice of the Peace, as that Justice shall direct, and for every such new Registration to be made by the said Master Attendant as aforesaid he shall be entitled to charge by way of fee the sum of one Rupee, and for every new License thereof the sum of one Rupee.

III. And it is hereby enacted, that in order to enable the said Master Attendant to grant a correct License of the Registry of every such Boat previous to the Registry of any Boat requiring such License, the said Master Attendant or his Deputy shall in the presence of the Owner of every such Boat or any other person duly appointed by such Owner, cause each such Boat to be surveyed and measured, and in case the same shall not in the judgment of the said Master Attendant or his Deputy be of the proper dimensions and capacity and sea-worthy and of the proper quality for the purposes aforesaid, no Registry shall be made nor License be granted, until every such defect in the admeasurement, sea-worthiness and quality of the said Boat shall have been rectified by the Owner thereof, and for every such survey and admeasurement a fee of three Rupees shall be paid by the Owner of any such Boat to the said Master Attendant.

IV. And it is hereby enacted, that the said Owner or Owners of every such Boat shall forthwith paint in black English figures, not less than six inches in length upon a white ground, such white ground having a margin of at least three inches beyond the outermost part of the figures, on a conspicuous part of the bow on one side and of the quarter on the other, and in a legible and distinct manner from left to right, the number in such Registry and License mentioned, and if any person shall fraudulently paint or counterfeit or cause or permit to be painted or counterfeited upon any Boat, any figure not having been duly registered, every such person shall forfeit the sum of 100 Rupees, and every such Boat shall also be forfeited.

V. And for the better prevention of fraud or omission in the painting, the figures hereinbefore provided to be painted on all Boats, let out for hire as well as for the better distinguishing and identifying such Boats and Catamarans as have been registered and licensed, it is hereby enacted, that so often as any Registry is made the said Master Attendant shall cause the number in the same to be cut or branded in the most common native characters, in some part or parts of every such Boat and Catamaran, and if the Owner or Owners of any such Boat shall neglect or refuse to keep painted, cut or branded any figure hereinbefore required to be painted, cut or branded, on any such Boat or Catamaran, in a fair and legible condition, or if he shall paint, cut or brand the same in a different manner or on a different part of such Boat than is hereinbefore provided, or shall wilfully erase, obliterate or in any way hide or conceal the same, or if the Owner of any such Boat or Catamaran shall knowingly permit any such act to be done, he shall forfeit a sum not exceeding 100 Rupees on conviction before a Justice of the Peace as that Justice shall direct, and if any person not being such Owner shall be guilty of or shall assist in any such incorrect painting, cutting, branding, erasure or concealment, he shall forfeit one moiety of the penalty in this Article imposed.

An Act for facilitating preliminary investigations of Criminal Cases connected with the Collection of the Revenue within the Presidency of Bombay.

I. It is hereby enacted, that it shall be competent for the Revenue Commissioner or his Assistant within the Presidency of Bombay, to exercise the same powers as the Collector and Magistrate of any Zillah under that Presidency in all matters touching the collection and management of the Revenue, and the conduct of Revenue Officers in their official capacities; except that they shall not pass any sentence of punishment; but when the preliminary inquiries are concluded, shall, if the charge be not dismissed, forward the accused to the Magistrate for trial or for committal according to the nature of the case.

II. And it is hereby enacted, that a Revenue Commissioner or his Assistant, or a Collector of Land Revenue or his Assistant, or a Sub-Collector, may, by written order, delegate in any case, to any native servant regularly employed on their respective Establishments, not being of an inferior grade to a Karcoon, any of the above powers of preliminary investigation, provided they be the same as are exercised by District Officers of Police under the Regulations. And the proceedings under this Act of all such servants shall be sent to the delegating authority for revision, and after such revision, if the charge be not dismissed, the case shall be forwarded to the Magistrate as aforesaid.

III. And it is hereby provided, that nothing in this Act contained shall prevent any Magistrate from making preliminary enquiries and proceeding under the Regulations in all the cases aforesaid, both where the charge has not been investigated under the aforesaid powers, and where it may have been dismissed.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India after the 1st day of February next.

Secy. to the Govt. of India.

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

THE 1ST NOVEMBER, 1841.

The following Draft of a proposed Act was read in Council for the first time on the 1st of November 1841.

ACT No. —— OF 1841.

An Act for discontinuing the rotation of service in hereditary District and Village offices under the Bombay Presidency.

I. Whereas it is provided by Clause 4, Section XVII. Regulation XVI. 1827, of the Bombay Code, that if the duties of the hereditary District Officers and Village Officers and Servants are performed " in rota-" tion by several sharers it shall be competent to the " Collector to enforce an arrangement by which each " Officiator shall, unless dismissed by the Collector, " continue in office for three years, or the sharers may " at their option select one of their number to be " constituted with the Collector's sanction the heredi-" tary Officer." And whereas the rotation system thus maintained by the Bombay Code of Regulations is found injurious to the public service even as thus modified in the period of retention of office,—

It is hereby enacted, that in all cases of hereditary office the services of which are still exacted and rendered at Bombay it shall be competent to the Collector of Land Revenue, or to the Magistrate accordingly as the service may be rendered in the Revenue or Police Departments to refuse confirmation to any arrangement for rotation service in such office that may be entered into by the sharers or hereditary claimants, and to require that nomination shall be made of a fit and competent person to hold the office, and perform the duties in the manner provided in the last part of the Clause of Section XVII. Regulation XVI. of 1827 above quoted.

II. And it is hereby enacted, that when any Village or District Officer shall be nominated to an hereditary office as above provided, it shall be competent to the

Collector or Magistrate to refuse to confirm such nomination, if from age or personal disqualification there shall be cause to think the duties of the office will not be properly performed by him, or if from character and past conduct the person nominated be considered unworthy of trust. Provided, however, that the ground of such rejection shall be recorded in an Official proceeding and in every case of refusal to confirm the nomination of sharers and other hereditary claimants there shall be an appeal to the authority to which the Collector or Magistrate may be immediately subordinate, and the order of such authority in the case shall be final.

III. And it is hereby enacted, that when any person shall be duly appointed to an hereditary Village or District office he may be removed on proof of misconduct or incompetency to the satisfaction of the Officer by whom the nomination is required to be confirmed, and the order for such removal shall be open to a like appeal as an order refusing confirmation.

IV. And it is hereby enacted, that when an hereditary Officer shall be bound to render service in more than one Department, it shall be competent to the Governor in Council at Bombay to prescribe what Officer shall be vested with the control of the appointment and removal of such Officer.

V. And it is hereby enacted, that nothing contained in this Act shall be construed to debar the right of any sharer or hereditary claimant to participate in the rents and profits of any hereditary office so held and filled as is above provided, but if through the number of such claims there shall not remain a sufficiency for the fit maintenance of the Officer performing the duties, it shall be competent to the Collector or other Officer vested with the control of the appointment to and removal from such office to fix the fit remuneration to be assigned to the appointed Officer, and the remainder only shall be subject to the claim of sharers after this fitting remuneration shall have been first paid.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 1st day of February next.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

NOTICE.

CHANGE OF PILOT STATION FOR THE RIVER HOOGHLY.

NOTICE is hereby given, that referring to the impracticability during the last S. W. Monsoon, owing to the encreasing resort of Shipping to the Port of Calcutta, to supply Pilots at the distant Station off Point Palmyras, the arrangements as noted in the following Memorandum from the Master Attendant, will be adopted for the next S. W. Monsoon.

MEMO.

1st.—A Pilot Vessel will be stationed off False Point during the next South West Monsoon, say from the 15th of March to the 15th of September 1842, bearing, according to circumstances, E. by N. a S. E. by S. from the Light House, and in from 10 to 15 fathoms depth of water.

2d.—This Vessel will exhibit by day when any others are in sight, besides the usual Company's Ensign at her Peak, a *large Danish Jack* (red with white cross) at her Main Top Gallant Mast Head, and at night a GOOD Light in the same situation, besides burning a Blue Light every hour, and beating a Gong frequently in calm thick weather, to warn Vessels coming from the Southward of her near neighbourhood. She will *not* however have any Pilots on board, the main object of her intended Station off False Point being to guard all inward bound Vessels from proceeding to the old Station off Point Palmyras during next season, and directing them to a new one in the South Channel between the Tails of the Eastern and Western Reefs, where Pilot Vessels will then be found in from 16 to 20 fathoms water, and from 6 to 8 Miles South West of the present South Channel Buoy, that Buoy laying in Lat. 20° 58′ 30″ N. Long. 88° 4′ East of Greenwich, and in 12 fathoms water.

3d.—For the purpose of more distinctly marking the new Station, the Commanding Officer's Vessel there will always wear by day, when other Vessels are in sight, a large *St. George's Jack* (white with red cross) at her Main Top Gallant Mast Head, besides the usual Company's Colours at her Peak, and at night be distinguished by a constant *good* Mast Head Light, by Blue Lights and Maroons used alternately every half hour and also by Guns fired every four hours, say at 8 P. M., Midnight, and 4 A. M. with good Rockets discharged at the same time.

4th.—All Vessels are recommended to be most careful in coming over from False Point to the New Station by constant attention to that safe old Guide the Lead, and thereby correcting their Steerage as Tides or Currents may or may not set them out of their proper course, and they are also advised not to come under 16 fathoms at night especially, till they reach the Pilot's Station and get their proper Pilots on board.

5th.—Lastly—All Vessels are directed not to approach the Pilot's Station at night without giving due warning, and not only by the exhibition of Lights, say 2 *Vertical* where best seen, but also by the discharge of a Gun, if they have any on board, as soon as they descry the first Pilot Vessel near them. They are further recommended to be most careful not to come into collision with any of the Pilot Vessels at the Station on their own accounts no less than that of the Public as they will be held responsible for all Damages, and called upon afterwards to pay for all that may have arisen from bad Look-out, Inattention to Duty, or Carelessness of any kind whatever.

LEGISLATIVE DEPARTMENT,

THE 1ST NOVEMBER, 1841.

The following Draft of a proposed Act was read in Council for the first time on the 1st of November 1841.

ACT NO. —— OF 1841.

An Act for discontinuing the rotation of service in hereditary District and Village offices under the Bombay Presidency.

I Whereas it is provided by Clause 4, Section XVII Regulation XVI. 1827, of the Bombay Code, that if the duties of the hereditary District Officers and Village Officers and Servants are performed "in rotation by several sharers it shall be competent to the "Collector to enforce an arrangement by which each "Officiator shall, unless dismissed by the Collector,

" continue in office for three years, or the sharers may " at their option select one of their number to be " constituted with the Collector's sanction the hereditary Officer." And whereas the rotation system thus maintained by the Bombay Code of Regulations is found injurious to the public service even as thus modified in the period of retention of office ;—

It is hereby enacted, that in all cases of hereditary office the services of which are still exacted and rendered at Bombay it shall be competent to the Collector of Land Revenue, or to the Magistrate accordingly as the service may be rendered in the Revenue or Police Departments to refuse confirmation to any arrangement for rotation service in such office that may be entered into by the sharers or hereditary claimants, and to require that nomination shall be made of a fit and competent person to hold the office, and perform the duties in the manner provided in the last part of the Clause of Section XVII. Regulation XVI. of 1827 above quoted.

II And it is hereby enacted,that when any Village or District Officer shall be nominated to an hereditary office as above provided, it shall be competent to the Collector or Magistrate to refuse to confirm such nomination, if from age or personal disqualification there shall be cause to think the duties of the office will not be properly performed by him, or if from character and past conduct the person nominated be considered unworthy of trust. Provided, however, that the ground of such rejection shall be recorded in an Official proceeding and in every case of refusal to confirm the nomination of sharers and other hereditary claimants there shall be an appeal to the authority to which the Collector or Magistrate may be immediately subordinate, and the order of such authority in the case shall be final.

III. And it is hereby enacted, that when any person shall be duly appointed to an hereditary Village or District office he may be removed on proof of misconduct or incompetency to the satisfaction of the Officer by whom the nomination is required to be confirmed, and the order for such removal shall be open to a like appeal as an order refusing confirmation.

IV. And it is hereby enacted, that when an hereditary Officer shall be bound to render service in more than one Department, it shall be competent to the Governor in Council at Bombay to prescribe what Officer shall be vested with the control of the appointment and removal of such Officer.

V. And it is hereby enacted, that nothing contained in this Act shall be construed to debar the right of any sharer or hereditary claimant to participate in the rents and profits of any hereditary office so held and filled as is above provided, but if through the number of such claims there shall not remain a sufficiency for the fit maintenance of the Officer performing the duties, it shall be competent to the Collector or other Officer vested with the control of the appointment to and removal from such office to fix the fit remuneration to be assigned to the appointed Officer, and the remainder only shall be subject to the claim of sharers after this fitting remuneration shall have been first paid.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 1st day of February next.

GENERAL ORDERS BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

FORT WILLIAM, 27*th October*, 1841.

No. 249 of 1841 —The following Extract of a Military Letter from the Hon'ble the Court of Directors, to the Governor of Bengal, No. 79, dated 1st September 1841, is published for general information :

" Report the particulars of the case of Brevet Captain David Ogilvy, 15th Regt. N. I , who has been permitted to retire from the Service on the Half Pay of his rank, and to settle in Van Dieman's Land, with observations on the general question of allowing Officers to retire in India on Half Pay.	Para. 30 We shall not object to your decision on Captain Ogilvy's application, but we desire that no similar permission be granted hereafter.

31. It is absolutely necessary, according to our views and intentions, that Officers who may be compelled to quit India on Sick Certificate, and who may not be entitled to retire on Full Pay, shall try the effects of a temperate climate for the usual term of a Furlough, before they can be allowed to establish their claim to retire from the Service upon Half Pay. If Officers so circumstanced, proceed to New South Wales or some other Colony, and apply thence at the proper time for permission to retire, it is our practice to require satisfactory evidence from the Medical Staff Officers, or other undoubted Medical testimony on the spot, to prove that the applicant is incapable from ill health, to return to the performance of Military Duty in India, on the production of which the Half Pay is granted under the Regulations, without requiring personal appearance in this Country."

NOTICE.

CHANGE OF PILOT STATION FOR THE RIVER HOOGHLY.

NOTICE is hereby given, that referring to the impracticability during the last S. W. Monsoon, owing to the encreasing resort of Shipping to the Port of Calcutta, to supply Pilots at the distant Station off Point Palmyras, the arrangements as noted in the following Memorandum from the Master Attendant, will be adopted for the next S. W. Monsoon.

MEMO.

1st.—A Pilot Vessel will be stationed off False Point during the next South West Monsoon, say from the 15th of March to the 15th of September 1842, bearing, according to circumstances, E. by N. a S. E. by S. from the Light House, and in from 10 to 15 fathoms depth of water.

2d.—This Vessel will exhibit by day when any others are in sight, besides the usual Company's Ensign at her Peak, a *large Danish Jack* (red with white cross) at her Main Top Gallant Mast Head, and at night a GOOD Light in the same situation, besides burning a Blue Light every hour, and beating a Gong frequently in calm thick weather, to warn Vessels coming from the Southward of her near neighbourhood. She will *not* however have any Pilots on board, the main object of her intended Station off False Point being to guard all inward bound Vessels from proceeding to the old Station off Point Palmyras during next season, and directing them to a new one in the South Channel between the Tails of the Eastern and Western Reefs, where Pilot Vessels will then be found in from 16 to 20 fathoms water, and from 6 to 8 Miles South West of the present South Channel Buoy, that Buoy laying in Lat. 20° 58′ 30″ N. Long. 88° 4′ East of Greenwich, and in 12 fathoms water.

3d.—For the purpose of more distinctly marking the new Station, the Commanding Officer's Vessel there will always wear by day, when other Vessels are in sight, a large *St. George's Jack* (white with red cross) at her Main Top Gallant Mast Head, besides the usual Company's Colours at her Peak, and at night be distinguished by a constant *good* Mast Head Light, by Blue Lights and Maroons used alternately every half hour and also by Guns fired every four hours, say at 8 P. M., Midnight, and 4 A. M. with good Rockets discharged at the same time.

4th.—All Vessels are recommended to be most careful in coming over from False Point to the New Station by constant attention to that safe old Guide the Lead, and thereby correcting their Steerage as Tides or Currents may or may not set them out of their proper course, and they are also advised not to come under 16 fathoms, at night especially, till they reach the Pilot's Station and get their proper Pilots on board.

5th.—Lastly—All Vessels are directed not to approach the Pilot's Station at night without giving due warning, and not only by the exhibition of Lights, say 2 *Vertical* where best seen, but also by the discharge of a Gun, if they have any on board, as soon as they descry the first Pilot Vessel near them. They are further recommended to be most careful not to come into collision with any of the Pilot Vessels at the Station on their own accounts no less than that of the Public as they will be held responsible for all Damages, and called upon afterwards to pay for all that may have arisen from bad Look-out, Inattention to Duty, or Carelessness of any kind whatever.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

The 1st November, 1841.

The following Draft of a proposed Act was read in Council for the first time on the 1st of November 1841.

Act No. —— of 1841.

An Act for discontinuing the rotation of service in hereditary District and Village offices under the Bombay Presidency.

I. Whereas it is provided by Clause 4, Section XVII. Regulation XVI. 1827, of the Bombay Code, that if the duties of the hereditary District Officers and Village Officers and Servants are performed "in rotation by several sharers it shall be competent to the Collector to enforce an arrangement by which each Officiator shall, unless dismissed by the Collector,

" continue in office for three years, or the sharers may " at their option select one of their number to be " constituted with the Collector's sanction the heredi- " tary Officer." And whereas the rotation system thus maintained by the Bombay Code of Regulations is found injurious to the public service even as thus modified in the period of retention of office ;—

It is hereby enacted, that in all cases of hereditary office the services of which are still exacted and rendered at Bombay it shall be competent to the Collector of Land Revenue, or to the Magistrate accordingly as the service may be rendered in the Revenue or Police Departments to refuse confirmation to any arrangement for rotation service in such office that may be entered into by the sharers or hereditary claimants, and to require that nomination shall be made of a fit and competent person to hold the office, and perform the duties in the manner provided in the last part of the Clause of Section XVII. Regulation XVI. of 1827 above quoted.

II. And it is hereby enacted, that when any Village or District Officer shall be nominated to an hereditary office as above provided, it shall be competent to the Collector or Magistrate to refuse to confirm such nomination, if from age or personal disqualification there shall be cause to think the duties of the office will not be properly performed by him, or if from character and past conduct the person nominated be considered unworthy of trust. Provided, however, that the ground of such rejection shall be recorded in an Official proceeding and in every case of refusal to confirm the nomination of sharers and other hereditary claimants there shall be an appeal to the authority to which the Collector or Magistrate may be immediately subordinate, and the order of such authority in the case shall be final.

III. And it is hereby enacted, that when any person shall be duly appointed to an hereditary Village or District office he may be removed on proof of misconduct or incompetency to the satisfaction of the Officer by whom the nomination is required to be confirmed, and the order for such removal shall be open to a like appeal as an order refusing confirmation.

IV. And it is hereby enacted, that when an hereditary Officer shall be bound to render service in more than one Department, it shall be competent to the Governor in Council at Bombay to prescribe what Officer shall be vested with the control of the appointment and removal of such Officer.

V. And it is hereby enacted, that nothing contained in this Act shall be construed to debar the right of any sharer or hereditary claimant to participate in the rents and profits of any hereditary office so held and filled as is above provided, but if through the number of such claims there shall not remain a sufficiency for the fit maintenance of the Officer performing the duties, it shall be competent to the Collector or other Officer vested with the control of the appointment to and removal from such office to fix the fit remuneration to be assigned to the appointed Officer, and the remainder only shall be subject to the claim of sharers after this fitting remuneration shall have been first paid.

Ordered, that the Draft now read be published for general information.

NOTICE is hereby given, that an Adjourned General and Quarter Sessions of the Peace will be holden by Her Majesty's Justices of the Peace for the Town of Calcutta, at the Office of the Justices in Calcutta, on Thursday the 11th day of November, instant, at the hour of Twelve o'Clock at noon, for the purposes of Assessment.

NOTICE.

CHANGE OF PILOT STATION FOR THE RIVER HOOGHLY.

NOTICE is hereby given, that referring to the impracticability during the last S. W. Monsoon, owing to the encreasing resort of Shipping to the Port of Calcutta, to supply Pilots at the distant Station off Point Palmyras, the arrangements as noted in the following Memorandum from the Master Attendant, will be adopted for the next S. W. Monsoon.

MEMO.

1st.—A Pilot Vessel will be stationed off False Point during the next South West Monsoon, say from the 15th of March to the 15th of September 1842, bearing, according to circumstances, E. by N. a S. E. by S. from the Light House, and in from 10 to 15 fathoms depth of water.

2d.—This Vessel will exhibit by day when any others are in sight, besides the usual Company's Ensign at her Peak, a *large Danish Jack* (red with white cross) at her Main Top Gallant Mast Head, and at night a GOOD Light in the same situation, besides burning a Blue Light every hour, and beating a Gong frequently in calm thick weather, to warn Vessels coming from the Southward of her near neighbourhood. She will *not* however have any Pilots on board, the main object of her intended Station off False Point being to guard all inward bound Vessels from proceeding to the old Station off Point Palmyras during next season, and directing them to a new one in the South Channel between the Tails of the Eastern and Western Reefs, where Pilot Vessels will then be found in from 16 to 20 fathoms water, and from 6 to 8 Miles South West of the present South Channel Buoy, that Buoy laying in Lat. 20° 58′ 30″ N. Long. 88° 4′ East of Greenwich, and in 12 fathoms water.

3d.—For the purpose of more distinctly marking the new Station, the Commanding Officer's Vessel there will always wear by day, when other Vessels are in sight, a large *St. George's Jack* (white with red cross) at her Main Top Gallant Mast Head, besides the usual Company's Colours at her Peak, and at night be distinguished by a constant *good* Mast Head Light, by Blue Lights and Maroons used alternately every half hour and also by Guns fired every four hours, say at 8 P. M., Midnight, and 4 A. M. with good Rockets discharged at the same time.

4th.—All Vessels are recommended to be most careful in coming over from False Point to the New Station by constant attention to that safe old Guide the Lead, and thereby correcting their Steerage as Tides or Currents may or may not set them out of their proper course, and they are also advised not to come under 16 fathoms, at night especially, till they reach the Pilot's Station and get their proper Pilots on board.

5th.—Lastly—All Vessels are directed not to approach the Pilot's Station at night without giving due warning, and not only by the exhibition of Lights, say 2 *Vertical* where best seen, but also by the discharge of a Gun, if they have any on board, as soon as they descry the first Pilot Vessel near them. They are further recommended to be most careful not to come into collision with any of the Pilot Vessels at the Station on their own accounts no less than that of the Public as they will be held responsible for all Damages, and called upon afterwards to pay for all that may have arisen from bad Look-out, Inattention to Duty, or Carelessness of any kind whatever.

No. 2. Report of the examination of such Opium.

15. The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1840-41, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the Drug when packed at Behar and Benares, and a Statement of the average weight of Six Chests from each dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium.

16. Four Chests of Behar and Benares Opium which have been reserved from the provision of the two preceding years, will be also shewn to the Purchasers on the day of Sale to enable them to judge of the state of preservation in which the Drug has kept.

17. The Public are hereby informed that *in addition to the quantity abovementioned* the following quantities more or less of Behar and Benares Opium will be brought to Sale this year on or about the dates specified below:

	Behar about Chests.	Benares about Chests.	Total about Chests.
On or about February... 7th,	1400	600	2000
On or about April 18th,	3000	1200	4200
On or about May 23rd,	1600	900	2500

	9014	3846	12860

18. It is hereby further notified that under the 6th Article of the Convention between Great Britain and France dated the 7th March 1815 quoted below, the Agents in India of His Majesty the King of the French, or Persons duly appointed by them, are entitled to demand that out of the quantities of Behar and Benares Opium declared as above for Sale at the five Sales in the months of January, February, April, May and June, there shall be delivered to them at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 Chests, and the Agents of the French Government must make requisition for the whole of the Opium required by them during the year within 30 days after the publication of this Advertisement specifying the particular Sale or Sales from which the quantity of Opium is intended to be taken. If the Agents of the French Government shall not make the requisition for Opium within the time abovementioned, the entire quantity of about 18,360 Chests of Behar and Benares Opium as above estimated will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertised for Sale at each or any of the five Sales abovementioned, but shall not pay for it within the prescribed period of payment, the Governor of Bengal reserves to himself the right of disposing of the Opium which the French Authorities may so fail to pay for either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above referred to.

ARTICLE 6th. "With regard "to the Trade in Opium it is agreed between the High Contracting Parties that at each of "the periodical Sales of that Article there shall be reserved "for the French Government, and delivered upon requisition "duly made by the Agents of His Most Christian Majesty, "or by the persons duly appointed by them the number of "Chests so applied for, provided that such supply shall not "exceed three hundred Chests in each year, and the price "for the same shall be determined by the average rate at "which Opium shall have been sold at every such periodical "Sale, it being understood that if the quantity of Opium "applied for at any one time shall not be taken on account of "the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the "quantity so applied for, shall nevertheless be considered "as so much in reduction of the three hundred Chests "herein before mentioned—the requisitions for Opium as "aforesaid are to be addressed to the Governor General at "Calcutta within thirty days after notice of the intended "Sales shall have been published in the Government "Gazette."

By Order of the Board of Customs, Salt and Opium,

H. TORRENS, *Secretary.*

NOTICE.

CHANGE OF PILOT STATION FOR THE RIVER HOOGHLY.

NOTICE is hereby given, that referring to the impracticability during the last S. W. Monsoon, owing to the encreasing resort of Shipping to the Port of Calcutta, to supply Pilots at the distant Station off Point Palmyras, the arrangements as noted in the following Memorandum from the Master Attendant, will be adopted for the next S. W. Monsoon.

MEMO.

1st.—A Pilot Vessel will be stationed off False Point during the next South West Monsoon, say from the 15th of March to the 15th of September 1842, bearing, according to circumstances, E. by N. a S. E. by S. from the Light House, and in from 10 to 15 fathoms depth of water.

2d.—This Vessel will exhibit by day when any others are in sight, besides the usual Company's Ensign at her Peak, a *large Danish Jack* (red with white cross) at her Main Top Gallant Mast Head, and at night a GOOD Light in the same situation, besides burning a Blue Light every hour, and beating a Gong frequently in calm thick weather, to warn Vessels coming from the Southward of her near neighbourhood. She will *not* however have any Pilots on board, the main object of her intended Station off False Point being to guard all inward bound Vessels from proceeding to the old Station off Point Palmyras during next season, and directing them to a new one in the South Channel between the Tails of the Eastern and Western Reefs, where Pilot Vessels will then be found in from 16 to 20 fathoms water, and from 6 to 8 Miles South West of the present South Channel Buoy, that Buoy laying in Lat. 20° 58′ 30″ N. Long. 88° 4′ East of Greenwich, and in 12 fathoms water.

3d.—For the purpose of more distinctly marking the new Station, the Commanding Officer's Vessel there will always wear by day, when other Vessels are in sight, a large *St. George's Jack* (white with red cross) at her Main Top Gallant Mast Head, besides the usual Company's Colours at her Peak, and at night be distinguished by a constant *good* Mast Head Light, by Blue Lights and Maroons used alternately every half hour and also by Guns fired every four hours, say at 8 P. M., Midnight, and 4 A. M. with good Rockets discharged at the same time.

4th.—All Vessels are recommended to be most careful in coming over from False Point to the New Station by constant attention to that safe old Guide the Lead, and thereby correcting their Steerage as Tides or Currents may or may not set them out of their proper course, and they are also advised not to come under 16 fathoms, at night especially, till they reach the Pilot's Station and get their proper Pilots on board.

5th.—Lastly—All Vessels are directed not to approach the Pilot's Station at night without giving due warning, and not only by the exhibition of Lights, say 2 *Vertical* where best seen, but also by the discharge of a Gun, if they have any on board, as soon as they descry the first Pilot Vessel near them. They are further recommended to be most careful not to come into collision with any of the Pilot Vessels at the Station on their own accounts no less than that of the Public as they will be held responsible for all Damages, and called upon afterwards to pay for all that may have arisen from bad Look-out, Inattention to Duty, or Carelessness of any kind whatever.

ADVERTISEMENT.

It being understood that Public Officers, in ignorance of the existence and nature of the Orphan Press Contract with Government, occasionally employ other Presses to the prejudice of the Orphan Institution, the General Management deem it expedient to publish, for general information, the following extract of a Letter from Mr. Secretary Prinsep, shewing that the Orphan Press has the exclusive privilege of Printing for Government

"I am directed to acknowledge the receipt of your letter of the 6th instant, and in reply to state that it is by no means the intention of the Government to withdraw any part of its printing business from the Orphan School Establishment, or to allow Public Officers to give a preference to other Presses. On the contrary, the Vice President in Council has declared his readiness to enquire into every case in which other Establishments may be employed to the prejudice of the interests of the Orphan School, whenever such may fall under his notice or be made the subject of representation.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

	Ditto............ Ditto............	Madras.

	Per Spanish Dollar Ditto......	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order ; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued ; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor ; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills ; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England ; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company ; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

---

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale, of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

NOTICE.

CHANGE OF PILOT STATION FOR THE RIVER HOOGHLY.

NOTICE is hereby given, that referring to the impracticability during the last S. W. Monsoon, owing to the encreasing resort of Shipping to the Port of Calcutta, to supply Pilots at the distant Station off Point Palmyras, the arrangements as noted in the following Memorandum from the Master Attendant, will be adopted for the next S. W. Monsoon.

MEMO.

1st.—A Pilot Vessel will be stationed off False Point during the next South West Monsoon, say from the 15th of March to the 15th of September 1842, bearing, according to circumstances, E. by N. a S. E. by S. from the Light House, and in from 10 to 15 fathoms depth of water.

2d.—This Vessel will exhibit by day when any others are in sight, besides the usual Company's Ensign at her Peak, a *large Danish Jack* (red with white cross) at her Main Top Gallant Mast Head, and at night a GOOD Light in the same situation, besides burning a Blue Light every hour, and beating a Gong frequently in calm thick weather, to warn Vessels coming from the Southward of her near neighbourhood. She will *not* however have any Pilots on board, the main object of her intended Station off False Point being to guard all inward bound Vessels from proceeding to the old Station off Point Palmyras during next season, and directing them to a new one in the South Channel between the Tails of the Eastern and Western Reefs, where Pilot Vessels will then be found in from 16 to 20 fathoms water, and from 6 to 8 Miles South West of the present South Channel Buoy, that Buoy laying in Lat. 20° 58′ 30″ N. Long. 88° 4′ East of Greenwich, and in 12 fathoms water.

3d.—For the purpose of more distinctly marking the new Station, the Commanding Officer's Vessel there will always wear by day, when other Vessels are in sight, a large *St. George's Jack* (white with red cross) at her Main Top Gallant Mast Head, besides the usual Company's Colours at her Peak, and at night be distinguished by a constant *good* Mast Head Light, by Blue Lights and Maroons used alternately every half hour and also by Guns fired every four hours, say at 8 P. M., Midnight, and 4 A. M. with good Rockets discharged at the same time.

4th.—All Vessels are recommended to be most careful in coming over from False Point to the New Station by constant attention to that safe old Guide the Lead, and thereby correcting their Steerage as Tides or Currents may or may not set them out of their proper course, and they are also advised not to come under 16 fathoms, at night especially, till they reach the Pilot's Station and get their proper Pilots on board.

5th.—Lastly—All Vessels are directed not to approach the Pilot's Station at night without giving due warning, and not only by the exhibition of Lights, say 2 *Vertical* where best seen, but also by the discharge of a Gun, if they have any on board, as soon as they descry the first Pilot Vessel near them. They are further recommended to be most careful not to come into collision with any of the Pilot Vessels at the Station on their own accounts no less than that of the Public as they will be held responsible for all Damages, and called upon afterwards to pay for all that may have arisen from bad Look-out, Inattention to Duty, or Carelessness of any kind whatever.

An Act for the better enforcing of duties incident to the Tenure of Lands.

Whereas doubts have arisen whether all subjects of Her Majesty acquiring and holding property under the provisions of Act No. IV of 1837, are subject to the same jurisdiction as Natives acquiring and holding such property, in regard to charges and duties incident to the tenure thereof;—

It is hereby declared and enacted, that all subjects of Her Majesty acquiring and holding property under the provisions of the aforesaid Act shall be liable to the same charges and duties as Natives in respect of the tenure of lands held by them in perpetuity, or for a term of years; and such charges and duties may be enforced by the like means and by the same authorities as in the case of Natives holding such property.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first meeting of the Legislative Council of India after the 15th day of February next.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets or England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

18. It is hereby further notified that under the 6th Article of the Convention between Great Britain and France dated the 7th March 1815 quoted below, the Agents in India of His Majesty the King of the French, or Persons duly appointed by them, are entitled to demand that out of the quantities of Behar and Benares Opium declared as above for Sale at the five Sales in the months of January, February, April, May and June, there shall be delivered to them at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 Chests, and the Agents of the French Government must make requisition for the whole of the Opium required by them during the year within 30 days after the publication of this Advertisement specifying the particular Sale or Sales from which the quantity of Opium is intended to be taken. If the Agents of the French Government shall not make the requisition for Opium within the time abovementioned, the entire quantity of about 18,360 Chests of Behar and Benares Opium as above estimated will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertised for Sale at each or any of the five Sales abovementioned, but shall not pay for it within the prescribed period of payment, the Governor of Bengal reserves to himself the right of disposing of the Opium which the French Authorities may so fail to pay for either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above referred to.

ARTICLE 6th. " With regard " to the Trade in Opium it is a" greed between the High Con" tracting Parties that at each of " the periodical Sales of that Article there shall be reserved " for the French Government, and delivered upon requisition " duly made by the Agents of His Most Christian Majesty, " or by the persons duly appointed by them the number of " Chests so applied for, provided that such supply shall not " exceed three hundred Chests in each year, and the price " for the same shall be determined by the average rate at " which Opium shall have been sold at every such periodical " Sale, it being understood that if the quantity of Opium " applied for at any one time shall not be taken on account of " the French Government by the Agents of His Most Chris" tian Majesty within the usual period of delivery, the " quantity so applied for, shall nevertheless be considered " as so much in reduction of the three hundred Chests " herein before mentioned—the requisitions for Opium as " aforesaid are to be addressed to the Governor General at " Calcutta within thirty days after notice of the intended " Sales shall have been published in the Government " Gazette."

By Order of the Board of Customs, Salt and Opium,

H. TORRENS, *Secretary.*

NOTICE.

CHANGE OF PILOT STATION FOR THE RIVER HOOGHLY.

NOTICE is hereby given, that referring to the impracticability during the last S. W. Monsoon, owing to the encreasing resort of Shipping to the Port of Calcutta, to supply Pilots at the distant Station off Point Palmyras, the arrangements as noted in the following Memorandum from the Master Attendant, will be adopted for the next S. W. Monsoon.

MEMO.

1st.—A Pilot Vessel will be stationed off False Point during the next South West Monsoon, say from the 15th of March to the 15th of September 1842, bearing, according to circumstances, E. by N. a S. E. by S. from the Light House, and in from 10 to 15 fathoms depth of water.

2d.—This Vessel will exhibit by day when any others are in sight, besides the usual Company's Ensign at her Peak, a *large Danish Jack* (red with white cross) at her Main Top Gallant Mast Head, and at night a GOOD Light in the same situation, besides burning a Blue Light every hour, and beating a Gong frequently in calm thick weather, to warn Vessels coming from the Southward of her near neighbourhood. She will *not* however have any Pilots on board, the main object of her intended Station off False Point being to guard all inward bound Vessels from proceeding to the old Station off Point Palmyras during next season, and directing them to a new one in the South Channel between the Tails of the Eastern and Western Reefs, where Pilot Vessels will then be found in from 16 to 20 fathoms water, and from 6 to 8 Miles South West of the present South Channel Buoy, that Buoy laying in Lat. 20° 58′ 30″ N. Long. 88° 4′ East of Greenwich, and in 12 fathoms water.

3d.—For the purpose of more distinctly marking the new Station, the Commanding Officer's Vessel there will always wear by day, when other Vessels are in sight, a large *St. George's Jack* (white with red cross) at her Main Top Gallant Mast Head, besides the usual Company's Colours at her Peak, and at night be distinguished by a constant *good* Mast Head Light, by Blue Lights and Maroons used alternately every half hour and also by Guns fired every four hours, say at 8 P. M., Midnight, and 4 A. M. with good Rockets discharged at the same time.

4th.—All Vessels are recommended to be most careful in coming over from False Point to the New Station by constant attention to that safe old Guide the Lead, and thereby correcting their Steerage as Tides or Currents may or may not set them out of their proper course, and they are also advised not to come under 16 fathoms, at night especially, till they reach the Pilot's Station and get their proper Pilots on board.

5th.—Lastly—All Vessels are directed not to approach the Pilot's Station at night without giving due warning, and not only by the exhibition of Lights, say 2 *Vertical* where best seen, but also by the discharge of a Gun, if they have any on board, as soon as they descry the first Pilot Vessel near them. They are further recommended to be most careful not to come into collision with any of the Pilot Vessels at the Station on their own accounts no less than that of the Public as they will be held responsible for all Damages, and called upon aftewards to pay for all that may have arisen from bad Look-out, Inattention to Duty, or Carelessness of any kind whatever.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

NOTICE.

CHANGE OF PILOT STATION FOR THE RIVER HOOGHLY.

NOTICE is hereby given, that referring to the impracticability during the last S. W. Monsoon, owing to the encreasing resort of Shipping to the Port of Calcutta, to supply Pilots at the distant Station off Point Palmyras, the arrangements as noted in the following Memorandum from the Master Attendant, will be adopted for the next S. W. Monsoon.

MEMO.

1st.—A Pilot Vessel will be stationed off False Point during the next South West Monsoon, say from the 15th of March to the 15th of September 1842, bearing, according to circumstances, E. by N. a S. E. by S. from the Light House, and in from 10 to 15 fathoms depth of water.

2d.—This Vessel will exhibit by day when any others are in sight, besides the usual Company's Ensign at her Peak, a *large Danish Jack* (red with white cross) at her Main Top Gallant Mast Head, and at night a GOOD Light in the same situation, besides burning a Blue Light every hour, and beating a Gong frequently in calm thick weather, to warn Vessels coming from the Southward of her near neighbourhood. She will *not* however have any Pilots on board, the main object of her intended Station off False Point being to guard all inward bound Vessels from proceeding to the old Station off Point Palmyras during next season, and directing them to a new one in the South Channel between the Tails of the Eastern and Western Reefs, where Pilot Vessels will then be found in from 16 to 20 fathoms water, and from 6 to 8 Miles South West of the present South Channel Buoy, that Buoy laying in Lat. 20° 58′ 30″ N. Long. 88° 4′ East of Greenwich, and in 12 fathoms water.

3d.—For the purpose of more distinctly marking the new Station, the Commanding Officer's Vessel there will always wear by day, when other Vessels are in sight, a large *St. George's Jack* (white with red cross) at her Main Top Gallant Mast Head, besides the usual Company's Colours at her Peak, and at night be distinguished by a constant *good* Mast Head Light, by Blue Lights and Maroons used alternately every half hour and also by Guns fired every four hours, say at 8 P. M., Midnight, and 4 A. M. with good Rockets discharged at the same time.

4th.—All Vessels are recommended to be most careful in coming over from False Point to the New Station by constant attention to that safe old Guide the Lead, and thereby correcting their Steerage as Tides or Currents may or may not set them out of their proper course, and they are also advised not to come under 16 fathoms, at night especially, till they reach the Pilot's Station and get their proper Pilots on board.

5th.—Lastly—All Vessels are directed not to approach the Pilot's Station at night without giving due warning, and not only by the exhibition of Lights, say 2 *Vertical* where best seen, but also by the discharge of a Gun, if they have any on board, as soon as they descry the first Pilot Vessel near them. They are further recommended to be most careful not to come into collision with any of the Pilot Vessels at the Station on their own accounts no less than that of the Public as they will be held responsible for all Damages, and called upon afterwards to pay for all that may have arisen from bad Look-out, Inattention to Duty, or Carelessness of any kind whatever.

An account of the weight of the Drug when packed at Behar and Benares, and a Statement of the average weight of Six Chests from each dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium.

If the Agents of the French Government shall not make the requisition for Opium within the time abovementioned, the entire quantity of about 18,360 Chests of Behar and Benares Opium as above estimated will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertised for Sale at each or any of the five Sales abovementioned, but shall not pay for it within the prescribed period of payment, the Governor of Bengal reserves to himself the right of disposing of the Opium which the French Authorities may so fail to pay for either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above referred to.

ARTICLE 6th. " With regard " to the Trade in Opium it is agreed between the High Contracting Parties that at each of " the periodical Sales of that Article there shall be reserved " for the French Government, and delivered upon requisition " duly made by the Agents of His Most Christian Majesty, " or by the persons duly appointed by them the number of " Chests so applied for, provided that such supply shall not " exceed three hundred Chests in each year, and the price " for the same shall be determined by the average rate at " which Opium shall have been sold at every such periodical " Sale, it being understood that if the quantity of Opium " applied for at any one time shall not be taken on account of " the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the " quantity so applied for, shall nevertheless be considered " as so much in reduction of the three hundred Chests " herein before mentioned—the requisitions for Opium as " aforesaid are to be addressed to the Governor General at " Calcutta within thirty days after notice of the intended " Sales shall have been published in the Government " Gazette."

By Order of the Board of Customs, Salt and Opium,

H. TORRENS, *Secretary.*

NOTICE.

CHANGE OF PILOT STATION FOR THE RIVER HOOGHLY.

NOTICE is hereby given, that referring to the impracticability during the last S. W. Monsoon, owing to the encreasing resort of Shipping to the Port of Calcutta, to supply Pilots at the distant Station off Point Palmyras, the arrangements as noted in the following Memorandum from the Master Attendant, will be adopted for the next S. W. Monsoon.

MEMO.

1st.—A Pilot Vessel will be stationed off False Point during the next South West Monsoon, say from the 15th of March to the 15th of September 1842, bearing, according to circumstances, E. by N. a S. E. by S. from the Light House, and in from 10 to 15 fathoms depth of water.

2d.—This Vessel will exhibit by day when any others are in sight, besides the usual Company's Ensign at her Peak, a *large Danish Jack* (red with white cross) at her Main Top Gallant Mast Head, and at night a GOOD Light in the same situation, besides burning a Blue Light every hour, and beating a Gong frequently in calm thick weather, to warn Vessels coming from the Southward of her near neighbourhood. She will *not* however have any Pilots on board, the main object of her intended Station off False Point being to guard all inward bound Vessels from proceeding to the old Station off Point Palmyras during next season, and directing them to a new one in the South Channel between the Tails of the Eastern and Western Reefs, where Pilot Vessels will then be found in from 16 to 20 fathoms water, and from 6 to 8 Miles South West of the present South Channel Buoy, that Buoy laying in Lat. 20° 58′ 30″ N. Long. 88° 4′ East of Greenwich, and in 12 fathoms water.

3d.—For the purpose of more distinctly marking the new Station, the Commanding Officer's Vessel there will always wear by day, when other Vessels are in sight, a large *St. George's Jack* (white with red cross) at her Main Top Gallant Mast Head, besides the usual Company's Colours at her Peak, and at night be distinguished by a constant *good* Mast Head Light, by Blue Lights and Maroons used alternately every half hour and also by Guns fired every four hours, say at 8 P. M., Midnight, and 4 A. M. with good Rockets discharged at the same time.

4th.—All Vessels are recommended to be most careful in coming over from False Point to the New Station by constant attention to that safe old Guide the Lead, and thereby correcting their Steerage as Tides or Currents may or may not set them out of their proper course, and they are also advised not to come under 16 fathoms, at night especially, till they reach the Pilot's Station and get their proper Pilots on board.

5th.—Lastly—All Vessels are directed not to approach the Pilot's Station at night without giving due warning, and not only by the exhibition of Lights, say 2 *Vertical* where best seen, but also by the discharge of a Gun, if they have any on board, as soon as they descry the first Pilot Vessel near them. They are further recommended to be most careful not to come into collision with any of the Pilot Vessels at the Station on their own accounts no less than that of the Public as they will be held responsible for all Damages, and called upon afterwards to pay for all that may have arisen from bad Look-out, Inattention to Duty, or Carelessness of any kind whatever.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked " via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets or England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

NOTICE.

CHANGE OF PILOT STATION FOR THE RIVER HOOGHLY.

NOTICE is hereby given, that referring to the impracticability during the last S. W. Monsoon, owing to the encreasing resort of Shipping to the Port of Calcutta, to supply Pilots at the distant Station off Point Palmyras, the arrangements as noted in the following Memorandum from the Master Attendant, will be adopted for the next S. W. Monsoon.

MEMO.

1st.—A Pilot Vessel will be stationed off False Point during the next South West Monsoon, say from the 15th of March to the 15th of September 1842, bearing, according to circumstances, E. by N. a S. E. by S. from the Light House, and in from 10 to 15 fathoms depth of water.

2d.—This Vessel will exhibit by day when any others are in sight, besides the usual Company's Ensign at her Peak, a *large Danish Jack* (red with white cross) at her Main Top Gallant Mast Head, and at night a GOOD Light in the same situation, besides burning a Blue Light every hour, and beating a Gong frequently in calm thick weather, to warn Vessels coming from the Southward of her near neighbourhood. She will *not* however have any Pilots on board, the main object of her intended Station off False Point being to guard all inward bound Vessels from proceeding to the old Station off Point Palmyras during next season, and directing them to a new one in the South Channel between the Tails of the Eastern and Western Reefs, where Pilot Vessels will then be found in from 16 to 20 fathoms water, and from 6 to 8 Miles South West of the present South Channel Buoy, that Buoy laying in Lat. 20° 58′ 30″ N. Long. 88° 4′ East of Greenwich, and in 12 fathoms water.

3d.—For the purpose of more distinctly marking the new Station, the Commanding Officer's Vessel there will always wear by day, when other Vessels are in sight, a large *St. George's Jack* (white with red cross) at her Main Top Gallant Mast Head, besides the usual Company's Colours at her Peak, and at night be distinguished by a constant *good* Mast Head Light, by Blue Lights and Maroons used alternately every half hour and also by Guns fired every four hours, say at 8 P. M., Midnight, and 4 A. M. with good Rockets discharged at the same time.

4th.—All Vessels are recommended to be most careful in coming over from False Point to the New Station by constant attention to that safe old Guide the Lead, and thereby correcting their Steerage as Tides or Currents may or may not set them out of their proper course, and they are also advised not to come under 16 fathoms, at night especially, till they reach the Pilot's Station and get their proper Pilots on board.

5th.—Lastly—All Vessels are directed not to approach the Pilot's Station at night without giving due warning, and not only by the exhibition of Lights, say 2 *Vertical* where best seen, but also by the discharge of a Gun, if they have any on board, as soon as they descry the first Pilot Vessel near them. They are further recommended to be most careful not to come into collision with any of the Pilot Vessels at the Station on their own accounts no less than that of the Public as they will be held responsible for all Damages, and called upon afterwards to pay for all that may have arisen from bad Look-out, Inattention to Duty, or Carelessness of any kind whatever.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued ; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor ; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freigh and any other charges and expenses which the Company have paid or may be subject to on account of the Goods

NOTICE.

CHANGE OF PILOT STATION FOR THE RIVER HOOGHLY.

NOTICE is hereby given, that referring to the impracticability during the last S. W. Monsoon, owing to the encreasing resort of Shipping to the Port of Calcutta, to supply Pilots at the distant Station off Point Palmyras, the arrangements as noted in the following Memorandum from the Master Attendant, will be adopted for the next S. W. Monsoon.

MEMO.

1st.—A Pilot Vessel will be stationed off False Point during the next South West Monsoon, say from the 15th of March to the 15th of September 1842, bearing, according to circumstances, E. by N. a S. E. by S. from the Light House, and in from 10 to 15 fathoms depth of water.

2d.—This Vessel will exhibit by day when any others are in sight, besides the usual Company's Ensign at her Peak, a *large Danish Jack* (red with white cross) at her Main Top Gallant Mast Head, and at night a GOOD Light in the same situation, besides burning a Blue Light every hour, and beating a Gong frequently in calm thick weather, to warn Vessels coming from the Southward of her near neighbourhood. She will *not* however have any Pilots on board, the main object of her intended Station off False Point being to guard all inward bound Vessels from proceeding to the old Station off Point Palmyras during next season, and directing them to a new one in the South Channel between the Tails of the Eastern and Western Reefs, where Pilot Vessels will then be found in from 16 to 20 fathoms water, and from 6 to 8 Miles South West of the present South Channel Buoy, that Buoy laying in Lat. 20° 58′ 30″ N. Long. 88° 4′ East of Greenwich, and in 12 fathoms water.

3d.—For the purpose of more distinctly marking the new Station, the Commanding Officer's Vessel there will always wear by day, when other Vessels are in sight, a large *St. George's Jack* (white with red cross) at her Main Top Gallant Mast Head, besides the usual Company's Colours at her Peak, and at night be distinguished by a constant *good* Mast Head Light, by Blue Lights and Maroons used alternately every half hour and also by Guns fired every four hours, say at 8 P. M., Midnight, and 4 A. M. with good Rockets discharged at the same time.

4th.—All Vessels are recommended to be most careful in coming over from False Point to the New Station by constant attention to that safe old Guide the Lead, and thereby correcting their Steerage as Tides or Currents may or may not set them out of their proper course, and they are also advised not to come under 16 fathoms, at night especially, till they reach the Pilot's Station and get their proper Pilots on board.

5th.—Lastly—All Vessels are directed not to approach the Pilot's Station at night without giving due warning, and not only by the exhibition of Lights, say 2 *Vertical* where best seen, but also by the discharge of a Gun, if they have any on board, as soon as they descry the first Pilot Vessel near them. They are further recommended to be most careful not to come into collision with any of the Pilot Vessels at the Station on their own accounts no less than that of the Public as they will be held responsible for all Damages, and called upon afterwards to pay for all that may have arisen from bad Look-out, Inattention to Duty, or Carelessness of any kind whatever.

Master Attendant.

The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

5.—In future we desire that you will restrict your Advances to the great staple Articles of Indian Produce, Cotton, Silk, Sugar, Coffee, Indigo, Salt Peter and Piece Goods—and further that no Advance be made upon any Consignment the ascertained value of which shall be less than 5,000 Rupees.

6.—Several Packages of Tobacco upon which you have made Advances have been seized by the Officers of Customs, in consequence of their having been imported in illegal Packages.—Extracts from the Acts 3 and 4, Will 4, Cap. 52, Sec. 58, and 6th and 7th Will. 4, Cap. 60, Sec. 4, relating to the Article of Tobacco, are transmitted in the Packet.

NOTICE.

CHANGE OF PILOT STATION FOR THE RIVER HOOGHLY.

NOTICE is hereby given, that referring to the impracticability during the last S. W. Monsoon, owing to the encreasing resort of Shipping to the Port of Calcutta, to supply Pilots at the distant Station off Point Palmyras, the arrangements as noted in the following Memorandum from the Master Attendant, will be adopted for the next S. W. Monsoon.

MEMO.

1st.—A Pilot Vessel will be stationed off False Point during the next South West Monsoon, say from the 15th of March to the 15th of September 1842, beeiing, according to circumstances, E. by N. a S. E. by S. from the Light House, and in from 10 to 15 fathoms depth of water.

2d.—This Vessel will exhibit by day when any others are in sight, besides the usual Company's Ensign at her Peak, a *large Danish Jack* (red with white cross) at her Main Top Gallant Mast Head, and at night a GOOD Light in the same situation, besides burning a Blue Light every hour, and beating a Gong frequently in calm thick weather, to warn Vessels coming from the Southward of her near neighbourhood. She will *not* however have any Pilots on board, the main object of her intended Station off False Point being to guard all inward bound Vessels from proceeding to the old Station off Point Palmyras during next season, and directing them to a new one in the South Channel between the Tails of the Eastern and Western Reefs, where Pilot Vessels will then be found in from 16 to 20 fathoms water, and from 6 to 8 Miles South West of the present South Channel Buoy, that Buoy laying in Lat. 20° 58′ 30″ N. Long. 88° 4′ East of Greenwich, and in 12 fathoms water.

3d.—For the purpose of more distinctly marking the new Station, the Commanding Officer's Vessel there will always wear by day, when other Vessels are in sight, a large *St. George's Jack* (white with red cross) at her Main Top Gallant Mast Head, besides the usual Company's Colours at her Peak, and at night be distinguished by a constant *good* Mast Head Light, by Blue Lights and Maroons used alternately every half hour and also by Guns fired every four hours, say at 8 P. M., Midnight, and 4 A. M. with good Rockets discharged at the same time.

4th.—All Vessels are recommended to be most careful in coming over from False Point to the New Station by constant attention to that safe old Guide the Lead, and thereby correcting their Steerage as Tides or Currents may or may not set them out of their proper course, and they are also advised not to come under 16 fathoms, at night especially, till they reach the Pilot's Station and get their proper Pilots on board.

5th.—Lastly—All Vessels are directed not to approach the Pilot's Station at night without giving due warning, and not only by the exhibition of Lights, say 2 *Vertical* where best seen, but also by the discharge of a Gun, if they have any on board, as soon as they descry the first Pilot Vessel near them. They are further recommended to be most careful not to come into collision with any of the Pilot Vessels at the Station on their own accounts no less than that of the Public as they will be held responsible for all Damages, and called upon afterwards to pay for all that may have arisen from bad Look-out, Inattention to Duty, or Carelessness of any kind whatever.

6. The Promissory Notes taken on the day of Sale under the last mentioned Condition, if remaining unredeemed on the said 7th January 1842, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7. No Tender of Money, Sub-Treasurer's Receipts or Public Securities on account of Opium upon which the prescribed Deposit may not have been made before 4 o'Clock of the 7th January, will be afterwards accepted.

8. The Opium now advertised for Sale, shall be paid for within One Calendar Month from the day of Sale, that is to say, no Treasury Receipt will be accepted in payment after 4 P. 9. Purchasers taking out Certificates or Orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of Lots of their purchase which they may desire to be included in each Certificate or Order, and it is to be clearly understood that the Certificates or Orders so taken out shall be considered final, and not afterwards changeable for other Certificates or Orders authorizing the delivery of single Lots, or of a different number of Lots or Chests, whether more or less than the number of Lots or Chests originally required to be included in each Certificate or Order.

10. No Sub-Treasurer's Receipts or Deposit of Public Securities under the fifth of the present Conditions, will be received in this Office except from the party recorded as the Purchaser in the Sale Book, or his authorized Agent. The Receipt for such Deposit will be granted only in the name of such Purchaser, and the Public Securities deposited will be returned when the clearance has been made by the said Purchaser or his order.

11. The Officer Superintending the Sale on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual, unless such individual shall on demand tender at the time a Deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts or other Government Securities equal to One Thousand Rupees per Lot (or Two Hundred Rupees per Chest,) on each Lot so bid for.

12. The Purchaser of any Lot shall have the option of naming and purchasing in immediate succession any number of Lots of the same Agency Opium to the extent of Fifty Lots; and for the Lots so purchased, the Purchaser shall deposit 1,000 Rupees per Lot, and pay the same price per Chest as that for which he purchased his first Lot, provided always that there remain a sufficient number of Lots of that Opium to complete the said Fifty, but not otherwise.

13. In the event of any dispute or difference touching or concerning any matter, or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall, and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

14. The following Papers, together with Samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date, by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1. Certificate of the Opium now advertized for Sale.
No. 2. Report of the examination of such Opium.

15. The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1840-41, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the Drug when packed at Behar and Benares, and a Statement of the average weight of Six Chests from each dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium.

16. Four Chests of Behar and Benares Opium which have been reserved from the provision of the two preceding years, will be also shewn to the Purchasers on the day of Sale to enable them to judge of the state of preservation in which the Drug has kept.

17. The Public are hereby informed that *in addition to the quantity abovemention'd* the following quantities more or less of Behar and Benares Opium will be brought to Sale this year on or about the dates specified below :

	Behar about Chests.	Benares about Chests.	Total about Chests.
On or about February... 7th,	1400	600	2000
On or about April 18th,	3000	1200	4200
On or about May 23rd,	1000	900	2500
On or about June 27th,	3014	1146	4160
	9014	3846	12860

18. It is hereby further notified that under the 6th Article of the Convention between Great Britain and France dated the 7th March 1815 quoted below, the Agents in India of His Majesty the King of the French, or Persons duly appointed by them, are entitled to demand that out of the quantities of Behar and Benares Opium declared as above for Sale at the five Sales in the months of January, February, April, May and June, there shall be delivered to them at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 Chests, and the Agents of the French Government must make requisition for the whole of the Opium required by them during the year within 30 days after the publication of this Advertisement specifying the particular Sale or Sales from which the quantity of Opium is intended to be taken. If the Agents of the

French Government shall not make the requisition for Opium within the time abovementioned, the entire quantity of about 18,360 Chests of Behar and Benares Opium as above estimated will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertised for Sale at each or any of the five Sales abovementioned, but shall not pay for it within the prescribed period of payment, the Governor of Bengal reserves to himself the right of disposing of the Opium which the French Authorities may so fail to pay for either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above referred to.

ARTICLE 6th. "With regard "to the Trade in Opium it is a"greed between the High Con"tracting Parties that at each of "the periodical Sales of that Article there shall be reserved "for the French Government, and delivered upon requisition "duly made by the Agents of His Most Christian Majesty, "or by the persons duly appointed by them the number of "Chests so applied for, provided that such supply shall not "exceed three hundred Chests in each year, and the price "for the same shall be determined by the average rate at "which Opium shall have been sold at every such periodical "Sale, it being understood that if the quantity of Opium "applied for at any one time shall not be taken on account of "the French Government by the Agents of His Most Chris"tian Majesty within the usual period of delivery, the "quantity so applied for, shall nevertheless be considered "as so much in reduction of the three hundred Chests "herein before mentioned—the requisitions for Opium as "aforesaid are to be addressed to the Governor General at "Calcutta within thirty days after notice of the intended "Sales shall have been published in the Government "Gazette."

By Order of the Board of Customs, Salt and Opium,

H. TORRENS, *Secretary.*

NOTICE.

CHANGE OF PILOT STATION FOR THE RIVER HOOGHLY.

NOTICE is hereby given, that referring to the impracticability during the last S. W. Monsoon, owing to the encreasing resort of Shipping to the Port of Calcutta, to supply Pilots at the distant Station off Point Palmyras, the arrangements as noted in the following Memorandum from the Master Attendant, will be adopted for the next S. W. Monsoon.

MEMO.

1st.—A Pilot Vessel will be stationed off False Point during the next South West Monsoon, say from the 15th of March to the 15th of September 1842, bearing, according to circumstances, E. by N. a S. E. by S. from the Light House, and in from 10 to 15 fathoms depth of water.

2d.—This Vessel will exhibit by day when any others are in sight, besides the usual Company's Ensign at her Peak, a *large Danish Jack* (red with white cross) at her Main Top Gallant Mast Head, and at night a GOOD Light in the same situation, besides burning a Blue Light every hour, and beating a Gong frequently in calm thick weather, to warn Vessels coming from the Southward of her near neighbourhood. She will *not* however have any Pilots on board, the main object of her intended Station off False Point being to guard all inward bound Vessels from proceeding to the old Station off Point Palmyras during next season, and directing them to a new one in the South Channel between the Tails of the Eastern and Western Reefs, where Pilot Vessels will then be found in from 16 to 20 fathoms water, and from 6 to 8 Miles South West of the present South Channel Buoy, that Buoy laying in Lat. 20° 58′ 30″ N. Long. 88° 4′ East of Greenwich, and in 12 fathoms water.

3d.—For the purpose of more distinctly marking the new Station, the Commanding Officer's Vessel there will always wear by day, when other Vessels are in sight, a large *St. George's Jack* (white with red cross) at her Main Top Gallant Mast Head, besides the usual Company's Colours at her Peak, and at night be distinguished by a constant *good* Mast Head Light, by Blue Lights and Maroons used alternately every half hour and also by Guns fired every four hours, say at 8 P. M., Midnight, and 4 A. M. with good Rockets discharged at the same time.

4th.—All Vessels are recommended to be most careful in coming over from False Point to the New Station by constant attention to that safe old Guide the Lead, and thereby correcting their Steerage as Tides or Currents may or may not set them out of their proper course, and they are also advised not to come under 16 fathoms, at night especially, till they reach the Pilot's Station and get their proper Pilots on board.

5th.—Lastly—All Vessels are directed not to approach the Pilot's Station at night without giving due warning, and not only by the exhibition of Lights, say 2 *Vertical* where best seen, but also by the discharge of a Gun, if they have any on board, as soon as they descry the first Pilot Vessel near them. They are further recommended to be most careful not to come into collision with any of the Pilot Vessels at the Station on their own accounts no less than that of the Public as they will be held responsible for all Damages, and called upon afterwards to pay for all that may have arisen from bad Look-out, Inattention to Duty, or Carelessness of any kind whatever.

NOTICE.

CHANGE OF PILOT STATION FOR THE RIVER HOOGHLY.

NOTICE is hereby given, that referring to the impracticability during the last S. W. Monsoon, owing to the encreasing resort of Shipping to the Port of Calcutta, to supply Pilots at the distant Station off Point Palmyras, the arrangements as noted in the following Memorandum from the Master Attendant, will be adopted for the next S. W. Monsoon.

MEMO.

1st.—A Pilot Vessel will be stationed off False Point during the next South West Monsoon, say from the 15th of March to the 15th of September 1842, bearing, according to circumstances, E. by N. a S. E. by S. from the Light House, and in from 10 to 15 fathoms depth of water.

2d.—This Vessel will exhibit by day when any others are in sight, besides the usual Company's Ensign at her Peak, a *large Danish Jack* (red with white cross) at her Main Top Gallant Mast Head, and at night a GOOD Light in the same situation, besides burning a Blue Light every hour, and beating a Gong frequently in calm thick weather, to warn Vessels coming from the Southward of her near neighbourhood. She will *not* however have any Pilots on board, the main object of her intended Station off False Point being to guard all inward bound Vessels from proceeding to the old Station off Point Palmyras during next season, and directing them to a new one in the South Channel between the Tails of the Eastern and Western Reefs, where Pilot Vessels will then be found in from 16 to 20 fathoms water, and from 6 to 8 Miles South West of the present South Channel Buoy, that Buoy laying in Lat. 20° 58′ 30″ N. Long. 88° 4′ East of Greenwich, and in 12 fathoms water.

3d.—For the purpose of more distinctly marking the new Station, the Commanding Officer's Vessel there will always wear by day, when other Vessels are in sight, a large *St. George's Jack* (white with red cross) at her Main Top Gallant Mast Head, besides the usual Company's Colours at her Peak, and at night be distinguished by a constant *good* Mast Head Light, by Blue Lights and Maroons used alternately every half hour and also by Guns fired every four hours, say at 8 P. M., Midnight, and 4 A. M. with good Rockets discharged at the same time.

4th.—All Vessels are recommended to be most careful in coming over from False Point to the New Station by constant attention to that safe old Guide the Lead, and thereby correcting their Steerage as Tides or Currents may or may not set them out of their proper course, and they are also advised not to come under 16 fathoms, at night especially, till they reach the Pilot's Station and get their proper Pilots on board.

5th.—Lastly—All Vessels are directed not to approach the Pilot's Station at night without giving due warning, and not only by the exhibition of Lights, say 2 *Vertical* where best seen, but also by the discharge of a Gun, if they have any on board, as soon as they descry the first Pilot Vessel near them. They are further recommended to be most careful not to come into collision with any of the Pilot Vessels at the Station on their own accounts no less than that of the Public as they will be held responsible for all Damages, and called upon afterwards to pay for all that may have arisen from bad Look-out, Inattention to Duty, or Carelessness of any kind whatever.

Master Attendant.

By order of the Marine Board,

Fort William, the 18*th October*, 1841.

No. 1745.

NOTICE.

REFERRING to the Notification indicating the proposed change of the Pilot Station during the approaching S. W. Monsoon, the Marine Board hereby give Notice, that with the sanction of Government, a Chart of Captain Lloyd's late Survey of the Ground between Lacam's Channel and False Point is being lithographed for public Sale, and the following is copy of Instructions proposed by Captain Lloyd with a view to the more ready Guide of Vessels from False Point to the New Station.

" It has been proposed by the Master Attendant, " and approved of by the Marine Board, to change " the Cruizing Ground of the Pilot Vessels during " the S. W. Monsoon, or between the 15th of March " and 15th of September from their present Station " of Point Palmyras, to a position 6 or 8 miles S. W. " from the South Channel Buoy in from 16 to 20 " fathoms, and the following directions are offered as a " guide to direct Vessels from False Point Light House " to the New Cruizing Station."

" False Point Light House is in Latitude 20° " 19½′ N. and Longitude 86° 47′ E., and that of the " South Channel Buoy in Latitude 20° 59′ N. and " Longitude 88° 4′ E., and bears from the former " N. 61 E. true or N. E. by E. ¼ E. by Compass, " distant 83 miles, and is laid in 12 fathoms."

" By an inspection of the Chart it will be seen that " the Bank of Soundings off Point Palmyras extend in " a direction towards the tail of the Western Sea Reef, " and the nature of the bottom (as distinguished from " that of the Hoogley deposit which is Sand and Mud " with shining specks) is a gravelly substance com- " posed of Sand Shells and small Pebbles discharged " from the " Kunka" and other Rivers near Point " Palmyras, the lighter materials of which being " carried further out, is deposited and forms what is " called the Pilot's Ridge, which in crossing to the " N. W. shews a little less water than on either side, " and in coming from Seaward you Shoal rather " suddenly from 28 to 23 fathoms upon its Eastern " edge. It is composed of a shelly Sand or Minute " Gravel, of a reddish or rusty brown colour."

" The best Guide therefore to enable a Vessel to " direct her course from False Point to the Vessels at " the New Station will be to run down the edge of " the Pilot's Ridge, and having made the Light House " and brought it to bear about W. S. W. or S. W. by W. " and distant by computation from 10 to 15 miles, should " steer to the E. N. E., and having gradually encreased " her depth of water to 23 fathoms upon the Eastern " edge of the Ridge, she should regulate her course to " keep between it and 27 fathoms, when, by attention to " the lead and nature of the Soundings, course and " distance run from the Light House, it is almost " impossible to miss the Pilot Vessels (if the above " limits are kept within) either by getting too far to " Windward or falling to Leeward, for the Soundings " encrease so rapidly to Seaward from the proposed " New Station, that 28 fathoms will not be more " than 3 or 4 miles to the Southward of it, and 23 " fathoms the same distance to the Westward of it."

" The Soundings to Seaward of the Ridge are in " general a greenish or olive coloured mud, with " occasionally a few bits of broken Shells mixed " with it."

NOTICE.

CHANGE OF PILOT STATION FOR THE RIVER HOOGHLY.

NOTICE is hereby given, that referring to the impracticability during the last S. W. Monsoon, owing to the encreasing resort of Shipping to the Port of Calcutta, to supply Pilots at the distant Station off Point Palmyras, the arrangements as noted in the following Memorandum from the Master Attendant, will be adopted for the next S. W. Monsoon.

MEMO.

1st.—A Pilot Vessel will be stationed off False Point during the next South West Monsoon, say from the 15th of March to the 15th of September 1842, bearing, according to circumstances, E. by N. a S. E. by S. from the Light House, and in from 10 to 15 fathoms depth of water.

2d.—This Vessel will exhibit by day when any others are in sight, besides the usual Company's Ensign at her Peak, a *large Danish Jack* (red with white cross) at her Main Top Gallant Mast Head, and at night a GOOD Light in the same situation, besides burning a Blue Light every hour, and beating a Gong frequently in calm thick weather, to warn Vessels coming from the Southward of her near neighbourhood. She will *not* however have any Pilots on board. the main object of her intended Station off False Point being to guard all inward bound Vessels from proceeding to the old Station off Point Palmyras during next season, and directing them to a new one in the South Channel between the Tails of the Eastern and Western Reefs, where Pilot Vessels will then be found in from 16 to 20 fathoms water, and from 6 to 8 Miles South West of the present South Channel Buoy, that Buoy laying in Lat. 20° 58′ 30″ N. Long. 88° 4′ East of Greenwich, and in 12 fathoms water.

3d.—For the purpose of more distinctly marking the new Station, the Commanding Officer's Vessel there will always wear by day, when other Vessels are in sight, a large *St. George's Jack* (white with red cross) at her Main Top Gallant Mast Head, besides the usual Company's Colours at her Peak, and at night be distinguished by a constant *good* Mast Head Light, by Blue Lights and Maroons used alternately every half hour and also by Guns fired every four hours, say at 8 P. M., Midnight, and 4 A. M. with good Rockets discharged at the same time.

4th.—All Vessels are recommended to be most careful in coming over from False Point to the New Station by constant attention to that safe old Guide the Lead, and thereby correcting their Steerage as Tides or Currents may or may not set them out of their proper course, and they are also advised not to come under 16 fathoms, at night especially, till they reach the Pilot's Station and get their proper Pilots on board.

5th.—Lastly—All Vessels are directed not to approach the Pilot's Station at night without giving due warning, and not only by the exhibition of Lights, say 2 *Vertical* where best seen, but also by the discharge of a Gun, if they have any on board, as soon as they descry the first Pilot Vessel near them. They are further recommended to be most careful not to come into collision with any of the Pilot Vessels at the Station on their own accounts no less than that of the Public as they will be held responsible for all Damages, and called upon afterwards to pay for all that may have arisen from bad Look-out, Inattention to Duty, or Carelessness of any kind whatever.

(Signed) T. T. HARINGTON,
Master Attendant.

By order of the Marine Board,
C. B. GREENLAW, *Secretary.*

Fort William, the 18*th October*, 1841.

No. 1745.

NOTICE.

REFERRING to the Notification indicating the proposed change of the Pilot Station during the approaching S. W. Monsoon, the Marine Board hereby give Notice, that with the sanction of Government, a Chart of Captain Lloyd's late Survey of the Ground between Lacam's Channel and False Point is being lithographed for public Sale, and the following is copy of Instructions proposed by Captain Lloyd with a view to the more ready Guide of Vessels from False Point to the New Station.

" It has been proposed by the Master Attendant, " and approved of by the Marine Board, to change " the Cruizing Ground of the Pilot Vessels during " the S. W. Monsoon, or between the 15th of March " and 15th of September from their present Station " of Point Palmyras, to a position 6 or 8 miles S. W. " from the South Channel Buoy in from 16 to 20 " fathoms, and the following directions are offered as a " guide to direct Vessels from False Point Light House " to the New Cruizing Station."

" False Point Light House is in Latitude 20° " 19½′ N. and Longitude 86° 47′ E., and that of the " South Channel Buoy in Latitude 20° 59′ N. and " Longitude 88° 4′ E., and bears from the former " N. 61 E. true or N. E. by E. ½ E. by Compass, " distant 83 miles, and is laid in 12 fathoms."

" By an inspection of the Chart it will be seen that " the Bank of Soundings off Point Palmyras extend in " a direction towards the tail of the Western Sea Reef, " and the nature of the bottom (as distinguished from " that of the Hoogley deposit which is Sand and Mud " with shining specks) is a gravelly substance com" posed of Sand Shells and small Pebbles discharged " from the " Kunka" and other Rivers near Point " Palmyras, the lighter materials of which being " carried further out, is deposited and forms what is " called the Pilot's Ridge, which in crossing to the " N. W. shews a little less water than on either side, " and in coming from Seaward you Shoal rather " suddenly from 28 to 23 fathoms upon its Eastern " edge. It is composed of a shelly Sand or Minute " Gravel, of a reddish or rusty brown colour."

" The best Guide therefore to enable a Vessel to " direct her course from False Point to the Vessels at " the New Station will be to run down the edge of " the Pilot's Ridge, and having made the Light House " and brought it to bear about W. S. W. or S. W. by W. " and distant by computation from 10 to 15 miles, should " steer to the E. N. E., and having gradually encreased " her depth of water to 23 fathoms upon the Eastern " edge of the Ridge, she should regulate her course to " keep between it and 27 fathoms, when, by attention to " the lead and nature of the Soundings, course and " distance run from the Light House, it is almost " impossible to miss the Pilot Vessels (if the above " limits are kept within) either by getting too far to " Windward or falling to Leeward, for the Soundings " encrease so rapidly to Seaward from the proposed " New Station, that 28 fathoms will not be more " than 3 or 4 miles to the Southward of it, and 23 " fathoms the same distance to the Westward of it."

" The Soundings to Seaward of the Ridge are in " general a greenish or olive coloured mud, with " occasionally a few bits of broken Shells mixed " with it."

The price of the Chart will be Rupees 2 each, and parties desirous of being supplied are requested to send their names for registry at this Office.

FORT WILLIAM,

SECRET DEPARTMENT,

THE 18TH DECEMBER, 1841.

The Right Honorable the Governor General in Council has received two Proclamations addressed by Her Majesty's Plenipotentiary to British Subjects in China, announcing the reduction and occupation of the Cities of Chinhae and Ningpo, and the re-occupation of the City of Tinghae, the Capital of Chusan, by H. M.'s Naval and Military Forces, and His Lordship in Council has great satisfaction in publishing, for general information, these notices of the brilliant successes of H. M.'s Arms.

The Despatches from the Officers in Command of the Naval and Military Forces, engaged in these successful operations, will be hereafter published for general information.

By order of the Right Honorable the Governor General in Council,

T. H. MADDOCK,
Secy. to the Govt. of India.

CIRCULAR

To Her Britannic Majesty's Subjects in China.

Her Britannic Majesty's Plenipotentiary in China has the utmost satisfaction in announcing, for general information, that the City of Tinghae, the Capital of the Chusan Group of Islands, was yesterday re-occupied by Her Majesty's Forces.

During the eight months that have elapsed since the Island was evacuated by Her Majesty's Forces in February 1841, the Chinese Government appears to have exerted itself greatly to strengthen the defences. The whole sea-face of the City is now one continued line of fortification, extending for nearly two miles, and redoubts and entrenched Camps have been thrown up in every direction.

The Chinese troops made a better attempt at resistance than they have hitherto done, but nothing could withstand the intrepid valour and discipline of Her Majesty's *Combined* Forces, and in less than two hours the Batteries were cleared, the City escaladed, and the enemy flying in all directions.

Great quantities of Ordnance (amongst which are about forty pieces of Brass Cannon) other Arms and Military Stores of every description, besides Magazines of Gunpowder and large Granaries of Rice, have been found, and, from a variety of concurrent circumstances, it is evident that the Chinese Authorities had no conception that the place could be taken in such rapid and gallant style.

Arrangements will be made immediately for establishing a Provisional Government, and Her Majesty's Plenipotentiary deems it advisable, after what has already happened, to intimate to Her Majesty's subjects and all others, that under no circumstances, will Tinghae and its dependencies be restored to the Chinese Government until the whole of the demands of England are not only complied with but carried into full effect.

GOD SAVE THE QUEEN.

CIRCULAR.

To Her Britannic Majesty's Subjects in China.

Her Britannic Majesty's Plenipotentiary in China has the renewed extreme gratification of announcing, for general information, the further brilliant and important successes of Her Majesty's Combined Naval and Land Forces, in the reduction and occupation, on the 10th and 13th instant, respectively, of the Cities of Chinhai and Ningpo.

The City of Chinhai is situated at the mouth of the Tahea, or Ningpo river, and was covered so strongly by its citadel (a Fort built on a lofty head-land jutting into the sea,) and a number of heavy batteries and out-works on each bank of the Estuary, that the Imperial Commissioner, Yukien, who had come specially to defend it, and the other Civil and Military Chinese authorities, appear, from their Proclamations, to have flattered themselves, even after their past and recent experience of the power of the British arms, that the place could not be taken ; but they were, as on all previous occasions, speedily undeceived,—and, although the Chinese Troops displayed considerable bravery, and in many individual instances would neither retreat nor surrender, though deserted by their Officers and Comrades ; the main bodies were driven from one rallying spot to another, and at length routed and entirely dispersed ; whilst the Fort and Works were demolished or rendered utterly untenable, by the overwhelming and beautiful practice of the Squadron.

It is reported, that a great many of the Chinese Officers of rank have fallen, with a large number of men, but no precise information has yet been obtained on this point. The Imperial Commissioner is stated to have attempted to drown himself immediately after the battle, and to have since died at a short distance inland, from the effects of that attempt, or some other unexplained cause.

About one hundred and fifty pieces of brass Ordnance, exclusive of iron Cannon, many hundred Jingalls and Wall pieces of various calibre, and some thousand Matchlocks and other Warlike weapons were captured; besides which, several extensive Magazines of Gunpowder have been blown up, or otherwise destroyed.

It affords Her Majesty's Plenipotentiary the highest additional satisfaction to add, that this achievement has been happily effected with a much smaller loss on our side than could have been almost hoped for, there being only five killed and about thirty wounded of all arms, of Her Majesty's Forces.

The necessary arrangements having been made, and reconnoissances had, during the 11th and 12th instant, the Squadron named in the margin, carrying the Troops, Marines, and extra Seamen from the Ships left behind, moved on the 13th up the river to Ningpo, which was found undefended, the Chinese Soldiers having positively refused to face our troops again, in consequence of which the Civil Mandarins and all the Military Officers fled from the City about two hours before the Squadron reached it. The City was therefore peaceably occupied by the troops under His Excellency Sir Hugh Gough, K. C. B., and the Ships moored in the River within one hundred yards of the Wall.

NOTIFICATION.

POLITICAL DEPARTMENT,

MONDAY MORNING, DECEMBER 20TH, 1841.

The Right Honorable the Governor General of India in Council has the highest satisfaction in publishing, for general information, the subjoined despatches from His Excellency Rear Admiral Sir W. Parker, K. C. B., Naval Commander-in-Chief on the East India Station, and His Excellency Major General Sir H. Gough, G. C. B., Commanding the Military Branch of the Expedition, detailing the brilliant successes on the Coast of China of the combined Naval and Military Forces of Her Britannic Majesty and the Honorable Company; the results of which have been the total defeat and dispersion of Chinese Armies of far superior numbers; the destruction of extensive Fortifications of the Enemy; the capture of a large quantity of Ordnance; of other munitions of war, and of stores, the surrender of numerous prisoners, and the occupation, with very trifling loss on the part of the British Troops, of the important and populous Cities of Tinghae, Chinhae and Ningpho.

A Royal Salute will be fired in honor of these achievements.

By order of the Right Honorable the Governor General in Council,

T. H. MADDOCK,
Secretary to Government.

THE RIGHT HONORABLE
THE EARL OF AUCKLAND, G. C. B.,
&c. &c. &c.

Wellesley, at Chusan, 4th October, 1841.

MY LORD,—I have much pleasure in reporting to your Lordship, that the Island of Chusan was re-occupied by the Combined Forces of Her Majesty on the 1st instant.

My last communication from Amoy, on the 31st of August, will have informed your Lordship of our hopes of immediately quitting that anchorage: but a continuance of bad weather prevented the Expedition from putting to sea before the 5th of September. We were, however, favored in our progress to the northward with fair, but light breezes until the 13th, when the North East Monsoon set in strong against us, with thick weather, causing the unavoidable separation of many of the Transports, and, it was only by considerable perseverance, and taking advantage of the tides in shore, which we were enabled by the regularity of the soundings to approach with confidence, that we succeeded on the 21st instant, in reaching the Chusan Group of Islands, where I had the satisfaction of collecting several of the missing Ships and Steam Vessels, and gained the anchorage off the little Isle of "Just-in-the-way" on the 24th, with the preconceited intention of making our first attack on Ching-hae, and pressing forward by the Tabeæ River, to take possession of "Ningpo."

The Transport in which Sir Hugh Gough and his Staff were embarked, having fallen far to leeward before we got sight of Chusan. the Cruizer was despatched to convey him to the Fleet, and rejoined with His Excellency on the evening of the 25th.

The weather was now too boisterous to approach the exposed position of Chin-hae, we therefore, on the following day, made a very satisfactory reconnoissance of the defences of "Ting-hae" and "Chusan harbour," in the Phlegethon and Nemesis Steam Vessels, and determined on immediate preparations for re-occupying the Island.

The Chinese have been indefatigable in erecting Batteries since the British Forces were withdrawn in February last; and it is almost inconceivable that so much has been done by them. From the western extremity, outside Guard Island, to the eastern termination of their works, which extend half a mile beyond the commanding position of the Joss-house or Temple-hill (now greatly strengthened) there is a continued line of strong battery on the sea face, principally constructed of mud, comprising 267 embrasures for guns, and 95 of various calibre, actually mounted on different points, independently of 41 planted on the ramparts of the City, and numerous Gingalls in every direction.

The rapidity of the tides in the different Channels to Chusan Harbour is so great, as to render large Ships frequently quite unmanageable, even with the assistance of Steam Vessels; and the chance of placing them in any precise position for action so uncertain, that it was at once seen our object would be best effected by landing the Troops, Seamen and Marines, to the westward of the sea defences, and take them in reverse. We found a stone-work with 8 embrasures, constructed near Guard Island, to defend the point on which we proposed to disembark the Troops, but no guns yet placed in it. About 1200 yards above it on a steep hill, was also a strongly fortified encampment, in which a large body of Chinese were posted: Captain Eyres was therefore detached with the Modeste, Columbine and Nemesis, to anchor close to the battery, and prevent its occupation, or any movement of the Chinese to strengthen their position: this duty was, with the usual zeal of himself, Commander Clarke and Mr. Hall, most effectually performed: and a considerable breach made by the Nemesis's Guns in the wall of the fortified encampment.

A continuance of North East Gales with incessant rain, rendered it impracticable to move the Fleet from the anchorage off "Just-in-the-way" before the 29th, when we reached the outer harbour of Chusan, with part of the Transports.

The Blonde, Modeste, and Jupiter, with the Queen Steam Vessel, immediately proceeded to take up a position on the south side of the Macclesfield and Trumball Islands, to cover and assist a party of the Royal Artillery under Captain Knowles, in erecting a battery of one 68, and two 24-pounder Howitzers, against the Joss House Hill, and the adjoining works which kept up a frequent, but ineffectual fire, and this service was with infinite labor, accomplished with a celerity, that reflects much credit on all the Officers and men employed on it.

The Wellesley was moved as close as possible to the intended point of landing; the Cruizer and Columbine were advanced within 200 yards of the Beach; and by occasional well directed shot from those vessels, and shells from the Sesostris, the Chinese were completely kept in check.

The remainder of the Transports having joined in the course of the 30th, and the preparations being completed, the disembarkation was ordered on the morning of the first instant, in two columns: the first, about 1500 strong, to take possession of the heights, and then to move on to the City: the second (to which the Royal Marines and a party of Seamen were attached) altogether 1100 strong, to carry the sea line of Battery, by pushing round on their right, and proceeding to make a lodgment in the Suburbs, to attack the Joss House Hill.

Our resources in Boats did not admit of more than one column being landed at a time, including a portion placed in the Phlegethon and Nemesis, and finding these small vessels had scarcely power to tow the Boats with the Troops against the tide, I was compelled to keep the Sesostris to facilitate their disembarkation. With this additional assistance it was nearly half-past 10 o'clock before the first column, under their gallant Commander in Chief, reached the shore, when they were assailed by a heavy discharge of Gingalls and Matchlocks from the heights, but immediately formed and supported by the fire of the Ships, the advance quickly ascended the hill, and gallantly carried every thing before them; although a more resolute stand was made by the Chinese than had been previously experienced in any encounter with them.

The Howitzers on the Island were opened simultaneously with the advance of the Troops to the shore, when the Queen endeavored to tow the Blonde into a favorable position against the Joss House and Eastern Batteries; the strength of the spring tide, however, unfortunately baffled every effort to place her satisfactorily, but the exertions of Captain Bourchier throughout, entitles him to my best thanks. The lighter draft of water of the Modeste and Queen enabled them to get into good situations, and by the excellence of their fire, in conjunction with that from the Mortar Battery on Trumball Island, the Joss House Battery was silenced, and the Chinese Troops driven from that Post and the Batteries to the Eastward of it.

The Marines and part of the Seamen were landed as fast as the Boats could return for them, but before the second column got on shore, the Chinese abandoned the western and of their Sea-defences which which were entered by part of the Troops of the first column, who completely cleared the line of Batteries, and took possession of the Joss House Hill.

The Steam Vessels moved into the Inner Harbour as soon as the Troops were landed, to assist in the reduction of Tinghae, on which the main body was rapidly advanced; the walls were escaladed without opposition, and by 2 P. M. the British Colors were flying in every direction.

Thirty-six new and well-cast brass Guns are mounted in the Batteries, and will be shipped in one of the Transports. I believe a considerable store of Government Rice has been found in the City.

I fear the Troops have suffered a loss of one Ensign and one Private killed, and about 24 Men wounded. The casualties in the Squadron are confined to one Seaman in the Cruizer severely wounded, (since dead) another slightly wounded, and one man of the Phlegethon slightly wounded. The Blonde had one of her quarter deck Guns disabled, but no further mischief was sustained.

The unremitting exertions of every Officer and Man of Her Majesty's Squadron, Royal Marines, and Indian Navy, throughout the operations, merits my warmest commendation. I subjoin a statement of the Ships present.

Captain Herbert of the Blenheim, whose zeal is always conspicuous, handsomely volunteered to head the landing party of the Seamen and Marines; and I gladly acknowledge the valuable assistance I have derived from the local knowledge and skill of Captain Maitland of this Ship, who has conducted her with much ability, in the intricate and difficult navigation amongst these Islands.

Commander Giffard of the Cruizer, has been indefatigable in the duty assigned him of superintending the disembarkation, which he has performed to the entire satisfaction of the General and myself.

The fire from the Ships and Steam Vessels covering the landing party, did much execution; it was indeed directed with such precision, that two or three individuals fell by single cannon shot, at a distance of 700 yards; one of them while in the act of waving the Chinese Banners.

It is out of my province to observe on the movements of the Land Forces, but I may be permitted to express my admiration of the gallantry which was throughout displayed by our Companions of the Army, and their distinguished Chief, and I can but express my regret, that circumstances did not admit of the Officers, Seamen, and Royal Marines of Her Majesty's Squadron, as well as of the Indian Navy, participating to a greater extent in the operations of the day.

Sir Henry Pottinger has witnessed all the proceedings of the Expedition, and considering the lateness of the season, it is a subject of congratulation to His Excellency, as well as to Sir Hugh Gough and myself, that the re-occupation of this Island has been secured.

Your Lordship may be assured that not a moment will be lost in making the contemplated movement on Chinghae and Ningpo, whenever the state of the weather renders it practicable.

I have the honor to be,
My Lord,
Your Lordship's most obedient Servant,
W. PARKER,
Rear Admiral.

THE RIGHT HONORABLE THE EARL OF
AUCKLAND, G. C. B., &c. &c.

Modeste, at Ningpo, 11*th October,* 1841.

MY LORD,—My despatch of the 4th instant, in which I had the honor of communicating to your Lordship the re-occupation of Chusan by Her Majesty's Forces, would apprize you of the anxiety of Sir Hugh Gough and myself, to commence operations against Chinghae, as soon as a change of weather should enable the Ships of the Expedition, with common prudence, to approach that exposed position.

On the 7th the wind veered to the desired point, and every preliminary arrangement having been made, not a moment was lost in embarking the Troops intended for the Expedition. The following day most of the Transports were moved to the anchorage off "Just-in-the-way," four leagues in advance; and the General and myself, accompanied by Sir Henry Pottinger, proceeded at the same time in the Phlegethon and Nemesis, to reconnoitre the points of our intended attack, where we were fully informed and found that every preparation for resistance had been made.

The City of Chinghae, which is enclosed by a wall 37 feet in thickness, and 22 feet high, with an embrasured Parapet of 4 feet high, and nearly two miles in circumference, is situated at the foot of a very commanding Peninsular Height, which forms the entrance of the "Tahee" River on its left or north bank. On the summit is the Citadel, which, from its strong position, is considered the Key to "Chinghae," and the large and opulent City of "Ningpo," about 15 miles up the River; and it is so important as a Military Post, that I trust I may be excused for attempting to describe it.

It stands about 250 feet above the Sea, and is encircled also by a strong wall with very substantial iron plated Gates at the east and west ends. The north and south sides of the Height are exceedingly steep; the former, accessible only from the Sea by a narrow winding path from the Rocks at its base; the south side and eastern end being nearly precipitous. At the east end of the Citadel, outside its wall, 21 Guns were mounted in three Batteries of masonry and sand bags, to defend the entrance of the River.

The only communication between the Citadel and City is on the west side by a steep but regular Causeway, to a Barrier Gate at the bottom of the hill, where a wooden bridge over a wet ditch connects it with the Isthmus and the gates of the City, the whole of which are covered with iron plates, and strongly secured. The space on the Isthmus between the Citadel hill, and the City wall, is filled up towards the Sea, with a battery of five guns, having a row of strong piles driven in a little beach in front of it, to prevent a descent in that quarter; and on the River side of the Isthmus are two Batteries adjoining the Suburbs, and mounting 22 and 19 Guns, for flanking the entrance—28 Guns of different sizes, and numberless Gingalls were also planted on the City Walls, principally towards the Sea.

The main body of the Chinese Forces were posted on the right bank of the River, in fortified Encampments, on very commanding and steep hills; Field Works and Entrenchments being thrown up in every advantageous position, with 23 Guns and innumerable Gingalls mounted in them to impede the advance of the Troops. The principal landing place on this side is within a considerable Creek, close to the south entrance of the River, and across this Creek we found a row of piles driven. Four Batteries mounting 31 Guns, were also newly constructed on this side of the River, to flank the entrance, and about half a mile above its mouth, a similar obstruction of larger piles was carried completely across; space only being left for one Junk to pass at a time. In short, the Chinese had exercised their ingenuity to the utmost to make their defences secure; and a great amount of Treasure and labour must have been expended in the execution of these works, fully evincing the importance which they attached to this position.

The plan of attack agreed upon by the General and myself, was to land the Troops in two columns on the right bank of the River, inside the small Islands called the Triangles. The main body under his immediate command (about 1040 strong) to disembark a short distance beyond the Creek above referred to. The other (about 500 strong,) immediately at its entrance, where it appeared to us practicable to put them securely on shore outside the piles, under the cover of one of the Brigs; good anchorage being found within a few yards of the spot.

The attack of the Citadel and City on the left bank of the River, was assigned to the Naval Branch of the Force, strengthened by about 23 of the Royal and 12 of the Madras Artillery, under Lieutenants the Honorable F. Spencer and Molesworth; and 50 Sappers, under Captain Cotton and Lieutenant Johnston, of the Madras Engineers. It was calculated that the advance of the two columns of Troops by different routes, would not only secure every point on the right bank, but cut off the retreat of many of the Chinese; and by a simultaneous bombardment of the Citadel and City by the Squadron, we entertained confident hopes of complete success, which has been happily realized in every respect.

On the evening of the 9th, the whole of the Squadron, as per subjoined list, and the Transports, were anchored off "Chinghae," in convenient situations for the intended operations; and at an early hour on the following morning, the Troops proceeded in the Queen, Nemesis, and Phlegethon Steamers, and the boats of the Transports, to the points of debarkation, where the Cruizer, Columbine and Bentinck most judiciously took up their positions, under the direction of Commander Giffard. A few shot from them cleared the shore of about 300 of the Chinese, who had assembled to oppose the landing, and by half-past 9 o'clock, under his excellent arrangements, every man was safe on shore.

The Wellesley, Blenheim, Blonde and Modeste were appointed to cannonade the Citadel and eastern part of the City walls; and the Sesostris, Queen, and Phlegethon, after landing the Troops and towing up the Ships to their stations, to shell the Citadel in flank, and enfilade any of the Batteries in the harbour which their guns could bear upon. The Nemesis to join in the attack on the north side, in readiness to cover the landing of the Seamen and Marines, as soon as it became practicable.

The Citadel Hill cannot be approached for an attack by large Ships, except on the north side, and the water in that direction is so shallow, that it is only in the calmest weather that they can be carried with safety sufficiently near to fire with effect. The day was fortunately every thing we could desire, and the Wellesley, as soon as the tide served was towed by the Sesostris into an excellent position, where the anchor was dropped about a quarter before 9 o'clock in four fathoms, about 1300 yards from the Citadel and Town walls. As the water ebbed, she settled imperceptibly into a bottom of soft mud, and was as steady as a Land Battery. Commander Ormsby,, (with very commendable activity) immediately afterwards brought in the Blenheim: the Blonde and Modeste, favored by a light breeze, took their stations under sail, and every ship was placed to my entire satisfaction, as close as possible; the Blenheim and Modeste touching the bottom at low water. The precision of the fire both of shots and shells from all, exceeded my most sanguine expectations;

and the destruction of the works from the commencement of the attack was never doubtful.

As the Troops on the right bank of the River moved forward, Commander Giffard advanced the Sloops towards the entrance of the harbour, and the Steamers all took up very good positions, and performed excellent service with their Guns; they were for a considerable time under a heavy fire from the River Batteries, but fortunately sustained no damage.

About 11 o'clock we had the gratification of seeing the British Colors planted by the Troops in one of the Batteries on the opposite shore; and within a few minutes, the others on that side were all carried, and the Chinese observed flying in every direction before our gallant Soldiers on the heights.

At a quarter past 11, the wall of the Citadel was breached by the fire from the ships, and the defences being reduced to a ruinous state, the Chinese abandoned their Guns, which they had hitherto worked with considerable firmness, and a large portion of the Garrison retreated precipitately towards the City. Not a moment was lost in making the signal for landing the Battalion of Seamen and Marines with the detachments of Artillery and Sappers (the whole under the command of Captain Herbert, of the Blenheim.) Before noon the boats were all on shore; every impediment presented by the difficulty of landing on rugged rocks was overcome; and the Force gallantly advanced to the assault, with a celerity that excited my warmest admiration. An explosion at this time took place in a Battery near the Citadel Gate: and the remnant of the Garrison fled without waiting to close it. The Citadel was therefore rapidly entered, and the Union Jack displayed on the walls. Our people had scarcely passed within them, when another explosion occurred, happily without mischief, but whether by accident or design is uncertain.

Captain Herbert having secured this Post, quickly re-formed his men, and advanced towards the City; the Chinese still occupying in considerable force the Walls of it, as well as the two Batteries beneath the Hill on the River side, against which our Troops had already turned some of the Guns taken on the right bank. A few vollies of Musquetry speedily dislodged them from both positions, and the Battalion of Seamen and Marines pushed on in steady and excellent order to attack the City: the Wall (26 feet high) was escaladed in two places, and in a short time complete possession was taken of "Chinghae:" the Chinese Troops having made their escape through the Western Gates.

While in the act of scaling the City Wall, a third and formidable explosion took place at one of the River Batteries within a short distance, by which I regret one man of the Blenheim was killed: there is strong suspicion that it was caused by a mine, intentionally sprung, and considering the number of our men which were assembled at the time, it is most providential that the consequences were not more disastrous.

The Seamen immediately returned on board for the security of the Ships, which, with the rising tide, were moved into secure berths; Captain Herbert remaining with the Marines in charge of the Town until the evening, when Sir Hugh Gough arrived, and a considerable portion of Troops were conveyed across the River, in the Phlegethon, to garrison it.

I have sincere pleasure in again bringing before your Lordship's notice, the gallantry and excellent conduct of every Officer and man of Her Majesty's Ships and the Indian Navy under my command.

To Captain Herbert my best acknowledgments are due for his zeal for the public service and animating example on all occasions; and he speaks in strong terms of commendation of the gallant support he received from Captain Bourchier of the Blonde; Major Ellis of the Royal Marines, and the Officers and men of every description attached to the Force placed under his command; of which, and of those employed in the Boats, I transmit a list; and cordially join in every praise that can be bestowed on them. I must also state, that although Captains Maitland and Eyres were not directly attached to the Battalion of Seamen and Marines which disembarked, they landed at the same time, and accompanied them in their operations.

To Captain Maitland, of my Flag Ship, I feel much indebted for the able and zealous assistance which he at all times affords me; and my obligations are equally due to Captain Eyres, for the invaluable services of the Modeste.

The activity and ardor of Commanders Giffard, Clarke, Fletcher and Watson, and of Lieutenant Collinson in command of the Bentinck, has been eminently displayed on this and every other opportunity, and I have no less pleasure in bearing testimony to your Lordship, that the same spirit of enterprize and zeal has been conspicuously evinced by Commander Ormsby, Lieutenant McCleverty, Mr. Hall, and Mr. Warden; and indeed of every Officer and man in the Steam Vessels attached to the Expedition.

I may be permitted also to notice that my Flag Lieutenant Charles Tennant, has attended me in every operation since I took command of the Squadron, and his zeal and attention is deserving of my highest approbation.

By Official Chinese documents found in Chinghae, we have good reason to believe that the regular Tartar Troops quartered on the 10th in the City and Batteries on the left bank of the River, amounted to upwards of 3000, of which about 700 composed the Garrison of the Citadel or Joss-House Hill; their loss on these points is calculated at 150 men.

The Troops opposed to Sir Hugh Gough were estimated at ten thousand, and they have sustained a heavy loss, but no amount of Force as yet met with in this country, can withstand the gallant band under his command, into which his active and energetic example infuses unbounded confidence.

The total number of Guns which have fallen into our hands amounts to 90 iron and 67 brass—the latter will be embarked without delay in one of the Transports, with a large quantity of metal, which has been found in a Cannon Foundry at Chinghae.

I have the honor to be,
My Lord,
Your Lordship's most obedient Servant,
W. PARKER,
Rear Admiral.

THE RIGHT HONORABLE
THE EARL OF AUCKLAND, G. C. B.
&c. &c. &c.,

Modeste, off Ningpo, 14*th October*, 1841.

MY LORD,—It is with feelings of the greatest satisfaction that I have now the honor of addressing your Lordship from the Anchorage off the Walls of Ningpo, on which the British Colours are flying.

The progress of the Expedition has been greatly favored by the fine weather, which enabled it to complete the reduction of Chinghae, on the 10th instant, and to place the large Ships and Transports on the following day at a safe anchorage after landing the requisite supplies for the Army, for the wind changed to the North East on the 12th, and blew strong. The Ships, however, were all in security; the Blonde, with the Sloops and Steamers, and part of the Transports having found sufficient water, and excellent shelter within the Tahea River, a few of the piles being taken up for their admission.

I removed on the 11th to the Modeste, and that no time might be lost in prosecuting our further operations, I directed Captains Maitland and Herbert, when the Wellesley and Blenheim were anchored off "Just-in-the-way," to return by one of the Steam Vessels, with the boats and 150 Seamen from each ship, in readiness to advance on "Ningpo," and on the 12th, I proceeded in the Nemesis to ascertain the practicability of taking the large Steamers and Sloops up the river. We found it wide, free from shoals, and carried not less than 14 feet at low water, to the walls of the City, which appeared not only unprepared for resistance, but a general panic pervading the inhabitants, who were evacuating the Town in every direction, with their goods and families. Sir Henry Pottinger, Sir Hugh Gough and myself, therefore deemed it expedient to move on it without delay, to check as much as possible the departure of the respectable portion of the population, and the ravages which are invariably committed by the lower orders of the Chinese on all property which is left unprotected.

The whole of the Troops (with the exception of a Garrison for "Chinghae" and the Citadel,) were consequently embarked on the following morning in the Sesostris, Queen, Phlegethon and Nemesis, and the Supernumerary Seamen and Marines were distributed in the Modeste, Cruizer, Columbine and Bentinck, the Blonde being ordered to remain at Chinghae for the support of the Garrison.

Sir Henry Pottinger and the General accompanied me in the Modeste, and the Expedition proceeded up the river soon after 9 A. M., but owing to some unavoidable delays did not reach Ningpo until 2 P. M., when the Nemesis and Phlegethon, which contained a large portion of the Troops, anchored within a few feet of a Floating Bridge, which connects the City at its East gate with the Suburbs across the river. The men were disembarked with the greatest facility by stages from the bows of these vessels. The Battalion of Seamen and Marines, under Captain Herbert, landing at the same time in the Suburbs on the City side, a short distance below them.

The Gates of the City were all found secured and barricadoed inside, but an entrance was soon forced, when Her Majesty's Forces marched in and took possession without a symptom of resistance being indicated in any quarter. The Mandarins and Troops had all left the City; the latter having, since their defeat at Chinghae, refused to fight.

Her Majesty's Sloops and the Steam Vessels are anchored under the walls of the City, and His Excellency the General is actively exerting himself in securing all the Government property on shore, and endeavoring to establish order, and prevent the pillage of this populous and opulent place, where, I am happy to say, such of the respectable inhabitants as have remained evince much less apprehension at the presence of the English than was exhibited either at Amoy or Chusan.

From the number of large Junks found in the river, the trade with Ningpo, by sea, must be extensive, but an Embargo will be laid on all vessels until measures can be concerted for our further proceedings.

A few War Junks, and a trifling amount of Naval Stores, have fallen into our hands.

I beg to offer my congratulations to your Lordship on the result of our operations, and

I have the honor to be,
My Lord,
Your Lordship's most obedient Servant,
W. PARKER,
Rear Admiral.

THE RIGHT HONORABLE

THE EARL OF AUCKLAND, G. C. B.,

Governor General, &c &c.

Head-Quarters, Tinghae, Island of Chusan,

October 3d, 1841.

MY LORD,—I feel much satisfaction in acquainting your Lordship that Chusan is in our possession, notwithstanding the extraordinary exertions made by the Chinese to strengthen the defences since our departure in February last, and rather a gallant defence on their part, particularly on the heights west of the City, generally denominated the 49 hills, and along the shore, where, as a defence to the inner harbour (which was our former part of attack) a new line of battery has been constructed, presenting so formidable a front, that, with due regard to the peculiarity of the tides, it would not have been advisable to bring in the ships of war.

2. The Fleet had passed Chusan, and assembled at an anchorage off Silver Island, half way between Chusan and Chinhae, when, after waiting three days, the continuance of contrary winds, together with the lateness of the season, induced His Excellency the Naval Commander in Chief to propose a change in the plan of operations, which I mentioned to your Lordship in my last report. I fully concurred with Sir Wm. Parker in the expediency of attacking Chusan first under these circumstances, instead of proceeding to Chinhae and Ningpo, particularly as in a reconnoissance, which we made in the Phlegethon Steamer with His Excellency Sir Henry Pottinger, we ascertained that two Forts, in progress of construction upon the base of the heights already named, were, although nearly completed, not yet armed. This reconnoissance confirmed me in the opinion which I had previously formed from the reports of Officers acquainted with the ground, that this would be the most eligible point of attack. I must add that the fire opened on the Phlegethon, as she skirted the harbour, also established that the sea line of battery was efficiently armed.

3. I shall leave it to the Admiral to detail the movements of the Fleet, but I cannot deny myself the gratification of expressing how greatly I am indebted to him for his judicious arrangements and the cordial assistance which I have experienced throughout, anticipating my wishes, at the same time that the arm over which he so ably presided, has been brought prominently forward whenever practicable, and I must be allowed to remark that the precision of the fire from the ships surpassed my most sanguine expectations, and did great execution wherever it could be brought to bear.

4. The greater part of the Fleet assembled in the outer roadstead on the 29th ultimo, and during that night and the following day a battery was thrown up on Trumball Island by a detachment of the Royal and Madras Artillery under Captain Knowles, of the former Corps, aided by Lieutenant Birdwood, of the Madras Engineers, for the purpose of shelling the Joss-house Hill, which the enemy had strongly fortified, following out the unfinished plan of our own Engineers. The remaining ships having arrived in the mean while, it was determined to make the attack on the 1st instant.

5. I beg to refer your Lordship to the annexed disposition of attack, which will shew what were my intentions. Early on the morning of the 1st, the first Division, consisting of the Madras Artillery with eight guns, the Sappers, Her Majesty's 18th and 55th Regiments, and the Rifle Company of the 36th Madras Native Infantry, were placed in Steamers and Boats in tow of them, and under the zealous superintendence of Captain Giffard, of Her Majesty's Ship Cruizer, who conducted the disembarkation, were landed as soon as practicable, though not without some delay from the extraordinary strength of the tides at this point. Finding that the enemy, whose occasional shots from the ships had hitherto kept under cover, now crowned the heights and opened a galling fire of ginjals and matchlocks, and that some of my men were falling, I deemed it advisable to push on at once the two flank and a third Company of the 55th that were first on shore, directing the remainder, who closely followed, to move up in support. This duty was gallantly performed under the directions of Lieutenant Colonel Craigie, Commanding the Column, and Major Fawcet, in the temporary Command of the Regiment, and notwithstanding the steepness and ruggedness of the ascent, and a heavy and well-sustained fire from an infinitely superior force, this gallant Corps carried the whole extent of the ridge of hills terminating in a fortified Camp, and drove every thing before them. Lieutenant Colonel Craigie has brought to my notice the prominent conduct of Lieutenant and Adjutant Butter, who was with the advance at this point, and seized the first of the Enemy's colors; as also of Captain Campbell and Lieutenant Cuddy, who led the two Flank Companies.

6. This movement completely turned the right of the Enemy's position, and gave us the command of a bridge which led direct on the flank of the whole line of sea defence. The 18th and Artillery being landed, and the light Guns placed so as to enfilade this line of batteries, I felt it best to change my first intention of attacking the sea defences by the right column, and ordered the 18th at once to push forward to the attack on this point. This was executed with equal gallantry by Lieut. Col. Adams in the face of a very large force, which contested the whole line with more than ordinary spirit, apparently led by one of the principal Mandarins, who, with several of inferior rank, was killed on the spot, when the Chinese fled, and the 18th pushed on and occupied the Joss House Hill, which the well-directed fire of the guns on Trumball Island under the Hon'ble Lieutenant Spencer, of the Royal Artillery, and of the detached Squadron under Captain Bourchier, had compelled the enemy to evacuate. Lieut. Col Adams speaks warmly of the spirited manner in which Captain Wigston led the Grenadier Company of the Royal Irish in this attack.

7. Considering it advisable to support the 18th I had pushed forward across the valley, the Light and another Company of the 55th with Lieutenant Colonel Mountain, who is well acquainted with the country, and most judiciously placed them in a position close to the West gate of the City, so as to prevent any support being given from the Town, and intercept the enemy in falling back on it. The Rifle Company of the 35th having joined me, I moved on with the remainder of the 55th, covered by the Rifles, for the heights overlooking the City to the North West, which we occupied. During these operations, by the praiseworthy efforts of the Madras Artillery under Captain Anstruther, the light field guns had been brought to the summit of the heights, and opened their fire on the Walls and Town. The enemy was now in full retreat through the North and East gates, although a few guns and gingals, with some matchlocks, continued to be fired from the walls—and I directed the 55th to proceed to the escalade, whilst Captain Simpson with the Rifles, rapidly passed down a deep wooded ravine to cut off the retreat to the North. The scaling ladders had been brought up on most difficult and rugged heights by the great exertions of the Madras Sappers, and were now gallantly flanked under the directions of Captain Pears, who was the first to ascend, and I had soon the satisfaction of seeing the Colors of the 55th Regiment waving on the walls of Ting-hae, while those of the Royal Irish were planted on the Joss House Hill above the suburb. Captain Anstruther reports that Captain Balfour and Lieutenant Fowlis had the opportunity of distinguishing themselves, in bringing up the guns and directing their fire.

8. Although the 49th Regiment and Royal Marines whom I first ordered, together with a body of Seamen, to form the right column under Lieutenant Colonel Morris and attack the sea defences

could not be landed in time for that purpose. I was much pleased with the promptitude with which those two Corps moved on to the support of the 18th; the 49th proceeding to occupy the South gate of the City.

9. The loss of the enemy has been very considerable both on the sea line and upon the heights, several of their principal Mandarins it would appear were killed, and the Chinese fled in all directions throwing away their arms and clothing. The loss on our side, I am happy to say, has been wonderfully small. I have the honor to enclose your Lordship the Return, together with a list of the Ordnance captured.

10. On the 2d, I directed Lieut.-Col. Adams to move westward with the 18th and Rifle Company on Tsing-Kong, to which point the Admiral has dispatched two of the Ships of War, and from whence the Lieut. Col. is to proceed to-day to Sahoo. This morning, I have moved 300 men under Major Blyth, 49th Regiment, Eastward to Sinkea-Mun, where he will also meet a Ship of War; also three Companies of the 55th under Captain Campbell, over the Northern hills to Pishoon, from whence they will march to Kanlon and Mowah, returning by a different pass to Head Quarters. By these movements, I hope that every one of the fugitives will be driven off the Island or captured.

11. It is difficult to mete out praise, where every man did his duty well, but I feel it right to express my sense of obligation to the following Commanding Officers of Columns and Corps—Lieut. Col. Craigie, Commanding Left Column; Lieut. Col. Morris, Commanding the Right Column; Lieut. Col. Adams, Commanding 18th; Major Fawcet, Commanding 55th; Major Stephens, Commanding 49th; Major Ellis, Commanding Royal Marines; Captain Simpson, Commanding Rifle Company 36th M. N. Infy.; Captain Knowles, Royal Artillery, Senior Officer of Artillery, Captain Pears, Senior Officer of Engineers; Captain Anstruther, Commanding Madras Artillery; and Captain Cotton, Assistant Field Engineer.

From Lieut, Col. Mountain, Deputy Adjutant General, and Captain Gough, Acting Deputy Quarter Master General, I have received throughout the whole operations, the most valuable assistance. I must also mention the active services of Lieut. Gubbith, my A. D. C.

I have to repeat my thanks to Captain Giffard of the Royal Navy, who, after ably conducting the disembarkation, rejoined me and accompanied me during the rest of the day, as did Major Malcolm, the Secretary of Legation.

General Orders to the Expeditionary Force.

Head-Quarters, Tinghae City, October 3d, 1841.

Major General Sir Hugh Gough has again the pleasure to congratulate the Troops under his Command upon their success in the recapture of the Island of Chusan and City of Tinghae on the 1st instant.

2d. The conduct of the 55th, whose good fortune it was to land first, and who gallantly gained and cleared the heights under a brick and sustained fire from the Enemy, was most creditable to the Corps, and gave it the further advantage of being the first to scale the City Walls.

3d. That of the 18th Royal Irish who landed next was equally praiseworthy in driving the enemy before them despite of his resistance from the long line of Sea Batteries until the Regiment gained and re-occupied its old station on the Pagoda Hill.

4th. The well-directed fire of the Detachment of Royal and Madras Artillery from Turnbull Island, and the exertions of the Madras Artillery on Chusan in getting their Guns over almost impracticable ground, and their fire from successive points, were alike distinguished.

5th. The Major General was also gratified by observing the spirited manner in which the Madras Rifle Company advanced in extended order over the hills to the City, and the active zeal of the Madras Sappers and Miners in carrying the scaling ladders over these steep and difficult heights and planting them against the walls.

6th. Circumstances which it was impossible to foresee having hastened the moment of attack, the 49th Regiment and Royal Marines were not landed in time to perform all that had been allotted to them, but the Major General noticed with much satisfaction the rapidity with which they moved off to support the advance.

7th. Sir Hugh Gough addresses himself therefore to all, in expressing his thanks to Commanding Officers of Columns and Corps, and to the General and Personal Staff, and directing that his sentiments be made known to all of every rank under their respective command.

N. B. The Brass Guns are remarkably well-bored, and although of great thickness of metal, yet evidently shew considerable advance on the part of the Chinese in casting. Some of the Gun Carriages are superior to those hitherto in use with the Chinese, particularly one on which a Brass Gun is mounted, and the Models of Gun Carriages and Sweeps which have been found, prove that the Chinese are quite ready to introduce improvements.

Chusan, 3d October, 1841.

THE RIGHT HONORABLE
THE EARL OF AUCKLAND, G. C. B.,
Governor General of India, &c. &c. &c.

Head-Quarters, October 18th, 1841.

MY LORD,—With feelings of the deepest thankfulness I have the honor to acquaint your Lordship that, under the protection of a gracious and all-wise Providence, perfect success has attended Her Majesty's combined forces in all our projected operations. Considering the extent of the Enemy's preparations, the strength of his different positions, and his overwhelming numbers, the loss on our side has been surprisingly small, while that on the part of the Chinese has been almost appalling.

2. My last dispatch will have informed your Lordship of our proposed movement on Chin hae and Ningpo. On the 8th instant, I accompanied their Excellencies Sir Henry Pottinger and the Admiral in a Steamer, for the purpose of reconnoitring the former place. For the period of the Monsoon, upon a lee shore, the weather was singularly favourable: both on this and the following days, the enemy allowed us to come within short range without firing a shot, and the Admiral and I were thus at once enabled to make our dispositions.

3. The fortified City of Chin-hae, the great Military depot of this Province, is situated on the left bank of the Tahia or Ningpo river, occupying with its suburb, the whole space between the river and the sea. The walls are nearly three miles in circumference and their sea face runs for about a mile along a massive stone embankment, that extends for three or four miles further up the Coast. At the South Eastern extremity, separated only from the walls by a narrow gorge, a precipitous rock rises abruptly from the sea, throwing out a steep and rugged spur, at the point of which is the entrance to the river. Upon the summit of this rock there is a large Joss-house extending along the coast of the ridge and forming a sort of citadel, the several buildings being loop-holed and connected by castillated walls, and in front of the outer gate commanding the spur before mentioned, a battery armed with some pieces of heavy ordnance has been recently constructed. From information I obtained, it would appear that the Joss-house was occupied by 400 men, while 3,000 held the City and various small encampments without the walls.

4. The same information led me to believe, and the reconnoissances confirmed the statement, that the great body of the Troops were strongly posted on the right bank of the river upon a range of steep hills overlooking the City and Joss-house with heavy batteries armed, for the most part, with new brass guns, commanding the entrance to the river which was staked across. All these heights were fortified and presented both a sea defence and Military position of great strength, consisting of a chain of entrenched camps on all the prominent points difficult of approach from the natural steepness of the hills, which had been further scarped in several places; Field Redoubts crowned the summits and hill and ravine bristled with ginjals. A low swampy flat, reaching to the shore and only to be crossed by narrow winding causeways, lay in front of the left of this position, which was also protected by a deep canal, that, after skirting the Hills, runs through the flat into the sea; but I ascertained that there were two bridges over this canal.

5. We returned to Chusan the same evening, and the Troops which I had ordered for this service, having been previously embarked, as thick as they could store on board the Transports selected by the Admiral as fittest in regard to the extraordinary currents on this coast, the squadron arrived the following evening off the mouth of the Tahea river.

6. I beg herewith to enclose for your Lordship's information the disposition for landing. It appeared to me advisable, in which Sir William Parker concurred, that we should make a conjoint

attack on both banks of the river, first drawing the attention of the enemy to the right bank; and the dispositions were accordingly made for attacking in three columns, while the two line of battle ships, with the Blonde and Modeste, were to cannonade the Joss House Hill and sea line of the City defences; the smaller vessels of war and the Steamers to cover the landing and to support, when practicable, the advancing columns by their fire. Sir William Parker will detail to your Lordship the truly spirited manner in which the several ships of war and Steamers took up their positions and fulfilled his orders. It only remains for me to say that the cordial co-operation and powerful support which I have received upon the present, indeed upon every occasion, from the ships of war under the direction of their gallant chief, is matter of the warmest thankfulness.

7. At daylight on the morning of the 10th, the left column, consisting of a wing of the 18th, five Companies of the 55th, the Rifle Company of the 36th Madras N. I., a Company of Madras Artillery and one of Sappers, in all 1040 men, with 4 light Howitzers and two 5½ inch Mortars, was embarked in the Steamers. This column I placed under Lieutenant Colonel Craigie, but accompanied myself, and at 8 o'clock the Steamers having run in close to the shore, the Troops were promptly landed, without any opposition, under the judicious superintendance of Captain Giffard, ably aided by Lieutenant Somerville of the Royal Navy, at a rocky point, having the low flat and the canal already mentioned to their right.

8. The centre column was soon after landed about a mile to my right, under a detached rocky hill, near the mouth of the canal, but on the opposite bank, having in its front a part of the low flat between it and the enemy's position, my object being to threaten a front attack, and deter the enemy from weakening his centre to support his right, which the left column under my own superintendence was destined to turn. The centre column consisted of the 49th Regiment, Detachments of the Royal and Madras Artillery under Captain Knowles of the former Corps and 50 men of the Sappers, amounting altogether to 440 men, with two 12-pounder Howitzers and two 9 pounder field guns, under Lieutenant Colonel Morris.

9. Immediately after landing the left column moved rapidly over a succession of steep hills that skirted the intervening flat in front of the enemy's position, until it reached a point, from whence I had a full view of the whole position and of the two bridges over the canal—that to my front, I ordered the Rifle Company to protect by occupying a few houses on our side, supported by the 18th, and I directed Lieut. Col. Craigie with the 55th, accompanied by Captain Pears, Commanding Engineer, to move quickly on the second bridge, which was about a mile further up the flat, cross it, and push on for the hills beyond, thus turning the extreme right of the Enemy's position, and threatening to cut off his retreat. By this time the centre column had formed and shewed its head at the opposite side of the flat just out of ginjal range, threatening a front attack. Captain Simpson very promptly performed the duty entrusted to him, and I ascertained that the bridge was uninjured, but had been barricaded by a solid wall of masonry, with merely an aperture so narrow that soon after the gate was with some difficulty removed, a single Soldier could not pass through without unstrapping his great coat. Having assembled the 18th at the foot of the bridge to cover the Rifles, that Company passed over in Indian file, in face of a large body of the Enemy, assembled in an advanced redoubt upon the summit of an eminence within 150 yards of us, who cheered our advance, but most unaccountably reserved their fire; having placed the Rifles behind a hill just beyond the bridge, I directed the 18th to cross and form, and finding the 55th had arrived at its point of attack, sent orders for the 49th to advance, which they did with a spirit worthy of that gallant Corps.

10. From the rapidity of these movements and the difficulties of the ground, the guns could not be brought forward enough to act, but Capt. Anstruther, of the Madras Artillery, with the usual alacrity of that Corps, brought up the rockets which now began to play. The moment the advance of the 49th got into action, the 18th and Rifles rapidly moved forward, and the 55th having crossed the upper bridge, pressed the Enemy's right. I have seldom witnessed a more animated combined attack, the Chinese cheering until we got close to them, now poured in a very heavy but ill-directed fire, and displayed in various instances acts of individual bravery that merited a better fate—but nothing could withstand the steady but rapid advance of the gallant little force that assailed them, field work after field work was cleared, and the Colours of the 49th were displayed on the principal redoubt above the Sea and River batteries, while the 18th, who had charged up a deep gorge to the left, broke through the central encampment, carrying every thing before them. From 12 to 1500 of the Enemy, that had stood longest, were driven down the heights into the river, their retreat being cut off by the flank movement of the 55th—many were drowned in attempting to swim across to the city, others sought concealment on a rock in the stream and were afterwards picked up by the boats of the Queen, and nearly 500 surrendered as prisoners.

11. I feel a difficulty in naming any individual where *all* so well merit my warmest meed of praise, but I cannot avoid bringing to your Lordship's special notice, as having fallen under my own personal observation, the conduct of Captain Reignolds of the 49th, and Lt. and Adjt. Browne of the same Corps, whose bold advance up the first hill, the one with his Company, the other with a covering party of his Regiment, was most conspicuous. Lieutenant Colonel Morris reports most favorably of the spirited manner in which Captain Tabor, with his Light Company, covered his right flank.

12. The operations on the right bank having thus terminated, I had a full view of the effect of the fire from the Ships of War and Steamers on the Joss-house Hill, and of the landing of the right column. This column, which consisted of the Seamen Battalion, Royal Marines, a Detachment Royal Artillery, and fifty Sappers, in all about 700 men, with two five and a half inch Mortars, I had entrusted to Captain Herbert, of H. M. Ship Blenheim, whom Sir Wm. Parker placed at my disposal, sending with him Captain Cotton, of the Madras Engineers. Captain Herbert was instructed to land at the extremity of the Spur under the Joss-house, and to storm and take it by the sea-front, whenever the fire from the Ships should make it practicable, and it was left to his discretion to push on and take the City, if the effect of a plunging fire from the hill, aided by a powerful cannonade from the Ships of War, should justify the advance.

13. I had it only in my power, as the flying enemy had carried off every boat from the right bank of the River, to aid the operations on the left bank by turning such of the captured guns as our Artillery could at the moment bring to bear upon the City and by a well directed fire of Rockets; but it appeared to me evident that more aid was necessary, as the admirable fire of the Ships of War and Steamers occasioned fearful devastation on the Joss-house Hill. The right column landed a little after 11 o'clock, and the Seamen with characteristic spirit dashed up the face of the nearly precipitous rock, supported by the steady advance of the Royal

Marines. A Magazine in the new Battery before the outer gate exploded. The way was thus cleared, and the column entered, the Garrison escaping into the town, and the Union Jack was displayed on the Joss-house walls. Captain Herbert, with his usual sound judgment, instantly determined upon taking advantage of the general panic, quickly followed up the retreating enemy, and cleared the City Rampart in his front by a sharp fire of musketry. At this moment a tremendous explosion took place in a Battery below the hill, by which the Chinese suffered severely, and a Drummer of the Marines received so severe a wound that he soon after died. The column escaladed at the south-eastern angle where the City wall is about 20 feet high, the enemy flying before it, as it rapidly pushed along the ramparts, and escaping through the western gates. I cannot omit to mention here that Sir Wm. Parker accompanied this column, and, with the true spirit of a British Sailor, was among the first to scale the walls. Thus the fortified City of Chinhae, with the several shore Batteries, as well as the enemy's works and fortified encampments on the right bank of the River, all of which he had been for the last year busily employed in strengthening at an immense expence, fell into our possession. Of the principal Mandarins, some are reported to have been killed, others to have destroyed themselves, and the Chinese Army dispersed, the fugitive Soldiers throwing away their Arms and Military Clothing.

14. Captain Herbert speaks in high terms of the zealous and spirited conduct of every individual under his command, and particularly calls my attention to the able assistance he received from Captain Bourchier of the Blonde, Commanding the Battalion of Seamen—Major Ellis, Commanding Royal Marines and Captain Whitcomb of that Corps, an old and zealous Officer, and Captain Cotton of the Madras Engineers. I beg therefore to bring these Officers to your Lordship's favorable notice.

15. The obstructions at the river's mouth having been removed by the boats from the ships of war and the Steamers, the latter came in, and I passed over in the afternoon, leaving a sufficient force on the right bank to collect the Arms, protect the Brass and destroy the iron Guns.

16. I have not been able to ascertain the actual strength of the Chinese Army, but from the heavy masses collected at different points upon the right bank from the numbers I saw upon the walls of Chinhae, as well as from the multiplicity of Arms found over the whole face of the hills, and on the ramparts and in the streets of the City, I am led to conclude that my information before stated, as to the force on the left bank was correct, and that from 8 to 9,000 men occupied the works and position on the right, where the bodies of several Mandarins were found amongst the killed, while others, supposed to be Mandarins, were seen to drown themselves, when their retreat was intercepted.

17. We found Chinhae to be, I may almost say, one great arsenal, with a Cannon Foundery and Gun Carriage Manufactory in active operation on improved works, together with warlike stores of various descriptions. In a Battery upon the river one of the Carronades of the Kite was found, with an excellent imitation alongside it, and many of the new Chinese brass Guns are very efficient.

18. It having been determined to push on with the least possible delay to Ningpo, Sir Wm. Parker proceeded on the 12th, in the Nemesis Steamer to ascertain the practicability of the river, and actually reached, without the slightest attempt at opposition, the bridge of boats, which connects this City with the opposite suburb. Upon his return in the evening, arrangements were made for the attack on the following morning lest the enemy by his apparent submission should intend to entrap us. Having left the 55th, with the exception of the Light Company, 100 of the Royal Marines, with Detachments of Artillery and Sappers in Chinhae, the rest of the force, about 750 bayonets, exclusive of the Artillery and Sappers, in Steamers by 8 A. M. on the 13th, and we reached Ningpo at 3 o'clock. No enemy appeared, and it was evident that no ambuscade was intended, as the inhabitants densely thronged the bridge of boats, and collected in clusters along both banks. The Troops landed on and near the bridge, and advanced to the City gate, which we found barricaded, but the walls were soon escaladed, and the Chinese assisted in removing the obstructions and opening the gate. This little force of Soldiers, Seamen, and Marines drew up on the ramparts, the Band of the 18th, playing God save the Queen. The second City of the Province of Che-Keang, the walls of which are nearly five miles in circumference, with a population of 300,000 souls, has thus fallen into our hands. The people all appear desirous to throw themselves under British protection, saying publicly that their Mandarines have deserted them, and their own soldiers are unable to protect them, I have assembled some of the most respectable and influential of the mercantile class, that have remained, and have assured them of my anxiety to afford them all protection consistent with our instructions to press the Chinese Government. Proclamations have been issued, calling upon the people to open their shops, which I have engaged shall not be molested. This they have done to some extent and confidence appears to be encreasing. It affords me very great gratification to be enabled to report to your Lordship that the orderly conduct of the Troops calls for my warmest commendations, evincing the constant attention of the Officers, and the true British feeling which exists in this little force.

19. I have placed the Troops in two large public buildings, as comfortable quarters as I could find consistent with security. The duties to guard against any sudden attack, and to protect the Chinese against gangs of robbers of their own countrymen, are necessarily very severe. Cholera has appeared, I regret to say, both in Chinhae and in this City; in the former six of the Marines have died, here all the cases have recovered, and I trust that, by the unremitting attention and judicious arrangements of Dr. French, the Superintending Surgeon, the progress of the disease has been arrested.

20. I have spoken of the forbearance of the Troops towards the inhabitants under temptations of no ordinary nature, and it is with equal pride that I feel myself called upon to bring to your Lordship's notice their excellent conduct in the field throughout the operations I have detailed. Every Officer and Soldier has merited my approbation. I will therefore only further beg leave to name the Commanding Officers of Column and Corps: Capt. Herbert, R. N. Commanding right column—Lt.-Col. Craigie, 55th, Commanding left column—Lt.-Col. Morris, 49th, Commanding centre column—Capt. Bourchier, R. N., Commanding Seamen Battalion—Lt.-Col. Adams, Commanding 18th Royal Irish—Major Blyth, Commanding 49th Regiment—Major Faucet, Commanding 55th—Major Ellis, Commanding Royal Marines—Capt. Simpson, Commanding Rifles 36th M. N I.—Capt. Knowles, Commanding Royal Artillery, (Senior Officer of that arm,) and Capt. Anstruther, Commanding Madras Artillery. From Captain Pears, the Commanding Engineer, I have received every assistance.

Lt.-Col. Mountain, Deputy Adjutant General, and Capt. Gough, Acting Deputy Quarter Master General, have continued their able and active services with unabated zeal.

This despatch, together with plans of Amoy, Chusan and Chinhae will be delivered by Lieut. Gabbith, of the Madras Artillery, my Aide-de-Camp, whom I beg to recommend to your Lordship, and who will be able to afford any further information you may require.

I have the honor to be, my Lord,

Your Lordship's most obedient humble Servant,

H. GOUGH, *Lt.-Genl.*

N. B. All the defences on the left bank of the River, as well as the entrenched Heights on the right bank were covered with Ginjalls, Matchlocks, Spears, &c.

The Ordnance, both Brass and Iron, are nearly all of a very superior description, and although having great thickness of metal, yet the arrangements in the Foundry and Gun Carriage Manufactory shew great improvements to be in progress, our Carriages and Guns being taken as Models.

LIEUT. GENERAL SIR HUGH GOUGH, K. C. B,
Commander in Chief, &c. &c. &c.

J. KNOWLES, *Captain,*
Commanding Rl. Artillery.

THE RIGHT HONORABLE
THE EARL OF AUCKLAND, G. C. B.,
Governor General, &c. &c. &c.

Wellesley, at the Anchorage of Just-in-the-way,
Sept. 25th, 1841.

MY LORD,—I have the honor to transmit for your Lordship's information, the copies of two letters from Mr. Hall, Commanding the Honorable Company's Steam Vessel Nemesis, reporting the destruction of a Chinese Battery on the Island of Quemoy, on the 31st of August, and of three, together with three War Junks, within the Harbour of Shei-po, on the 17th instant; and I have much pleasure in adding my commendation of the spirit of enterprize and activity which is exhibited by Mr. Hall, his Officers and Crew upon every opportunity.

I have the honor to be,
My Lord,
Your Lordship's most obedient Servant,
W. PARKER,
Rear Admiral.

REAR ADMIRAL SIR WM. PARKER, K. C. B,
&c. &c. &c.

H. C. S. Nemesis, Amoy, 31*st Aug.* 1841.

SIR,—I have the honor to inform you, in compliance with your orders conveyed to me through Captain Fletcher, that after having towed the boats to the respective Forts on the Northern shore to be destroyed, I proceeded to reconnoitre the Island of Quemoy; on my way accross I observed three Forts on different Islands to the S. Wd. of us without any guns in them; after closing the Island of Quemoy at 10 A. M., saw a small round tower Fort on the larboard bow, bearing S. E., which I steered for, as we approached, observing the Chinese Soldiers deserting the Fort, I sent away the 1st Cutter and 1st Gig under the command of Mr. Freese, my Chief Officer, to destroy the Fort, at 10-25 the boats returned, having destroyed 3 Guns, 1 Gingal, and about 85 stand of Matchlocks, 35 Cutlasses, and a quantity of Spears and Gunpowder; at the same time observed a sand bank Fort, mounting 13 Guns, with a number of large Junks and an encampment, with banners displayed in every direction at the entrance of a River, distant about 2 miles to the

Eastward, and close to a Tower, apparently of some note from the appearance of the buildings and Mandarin Houses, &c.

Having fulfilled my orders I rejoined Captain Fletcher, and embarked him and his party on board.

I have the honor, &c.,
(Signed) W. H. HALL,
Commander.

REAR ADMIRAL
SIR WM. PARKER, K. C. B., &c. &c. &c.,
H. C. Steamer Nemesis, Buffaloe's Nose,
19th September, 1841.

SIR,—I have the honor to inform you, that the Honorable Company's Steamer Nemesis under my command, was obliged to part company with the Fleet, (being light, and consequently very leewardly,) and tide it up in-shore in smooth water. On the morning of the 17th instant, being off Shei-poo, the wind being strong against us, and the weather looking very threatening, and having only one day's fuel left, I deemed it necessary to proceed to the nearest port to procure wood. Having procured a fisherman to act as pilot, I entered the harbour of Shei-poo, and just inside passed an Island on which were two forts, but which allowed us to pass without firing, I then had hopes of getting wood without being obliged to proceed to extremities, I hauled in to an anchor close off the town, (off which were anchored upwards of a hundred Merchant Junks), as we neared the anchorage, a Fort, situated at the southern end of the town, opened fire on us, which I immediately returned, my crew being at quarters, I then anchored by the stern in good position, within pistol-shot of the Fort, we soon silenced them, and I then landed with my crew, the enemy retreating as we advanced. After setting fire to the Barracks, and destroying 4 Guns (2 of them brass, 9 feet 6-inch long and 4-inches bore,) in the Fort, I returned on board, immediately despatched boats, manned and armed, to search for wood, and succeeded in obtaining 7 boat loads (about 25 tons) sufficient to fill the bunkers and holds. After completing our wood, I sent the boats to destroy 3 large War Junks, which they accomplished by setting fire to them after having towed them to the opposite side of the harbour, clear of the town and Merchant Junks, one of these Junks mounted 14 guns, which, as well as a quantity of matchlocks, cutlasses and gunpowder, we effectually destroyed. A large body of troops having collected to the southward of the town, I weighed and steamed close in and dispersed them with grape and canister; I then proceeded to the upper end of the harbour, firing at the two Forts on the Island in passing, and came to an anchor to allow the men to get their dinner. After which I weighed and proceeded to attack the two Forts on the Island; when within good range, opened fire with round shot and rockets: the enemy not returning the fire, I anchored and landed with 3 boats manned and armed, on entering the Forts found the enemy had deserted them. Having destroyed in one fort 5 guns, and the other 4 guns, I burnt the carriages and tents of the encampment, and returned on board, weighed and proceeded out of the harbour. During the whole time we were engaged thousands of the inhabitants, and nearly all the crews of the Merchant Junks were unconcerned spectators of the scene, quietly looking on, and appeared perfectly to understand that we were at war only with the Government. Even a fleet of Merchant Junks thus arrived during the day passing close to us in beating up the harbour. I cannot speak too highly of Mr. Auchmuty Fylden Freese, (Mate R. N.) my first Officer, and the rest of my officers and crew. I am happy to say this was achieved without any casualty on our side, although the loss on the side of the Enemy must have been very great.

I have the honor to be, &c. &c. &c.,
(Signed) WM. H. HALL, *Commander.*

THE RIGHT HONORABLE
THE EARL OF AUCKLAND, G. C. B.,
Governor General, &c. &c. &c.
Wellesley, at the Anchorage of Just-in-the-way,
September 25th, 1841.

MY LORD,—The accompanying copies of letters from Lieutenant McCleverty, R. M., Commanding the Honorable Company's Steam Vessel "Phlegethon," will detail to your Lordship the treacherous conduct of some of the Inhabitants of the Town of Ko-kew-so, or Ko-gi-sau, in decoying part of the Crew of the "Lyra," an English Trading Vessel, under the promise of selling them stock and vegetables, into an ambuscade of Chinese Troops; by which one of the Seamen was killed, and Mr. Wainwright, the Chief Mate, after being desperately wounded, fell into their hands; another Seaman was also wounded but escaped on board.

As this base proceeding occurred within a very short distance of the Village where Mr. Stead, the late Master of the "Pestonjee Bomanjee" Transport was murdered in March last; Lieutenant McCleverty promptly determined on landing and attacking the Mandarin Military Post, and supported by the Masters and Crews of the Merchant Vessels "Lyra" and "Anne;" after gallantly putting to flight a very superior force, he caused their Barracks, as well as the small Town adjoining the Village, where Mr. Stead was assassinated, to be destroyed.

Intimation has been given of the motives which induced this measure of retribution, and I sincerely hope that it may have the effect of checking similar acts of atrocity on the part of the Chinese.

Lieutenant McCleverty, who is on all occasions most zealous and active, speaks highly of the conduct of Acting Lieutenant Ryves, and all the party that accompanied him, the latter Officer has served long with an excellent character, as Mate in Her Majesty's Service; he is the Orphan Son of a most estimable Naval Officer, and, I understand, he was amongst the foremost of the party from the 'Phlegethon,' who entered the first Battery, which was taken possession of outside the Barrier wall in the late attack on Amoy.

I have the honor to be,
My Lord,
Your Lordship's most obedient Servt.,
W. PARKER, *Rear Admiral.*

TO REAR ADMIRAL
SIR WM. PARKER, K. C. B., &c. &c. &c.,
Commander in Chief.
H. C. Steam Vessel Phlegethon,
Kie-tow Point, 17th September, 1841.

SIR,—I beg leave to inclose for your information a letter received from Mr. Hubertson, Master of the Brig Lyra, on my arrival at this place, detailing an act of treachery by the Chinese killing his first Mate, and one of his Sea-cunnies.

On the receipt of this letter, consulting with the Masters of the "Lyra," "Anne" and "Ariel," who gallantly offered their services, I determined to attack the Mandarin Station, and proceeded for that purpose at daylight on the 16th instant. When we arrived, I found that it was the village in which Mr. Stead, the Master of the Transport Pestonjee Bomanjee had been murdered: I destroyed the village, and took three prisoners, from whom I learnt that the principal Station of the Soldiers was in the town where the Lyra's people had been murdered, that they mustered five hundred and expected to be attacked.

At 11 A. M., I proceeded to the town, having 40 British and 80 Lascars; at 12 they opened a heavy fire of Gingals and Matchlocks, which failing to do any execution, and finding we were rapidly closing on them, they retreated up the mountain; we found their Barracks and Magazines, blew them up, set fire to the whole town, and totally destroyed it.

Having now accomplished the object of our expedition we returned on board, and I am happy to say without any loss.

In performing this service I beg leave to express my thanks to Messrs. Hubertson, Denham and Woodman, Masters of the Lyra, Anne and Ariel, for their efficient support.

It would be invidious in me to praise any where—all behaved well; but I beg leave to recommend to your notice the 1st Lieutenant, Mr. Herbert Ryves, and Lieutenant R. B. Crawford, R. M., a passenger belonging to the Transport Service, who gallantly volunteered to lead, and was of the greatest possible assistance to me.

I have the honor, &c. &c. &c.

(Signed,) JAMES J. McCLEVERTY,
Lieut. Commanding.

P. S. The Chinese sustained a loss of six men killed; but it was impossible to ascertain their wounded, as they carried them with them.

CAPTAIN McCLEVERTY, R. M.,
Steamer Phlegethon.

Brig Lyra, off Singlosan, 15*th September,* 1841.

SIR,—I have the painful duty to report to you, as the only Officer present belonging to Her Majesty's Fleet, a case of the most unparalleled treachery and murder on part of the Chinese at the village of Kogisau, abreast of where we are laying, and beg you will be kind enough to report the same to His Excellency the Commander in Chief.

I arrived here in company with the 'Ariel' and 'Anne' on the 10th instant, and anchored off Kogisau; the following day we all armed our Boats and went on shore to look for fresh water, and endeavour to procure some Stock; the natives at first appeared frightened, but shortly came down to us and entered on the most friendly terms, promising to supply us with fresh Stock on fair terms; and on Sunday morning the 12th, I went on shore with my Launch and Cutter, and the same friendly communications subsisted, and the principal man of the place gave my Linguist a written paper, stating the time he would have what things they could supply us with, ready; in consequence of which I again sent my Launch at noon in charge of my Chief Officer Mr. Wainwright, and who, on proceeding to the village and finding no person, was returning to the Boat, when his party was surrounded by 2 or 300 Soldiers and fired at with Gingalls and Matchlocks, and I regret to say, Mr. Wainwright was twice wounded and either killed or taken prisoner, and one of my Seacunnies was shot through the head and killed on the spot, and one man wounded in his side, but escaped on board; on hearing which I immediately consulted with the Masters of the 'Ariel' and 'Anne,' the result was that we immediately seized several Boats and by their crews sent chops on shore offering Sp. Drs. 1,000, for the bodies dead or alive, if not mutilated, but to which I have received no answer.

I now beg you will be kind enough to use such measures as you may deem most necessary to procure the release of my Officer, if alive.

I have the honor to be, &c. &c. &c.

(Signed) GEO. J. HUBERTSON,
Master of the Lyra.

Act No. XXIX, of 1841.

An Act for amending such parts of the Bengal and Madras Codes as concern the dismissal of Suits and Appeals for neglecting to proceed in the same.

I It is hereby enacted, that if a Plaintiff or Appellant in any Court shall, at any time, neglect to proceed in his Suit or Appeal for six weeks, the Suit or Appeal shall be dismissed; and it shall not be necessary to give the Plaintiff or Appellant any notice previous to dismissing his Suit or Appeal. The Suit or Appeal shall be dismissed as of course after the expiration of six weeks without any proceeding on the part of the Court, or of the Defendant, or otherwise, or assignment of any reasons, unless the Plaintiff or Appellant, or his representative in case of his death, upon special application, shall have previously satisfied the Court of the propriety of allowing further time. The Court shall record upon the proceedings the reasons at large for allowing further time in all cases in which further time may be allowed, but it shall not be necessary to specify the reasons for refusing any application for further time.

II. And it is hereby enacted, that in all cases in which a Suit or Appeal is dismissed under the preceding Section the Court shall award to the Defendant or Respondent the costs he may have incurred in the Suit or Appeal. But such dismissal shall be no impediment to the institution of a new Suit or Appeal, where the party is not precluded by lapse of time, or period of Appeal, or otherwise than by the mere circumstances of having instituted the Suit or Appeal dismissed and of such dismissal, and such dismissed Suit or Appeal shall not prevent lapse of time under the Law of Limitations being incurred.

III. And it is hereby enacted, that Clause 2, Section 27, Regulation XXIII of 1814, of the Bengal Code, and Clause 2, Section 26, Regulation VI. of 1816, of the Madras Code, are repealed, and no appeal shall lie against the decision passed in accordance with the provisions of the preceding Clauses of this Act, other than a summary appeal on the fact of default.

CHANGE OF PILOT STATION FOR THE RIVER HOOGHLY.

NOTICE is hereby given, that referring to the impracticability during the last S. W. Monsoon, owing to the encreasing resort of Shipping to the Port of Calcutta, to supply Pilots at the distant Station off Point Palmyras, the arrangements as noted in the following Memorandum from the Master Attendant, will be adopted for the next S. W. Monsoon.

MEMO.

1st.—A Pilot Vessel will be stationed off False Point during the next South West Monsoon, say from the 15th of March to the 15th of September 1842, beering, according to circumstances, E. by N. a S. E. by S. from the Light House, and in from 10 to 15 fathoms depth of water.

2d.—This Vessel will exhibit by day when any others are in sight, besides the usual Company's Ensign at her Peak, a *large Danish Jack* (red with white cross) at her Main Top Gallant Mast Head, and at night a GOOD Light in the same situation, besides burning a Blue Light every hour, and beating a Gong frequently in calm thick weather, to warn Vessels coming from the Southward of her near neighbourhood. She will *not* however have any Pilots on board, the main object of her intended Station off False Point being to guard all inward bound Vessels from proceeding to the old Station off Point Palmyras during next season, and directing them to a new one in the South Channel between the Tails of the Eastern and Western Reefs, where Pilot Vessels will then be found in from 16 to 20 fathoms water, and from 6 to 8 Miles South West of the present South Channel Buoy, that Buoy laying in Lat. 20° 58′ 30″ N. Long. 88° 4′ East of Greenwich, and in 12 fathoms water.

3d.—For the purpose of more distinctly marking the new Station, the Commanding Officer's Vessel there will always wear by day, when other Vessels are in sight, a large *St. George's Jack* (white with red cross) at her Main Top Gallant Mast Head, besides the usual Company's Colours at her Peak, and at night be distinguished by a constant *good* Mast Head Light, by Blue Lights and Maroons used alternately every half hour and also by Guns fired every four hours; say at 8 P. M., Midnight, and 4 A. M. with good Rockets discharged at the same time.

4th.—All Vessels are recommended to be most careful in coming over from False Point to the New Station by constant attention to that safe old Guide the Lead, and thereby correcting their Steerage as Tides or Currents may or may not set them out of their proper course, and they are also advised not to come under 16 fathoms, at night especially, till they reach the Pilot's Station and get their proper Pilots on board.

5th.—Lastly—All Vessels are directed not to approach the Pilot's Station at night without giving due warning, and not only by the exhibition of Lights, say 2 *Vertical* where best seen, but also by the discharge of a Gun, if they have any on board, as soon as they descry the first Pilot Vessel near them. They are further recommended to be most careful not to come into collision with any of the Pilot Vessels at the Station on their own accounts no less than that of the Public as they will be held responsible for all Damages, and called upon afterwards to pay for all that may have arisen from bad Look-out, Inattention to Duty, or Carelessness of any kind whatever.

NOTICE.

REFERRING to the Notification indicating the proposed change of the Pilot Station during the approaching S. W. Monsoon, the Marine Board hereby give Notice, that with the sanction of Government, a Chart of Captain Lloyd's late Survey of the Ground between Lacam's Channel and False Point is being lithographed for public Sale, and the following is copy of Instructions proposed by Captain Lloyd with a view to the more ready Guide of Vessels from False Point to the New Station.

" It has been proposed by the Master Attendant,
" and approved of by the Marine Board, to change
" the Cruizing Ground of the Pilot Vessels during
" the S. W. Monsoon, or between the 15th of March
" and 15th of September from their present Station
" of Point Palmyras, to a position 6 or 8 miles S. W.
" from the South Channel Buoy in from 16 to 20
" fathoms, and the following directions are offered as a
" guide to direct Vessels from False Point Light House
" to the New Cruizing Station."

" False Point Light House is in Latitude 20°
" 19½′ N. and Longitude 86° 47′ E., and that of the
" South Channel Buoy in Latitude 20° 59′ N. and
" Longitude 88° 4′ E., and bears from the former
" N. 61 E. true or N. E. by E. ¼ E. by Compass,
" distant 83 miles, and is laid in 12 fathoms."

" By an inspection of the Chart it will be seen that
" the Bank of Soundings off Point Palmyras extend in
" a direction towards the tail of the Western Sea Reef,
" and the nature of the bottom (as distinguished from
" that of the Hoogley deposit which is Sand and Mud
" with shining specks) is a gravelly substance com-
" posed of Sand Shells and small Pebbles discharged
" from the " Kunka" and other Rivers near Point
" Palmyras, the lighter materials of which being
" carried further out, is deposited and forms what is
" called the Pilot's Ridge, which in crossing to the
" N. W. shews a little less water than on either side,
" and in coming from Seaward you Shoal rather
" suddenly from 28 to 23 fathoms upon its Eastern
" edge. It is composed of a shelly Sand or Minute
" Gravel, of a reddish or rusty brown colour."

" The best Guide therefore to enable a Vessel to
" direct her course from False Point to the Vessels at
" the New Station will be to run down the edge of
" the Pilot's Ridge, and having made the Light House
" and brought it to bear about W. S. W. or S. W. by W.
" and distant by computation from 10 to 15 miles, should
" steer to the E. N. E., and having gradually encreased
" her depth of water to 23 fathoms upon the Eastern
" edge of the Ridge, she should regulate her course to
" keep between it and 27 fathoms, when, by attention to
" the lead and nature of the Soundings, course and
" distance run from the Light House, it is almost
" impossible to miss the Pilot Vessels (if the above
" limits are kept within) either by getting too far to
" Windward or falling to Leeward, for the Soundings
" encrease so rapidly to Seaward from the proposed
" New Station, that 28 fathoms will not be more
" than 3 or 4 miles to the Southward of it, and 23
" fathoms the same distance to the Westward of it."

" The Soundings to Seaward of the Ridge are in
" general a greenish or olive coloured mud, with
" occasionally a few bits of broken Shells mixed
" with it."

LEGISLATIVE DEPARTMENT,

THE 13TH DECEMBER, 1841.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 13th December 1841, is hereby promulgated for general information:

ACT No. XXIX. OF 1841.

An Act for amending such parts of the Bengal and Madras Codes as concern the dismissal of Suits and Appeals for neglecting to proceed in the same.

I. It is hereby enacted, that if a Plaintiff or Appellant in any Court shall, at any time, neglect to proceed in his Suit or Appeal for six weeks, the Suit or Appeal shall be dismissed; and it shall not be necessary to give the Plaintiff or Appellant any notice previous to dismissing his Suit or Appeal. The Suit or Appeal shall be dismissed as of course after the expiration of six weeks without any proceeding on the part of the Court, or of the Defendant, or otherwise, or assignment of any reasons, unless the Plaintiff or Appellant, or his representative in case of his death, upon special application, shall have previously satisfied the Court of the propriety of allowing further time. The Court shall record upon the proceedings the reasons at large for allowing further time in all cases in which further time may be allowed, but it shall not be necessary to specify the reasons for refusing any application for further time.

II. And it is hereby enacted, that in all cases in which a Suit or Appeal is dismissed under the preceding Section the Court shall award to the Defendant or Respondent the costs he may have incurred in the Suit or Appeal. But such dismissal shall be no impediment to the institution of a new Suit or Appeal, where the party is not precluded by lapse of time, or period of Appeal, or otherwise than by the mere circumstances of having instituted the Suit or Appeal dismissed and of such dismissal, and such dismissed Suit or Appeal shall not prevent lapse of time under the Law of Limitations being incurred.

III. A[illegible] it is hereby enacted, that Clause 2, Section 27, Regulation XXIII of 1814, of the Bengal Code, and Clause 2, Section 26, Regulation VI. of 1816, of the Madras Code, are repealed, and no appeal shall lie against the decision passed in accordance with the provisions of the preceding Clauses of this Act, other than a summary appeal on the fact of default.

GENERAL ORDERS BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

FORT WILLIAM, *24th December*, 1841.

No. 289 of 1841.—The following paragraphs of a Military Letter from the Hon'ble the Court of Directors to the Governor of Bengal, No. 91, dated 27th October 1841, are published for general information :

"Para 1. We have much gratification in announcing to you that Her Majesty has been graciously pleased to promote the undermentioned Officers of our Service, by Special Brevet in the East Indies, for their services during the late operations near Canton, their Commissions bearing date the 26th May 1841, viz.

To be Lieutenant Colonels.

Major Roger Williamson Wilson, of the 65th Regiment of Bengal Native Infantry.

Major Francis Spencer Hawkins, of the 38th Regiment of Bengal Native Infantry.

To be Majors.

Captain Daniel Duff, of the 37th Regiment of Madras Native Infantry.

Captain George Augustus Mee, of the 58th Regiment of Bengal Native Infantry.

Captain Philip Anstruther, of the Madras Artillery.

Captain Henry Moore, of the 34th Regiment Bengal Native Infantry.

2 The conduct of Lieutenant and Brevet Captain Frederick Conyers Cotton, of the Madras Engineers, and of Lieutenant Hadfield, of the 37th Regiment Madras Native Infantry, is considered to have entitled them to a similar distinction; but the Regulations of Her Majesty's Army do not admit of the grant of Brevet Rank to Subaltern Officers for services in the field, The General Commanding in Chief has however announced his intention of recommending the grant of the Brevet Rank of Major to these two Officers on their attaining the Regimental Rank of Captain.

3. We have to express our entire approbation of the conduct of the whole of our Troops engaged on the above occasion.

4. In order to mark our sense of the gallantry and steadiness displayed by the 37th Regiment Madras Native Infantry, under most trying circumstances, we have resolved on constituting that Corps a Grenadier Regiment.

5 We further direct that the name of each European and Native Commissioned Officer, Non-Commissioned Officer and Sepoy who composed the Company of that Regiment detached under Lieutenant Hadfield, and who by their steady courage and discipline successfully defeated the repeated attacks of a large body of the Enemy and thus nobly sustained the credit of the Native Army, be entered in the Regimental Order Book of that Corps, with a record of the transaction to which it refers. We also desire that the Native Officers, Non-Commissioned Officers and Sepoys of that Company be granted an addition to their Pay and Pension on Retirement, either by admitting them to the advantages of the "Order of Merit," or in any other manner which you may consider desirable.

6. You will publish in General Orders our sentiments as expressed in this Despatch"

Secy. to the Govt. of India, Mily. Dept.

NOTICE.

CHANGE OF PILOT STATION FOR THE RIVER HOOGHLY.

NOTICE is hereby given, that referring to the impracticability during the last S. W. Monsoon, owing to the encreasing resort of Shipping to the Port of Calcutta, to supply Pilots at the distant Station off Point Palmyras, the arrangements as noted in the following Memorandum from the Master Attendant, will be adopted for the next S. W. Monsoon.

MEMO.

1st.—A Pilot Vessel will be stationed off False Point during the next South West Monsoon, say from the 15th of March to the 15th of September 1842, bearing, according to circumstances, E. by N. a S. E. by S. from the Light House, and in from 10 to 15 fathoms depth of water.

2d.—This Vessel will exhibit by day when any others are in sight, besides the usual Company's Ensign at her Peak, a *large Danish Jack* (red with white cross) at her Main Top Gallant Mast Head, and at night a GOOD Light in the same situation, besides burning a Blue Light every hour, and beating a Gong frequently in calm thick weather, to warn Vessels coming from the Southward of her near neighbourhood. She will *not* however have any Pilots on board, the main object of her intended Station off False Point being to guard all inward bound Vessels from proceeding to the old Station off Point Palmyras during next season, and directing them to a new one in the South Channel between the Tails of the Eastern and Western Reefs, where Pilot Vessels will then be found in from 16 to 20 fathoms water, and from 6 to 8 Miles South West of the present South Channel Buoy, that Buoy laying in Lat. 20° 58′ 30″ N. Long. 88° 4′ East of Greenwich, and in 12 fathoms water.

3d.—For the purpose of more distinctly marking the new Station, the Commanding Officer's Vessel there will always wear by day, when other Vessels are in sight, a large *St. George's Jack* (white with red cross) at her Main Top Gallant Mast Head, besides the usual Company's Colours at her Peak, and at night be distinguished by a constant *good* Mast Head Light, by Blue Lights and Maroons used alternately every half hour and also by Guns fired every four hours, say at 8 P. M., Midnight, and 4 A. M. with good Rockets discharged at the same time.

4th.—All Vessels are recommended to be most careful in coming over from False Point to the New Station by constant attention to that safe old Guide the Lead, and thereby correcting their Steerage as Tides or Currents may or may not set them out of their proper course, and they are also advised not to come under 16 fathoms, at night especially, till they reach the Pilot's Station and get their proper Pilots on board.

5th.—Lastly—All Vessels are directed not to approach the Pilot's Station at night without giving due warning, and not only by the exhibition of Lights, say 2 *Vertical* where best seen, but also by the discharge of a Gun, if they have any on board, as soon as they descry the first Pilot Vessel near them. They are further recommended to be most careful not to come into collision with any of the Pilot Vessels at the Station on their own accounts no less than that of the Public as they will be held responsible for all Damages, and called upon afterwards to pay for all that may have arisen from bad Look-out, Inattention to Duty, or Carelessness of any kind whatever.

(Signed) T. T. HARINGTON,
Master Attendant.

By order of the Marine Board,
C. B. GREENLAW, *Secretary.*
Fort William, the 18th October, 1841.

No. 1745.

NOTICE.

REFERRING to the Notification indicating the proposed change of the Pilot Station during the approaching S. W. Monsoon, the Marine Board hereby give Notice, that with the sanction of Government, a Chart of Captain Lloyd's late Survey of the Ground between Lacam's Channel and False Point is being lithographed for public Sale, and the following is copy of Instructions proposed by Captain Lloyd with a view to the more ready Guide of Vessels from False Point to the New Station.

" It has been proposed by the Master Attendant,
" and approved of by the Marine Board, to change
" the Cruizing Ground of the Pilot Vessels during
" the S. W. Monsoon, or between the 15th of March
" and 15th of September from their present Station
" of Point Palmyras, to a position 6 or 8 miles S. W.
" from the South Channel Buoy in from 16 to 20
" fathoms, and the following directions are offered as a
" guide to direct Vessels from False Point Light House
" to the New Cruizing Station."

" False Point Light House is in Latitude 20°
" 19½′ N. and Longitude 86° 47′ E., and that of the
" South Channel Buoy in Latitude 20° 59′ N. and
" Longitude 88° 4′ E., and bears from the former
" N. 61 E. true or N. E. by E. ¼ E. by Compass,
" distant 83 miles, and is laid in 12 fathoms."

" By an inspection of the Chart it will be seen that
" the Bank of Soundings off Point Palmyras extend in
" a direction towards the tail of the Western Sea Reef,
" and the nature of the bottom (as distinguished from
" that of the Hoogley deposit which is Sand and Mud
" with shining specks) is a gravelly substance com-
" posed of Sand Shells and small Pebbles discharged
" from the " Kunka" and other Rivers near Point
" Palmyras, the lighter materials of which being
" carried further out, is deposited and forms what is
" called the Pilot's Ridge, which in crossing to the
" N. W. shews a little less water than on either side,
" and in coming from Seaward you Shoal rather
" suddenly from 28 to 23 fathoms upon its Eastern
" edge. It is composed of a shelly Sand or Minute
" Gravel, of a reddish or rusty brown colour."

" The best Guide therefore to enable a Vessel to
" direct her course from False Point to the Vessels at
" the New Station will be to run down the edge of
" the Pilot's Ridge, and having made the Light House
" and brought it to bear about W. S. W. or S. W. by W.
" and distant by computation from 10 to 15 miles, should
" steer to the E. N. E., and having gradually encreased
" her depth of water to 23 fathoms upon the Eastern
" edge of the Ridge, she should regulate her course to
" keep between it and 27 fathoms, when, by attention to
" the lead and nature of the Soundings, course and
" distance run from the Light House, it is almost
" impossible to miss the Pilot Vessels (if the above
" limits are kept within) either by getting too far to
" Windward or falling to Leeward, for the Soundings
" encrease so rapidly to Seaward from the proposed
" New Station, that 28 fathoms will not be more
" than 3 or 4 miles to the Southward of it, and 23
" fathoms the same distance to the Westward of it."

" The Soundings to Seaward of the Ridge are in
" general a greenish or olive coloured mud, with
" occasionally a few bits of broken Shells mixed
" with it."

The price of the Chart will be Rupees 2 each, and parties desirous of being supplied are requested to send their names for registry at this Office.

ACT No. XXIX. OF 1841.

An Act for amending such parts of the Bengal and Madras Codes as concern the dismissal of Suits and Appeals for neglecting to proceed in the same.

I. It is hereby enacted, that if a Plaintiff or Appellant in any Court shall, at any time, neglect to proceed in his Suit or Appeal for six weeks, the Suit or Appeal shall be dismissed; and it shall not be necessary to give the Plaintiff or Appellant any notice previous to dismissing his Suit or Appeal. The Suit or Appeal shall be dismissed as of course after the expiration of six weeks without any proceeding on the part of the Court, or of the Defendant, or otherwise, or assignment of any reasons, unless the Plaintiff or Appellant, or his representative in case of his death, upon special application, shall have previously satisfied the Court of the propriety of allowing further time. The Court shall record upon the proceedings the reasons at large for allowing further time in all cases in which further time may be allowed, but it shall not be necessary to specify the reasons for refusing any application for further time.

And it is hereby enacted, that Clause 2, Section 27, Regulation XXIII of 1814, of the Bengal Code, and Clause 2, Section 26, Regulation VI. of 1816, of the Madras Code, are repealed, and no appeal shall lie against the decision passed in accordance with the provisions of the preceding Clauses of this Act, other than a summary appeal on the fact of default.

No. 171.

FORT WILLIAM,

GENERAL DEPARTMENT,

The 24th December, 1841.

The Right Hon'ble the Governor General in Council directs, that the following Rules for the Regulation of Passages and Passengers in the Government Steam Packets from Bombay to Suez, to come into operation from the 1st of January next in supercession of those at present in force at the Bombay Presidency, be published for general information :

No. 1.

Rules for the engagement of Passages and Accommodation of Passengers in the Government Steam Packets, between Bombay and Suez.

1. Application for Passage is to be made at the Office of the Master Attendant in Bombay, and at other ports to the Commander.

2. The vessel which conveys the mail intended to reach Suez on the 19th of any month is to be designated the Steamer of that month ; for instance, the January Steamer is the one which is destined to reach Suez on the 19th January, although leaving Bombay possibly before the end of December.

3. Passengers are to be divided into two classes, viz

First class, who sit at the Commander s table and are entitled to all the privileges of the quarter deck ;

Second class, who are not entitled to walk aft of the paddle boxes, who berth forward, and either arrange for their own provision, or mess with the Warrant Officers or Engineers.

4. Every Passenger of the 1st Class shall pay the following sum, as Table Money, for the voyage from Bombay to Suez, or from Suez to Bombay, viz.

A Lady or Gentleman,	Rupees	200
A Child ten years of age, and above five years,	,,	100
A Child five years and above 1,	,,	80
A Child one year and under,	,,	50
A Child under one year, and with the Mother,	......	Free.

These rates apply to the Steamers of every month throughout the year, *with the exception of those of* July and August, in which the Table Money from Bombay to Suez will be as follows ; viz.

A Lady or Gentleman,	Rupees	300
A Child under 10	,,	150
A Child under 5	,,	120
A Child under 1	,,	75
Ditto with the mother,		Free.

But the rate from Suez to Bombay will be the same in all months. It is to be understood that for the above sum, the passengers are to be provided with a plain substantial table ; but no person is entitled to more than one pint of wine, and one bottle of beer per diem. Cabin passengers have the first choice of seats at the table, and after them the Saloon passengers in preference to those on the deck, whose priority will be arranged according to their standing on the passage list. The seats will be arranged by the Commander, and once taken, they cannot be changed without his permission during the voyage.

5. In addition to the Table Money the following sums will be charged for the accommodation engaged by first class passengers, viz.

[illegible]eble Cabin,	Rupees	1,000
A Double Cabin,	,,	800
A Single Cabin,	,,	500
A Saloon Berth,	,,	350
A Deck Passage,	,,	300
6. Every second class passengers shall pay	,,	150

7 For each European Servant 50 Rupees must be paid as subsistence money, and 50 Rupees as passage money ; for Native Servants the charge will be one half the rate for an European, but none are to be considered and taken as Servants unless they actually accompany (their Masters or Mistresses.)

8. Three lists for each month's Steamer will be kept at the Master Attendant's Office, viz. [illegible] for cabin passengers, one for saloon and one for deck passengers. A statement of the number of each class, which each packet is calculated to accommodate, will be open at the same place, to the inspection of the public.

9 Every applicant may register his name in whichever of the lists he pleases, but the name of the packet will not be declared until 10 days prior to the appointed day of sailing, when choice of accommo-

dation will be given, according to priority of standing on the lists, ladies having the preference for the first three cabins

10 In the event of a greater number of names having been registered than the Steamer when declared, is calculated to accommodate, the supernumerary names on the cabin list may be transferred to that of the saloon or the deck, and those of the saloon list to that of the deck, or they may be withdrawn and the deposit repaid, at the option of the parties In the case of a transfer under this rule, the name will be placed in the same position in which it would have stood by date of registry had the original application been for a saloon or a deck passage instead of for a cabin, or for a deck instead of for a saloon. Should any of the cabin or saloon berths remain open after the vessel has left the harbour, the saloon or deck passengers may be allowed to take them on paying into the hands of the Commander the regulated difference of price.

11. Ladies and Children can take passages in cabins only, and female servants cannot be accommodated otherwise than in the cabins engaged for the family they accompany.

12. A Passenger who has engaged a cabin may make what arrangement he likes for its occupation; he may either keep it entirely to himself, or admit to share it any one that he pleases, provided only that the name of the person so admitted (if an adult) must have been previously on one of the lists, and subject to the following restrictions, viz.

A treble cabin cannot be appropriated to the accommodation of more than
Four Ladies.
Three Gentlemen.
Six Children.
One Lady and four Children.
Two Ladies and three Children.
Three Ladies and two Children.
One Gentleman and three Children.
Two Gentlemen and two Children
A Lady and her husband with two Children.

A double cabin cannot be appropriated to more than
Three Ladies.
Two Gentlemen.
Four Children.
A Lady and three Children.
Two Ladies and two Children.
A Gentleman with two Children.
A Lady and her husband with one Child.

A single cabin cannot be appropriated to more than
Two Ladies.
One Gentleman.
Three Children.
One Lady and two Children.

Children under 5 years of age may be taken extra to the complement of a cabin, on payment of 50 Rupees for each additional

13. Passages for intermediate places can be engaged only when there is accommodation not taken up for the entire voyage, unless the parties are willing to pay the price of the whole voyage, in which case they may register their names in the same manner as all other passengers; the vacant accommodation will be declared three days before the sailing of the vessel. The passage between Aden and Mocha, and Bombay and Suez respectively, will be counted as one-half of the whole passage between Bombay and Suez; between Judda and Suez, will be counted as one-third, and between Judda and Bombay as two-thirds; Cossier and Suez are considered to be alike.

14. The engagement of a passage will not be considered valid unless a deposit of the following sums be made at the time of application, viz.,

For a Cabin passage,	Rupees	300
For a Saloon,	,,	150
For a Deck,	,,	125

This deposit, should the party not proceed, will invariably be forfeited, except under the provisions of Art. 10, and in cases where, by the production of a Medical Certificate, it is satisfactorily shewn that the person was compelled by sickness to abandon the passage. A deposit is not required on the registry of the names of children, except when the children are to occupy a cabin by themselves, in which case the same deposit must be made as for the cabin passage of a lady or gentleman, viz. 300 Rupees.

15. To prevent unnecessary trouble, the Master Attendant is authorized to receive and pass receipts for the deposit money.

16. Ten days prior to the appointed day of sailing, each passenger must pay to the Master Attendant the remaining portion of the passage money, in default of which the deposit will be considered forfeited, and any claim to passage invalid. When the cabins are finally allotted, an adjustment will be made with the party or parties to whom they are appropriated, the difference between the value of the place occupied by each individual and the deposit made under Article 14 being paid up or returned, as the case may be. When the passage money has been paid up, no portion of it can, on any plea be returned, except under the provisions specified in Article 14.

17. Persons who from non-arrival at Bombay, may have omitted to pay the balance of the passage money may be re-admitted as passengers, if before the period of departure the balance is paid. They however will be placed at the bottom of the list of the class of Passengers in which they are registered.

18. No transfer of accommodation in the Steamers by an individual who has taken a passage to one who has not taken his passage will be permitted, but after the list has been filled up any person wishing to stand the chance of succeeding to a vacancy caused by a lapse of any kind may do so, by registering his name and paying the required sum which will be refunded to him should no vacancy occur.

19 It is to be understood, that Government reserves to itself the right of appropriating, a cabin or cabins for the use of public functionaries or others proceeding on duty, or by special order of Government, as Passengers in any of the Honorable Company's Steamers.

20. Passengers on a Steamer that may from accident or other cause be obliged to return to Port will be entitled to the refund of the amount that has been paid, deducting therefrom, a sum for the Table Allowance of the Commander according to the number of days that the vessel may have been at sea, calculating the average time occupied in a voyage to or from Suez to be 18 days, and Aden 10 days.

21. It is necessary for Passengers not belonging to the Honorable Company's Service, to make the requisite arrangements at Suez, or other intermediate Port with the Commander, before or at least at the time of their embarkation for the payment of the passage money.

22. For the convenience of Passengers from the Red Sea to India, the Commanders of the Honorable Company's Packets are authorized to receive payment of passage money at Suez or any Port between Suez and Bombay in Sovereigns, Spanish Dollars, or German Crowns, at the following rates of Exchange; viz. Sovereigns at Ten Rupees each, Spanish Dollars at Two Rupees Three Annas each; German Crowns at Rupees Two, and Two Annas each.

23. The baggage of each Passenger must not exceed four boxes of the following dimensions, viz.

Length,	2	feet	5	inches,
Breadth,	1	,,	5	,,
Depth,	1	,,	3	,,

and the total weight must not be more than four cwt. Second class Passengers are allowed half the above quantity.

24. Each cabin passenger may, if he pleases, put all his baggage into his cabin. The Saloon and Deck passengers will be allowed to keep one box or bag above. The rest of the baggage is to be in the baggage-room, and Passengers will be allowed access to it twice a week, on a day and hour fixed by the Commander, who will appoint a person to have charge of the baggage.

25. Any applicant may be refused a passage without any cause being assigned either by the authorities at Bombay or by the Commander of the vessel when away from Bombay, but a report of the rejection is to be communicated to Government.

26. All persons who take passage either themselves or through their Agents, will be considered as thereby binding themselves to comply with these Rules, which will be shewn by the Master Attendant or by the Commander of the vessel to parties who engage passage.

No. 2. Report of the examination of such Opium.

15. The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1840-41, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the Drug when packed at Behar and Benares, and a Statement of the average weight of Six Chests from each dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium.

18. It is hereby further notified that under the 6th Article of the Convention between Great Britain and France dated the 7th March 1815 quoted below, the Agents in India of His Majesty the King of the French, or Persons duly appointed by them, are entitled to demand that out of the quantities of Behar and Benares Opium declared as above for Sale at the five Sales in the months of January, February, April, May and June, there shall be delivered to them at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 Chests, and the Agents of the French Government must make requisition for the whole of the Opium required by them during the year within 30 days after the publication of this Advertisement specifying the particular Sale or Sales from which the quantity of Opium is intended to be taken. If the Agents of the

French Government shall not make the requisition for Opium within the time abovementioned, the entire quantity of about 18,300 Chests of Behar and Benares Opium as above estimated will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertised for Sale at each or any of the five Sales abovementioned, but shall not pay for it within the prescribed period of payment, the Governor of Bengal reserves to himself the right of disposing of the Opium which the French Authorities may so fail to pay for either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above referred to.

ARTICLE 6th. "With regard "to the Trade in Opium it is agreed between the High Contracting Parties that at each of "the periodical Sales of that Article there shall be reserved "for the French Government, and delivered upon requisition "duly made by the Agents of His Most Christian Majesty, "or by the persons duly appointed by them the number of "Chests so applied for, provided that such supply shall not "exceed three hundred Chests in each year, and the price "for the same shall be determined by the average rate at "which Opium shall have been sold at every such periodical "Sale, it being understood that if the quantity of Opium "applied for at any one time shall not be taken on account of "the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the "quantity so applied for, shall nevertheless be considered "as so much in reduction of the three hundred Chests "herein before mentioned—the requisitions for Opium as "aforesaid are to be addressed to the Governor General at "Calcutta within thirty days after notice of the intended "Sales shall have been published in the Government "Gazette."

By Order of the Board of Customs, Salt and Opium,

H. TORRENS, *Secretary.*

NOTICE.

CHANGE OF PILOT STATION FOR THE RIVER HOOGHLY.

NOTICE is hereby given, that referring to the impracticability during the last S. W. Monsoon, owing to the encreasing resort of Shipping to the Port of Calcutta, to supply Pilots at the distant Station off Point Palmyras, the arrangements as noted in the following Memorandum from the Master Attendant, will be adopted for the next S. W. Monsoon.

MEMO.

1st.—A Pilot Vessel will be stationed off False Point during the next South West Monsoon, say from the 15th of March to the 15th of September 1842, bearing, according to circumstances, E. by N. a S. E. by S. from the Light House, and in from 10 to 15 fathoms depth of water.

2d.—This Vessel will exhibit by day when any others are in sight, besides the usual Company's Ensign at her Peak, a *large Danish Jack* (red with white cross) at her Main Top Gallant Mast Head, and at night a GOOD Light in the same situation, besides burning a Blue Light every hour, and beating a Gong frequently in calm thick weather, to warn Vessels coming from the Southward of her near neighbourhood. She will *not* however have any Pilots on board, the main object of her intended Station off False Point being to guard all inward bound Vessels from proceeding to the old Station off Point Palmyras during next season, and directing them to a new one in the South Channel between the Tails of the Eastern and Western Reefs, where Pilot Vessels will then be found in from 16 to 20 fathoms water, and from 6 to 8 Miles South West of the present South Channel Buoy, that *Buoy laying in Lat. 20° 58′ 30″* N. Long. 88° 4′ East of Greenwich, and in 12 fathoms water.

3d.—For the purpose of more distinctly marking the new Station, the Commanding Officer's Vessel there will always wear by day, when other Vessels are in sight, a large *St. George's Jack* (white with red cross) at her Main Top Gallant Mast Head, besides the usual Company's Colours at her Peak, and at night be distinguished by a constant *good* Mast Head Light, by Blue Lights and Maroons used alternately every half hour and also by Guns fired every four hours, say at 8 P. M., Midnight, and 4 A. M. with good Rockets discharged at the same time.

4th.—All Vessels are recommended to be most careful in coming over from False Point to the New Station by constant attention to that safe old Guide the Lead, and thereby correcting their Steerage as Tides or Currents may or may not set them out of their proper course, and they are also advised not to come under 16 fathoms, at night especially, till they reach the Pilot's Station and get their proper Pilots on board.

5th.—Lastly—All Vessels are directed not to approach the Pilot's Station at night without giving due warning, and not only by the exhibition of Lights, say 2 *Vertical* where best seen, but also by the discharge of a Gun, if they have any on board, as soon as they descry the first Pilot Vessel near them. They are further recommended to be most careful not to come into collision with any of the Pilot Vessels at the Station on their own accounts no less than that of the Public as they will be held responsible for all Damages, and called upon afterwards to pay for all that may have arisen from, bad Look-out, Inattention to Duty, or Carelessness of any kind whatever.

Master Attendant.

By order of the Marine Board,
C. B. GREENLAW, *Secretary.*

Fort William, the 18th October, 1841.

No. 1745.

NOTICE.

REFERRING to the Notification indicating the proposed change of the Pilot Station during the approaching S. W. Monsoon, the Marine Board hereby give Notice, that with the sanction of Government, a Chart of Captain Lloyd's late Survey of the Ground between Lacam's Channel and False Point is being lithographed for public Sale, and the following is copy of Instructions proposed by Captain Lloyd with a view to the more ready Guide of Vessels from False Point to the New Station.

"It has been proposed by the Master Attendant, "and approved of by the Marine Board, to change "the Cruizing Ground of the Pilot Vessels during "the S. W. Monsoon, or between the 15th of March "and 15th of September from their present Station "of Point Palmyras, to a position 6 or 8 miles S. W. "from the South Channel Buoy in from 16 to 20 "fathoms, and the following directions are offered as a "guide to direct Vessels from False Point Light House "to the New Cruizing Station."

"False Point Light House is in Latitude 20° "19½′ N. and Longitude 86° 47′ E., and that of the "South Channel Buoy in Latitude 20° 59′ N. and "Longitude 88° 4′ E., and bears from the former "N. 61 E. true or N. E. by E. ½ E. by Compass, "distant 83 miles, and is laid in 12 fathoms."

"By an inspection of the Chart it will be seen that "the Bank of Soundings off Point Palmyras extend in "a direction towards the tail of the Western Sea Reef, "and the nature of the bottom (as distinguished from "that of the Hoogley deposit which is Sand and Mud "with shining specks) is a gravelly substance com-"posed of Sand Shells and small Pebbles discharged "from the "Kunka" and other Rivers near Point "Palmyras, the lighter materials of which being "carried further out, is deposited and forms what is "called the Pilot's Ridge, which in crossing to the "N. W. shews a little less water than on either side, "and in coming from Seaward you Shoal rather "suddenly from 28 to 23 fathoms upon its Eastern "edge. It is composed of a shelly Sand or Minute "Gravel, of a reddish or rusty brown colour."

"The best Guide therefore to enable a Vessel to "direct her course from False Point to the Vessels at "the New Station will be to run down the edge of "the Pilot's Ridge, and having made the Light House "and brought it to bear about W. S. W. or S. W. by W. "and distant by computation from 10 to 15 miles, should "steer to the E. N. E., and having gradually encreased "her depth of water to 23 fathoms upon the Eastern "edge of the Ridge, she should regulate her course to "keep between it and 27 fathoms, when, by attention to "the lead and nature of the Soundings, course and "distance run from the Light House, it is almost "impossible to miss the Pilot Vessels (if tho, above "limits are kept within) either by getting too far to "Windward or falling to Leeward, for the Soundings "encrease so rapidly to Seaward from the proposed "New Station, that 28 fathoms will not be more "than 3 or 4 miles to the Southward of it, and 23 "fathoms the same distance to the Westward of it."

"The Soundings to Seaward of the Ridge are in "general a greenish or olive coloured mud, with "occasionally a few bits of broken Shells mixed "with it."

FORT WILLIAM, LEGISLATIVE DEPARTMENT,

THE 27TH DECEMBER, 1841.

The following Draft of a proposed Act was read in Council for the first time on the 27th of December 1841.

ACT No. —— OF 1841.

An Act for amending the Law concerning the jurisdiction and procedure of the Courts of Ameens and Moonsiffs.

I.—In modification of Clause 4, Section 8, Regulation V. of 1831, Bengal Code, it is hereby enacted, that in the trial and decision of all original Suits referred to them by the Judge, the Principal Sudder Ameens shall be guided by the rules established for the conduct of business in the Courts of the Zillah and City Judges.

II.—And it is hereby enacted, that the provisions of Section 4, Act No. XXV. of 1837, in respect to appeals from decisions passed by Principal Sudder Ameens, in Suits of the nature specified therein, be extended to all interlocutory orders passed by those Officers in such Suits.

III.—And it is hereby enacted, that such parts of Regulation XXII. 1814, as prohibit the Sudder Ameens and Moonsiffs from requiring security from defendants; or from attaching their property in cases pending before them; or from realizing fines imposed by them without first obtaining the sanction of the Zillah Judge, be repealed.

IV.—And it is hereby enacted, that it shall be competent to the Sudder Ameens and Moonsiffs to demand security from the defendant, under the provisions of Sections 4 and 5, Regulation II. 1806, in cases pending fore them; and also to proceed, without reference to the Zillah Judge, to the realization of fines imposed by them, provided that all orders passed by the Sudder Ameens and Moonsiffs under this Section, be subject to an appeal to the Zillah Judge.

V.—And it is hereby enacted, in modification of Section 22, Regulation V. of 1831, that decrees passed in the Courts of the Judges or Principal Sudder Ameens, in cases of appeal from the decisions of the Sudder Ameens and Moonsiffs, shall be executed by the Courts in which the original decisions were passed, under the general rules prescribed for the execution of decrees passed by those Courts—applications for the execution of such decrees shall be presented, together with a certified copy of the decree of the Judge or Principal Sudder Ameen to the Court of original jurisdiction. In appeals from the orders of the Moonsiff or Sudder Ameen in such cases, the decision of the Zillah or City Judge shall be final.

VI.—And it is hereby enacted, that Clause 2, Section 13, Regulation XXIII. 1814, and Clause 4, Section 5, Regulation V. 1831, be repealed.

VII.—And it is hereby enacted, that no person whatever shall, by reason of place of birth or by reason of descent, be in any Civil proceeding whatever, exempted from the jurisdiction of the Courts of the Moonsiffs, in the Territories subject to the Presidency of Fort William in Bengal.

VIII.—And it is hereby enacted, that persons invested with the powers of Moonsiffs shall be competent to receive, try, and determine suits of every description under the restrictions as to local jurisdiction and value of property mentioned in Clauses 1, 2 and 3, Section 5, Regulation V. 1831. Provided, however, that no Moonsiff shall try any suit, in which he himself, or his relatives, or dependants, or the Vakeels or Officers of his Court shall be a party.

IX.—And it is hereby enacted, that in cases, where by reason of the above Section, a Moonsiff cannot try a suit because he himself, or his relatives, or dependants, or the Vakeels or Officers of his Court are a party to the suit, it shall nevertheless be competent to the Moonsiff to receive the suit, and forward it to the Judge of the Zillah to which he is subordinate, who may thereupon refer the same for trial and decision to any other Moonsiff of the District.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first meeting of the Legislative Council of India, after the 27th day of March 1842.
